DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The concept for this project is renovate and expand this historic recreation center to serve modern recreational needs and better respond to its environment. This facility lacks a clear entry and spaces that allow for different programs, such as nature education, or active recreation to take place. As the rec center is a historically significant building, much work has been undertaken with the planning department to craft an expansion that is clearly differentiated from the historic structure, and gives clearer architectural definition to the complex and better ties the architecture with the park setting.

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? 2012 Clean and Safe Neighborhood Parks Bond

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.

FEES

2012/2013 Cost Estimates
For a Phase 1, Phase 2, or Phase 3 meeting: \$2,316
All other meeting types: no fee

Journal Entry should be paid to:
