DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals). Attach additional page if needed.

The Phase 1 project is the first of a series of campus structures combining four divisions into a mixed-use building, with the challenge of maintaining full access and use of adjacent facilities. The design will convey the airport's staff values and sustainability goals within the context and hierarchy of the civic buildings at the airport.

ADDITIONAL INFORMATION

☐ Is this project on a City designated landmark or in a City designated historic district? If yes, have you contacted staff of the Historic Preservation Commission to determine whether a certificate of appropriateness is required?

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting. This is an important part of the public process. What has been done in this regard?

FEES

Effective July 1, 2014: \$10,220
Projects will now be charged on a per project basis. The Base Fee per project will be \$10,220, however, complex projects or projects involving more than one building may be charged a higher fee.
