

## Getting Out & Staying Out

A Guide to San Francisco Resources for  
People Leaving Jails and Prisons

## ABOUT THE ARTIST

### On the Cover:

The cover of our 2015/16 edition is titled *Running Through the City*, a painting by San Francisco Artist Ronnie Goodman

### About the Artist:

Ronnie Goodman was born and raised in San Francisco. He is a self-taught artist and long-distance runner. His love for art began at the age of 6, when he first began drawing. Growing up in the Fillmore district of San Francisco, he discovered his passion for jazz, which has become a recurrent theme throughout his creative work. Eventually, life's journey took him away from his art but he was able to reconnect with it through the Art in Corrections program at San Quentin State Prison.

During his time in prison, Ronnie broadened his artistic skills and began long-distance running. Touched by the master artists and coaches who were his mentors, he transformed himself into a prolific artist and athlete, who had learned to focus - both physically and mentally. Upon his release in 2010, Ronnie decided to rebuild himself and strengthen his core values to make up for time wasted in his youth. Ronnie resolves to continue raising social justice awareness and to give back to society through his art and his running.

## FREQUENTLY ASKED QUESTIONS

Since the printing of our first edition in 2007, we have received hundreds of letters from individuals incarcerated throughout the state. In response to those letters, we have summarized the most frequent questions.

### **How do I get more information on the Reentry Council of San Francisco and its meetings?**

The Reentry Council of San Francisco began in 2009 to address the unique needs of the San Francisco population returning from jails and prisons. The multi-faceted agency and community partnership meets bimonthly to discuss information related to reentry in pursuit of coordinating information sharing, planning, and engagement of vested individuals. The Reentry Council and its subcommittees identify funding, programs, needs and barriers that affect individuals returning to the San Francisco community post-incarceration. Meetings are public and everyone who feels connected to the work of reentry is encouraged to attend. The Reentry Council is not a program; we provide information to individuals about resources and services in the San Francisco area. We produce and distribute *Getting Out and Staying Out: A Guide to San Francisco Resources for People Leaving Jails and Prisons*. For more information on the Reentry Council and its subcommittees please see pages 18-19 of the guide.

### **Are there other resource guides like San Francisco's?**

California is comprised of 58 different counties, all with unique resources. Some resource information can be found online and can be difficult to obtain in hard copy format. The Reentry Council tries its best to provide reentry information for whatever area regardless of county or state to the best of our ability. In this edition, we have included a new section, titled *Regional Services*. This section includes basic information about services in all Bay Area Counties, Sacramento, Kern County, Los Angeles and San Diego. You can also visit our Reentry Council website for more information: [www.sfgov.org/reentry](http://www.sfgov.org/reentry)

### **How can I go directly from jail/prison into a drug rehabilitation program?**

If you are currently incarcerated and seeking to gain acceptance into a program upon release we recommend you write the program directly. Your CDCR counselor, probation officer, or public defender may be able to help you with the process.

### **Is there any advice for lifers, who do not have a fixed release date, who are looking for a program?**

Apply anyway; do not let your current circumstances discourage you. Acceptance into a reentry program can be a condition of your release. Continue reaching out to programs listed in this resource guide.

### **Is there any specific advice for 290 registrants?**

Individuals convicted of sex offenses face unique challenges reintegrating back into the community. Because of this, it is recommended to begin reentry planning well in advance of release. There are

two possible residency restrictions, which would limit where you may live: a 2000-foot restriction, and a half-mile restriction. It is unlikely that the 2000-foot restriction will be imposed at all, in light of the California Supreme Court decision in *In re Taylor* (60 Cal.4th 1019), and the half-mile restriction may only be imposed on people with very specific convictions (PC 288 or PC 288.5).

If you are being subjected to either of these restrictions, please go immediately to the San Francisco Public Defender's Office (555 7th Street) to speak with someone about filing a writ of habeas corpus. This process will likely lead to the court suspending the restriction, at least temporarily. Once the residency restriction is stayed, there are more options for obtaining needed services.

### **Can I apply for benefits, Food Stamps (CalFresh), CalWORKS, CAAP etc. while incarcerated?**

While you are unable to apply for benefits while residing in an institution, the San Francisco Human Services Agency makes every effort to respond to applications received from community members within 72 hours. Please see the Benefits section of the guide to find more information on San Francisco public benefit programs and how to apply.

### **How do I request a transfer of probation/post release community supervision to another county?**

First, contact your probation officer. Typically, the municipality which has been assigned to supervise you will require you show proof you live in another county. Next contact your attorney or public defender and ask to be put back on calendar and file a 1203.9 request to the court. These requests always have to go through the courts. If approved, the current probation department contacts the receiving agency and verifies the address before proceeding. This process can take anywhere from 3 to 6 months.

### **How do I request a transfer of parole supervision to another county?**

A transfer of your parole supervision has to be initiated by your parole agent. You must usually be able to verify permanent housing in order for your transfer to be approved.

### **Once released and stable, how do I volunteer or give back to the community?**

Many of the organizations in this guidebook seek volunteers on a regular basis. Follow up with organizations that hold a special connection to you. The Reentry Council welcomes the participation of individuals whose life experience reflects and enhances the purpose of the Council.

## NEW PUBLIC POLICIES: *SF FAIR CHANCE ORDINANCE AND PROP 47*

### **Fair Chance Ordinance (San Francisco)**

On August 13, 2014, San Francisco's Fair Chance Ordinance went into effect. The Ordinance requires some housing providers and employers in San Francisco to review an individual's qualifications before inquiring about their arrest and conviction record. This ordinance applies to employers with 20 or more employees, contractors with city contracts over \$5,000, and housing providers that have received funding from the City. Employers, contractors and housing providers must also consider the relevance of an applicant's convictions, how long ago those convictions occurred and evidence of rehabilitation.

To view a list of frequently asked questions about the fair Chance Ordinance please visit the Human Rights Commission website at: [www.sf-hrc.org/fair-chance-ordinance](http://www.sf-hrc.org/fair-chance-ordinance)

### **Proposition 47 (California)**

In November 2014, Proposition 47 passed and went into effect immediately. Proposition 47 will have a very large impact on criminal justice policies in our state. It affects people who have been convicted of, are currently incarcerated for, or will be charged with the following felonies:

- ***Grand Theft*** of property worth \$950 or less
- ***Shoplifting*** of property worth \$950 or less
- ***Receiving Stolen Property*** worth \$950 or less
- ***Writing Bad Checks*** under \$950
- ***Check Forgery*** of \$950 or less
- ***Drug Possession*** for personal use

In many cases, the law is a bit more complicated than this, but this is the gist of the new measure. If you have completed your sentence, you must petition the court to have your conviction reduced to a misdemeanor. **Contact the Public Defender in your county of conviction** to learn how to proceed in that county. Once your conviction has been reduced to a misdemeanor, you may be eligible for a criminal dismissal (§1203.4(a)). Again, your Public Defender will have the information you need to proceed.

If you live in San Francisco you can contact the San Francisco Public Defender Clean Slate Program: (415) 553-9337 (see page 245 of this resource guide). You may also contact the Lawyers' Committee for Civil Rights (see page 240 of this resource guide) at (415) 814-7610 or email them at [secondchance@lccr.com](mailto:secondchance@lccr.com).

## IN THE SPOTLIGHT: *THE SUCCESS OF FORMERLY INCARCERATED INDIVIDUALS*

In our 2015/16 edition, we are proud to display our new "In the Spotlight" editorials throughout the resource guide. All too often we overlook the remarkable changes people have made in their lives. Here we have highlighted the unique accomplishments of 27 formerly incarcerated individuals. Change is possible but requires a commitment to living life differently. If you are incarcerated and reading this guide, or if you are struggling in the process of change, please know the individuals we have spotlighted were once in your shoes, facing the same challenges and hardships. Do not be discouraged by resistance; set goals, stay focused, and rise to the challenge!

## ABOUT THE RESOURCE GUIDE

The Reentry Council of the City and County of San Francisco is proud to release the 2015/2016 edition of *Getting Out & Staying Out: A Guide to San Francisco Resources for People Leaving Jails and Prisons*. The Guide was first published in September 2007 and was the product of a collaborative reentry planning process focused on improving access to resources for individuals reintegrating into San Francisco communities after incarceration. Since the first issue, over 14,000 bound, and many more electronic, copies have been distributed. The Guide is used by a wide variety of individuals, including currently or previously incarcerated people and their family members; service providers; corrections staff; attorneys; probation and parole officers; and other advocates. People who use the guide find it comprehensive, accurate and use-friendly. The information the guide contains is as current as possible, but we do advise you to contact a listed resource directly for the most up to date information. A feedback postcard is enclosed—please fill it out and let us know how the Guide can be improved. Thank you!

## ABOUT THE REENTRY COUNCIL OF SAN FRANCISCO

*Getting Out & Staying Out: A Guide to San Francisco Resources for People Leaving Jails and Prisons* is just one of the strategies of the Reentry Council of the City and County of San Francisco to help individuals make successful and permanent returns from incarceration. From 2005 until 2008, two ad hoc reentry councils focused on different aspects of the reentry of people from prisons and jails to San Francisco communities: the Safe Communities Reentry Council (SCRC), co-chaired by Supervisor Ross Mirkarimi and Public Defender Jeff Adachi, and the San Francisco Reentry Council (SFRC), co-chaired by District Attorney Kamala D. Harris and Sheriff Michael Hennessey. In September of 2008, these ad hoc councils were unified and strengthened through the creation of the Reentry Council of the City and County of San Francisco (see San Francisco Administrative Code 5.1). Its purpose is to coordinate local efforts to support adults exiting San Francisco County Jail, San Francisco juvenile justice out-of-home placements, the California Department of Corrections and Rehabilitation facilities, and the United States Federal Bureau of Prison facilities. The Council coordinates information sharing, planning, and engagement among all interested private and public stakeholders to the extent permissible under federal and state law.

The Reentry Council is composed of 23 members. They represent the Office of the Mayor, the Board of Supervisors, the Public Defender's Office, the District Attorney's Office, the Sheriff's Department, the Adult Probation Department, the Juvenile Probation Department, the Police Department, the Department of Economic and Workforce Development, the Human Services Agency, the Department of Public Health, the Department of Child Support Services, the Department of Children, Youth, and their Families, the San Francisco Superior Court, the California Department of Corrections and Rehabilitation Division of Adult Parole Operations, and the United States Probation and Pretrial Services System. Seven formerly incarcerated individuals hold the remaining seats on the Council. The Co-Chairs of the Reentry Council are the Chief Adult Probation Officer, District

Attorney, Mayor or mayoral designee, Public Defender, and Sheriff. For more information, please visit: [www.sfgov.org/reentry](http://www.sfgov.org/reentry)

## REENTRY COUNCIL OF SAN FRANCISCO SUBCOMMITTEES

The Reentry Council has three subcommittees. These subcommittees are made up of members of the public and provide input and advice to the Reentry Council. The following are the three subcommittees:

**Assessment and Connections:** Its purpose is to improve assessments, referrals, and connections for individuals across systems and institutions, including appropriate connections between institutions and outside, and criminal justice and non-criminal justice entities. The subcommittee's focus is on immediate reentry issues, e.g., benefits, housing and employment.

**Policy and Operational Practices:** Its purpose is to develop local policy and law, and shape state and federal policy and law to better reflect the Council's shared vision.

**Support and Opportunities:** Its purpose is to develop, promote, and expand effective reentry programs, services, and systems. This subcommittee supports leadership development, education, and advocacy of individuals impacted by incarceration.

All three subcommittees are open to new members. Everyone is welcome, and all meetings are open to the public. Subcommittees meet six times a year. If you would like to join a subcommittee or come to a meeting, please contact Karen Shain at [karen.shain@sfgov.org](mailto:karen.shain@sfgov.org).

# FIRST THINGS FIRST

The following pages contain advice for the different groups of people who use this resource guide: individuals who are in custody, individuals who have recently been released from custody, and individuals who are helping others returning to San Francisco.

## ADVICE FOR INDIVIDUALS IN CUSTODY

Thank you for picking up this resource guide and seeking out help. We know that planning for your release from jail or prison can be difficult for a number of reasons: You don't have access to the internet. It's almost impossible to reach people by calling collect. You might not have anyone to make arrangements on your behalf. Maybe you're feeling anxious about your upcoming transition. We hope this guide will make it easier for you to plan ahead. Here is some basic advice:

1. *Get started early.* We recommend that you begin planning for your release at least three months in advance. It is never too early to start thinking about the things you will need when you are released.
2. *Write things down.* Sometimes it's easier to face the things you need to do if you make a list. Jot down things you know you will need in order to be successful, such as a place to live, job training, more education, medical treatment, family support, help with a substance abuse problem, legal advice, etc.
3. *Work backwards from your list of needs.* Now that you know what you'll need, make another list of the things you'll have to do before you can accomplish what you want to accomplish. Be realistic. Don't make plans that you know would cause you to be out of compliance with parole or probation conditions. Don't rely on people or strategies that have let you down in the past.
4. *Use the guide to look for options.* Once you've got your to-do list, go through this guide to find organizations that offer housing, job training, education, and the other services you need. Be sure to read all of the details about each organization carefully so that you know you are eligible for the services you want. If, for example, you see that you will need identification or proof of income before you're able to receive services, add those items to your to-do list.
5. *Ask for help.* If you need more information about a service or organization, write them a letter and mail it to the address listed in each entry. Ask a friend to proofread your letter to make sure what you're asking for is clear and specific. Don't be discouraged if you don't receive a response. Write to them again! Sometimes you will have to wait a long time for a response to your questions.
6. *Make a back-up plan.* You can't always rely on Plan A, so it's a good idea to come up with a Plan B. Think about what you will do if your plans fall through. Try to figure out other options so that you're not stuck without a plan.
7. *Stay organized and optimistic.* Keep all of your notes and lists together in the same place so that you know where everything is. Stay positive, even when things seem difficult. You can do it!

## ADVICE FOR INDIVIDUALS WHO HAVE RECENTLY BEEN RELEASED

Congratulations! You've made it through a challenging time and now you have an opportunity to make some decisions which will help you move forward in your life. You may have heard that the first three months after your release from incarceration are the most important, because it's during those 90 days that you are at the greatest risk of being incarcerated again. This is not true for everyone, but some people find it difficult to make the transition, especially if they are struggling to find a stable place to live, a source of income, and a supportive group of people who will help them succeed. This guide will help you with some of those challenges. Here is some basic advice:

1. *Make a list of priorities.* If you weren't able to plan prior to being released from jail or prison, or if you've had to change your plans, start now by making a list of your priorities. What do you need to do first? What's in your way? Keep your list with you and scratch things off the list as you accomplish them.
2. *Find a safe space.* If you don't have a safe place to sleep, make that your number 1 priority. Finding housing in San Francisco can be very difficult, so be prepared to go through a long process before you are able to call a place "home." Refer to the Housing section of this guide for advice about how to find the right housing for you.
3. *Avoid risky situations.* You probably know what activities or neighborhoods or people can get you into trouble. Stay away from them! Changing your life means letting go of old habits, hangouts, and relationships. It might be lonely or strange at first, but you will find other ways of filling your time soon. Hang in there and trust that this transition is only temporary.
4. *Make and keep appointments.* Use this guide to find organizations that will help you meet your needs and goals. Call or drop in for an appointment – and be sure to follow through! Remember to refer to your list of priorities to see what is most important to accomplish. For example, do you need any medication? Do you need to get enrolled in public benefits? Do you need help with a mental health or substance use problem?
5. *Identify the people you can rely on.* Sometimes people coming out of jail or prison decide that they need to put distance between themselves and their old friends, family members, or other associates because these relationships have had negative consequences in the past. This might be a good idea, but you will need support from people who care about you and your best interest. Who can you count on? Sometimes a case manager, a teacher, a counselor, or a parole agent or probation officer is the person you will need to rely on for support while you build a new circle of friends.
6. *Be proactive.* Even when you're feeling overwhelmed, it's important to keep accomplishing tasks on your to-do list. Make and keep at least one appointment or commitment each day. Give yourself credit for making a plan and sticking to it.

## ADVICE FOR INDIVIDUALS HELPING OTHERS RETURNING TO SAN FRANCISCO

Thank you for seeking out this guide to help you help others make a safe and successful return to San Francisco. Here are some tips for using the guide effectively:

1. *Use the guide as a teaching tool.* Some individuals might not be familiar with reading a resource guide and will benefit from assistance in learning how to use it. Show the person you're helping how to navigate through the sections. Go through the table of contents and index together so s/he knows how to search through the guide for what s/he is looking for. Make sure you both are familiar with the format of each entry and know how to interpret eligibility information and other special instructions for accessing services.
2. *Verify the accuracy of information.* If you are using the guide within a few months of its most recent printing, chances are the guide is accurate and up to date, but it's still a good idea to call specific organizations to verify that the hours listed or contact information is consistent with what's printed. Double check the organization's website to make sure that there are no other major changes to services offered.
3. *Help us improve the guide.* Let us know if you notice an error or omission in the guide. We update the guide regularly and will be sure to incorporate any edits or suggestions you have for improving the guide's contents. We appreciate your help with this!
4. *Distribute the content freely.* We want to make sure that this important tool is distributed as widely as possible and to the people with the greatest need. If you have copies of the guide, give them to people who are in custody or who have been released recently. Please prioritize the bound copies for individuals who have experienced incarceration and those without access to the internet. People who have access to the internet are able to download the entire guide or portions of it at [\*\*www.sfgov.org/reentry\*\*](http://www.sfgov.org/reentry)

## IMPORTANT MESSAGE ABOUT DRUG OVERDOSE

### **You may be at risk. Learn the facts, protect yourself.**

You may have used drugs in the past and may be tempted to use again in the future after you get out of jail or prison. It is important for you to know that when you come out of jail or prison, you don't have the same tolerance for drugs and alcohol that you might have had when you went in—even if you've only been locked up for a short time. **This reduced tolerance for drugs and alcohol puts you at risk for overdose.** You have the greatest chance of overdosing during the first few weeks and months after you get out if you decide to use again.

### **Overdose facts:**

- Overdoses can happen with any drug, but you are at highest risk if you use heroin, cocaine or prescription painkillers like oxycodone (examples: OxyContin, Percocet), hydrocodone (examples: Vicodin or some cough syrups), morphine, fentanyl, or methadone.
- A lot of overdoses happen when people use drugs after a period of not using—like when they get out of jail or prison—because their tolerance is lower. This means your body can't handle as much drugs or alcohol than it did before.
- It is very risky to mix drugs, especially downers and uppers (like heroin and cocaine) or downers with other downers—like alcohol and pills, alcohol and heroin, or benzodiazepines (aka “benzos,” like Xanax, Klonopin, Valium, Ativan) and opiates (heroin, methadone, prescription painkillers).

### **Overdose deaths are preventable. There are ways you can lower your risk for overdose:**

- Get support upon release for issues with drug use. See the sections on HEALTH & TREATMENT and SUPPORTIVE SERVICES to find agencies that provide substance abuse treatment and ongoing support for people in recovery.
- If you do decide to use, do not use alone—no one will be able to help if you are in trouble.
- Try not to mix drugs, even “legal” drugs like prescription painkillers and alcohol—these are very dangerous combinations.
- Don't overestimate your tolerance. It has decreased since you've been incarcerated and your body won't be able to handle the same amount you may have done before.

### **How do I get more information about preventing overdoses, or what to do if one happens?**

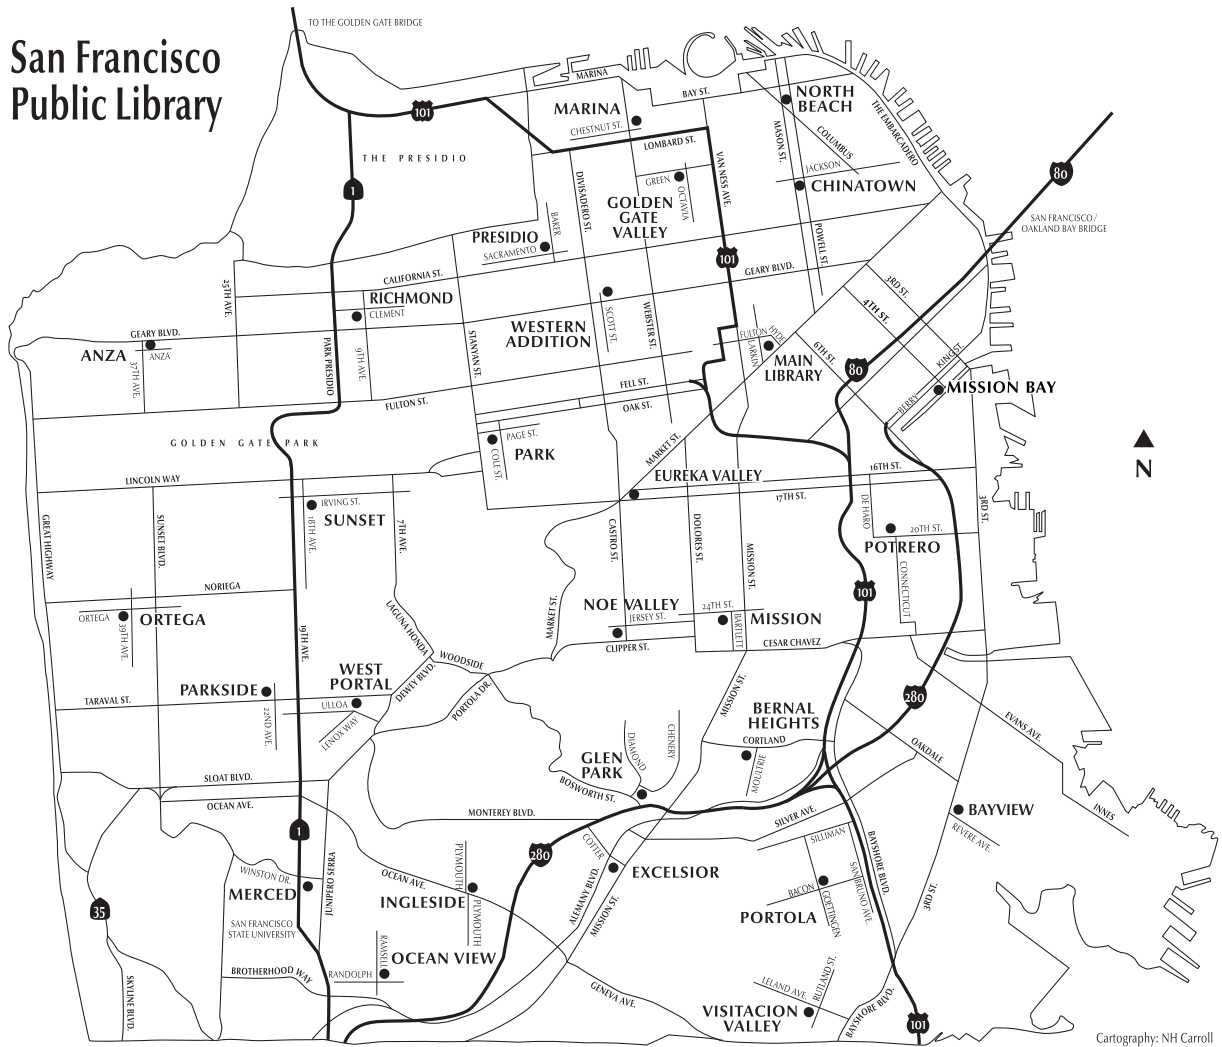

There are programs all over the US that teach drug overdose prevention and what to do if you or someone you know overdoses. Some of these programs give out a drug called Narcan (also known by its generic name, Naloxone) that helps stop an overdose on opiates like heroin, methadone or prescription painkillers. These programs teach you how to use Narcan and do rescue breathing (mouth to mouth) in case someone overdoses and they give you a Narcan kit for emergencies. These programs are free and confidential. If you are interested in learning more about preventing overdoses or what to do in case of an overdose, please contact the **Harm Reduction Coalition** to find the program closest you.

# PROBATION & PAROLE

## SUCCESSFULLY COMPLETING PROBATION & PAROLE

### **Disabilities**

If you have a qualifying disability and cannot understand the conditions of your probation or parole, or you don't think that you can comply with the conditions because of your disability, talk to your probation or parole officer. The Americans with Disabilities Act requires that you receive the conditions in an understandable format and that barriers to your compliance be addressed.

### **Reporting to Probation or Parole**

Prior to release, you will receive information on your assigned probation or parole officer and when to report.

### **Conditions of Your Release**

The conditions of your supervision will vary. Make sure you understand all local, state or federal conditions.

Look closely at your basic conditions – be aware of your stay away, weapons and search conditions. Think critically: Is your required housing in a stay away area? Can the people living with you support the conditions of your probation or parole?

Communicate regularly with your probation officer. Keep appointments. Make phone call check-ins. Even when conversations get tense, stay level headed. Get answers.

Notify probation or parole if your address or job changes.

Check with your parole or probation officer prior to making plans to travel over 50 miles from your residence, to leave your county for more than 48 hours, or to travel outside of California.

Prior to probation or parole, you should be notified of your requirement to register if you have been convicted of a specified sex, drug, or arson offense. Register at the Hall of Justice, 850 Bryant Street, Room 475.

## SAN FRANCISCO ADULT PROBATION

The mission of the San Francisco Adult Probation Department is: “Protecting the Community, Serving Justice, and Changing Lives.” You may be connected to specific programs and services, depending on your needs, as determined by you and your probation officer. The Adult Probation Department is committed to assisting you to successfully complete probation, and to supporting you in having a healthier and happier life.

### **I’m on Probation...Now What? (Some Guidance from the SF Adult Probation Department)**

Leaving jail and all other legal troubles behind is something that you have been looking forward to for quite some time now, and now it’s finally happening. If you’re lucky you got some preparation before you got out, assuming you were in custody. But now, the Judge said that you’re on probation. What does that mean? What do you have to do?

Let’s start at the basics – what is probation? Probation is a suspended state prison or county jail sentence. In other words, instead of doing time in custody, you have been given an opportunity to go back to your community provided you follow some specific conditions. All probation sentences are different; however, there are some standard conditions that apply to most if not all persons placed on probation.

**1 - You need to contact the Probation Department as soon as you are released from custody.** If you are released after 5:00pm, please contact the Department the next business day. Offices open at 8:00am and close at 5:00pm, Monday through Friday. Main phone number is: (415) 553-1706.

**2 - When you contact the Department you will need to provide our support staff with your full name and date of birth.** If you have your court number, please provide it, too. Our support staff will be able to give you the name and phone number of your assigned probation officer.

**3 - Your probation officer will schedule an appointment to meet with you.** Please make sure to keep your appointment and be on time. If you cannot make your appointment, you must call the day before to re-schedule.

**4 - More likely than not the Court has ordered you to attend a counseling or rehabilitation program.** You and your officer will choose which programs best meet your needs. It is important that you contact the program and arrange for an intake session.

**5 - Stay out of trouble!** We know you’re facing a lot of challenges and difficulties getting your life back together, but if you need help or support, call your officer before you do something that puts you at risk.

## POST-RELEASE COMMUNITY SUPERVISION AND MANDATORY SUPERVISION

In October 2011, the State of California implemented the Public Safety Realignment Act of 2011, also known as Assembly Bill 109 (AB109). AB 109 transferred responsibility for some of the state prisoner population from CDCR to California counties. Under AB 109, individuals who were committed to state prison for certain felonies will be released to Post-Release Community Supervision (PRCS), which in most counties is administered by probation departments. In addition, AB 109 requires that individuals convicted of certain felonies serve their time in local jails, where previously they would have been sentenced to state prison. The new sentencing scheme is outlined in PC § 1170(h). If you have questions about whether you fall under AB 109, please contact your attorney.

If you are informed that you will be on Post-Release Community Supervision or Mandatory Supervision upon your release from jail or prison, you should contact the Adult Probation Department for specific information about the length and terms of your supervision. The Adult Probation Department is committed to your success and will work with you to make your return to San Francisco a safe and successful one.

### **Guidance for Federal Probationers**

You must check in with your federal probation officer within 72 hours of your release from custody. The probation officer will make reasonable attempts to contact you. Court action may result if you do not appear before your probation officer or you can't be reached.

"Release conditions" are rules set by the court that people on supervision must follow if they want to remain in the community. The court imposes release conditions to help structure the person's actions and activities. For example, release conditions may prohibit possession of guns or other weapons; prohibit contact with victims or witnesses; restrict association with certain persons; restrict travel; impose a curfew.

Among the many other release conditions the court may impose are community service, electronic monitoring, employment, mental health treatment, or substance abuse treatment. Be sure to talk to your Probation Officer about how to get connected to needed services or resources.

##### **GET A CERTIFIED COPY OF YOUR BIRTH CERTIFICATE**

**Cost:** \$25

##### **In-Person Request – County Recorder’s Office**

The best option is to go to the Recorder’s Office in the county in which you were born.

BEFORE YOU GO -- Call the California Department or County office and ask questions, including: Do you need to show identification to get the birth certificate? How long does it take to get the birth certificate?

## **Mailed-In Request – California Department of Health Services**

If you can't make it to another county's Recorder's Office, you can mail the request.

California Department of Health Services  
Office of Vital Records - M.S. 5103  
P.O. Box 997410  
Sacramento, CA 95899-7410

### **YOU MUST ENCLOSE THE FOLLOWING IN YOUR MAILED REQUEST:**

- Check or money order made out to California Department of Health Services for \$25
- Birth Certificate Application and Sworn Notarized Statement
- Formal written (or typed) request for birth certificate – A sample can be found at the end of this section.

### **IMPORTANT INFORMATION WHEN YOU MAIL IN THE REQUEST**

When requests for birth certificates are mailed in, you must submit a **sworn notarized statement** along with the application. You will see that this statement is attached to the standard application. A Notary is someone who is legally empowered to witness signatures and certify a document's validity.

There are many businesses that have a notary on staff.

One suggestion is the UPS Store at 660 4<sup>th</sup> Street, San Francisco, CA 94107.

Phone: (415) 615-6968.

There is a \$10 fee for the notarized service – Fees may vary from place to place.

To get a notarized statement, you need documentation of your identity, age, and legal presence. If you don't yet have any personal identification, try to get a statement from your probation or parole officer that testifies to your name, age, birth date, address, and parents' legal names. Also, bring a close family member who has I.D. with you to the notary. The notary may allow your family member to "verbally identify" you.

Remember, to mail in a birth certificate request, you need to include four things: The application, fee, notarized statement, and written letter.

**It takes about 60 days for a mailed in request to be processed.**

### **Born Outside of California**

**Call the Recorder's Office in the county in which you were born and ask several questions:**

- Can a family member with identification who still lives in the county request the birth certificate? What is the application process for an in-person request?
- How much does it cost? How long does it take to receive it?
- What is the application process for a mailed-in request?

- Certification from California Department of Corrections.
- Valid I-94 stamped "Refugee," "Parole or Parolee," "Asylee," or Section 207, Section 208, Section 209, Section 212d(2), HP or PIP

### Social Security Card Verification

- A Social Security Card is needed if you are applying for CDL for the first time.
- For duplicates, you just need to verify the number they have in the system.
- A Medicare or U.S Armed Forces Identification Card is also acceptable.
- To ensure a smooth DMV visit, prepare to bring your Social Security or other acceptable card.

### Proof of Address

You need to bring proof of a stable residence or P.O. Box number. Bring official mail that has been sent to the address where you are staying – try to bring the most official piece of mail possible. Good examples of proof of address are letters from hospitals or healthcare providers that aren't too old, parole or probation correspondence, or a cell phone statement.

- Driver's License: Complete form "DL 44."

### **HOW LONG DOES IT TAKE TO GET YOUR LICENSE OR IDENTIFICATION CARD?**

Your license and California I.D. will be mailed within 60 Days. The DMV will issue you temporary, paper CDL or ID's. This will serve as your primary identification until the hard copy arrives. Make sure the address that is on file will still be active within 60 days.

### **General Information**

- Online appointments will save you a lot of time. Go to the website to schedule an appointment.
- Do not go to DMV unless you have all of the required application documents.
- If you have any holds or suspensions, or your license was at some point revoked, you will not be able to immediately get a CDL. You must take care of the disqualifying issues first.
- Even if your license is suspended or revoked, you can still get a California ID.
- REMEMBER: The CA DMV works closely with other city and state departments like Department of Child Support Services, for example. If you have outstanding payments owed to another state department or another unresolved matter, you will need to take care of that business first.
- If you run into a problem trying to get your CDL, get your California ID and request a DMV print out so you can discuss the issues that are preventing you from getting the license.
- The California DMV has available and responsive customer service agents. Call (800) 777-0133. After you select the language you want to communicate in, press 0 (zero) for the operator.
- If your license has been expired for 6 months to 4 years, you will need to take a written renewal test before you can get your CDL. There are 36 questions on this test and you may answer no more than 5 incorrectly. It costs \$5 to take the test unless this is the first time you are taking it and you pass the first time.
- If your license has been expired for more than 4 years, you will have to take the driving and written tests.

### **Evidence of Identity**

You must provide current, unexpired evidence of identity in your legal name. Your legal name will be shown on the Social Security card. Generally, we prefer to see documents issued in the U.S. Documents you submit to establish identity must show your legal name AND provide biographical information (your date of birth, age, or parents' names) **and/or** physical information (photograph, or physical description - height, eye and hair color, etc.). If you send a photo identity document but do not appear in person, the document must show your biographical information (e.g., your date of birth, age, or parents' names). Generally, documents without an expiration date should have been issued within the past two years for adults and within the past four years for children.

As proof of your identity, you must provide a:

- U.S. driver's license; or
- U.S. State-issued non-driver identity card; or
- U.S. passport

If you do not have one of the documents above or cannot get a replacement within 10 work days, we may accept other documents that show your legal name and biographical information, such as a U.S. military identity card, Certificate of Naturalization, employee identity card, certified copy of medical record (clinic, doctor or hospital), health insurance card, Medicaid card, or school identity card/record. For young children, we may accept medical records (clinic, doctor, or hospital) maintained by the medical provider. We may also accept a final adoption decree, or a school identity card, or other school record maintained by the school.

If you are not a U.S. citizen, we must see your current U.S. immigration document(s) and your foreign passport with biographical information or photograph.

WE CANNOT ACCEPT A BIRTH CERTIFICATE, HOSPITAL SOUVENIR BIRTH CERTIFICATE, SOCIAL SECURITY CARD STUB OR A SOCIAL SECURITY RECORD as evidence of identity.

### **Evidence of U.S. Citizenship**

In general, you must provide your U.S. birth certificate or U.S. Passport. Other documents you may provide are a Consular Report of Birth, Certificate of Citizenship, or Certificate of Naturalization.

### **Evidence of Immigration Status**

You must provide a current unexpired document issued to you by the Department of Homeland Security (DHS) showing your immigration status, such as Form I-551, I-94, or I-766. If you are an international student or exchange visitor, you may need to provide additional documents, such as Form I-20, DS-2019, or a letter authorizing employment from your school and employer (F-1) or sponsor (J-1). We CANNOT accept a receipt showing you applied for the document. If you are not authorized to work in the U.S., we can issue you a Social Security card only if you need the number for a valid non-work reason. Your card will be marked to show you cannot work and if you do work, we will notify DHS. See page 3, item 5 for more information.

4. Show the month, day, and full (4 digit) year of birth; for example, "1998" for year of birth.

NOTE: Most agencies do not require that you have a Social Security number. Contact us to see if your reason qualifies for a Social Security number.
- 6., 7. Providing race and ethnicity information is voluntary and is requested for informational and statistical purposes only. Your choice whether to answer or not does not affect decisions we make on your application. If you do provide this information, we will treat it very carefully.
- 9.B., 10.B. If you are applying for an original Social Security card for a child under age 18, you MUST show the parents' Social Security numbers unless the parent was never assigned a Social Security number. If the number is not known and you cannot obtain it, check the "unknown" box.
13. If the date of birth you show in item 4 is different from the date of birth currently shown on your Social Security record, show the date of birth currently shown on your record in item 13 and provide evidence to support the date of birth shown in item 4.

If you are over age 18 and cannot sign on your own behalf, a legal guardian, parent, or close relative may generally sign for you. If you cannot sign your name, you should sign with an "X" mark and have two people sign as witnesses in the space beside the mark. Please do not alter your signature by including additional information on the signature line as this may invalidate your application. Call us if you have questions about who may sign your application.

## **PROTECT YOUR SOCIAL SECURITY NUMBER AND CARD**

Protect your SSN card and number from loss and identity theft. DO NOT carry your SSN card with you. Keep it in a secure location and only take it with you when you must show the card; e.g., to obtain a new job, open a new bank account, or to obtain benefits from certain U.S. agencies. Use caution in giving out your Social Security number to others, particularly during phone, mail, email and Internet requests you did not initiate.

In California, you **can** vote if you're on probation or if you're in county jail for a misdemeanor conviction. You **cannot** vote if you have a felony conviction for which you are in prison, on parole, on post-release community supervision, or serving a sentence in county jail under PC § 1170(h). Once you complete your sentence and supervision, your voting rights are automatically restored. All you have to do is to register to vote.

To register to vote in San Francisco, complete a voter registration form by contacting the San Francisco Department of Elections. If you live outside of San Francisco, contact the California Secretary of State, Elections Division. These offices will mail you a voter registration form upon request.

## BENEFITS

Depending on your current income and other factors, you may be eligible to receive government benefits to help you meet your basic needs. Having a record does not necessarily disqualify you from receiving benefits. If you think you might be eligible, apply as soon as you are able.

### COUNTY ADULT ASSISTANCE PROGRAM (CAAP)

**County Adult Assistance Program (CAAP)** consists of four separate, independent programs to better meet the needs of adult residents of San Francisco. These four programs are: **PAES** (Personal Assisted Employment Services), **CALM** (Cash Assistance Linked to Medi-Cal), **SSIP** (Supplemental Security Income Pending), and **GA** (General Assistance). Individuals who are receiving SSI are not eligible for CAAP. Individuals who have timed-out from CalWORKs are not eligible for CAAP unless they've met the conditions for an Executive Director's exception as determined by their CalWORKs worker. Individuals with minor children must apply for CalWORKs for benefits that include CalFresh (formerly Food Stamps) or cash grants. Ongoing CAAP benefits are issued once a month (on the first of the month). Money management is important to ensure essential expenses (such as housing, utilities, and necessary bills) are paid first. A person on parole in another county may be eligible for CAAP when the county of responsibility allows the client to live in San Francisco and the client intends to live in San Francisco. A person on probation in another county may be eligible for CAAP only if the client is allowed to reside in San Francisco by his Probation Officer.

#### PAES

The **Personal Assisted Employment Services (PAES)** Program provides employable adults with the education, training, and supportive services necessary to gain lasting employment and become self-sufficient. Individuals with a verified disabling condition that is expected to last less than 12 consecutive months in duration are also eligible for PAES; however, they are exempt from participation in employment-related activities and services until such time as their temporary disabling condition has improved. PAES participants may also be exempted from employment-related activities on the basis of age. PAES applicants must have lived in San Francisco for 30 continuous days prior to the time of application. The introductory Appraisal Period begins when the participant signs a PAES Participant Agreement. Work Experience activities during the Appraisal Period are Group Employment Preparation (GEP) sessions, and a number of Work Assignment hours (depending on the grant amount) or an acceptable, qualifying substitute (employment, approved Vocational Training, ESL, G.E.D. preparation, Job Search because of a medical restriction, etc.). Participants may be excused from GEP if they are engaged in an approved activity and there is either a verified conflict in schedule or the other activity requires more than 16 ½ hours per week. All PAES participants performing employment-related activities receive a monthly Muni Fast Pass or tokens. Individuals who have successfully completed the Appraisal Period may begin working with an Employment Specialist to develop an Employment Plan. The Work Assignment (or qualifying substitute) continues until the Plan is signed. The individualized, mutually agreed-upon Employment Plan may include: job training and career counseling, supervised job search, G.E.D. preparation & Vocational English as a Second Language (VESL) classes, vocational training courses and vocational rehabilitation, skill-building workshops for those able to work in a supported setting, various employment projects, combining temporary paid employment with job-seeking services, and substance abuse and mental health treatment. Supportive services available to PAES participants in Employment Plans include vocational assessment, substance abuse and mental health counselors on-site, vocational rehabilitation counseling, ancillary expenses for clothing, tools, supplies, etc., and

Muni Fast Passes or tokens. PAES employment services are limited to 27 months, with a possible extension of 6 months, if such additional services are likely to lead to employment. There is a 60-day sanction for eligibility requirement-related failures and a 90-day sanction for Employment Plan-related failures. PAES clients who are discontinued for fraud are ineligible for PAES for the duration of the fraud sanction.

#### **CALM**

**Cash Assistance Linked to Medi-Cal (CALM)** is for individuals and their spouses who are receiving Medi-Cal benefits because they are either aged or disabled, but do not currently qualify for SSI. There are **no sanction** penalties for non-cooperation (except for fraud). One worker at 1440 Harrison Street provides both Medi-Cal benefits and cash assistance; CalFresh workers are also available at the same location.

#### **SSIP**

**Supplemental Security Income Pending (SSIP)** is for individuals who have medical verification that they have a disability which either has lasted, or is likely to last, at least 12 consecutive months. Muni tokens for verified medical appointments are also provided. There are no sanction penalties for non-cooperation (except for fraud). SSI Case Management is available and continuing SSIP cases are handled by specialized workers. SSIP clients who are discontinued for fraud are ineligible for SSIP for the duration of the fraud sanction.

#### **GA**

**General Assistance (GA)** remains the County safety net program for indigent adults. It is designed for individuals who do not qualify for CALM and SSIP, and who either do not choose to participate in PAES or are not eligible to receive PAES. In exchange for the GA benefit package, able-bodied GA recipients are expected to perform a number of Workfare hours (depending on the grant amount) or an acceptable substitute. GA recipients performing Workfare receive a monthly Muni Fast Pass or tokens. Program requirement failures without good cause may result in a 30-day sanction. GA clients who are discontinued for fraud are ineligible to apply for CAAP for the duration of the fraud sanction.

#### **AM I ELIGIBLE?**

CalFresh, formerly known as the Food Stamp Program, is a government program designed to eliminate hunger and improve the health of low-income families and individuals by providing funds to access a nutritious diet.

Income limits (below 200 percent of the federal poverty level) and some non-financial eligibility factors determine who qualifies for CalFresh benefits. In San Francisco, CalFresh is distributed via Electronic Benefit Transfer (EBT) card, which may be used at grocery stores and farmers' markets. Homeless, elderly, or disabled individuals qualify to use CalFresh at dozens of restaurants across San Francisco.

Those with criminal records, including a drug felony, may be eligible to receive CalFresh benefits. Being on probation or parole does not impact your CalFresh eligibility. However, you cannot be a fleeing felon (i.e., have a warrant) or be in violation of your probation or parole and qualify for CalFresh.

You may apply for CalFresh in person, by mail, or online. If you are found eligible for the CalFresh program, you can begin receiving benefits as soon as three days after you apply. ## THE AFFORDABLE CARE ACT (ACA)

The Affordable Care Act (Obamacare) was signed into law by President Barack Obama on March 23, 2010. The law expands health coverage to all U.S. citizens and Legal Permanent Residents. If your employer does not provide health coverage, or if you are unemployed, you can sign up for health coverage through Covered California online at [www.coveredca.com/medi-cal](http://www.coveredca.com/medi-cal)

### **Medi-Cal Overview**

Medi-Cal is free or low-cost health coverage for children and adults with limited income and resources.

### **Who can qualify for Medi-Cal?**

Medi-Cal covers low-income adults, families with children, seniors, persons with disabilities, children in foster care as well as former foster youth up to age 26, and pregnant women.

### **What is the difference between Covered California and Medi-Cal?**

Medi-Cal is health coverage, just like the coverage from Covered California health plans. If you qualify for Medi-Cal, your health care will be free or at a lower cost to you and your family. Medi-Cal plans and Covered California plans both offer a similar set of important benefits, called "essential health benefits."

### **How can I apply for Medi-Cal?**

You can apply online at [www.coveredca.com](http://www.coveredca.com). This single application will let you know if you qualify for Covered California or Medi-Cal coverage.

If you need help applying or have questions, you can contact a trained Certified Enrollment Counselor (CEC) for free. Search a list of local Certified Enrollment Counselors ([www.coveredca.com/get-help/local/](http://www.coveredca.com/get-help/local/)) or call (800) 300-1506.

If you live in San Francisco, you can apply several ways:

- **Phone:** 415-863-9892 or 855-355-5757 (Monday-Friday 8:00am-5:00pm)
- **In Person:** Human Services Agency, 1440 Harrison Street or 1235 Mission Street, San Francisco, CA 94103 (Monday-Friday; 8:00 am-5:00pm)
- **Intranet:** [www.mybenefitscalwin.org](http://www.mybenefitscalwin.org) (available 24 hours 7 days a week)

Otherwise, if you need to find county offices outside of San Francisco, check the following: [www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx](http://www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx)

### **After Applying**

If you qualify for Medi-Cal, you will get a benefits identification card (BIC) in the mail, and get a list of available health plans to choose from. With the card, you can begin to use your health care as a new Medi-Cal member.

In some cases after you apply, the county may need clarify or get more information from you so that we can make sure you qualify for Medi-Cal or other affordable health coverage.

If you have applied and haven't received a benefits issue card (BIC), please do not apply again but contact the Medi-Cal either on the phone or in person.

Most individuals who are unemployed or do not receive medical coverage from their employer can receive health coverage under the Affordable Care Act.

## MONEY MANAGEMENT

When you know where your money goes, it's easier to pay your bills on time, save money each month, and find financial freedom.

To get started, think about your money. Money should go towards things you need, things you want and towards your debts or into savings.

**Some expenses are required every month.** A place to live, a way to get around, and nutritious food to eat are things you can't live without. Every month you make rent or mortgage payments and spend money on utilities as well as transportation. Many people pay for different types of insurance and some pay for school fees and loans.

These expenses are things you can't do without. Ideally, this should be half of your budget. If you lose your job, or have an unexpected emergency expense, these are the things that you will still have to spend your money on.

Do you enjoy watching cable television, shopping, or eating in restaurants? While these aren't things you need, it's your life and you should enjoy it with a budget that fits you best.

The best budget includes money to meet your needs and your wants as well as save for your future. When you put money into your savings, you can better plan for your retirement or education for your family.

Credit cards, payday lenders, and rent-to-own furniture stores charge very high interest rates. It's important to pay down these debts first so that your savings can go farther.

If you need help getting started, build a budget and seek credit counseling to take control of your money!

## CREDIT COUNSELING

If you find that you are so indebted that you need help, contact a reputable non-profit credit counseling agency. Do not fall for the many predatory scams that are advertised as debt counseling. One well-known and reputable non-profit credit counseling agency is Money Management International (MMI). It provides credit counseling as well as other financial educational services.

Counseling is also available 24 hours a day, 7 days a week by phone: 1 (866) 889-9347. Website: [www.moneymanagement.org](http://www.moneymanagement.org)

## SAVINGS

Saving is important because having it (whatever the amount) brings you peace of mind and the ability to pay for things without using credit.

### **Start Saving Now.**

Even if you think you can't afford it – Even if it is only a few dollars out of each paycheck.

### **What's next?**

If you're going to start saving, you'll need to have a budget (for assistance building your budget, check out The Beehive, online at <http://capetown.thebeehive.org/content/86/121>). Use these seven steps to make a successful financial plan:

1. Start as early as possible
2. Set goals (short- and long-term)
3. Tell your family members or others with whom you share finances
4. Support your plan with a practical, working budget
5. Do your homework – think about your options and be flexible
6. Put your plan in writing
7. Review your plan every month or two

Budgets are just the beginning. Your plan won't make much sense unless you also learn to build credit, save, and invest wisely.

The best way to make a budget for the future is to figure out how you spend your money now. First, look at where your money comes from and where it goes. Track all of your income and expenses for one month before creating your budget. You'll need to keep track of all of your purchases by writing them down by category in a notebook or holding on to receipts organized by category.

Write down how much you spend in each category every month. Don't forget to include money that you save each month to help you meet your future goals. Be realistic about your budget, so that it's easy for you to follow.

### **Step One: Calculate Income**

Your income is the most important part of your budget—it allows you to take care of your family and yourself. You can put that money into a budget to figure out how you spend your money now and how to make the most of it in the future.

### **Step Two: Calculate Expenses**

It is also important to know where you spend your money. Keeping track of your receipts and watching your statements is the best way to see how much you spend. If you already have a way of recording daily expenses, like a diary, use that information to fill out this section.

### **Step Three: Calculate Assets**

There are many ways to look at your personal finances. You may own some things that are worth money that you never even considered. Think about things like electronics, jewelry, or even your home. These things, plus the money in your savings or investment accounts, are part of your assets.

### **Step Four: Calculate Debt**

If you are struggling with debt, you can help yourself by making a plan. You might owe money to many people or companies, but you can make a big difference by writing down those numbers. Be

honest with yourself about how much you owe. Once you know how much you have to pay, your budget plan can help you figure out how to get rid of your debt.

Do not enter any account numbers in this section. You will only need to write the amount of money you owe.

### **Prioritizing Your Budget**

If your budget shows you have more expenses than income, there are many ways to get out of trouble. Remember, everyone has different priorities. You will have to make the decisions that are right for you.

#### **What payments should I make first if I don't have enough money to pay for all my bills?**

1. First, pay off your necessary household expenses, such as rent or mortgage, utilities, and food. You need to pay your rent or mortgage to ensure you don't get evicted or have your property foreclosed upon. Think about the health and safety of your family when making these types of decisions.
2. Many utilities, such as the telephone company, electric company, and gas company, have programs to lower your bill if you qualify. If you think you need assistance, contact your utility company.

#### **What should I do if I can pay off my monthly household expenses, but am having trouble paying off my loans?**

1. Pay off the loan with the highest interest rate first to save on interest payments.
2. Talk to your creditor. Your creditor may be willing to reduce your payments or change the terms to accommodate your situation by offering extensions, smaller payments over a longer period of time, or accepting partial payments.
3. Get a debt consolidation loan. Be cautious of this option. If loan fees and interest rates are too high, it may not be the best option for you.
4. Get professional advice. Reputable credit counselors can help you deal with your financial problems. Some organizations charge little or nothing for their services.
5. Be cautious of companies that promise to fix your credit problems right away. Credit repair can be a long process that might take several years.

### Sample Daily Spending Diary Worksheet

Use this budgeting tool to track where your money is going. You are far more likely to save your money when you see how much small purchases, like cigarettes and soda, can add up.

Day	What did I spend my money on today?
Sunday	
Monday	
Tuesday	
Wednesday	
Thursday	
Friday

### Monthly Payment Schedule

Track all of your income and expenses in a format similar to below for each month. Write out these columns, and space to write in your expenses and income. When the expense has been paid, enter the date in the paid column.

Income	Expenses/Bills	Pay or Due Date	Amount Due	Paid

# HOUSING

## PERMANENT HOUSING

It is very difficult to find affordable housing in San Francisco. Start looking as early as possible, and utilize all of your resources. On August 13, 2014, San Francisco's Fair Chance Ordinance went into effect. The Ordinance requires some housing providers and employers to review an individual's qualifications before inquiring about their arrest and conviction record. This ordinance applies to employers with 20 or more employees, contractors with city contracts over \$5,000, and housing providers that have received funding from the City. Employers, contractors and housing providers must also consider the relevance of an applicant's convictions, how long ago those convictions occurred and evidence of rehabilitation.

## FINDING HOUSING

Subsidized housing in San Francisco is controlled by the San Francisco Housing Authority (SFHA) through two separate programs: Public Housing and Section 8 Housing. The Public Housing program consists of buildings run by the Housing Authority where they review your application and are your landlord. Section 8 is a housing voucher with a certain amount of money on it that an individual can use to pay rent in subsidized housing or in private housing.

Neither program is blocked for individuals who have past convictions, although there are basic eligibility requirements for both. Most subsidized permanent housing opportunities in San Francisco require that the person currently reside in San Francisco, and that the person have some form of income or benefits. Both of these qualifications usually require some form of proof and most housing applications require a showing of some kind of income. Beyond these basic requirements, each provider may have additional eligibility requirements (such as age for senior buildings or documented proof of a disability for certain program-related housing). Both Section 8 and Public Housing have waiting lists; these waiting lists are sometimes closed, meaning you cannot get on them, or open, meaning they are accepting applications. This can change constantly, so make sure to check back regularly here: [www.sfha.org/Public-Housing-Information.html](http://www.sfha.org/Public-Housing-Information.html)

You can help yourself be an attractive applicant by staying current with any requirements of any probation or parole and seeking out support or treatment that adds positive efforts to your history. It is important to always make sure you are honest in your application to the SFHA- if SFHA determines that you have lied at any point they can and will deny your application. Be sure to consider if you might be eligible for any government benefits, such as social security or general assistance, especially since some benefits programs are connected to shelter or housing. It is important to create as many options for yourself as you can.

### Background Checks and Criminal Records

Most housing providers will do background checks—SF Housing Authority will conduct a criminal background check for Public Housing and for Section 8. This will cover both eviction/unlawful detainer issues from past rental situations and criminal histories related to violence, assault, drug sales, sexual offenses, arson, etc. There are certain cases where the Housing Department will automatically exclude you, and you are **automatically** denied from either public housing program:

- If you have to register as a lifetime sex offender in any state

- If you have ever been convicted of manufacturing methamphetamines in federally assisted housing OR
- If you have been evicted from a federally assisted housing program for drug related activity in the past 3 years if you are applying for public housing, or 5 years if you are applying for a Section 8 voucher. If you completed an SFHA approved drug treatment program this required ban may not apply to you.

If you have a criminal record but **have not** been convicted of the above offenses, you may still be eligible for public housing. While the SFHA *may* reject your application if the background check reveals drug-related crimes, violent crimes, or any crimes that they feel may threaten the health, safety, or right to peaceful enjoyment of the building, they are not automatically required to reject these applications. You should, therefore, apply to public housing even if you have past convictions, so long as they are not the ones mentioned above.

It is important to keep in mind that if you are eligible for a Section 8 voucher for use at an apartment of your choice, private landlords will often run their own background checks, and may be stricter than SFHA in their unwillingness to overlook your criminal record.

### **Mitigating Factors and Individual Circumstances**

With convictions on your record, you can still make yourself an attractive candidate to SFHA. The SFHA will consider individual circumstances when reviewing a housing application from an individual with criminal records, so it is very important that you present this information to SFHA. Once you have moved to the top of the wait list, SFHA will ask you to sign a release form so they can run your background check. This is a good time to submit letters or declarations showing your individual circumstances to SFHA.

Some examples of mitigating factors to present to SFHA are:

- Any positive changes you have made in your life since your arrests or convictions
- If you currently have a job, are enrolled or completed a job training program or school, or any participation in a treatment or rehabilitation program
- If you are a survivor of domestic violence, or if acts of violence against you led to your arrests or convictions
- If you have any dismissed convictions (note, dismissed convictions will come up on your SFHA background check, so even though they are dismissed, you must still be honest about them if asked, but make sure to note they are dismissed)
- Letters of support from probation officers, teachers, employers, treatment programs, neighbors, social workers or previous or prior landlords
- Evidence of a disability, if you have one, and how that disability is related to your criminal record

### **Denials**

If SFHA denies you admission to either program they have to notify you in writing and explain the reasons why you were denied, and they must also provide you a copy of your background check. A letter stating the denial is not the final word—you have the right to challenge the denial at an informal hearing. The letter with your initial denial will have information on how to request an informal hearing—it is important that you follow the instructions and request the hearing as it will be your opportunity to show that you are a good tenant. You have a right to an attorney or an informal advocate with you at the hearing, and a number of non-profit service providers can help.

Be sure to apply for public housing or Section 8 voucher with the San Francisco Housing Authority if you are eligible. Periodically, the wait list for public housing in San Francisco opens, but may be

closed when you first inquire. Check back frequently to see if it has reopened. Contact information for the San Francisco Housing Authority is below:

## IN THE SPOTLIGHT: CURTIS PENN

Curtis Penn was sentenced to 25 years to life in 1999 under California's Three Strikes Law. After serving 15 years he was released as a result of Proposition 36. While incarcerated, Curtis injected a sense of meaning and purpose into a less-than-ideal situation. His participation in San Quentin's Prison University Project sparked his interest in formal education.

Since his release Curtis has pursued a BA Degree in Sociology at San Francisco State University (SFSU). He has been named a Willie L. Brown Fellow at SFSU and is currently interning in the Reentry Division of the San Francisco Adult Probation Department.

## **CENTER ON JUVENILE AND CRIMINAL JUSTICE (CJCJ) *CAMEO HOUSE ALTERNATIVE SENTENCING PROGRAM***

In partnership with the San Francisco Adult Probation Department, the Center on Juvenile and Criminal Justice's Cameo House serves criminally involved pregnant and parenting women, who are certified as homeless (as defined by the City and County of San Francisco). The goal of Cameo House is to identify eligible women who are awaiting adjudication and recommend to the courts that they be sentenced to Cameo House in lieu of state prison or county jail, when appropriate. All women residing at Cameo House must have at least one child in their custody, have active reunification services with at least one of their children, or be pregnant at the time of enrollment. Cameo House is a 12-month program but clients can remain for up to two years. All residents must be willing to participate in case management and other clinical services as a condition of the residency. During their stay at Cameo House, women are expected to obtain employment, reunify with at least one of their children, remain clean and sober (verified through random UAs conducted at Cameo House at least once per month), satisfy their Probation requirements, and obtain steady employment, with the goal being for them to obtain and sustain permanent housing. Cameo House residents work intensively with our on-site Case Manager and Therapist to insure that all these objectives are met. [www.cjcj.org](http://www.cjcj.org)

## IN THE SPOTLIGHT: *LUIS AROCHE*

Growing up in San Francisco's Mission District, Luis Aroche was aware of the gang and street life that surrounded his community. Although conscientious of the harm gang members were doing to the community, he found it difficult to escape the web of violence. After serving several years in different juvenile facilities across the state of California, a prosecutor took a special interest in Luis and offered him a second chance: a job. From cleaning swimming pools to serving Mitchell's Ice Cream, Luis saw employment as the beginning of his new life.

He obtained his Bachelor of Arts in Interdisciplinary Studies (emphasis in Counseling Psychology) from the California Institute of Integral Studies. In 2012, he was hired by San Francisco District Attorney George Gascón as the first Alternative Sentencing Planner in the State of California. He is currently pursuing a Master's Degree in Public Administration from the University of San Francisco.

## IN THE SPOTLIGHT: *MONIQUE RANDOLPH*

After several failed attempts at substance abuse treatment, Monique's addiction eventually resulted in numerous arrests and time spent in state prison. As a young mother, she was determined to do better.

Monique has completed an Associate of Arts Degree in Social Work and Substance Abuse from Merritt College in Oakland. After graduation she was hired by Walden House Inc. (now HealthRIGHT 360), as a HIV case manager. Seven years later, she is still with HealthRIGHT360, serving as the Health and Wellness Medical Coordinator for the organization.

# EDUCATION & EMPLOYMENT

## EDUCATION

A college education can be a powerful tool when it comes to supporting yourself, but getting there can seem very challenging. Here's a basic outline of what you'll need if a college education is part of your plans.

- **Graduation from high school and receipt of a high school diploma** are admission requirements at many colleges, including those in the California State University system. It is always best to stay in high school to receive your high school diploma, but sometimes it is not possible to do so. There are options available for completing the equivalent to a high school diploma:
  - Passing the **California High School Proficiency Examination** is the legal equivalent of earning a high school diploma.
  - The **General Education Development program (GED)** is another examination program that, upon successful completion, offers the equivalent of a high school diploma.
  - **Remember** that completing either the California High School Proficiency Examination or the GED does not eliminate the high school course requirements or the grades and test requirements.
- **Getting copies of your GED Records:** If you already took the GED, you may request copies of your records by contacting the GED Testing Service:  
Contact: [gedtestingservice.com](http://gedtestingservice.com)

**Preparing to pay for college: Free Application for Federal Student Aid (FAFSA).** One of the tools you can use to estimate your eligibility for federal student financial assistance is the Financial Aid Estimator Tool – FAFSA4caster – which is available online at: [www.fafsa4caster.ed.gov](http://www.fafsa4caster.ed.gov)

You may have heard that if you have been convicted of a felony, you are not eligible to receive financial aid. This is not necessarily true. A student convicted of possession or sale of illegal drugs may have eligibility suspended **if the offense occurred while the student was receiving federal student aid** (grants, loans, or work-study). When you complete the *Free Application for Federal Student Aid* (FAFSA), you will be asked whether you had a drug conviction for an offense that occurred while you were receiving federal student aid. If the answer is yes, you will be provided a special worksheet to help you determine whether your conviction affects your eligibility for federal student aid. You may preview the worksheet in the FAFSA Information section at [www.studentaid.ed.gov/pubs](http://www.studentaid.ed.gov/pubs). If you have been convicted of a forcible or nonforcible sexual offense, *and* you are subject to an involuntary civil commitment upon completion of a period of incarceration for that offense, you are ineligible to receive a Federal Pell Grant.

## EMPLOYMENT

### FAIR CHANCE ORDINANCE SAN FRANCISCO *EMPLOYMENT/HOUSING POLICY*

On August 13, 2014, San Francisco's Fair Chance Ordinance went into effect. The Ordinance requires some housing providers and employers to review an individual's qualifications before inquiring about their arrest and conviction record. This ordinance applies to employers with 20 or more employees, contractors with city contracts over \$5,000, and housing providers that have received funding from the City.

*Post where readily accessible to job applicants and employees.*

#### CITY AND COUNTY OF SAN FRANCISCO

EDWIN M. LEE, MAYOR

#### NOTICE TO JOB APPLICANTS AND EMPLOYEES

### San Francisco Fair Chance Ordinance

#### Police Code, Article 49

**Starting August 13, 2014, the Fair Chance Ordinance (San Francisco Police Code, Article 49) requires employers to follow strict rules regarding the use of arrest and conviction records in hiring and employment decisions.** The ordinance covers job applicants and employees who would be or are performing work in whole, or in substantial part, in San Francisco and applies to employers who have 20 or more employees (regardless of the employees' locations).

**Certain matters are off-limits.** An employer may *never* ask about, require disclosure of, or consider: an arrest not leading to a conviction (other than an unresolved arrest that is still undergoing criminal investigation or trial); participation in a diversion or deferral of judgment program; a conviction that has been expunged or made inoperative; any determination in the juvenile justice system; a conviction more than 7 years old; and a criminal offense other than a felony/misdemeanor. Matters that are off-limits cannot be used by the employer for any reason at any stage of the hiring process.

**An employer cannot ask about an individual's conviction history or unresolved arrests at the start of the hiring process.** This includes through a job application form, informal conversation, or otherwise.

**A mandatory interactive process for matters not off-limits.** Only after a live interview has been conducted, or a conditional offer of employment made, is the employer allowed to ask about an individual's conviction history (except as to matters that are off-limits) and unresolved arrests. Only those convictions and unresolved arrests that *directly relate* to the individual's ability to do the job may be considered in making an employment decision.

Before the employer may take an adverse action such as failing/refusing to hire, discharging, or not promoting an individual based on a conviction history or unresolved arrest, the employer must give the individual an opportunity to present evidence that the information is inaccurate, the individual has been rehabilitated, or other mitigating factors. The individual has seven days to respond, at which point the employer must delay any adverse action for a reasonable time and reconsider the adverse action. The employer must notify the individual of any final adverse action.

*Evidence of rehabilitation* include satisfying parole/probation; receiving education/training; participating in alcohol/drug treatment programs; letters of recommendation; and age at which the individual was convicted. *Mitigating factors* include coercion, physical or emotional abuse, and untreated substance abuse/mental illness, that contributed to the conviction.

**Preemption.** Where federal or state law imposes a criminal history requirement that conflicts with a requirement of the Fair Chance Ordinance, the federal or state law will apply.

**No Retaliation.** An employer may not take an adverse action against an applicant or employee for exercising their rights under the ordinance or cooperating with the Office of Labor Standards Enforcement OLSE.

If you need more information, or wish to report an employer that you believe has violated this ordinance, please contact the OLSE at 415-554-5192 or email [FCE@sfgov.org](mailto:FCE@sfgov.org).

## DEFY VENTURES

Defy Ventures is a non-profit organization that works with individuals who have had previous criminal justice involvement (18+ years and older) to create profitable enterprises that sustain them and their families over time. We support emerging entrepreneurs in the launch of their ventures by offering intensive hands-on entrepreneurship training, character development, mentoring, business incubation, financing opportunities and holistic personal development services.

In 2014, Defy switched from a brick-and-mortar classroom training program to a “blended learning model” that leverages technology to equip people with criminal histories to become successful, legal entrepreneurs and business leaders. The blended learning model combines online training in entrepreneurship, employment and leadership with in-person executive mentoring, hands-on entrepreneurial team challenges, character-building exercises, and Shark Tank-style business plan competitions.

Defy’s key strategic partners are the 3,000+ private sector volunteers (and many of their companies) who have given 13,500+ hours to mentoring and teaching our EITs, provided pro bono business development services to EITs and to Defy, and served on our governing and advisory boards. In the Bay Area, Defy works with criminal justice partners and nonprofit re-entry organizations such as The Last Mile, HealthRIGHT360, Impact Hub, Stride Center, St. Vincent de Paul of Alameda County, and Community Works West to recruit Bay Area EITs (Entrepreneurs in Training). We partner with leading private sector professionals to teach courses and develop training content, including venture capitalist and founder of Draper University Tim Draper in San Mateo, faculty members from the Harvard and Stanford Business Schools, marketing guru Seth Godin, and former NYSE CEO Duncan Niederauer. ## RESIDENTIAL TREATMENT FACILITIES

Temporary housing with structured treatment and services focused on recovery from substance abuse and mental health issues. Transitional housing, including clean and sober housing, is listed in the Housing chapter.

### ASIAN AMERICAN RECOVERY SERVICES

Our primary goal is to change an individual's substance-abusing lifestyle. This change comes about through four fundamental processes. First, individuals must acknowledge their problems, their own roles and responsibilities in abusing substances. Second, they must have the willingness to resolve and change their substance abusing behavior. Third, there needs to be an understanding and reconciliation of any conflict within themselves, their families and cultural traditions. Finally, they need to develop abilities and skills in managing their lives in the social, economic, and political reality of their environment and community. The AARS-residential is a therapeutic community which recognizes the need for providing structure, support and opportunity within a multi-cultural environment. It is a highly structured environment with defined boundaries, both moral and ethical. The program employs community imposed sanctions as well as earned advancement of status and privileges as part of the recovery and growth process. Being part of something greater than oneself is an especially important factor in facilitating positive growth. [www.aars.org](http://www.aars.org)

## IN THE SPOTLIGHT: *ROBERT SMITH*

Robert began using alcohol and drugs at a young age, which resulted in stints at juvenile hall, and eventually escalated to state prison. After four prison terms, he was facing a lengthy sentence when the courts gave him an opportunity to go to the Delancey Street Foundation. Robert entered Delancey Street in 1998 and stayed for seven years.

Upon graduating from Delancey, Robert was offered a job at a local moving company, utilizing his Class A driver's license he earned during his time with Delancey. After driving trucks across the country for six years, Robert opened his own company in 2011. ## CENTER FOR RESTORATIVE JUSTICE WORKS *GET ON THE BUS*

The Center for Restorative Justice Works (CRJW) unites children, families, and communities separated by crime and the criminal justice system. CRJW calls the community to set aside pre-judgments about women and men in prison in order to work together to accompany families torn apart by the crime and the criminal justice system, create awareness about the negative impacts of incarceration on children and families, and advocate for programs and policies that restore relationships. CRJW re-weaves the web of relationships that have been torn apart by crime and the policies of the criminal justice system.

**Get on the Bus** is a program of The CRJW. Get On The Bus brings children and their guardians/caregivers from throughout the state of California to visit their mothers and fathers in prison. An annual event, Get On The Bus offers free transportation for the children and their caregivers to the prison, provides travel bags for the children, comfort care bags for the caregivers, a photo of each child with his or her parent, and meals for the day (breakfast, snacks on the bus, lunch at the prison, and dinner on the way home) — all at no cost to the children’s family. On the bus trip home, following a four-hour visit, each child receives a teddy bear with a letter from their parent and post-event counseling. With a small staff of attorneys and support personnel, the Prison Law Office represents individual prisoners, engages in class action and other impact litigation, educates the public about prison conditions, and provides technical assistance to attorneys throughout the country. (The office generally does not handle criminal appeals or habeas corpus petitions challenging criminal convictions.)

California's prisons remain dangerously overcrowded at 147% of design capacity with over 122,000 prisoners crammed into 33 institutions, plus another 12,000 prisoners housed out-of-state and in community facilities. Basic necessities of life, such as medical and mental health care, are often lacking. Prisoners with disabilities are not recognized as disabled, and many are not provided reasonable accommodations as required by the Americans with Disabilities Act. Through both individual and impact litigation, the Prison Law Office has changed many California Department of Corrections and Rehabilitation policies and practices, and has alleviated many of the cruel and unusual conditions that have been inflicted upon tens of thousands of state prisoners.

## **GOODWILL INDUSTRIES OF THE GREATER EAST BAY *HOMELSS SERVICES PROGRAM***

Our Homeless Services Program works specifically with individuals facing homelessness and the multitude of related challenges. This program offers employment and comprehensive support services to homeless individuals and families in Alameda County. This Program is primarily supported by a Housing and Urban Development (HUD) grant, which provides for housing stabilization, case management, and in-house counseling for those facing chronic homelessness as well as community members more recently impacted by the economic downturn. Goodwill provides these support services at our One Stop Homeless Employment Center in downtown Oakland. Goodwill's "Bridges to Work" initiative helps our homeless participants secure transitional employment and job training, and, once skills are established, search for competitive employment. In 2013, our Homeless Services Program served 622 individuals and continues to meet high demand for their services as community members continue to struggle with rising unemployment and subsequent instability in their housing.

### DELANCEY STREET FOUNDATION *LOS ANGELES*

Delancey Street is a residential education center for former substance abusers and ex-convicts. Its philosophy is that the people with the problems can teach themselves to become the solution. The program requires a minimum two-year commitment, and many individuals stay for longer. The Delancey Street Foundation Los Angeles facility is located near midtown, right off the Hollywood freeway. The facility, housing approximately 300 residents, was constructed as a 220 room hotel; the Mission style building complex includes a huge ballroom for catering events for up to 500 people, with smaller catering rooms as well. The buildings surround a large 8,000 square foot tropical garden with cascading waterfalls. Residents have completely renovated the building since we bought it in 1993. In order to make the hotel more of a home, residents turned the guest rooms into living units ranging from dorms for the newcomers into small apartments as residents earn their way to more spacious living quarters, and opened up the dining area to 6,000 square feet for resident meals. Delancey Street-Los Angeles also has a 50,000 square foot warehouse Business Complex located in Montebello. This complex houses a number of Delancey Training Schools including Moving & Trucking, Automotive, Auto Body Shop, Warehouse Shipping and Receiving, Terrarium, Ceramics and Iron Handcraft Works and Sales. It serves both men and women in separate dormitory-style rooms. A network of volunteers from three dozen churches and community groups shares a monthly rotation to provide a home-cooked hot meal to Mill Street residents. This significant gift has endured since the center opened more than 25 years ago. As space becomes available, committed residents "graduate" to New Beginnings Center, a second-step shelter that allows residents to stay up to 6 months.

We believe that it is essential to provide each individual with a regular schedule of activities designed to promote stable and responsible living. Jericho Project is an education center for addicts and ex-convicts. Our philosophy is that the drugs were not the main problem, but a symptom of the problem. The problem has always been honesty. We work on developing a sense of morals and values that can help keep an individual focused and clean. Our philosophy focuses on healing the body, mind, and spirit. Our Vocational Training department prepares residents for careers in construction, retail, transportation, warehousing and administrative careers. We also have a state of the art fitness gym where residents are trained by our certified trainers or a General Physical Trainer.

Our Common Ground (OCG) is a treatment program for adults with substance abuse and mental health problems. We help people who realize they cannot do it alone – that they need the support, encouragement and challenge from other like-minded individuals who are working toward meaningful and productive lives, without drugs. Our nurturing environment helps each individual take responsibility for his or her own life and build skills for long term substance abuse recovery, rehabilitation and emotional and physical success. Many come back later and tell us about their happiness and success as parents, workers, students and contributing members of their communities due to the rehabilitation therapy they have received in our treatment center.

## **COTS MARY ISAAK CENTER (TRANSITIONAL HOUSING/EMERGENCY SHELTER)**

Committee on the Shelterless (COTS) Mary Isaak Center facility is the setting for the majority of COTS' programs and services. These programs help families and single adults to heal from trauma and homelessness, gain life skills, optimize their income, and acquire permanent housing. We know that trauma influences how people respond and live in the world. If we do not deal with this history, it is extremely difficult to help people move forward. The second floor of the building is dedicated to the Family Transitional Housing program, which provides shelter and a wide range of transformative programs for up to 11 families at a time. Families may stay for up to two years, during which time they receive intensive support services and individualized case management. Parents are required to participate in Kids First, COTS' 12-week parenting skills training, and in Rent Right, a 9-week course in financial literacy and housing search. More than 70% of families graduate into permanent housing and independent stable lives. The 100-bed Emergency Shelter for Single Adults is located on the first floor of the Mary Isaak Center. Services include food, clothing, showers, access to phones and a messaging system, access to computers, transportation assistance, mental health and chemical dependency recovery support, job skills training, and assistance in obtaining employment and/or public benefits. Residents may stay for up to six months and more than 50% graduate into either transitional or permanent housing. The Emergency Shelter for Single Adults serves up to 500 individuals annually.
