

Chain Reaction 12

SFAC Main Gallery
June 10 – October 8, 2016

Chain Reaction

Chain Reaction is a series initiated by the SFAC Galleries in 1986. The form of the exhibition mimics that of a chain letter, where a group of initial selectors each nominate an artist, who then selects an artist, who then selects an artist:

Selector → Artist → Artist → Artist

Each Selector setting of a “chain” of artists.

Chain Reaction 12

Chain Reaction 12 will feature seven “chains,” with a total of twenty-one artists in the exhibition. Following the SFAC’s Artist Displacement Survey issued in the summer of 2015, *Chain Reaction 12* will turn its focus on artists living in San Francisco, showing just some of the amazing work being made by San Franciscan artists.
