**INTRODUCTION**

My Heroes of the Mission

The word "hero" is a word that is often used to describe people who have done something brave or noble. In the world of the mission, the word "hero" is used to describe people who have done something brave or noble in the name of God. This is the story of two men who did just that. They were missionaries who came to a land where the people were not yet Christians. They were brave and noble, and they did it in the name of God. This is the story of two men who did just that. They were missionaries who came to a land where the people were not yet Christians. They were brave and noble, and they did it in the name of God.
