

STAFF REPORT

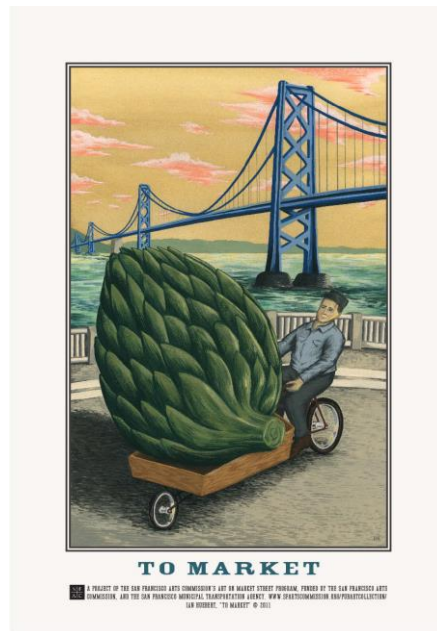

DATE: January 13, 2016

TO: Honorable Members of the Visual Arts Committee

FROM: Zoe Taleporos

RE: Works by Ian Huebert for Lobby of General Hospital Acute Care Building

There is ample wall space available in the lobby of the new General Hospital Acute Care Building where the display of large scale artwork reproductions would be appropriate. SFAC staff recommends acquiring the license to reproduce two of Ian Hubert's images from his popular Art on Market Street Kiosk Poster Series: *Fog*; and *To Market*. The artworks will be reproduced on aluminum panels, consistent with the two-dimensional artwork program in the building, and will be printed at approximately 6' high by 4 feet wide.

ARTS COMMISSION APPROVAL:

Motion to pay Ian Huebert a licensing fee of \$3,000 to reproduce his artworks *Fog* and *To Market* on aluminum panels for installation at General Hospital Acute Care Unit.
