President Darryl Honda San Francisco Board of Appeals 49 South Van Ness Ave, Suite 1475

San Francisco, CA 94103

Re:

88 Bluxome Street – Respondent's Brief

Appeal No. 21-098

Hearing Date: December 8, 2021

Dear President Honda and Board Members:

Our office represents Alexandria Real Estate Equities, Inc. ("ARE"), the owner and

developer of the property located at 88 Bluxome Street ("Property"). The Property is a Central

SoMa Plan Key Site, and on July 25, 2019, the Planning Commission approved a project at the

Property that would demolish an existing building at the Property which housed the private tennis

facility operated by Bay Club and construct a new, 1.2M-square-foot mixed-use development

consisting of office space, a public community center and two public pools (donated at no cost to

the Recreation and Parks Department), retail space, PDR space, on-site child care space and a new

public park along Bluxome Street (the "Project"). The Project will also donate a portion of the

Property to the City and County of San Francisco for the development of 118 units of affordable

housing.

At issue is a Letter of Determination issued by the Zoning Administrator that confirms that

removal of a below-grade, private, replacement tennis facility (the "Replacement Facility") from

tel: 415-567-9000 | fax: 415-399-9480

the Project's site permit plans is not considered a "significant" change and is therefore not required to go back to the Planning Commission for a new approval. ARE's understanding is that Appellant is a group of members of the former tennis facility at the Property that had previously negotiated an agreement with ARE regarding the demolition and replacement of such former tennis facility.

A. Background

During the entitlement process for the Project, ARE and Appellant entered into a private agreement (the "Agreement") in which ARE committed to a number of private and public benefits in exchange for Appellant's support of the Project. These included:

- ARE would provide to the City sufficient funds to resurface 24 public tennis courts throughout the City (the ultimate cost of this obligation was \$864,000);
- ARE would provide \$1M to Appellant to distribute to non-profit organizations for projects that benefit public recreation in the City (all such funds have been provided and distributed);
- ARE would construct an off-site tennis facility, prior to demolition of the previous tennis facility (this off-site tennis facility has been constructed at the former Cow Palace parking lot and is in operation);
- ARE would incorporate the Replacement Facility into the Project, which was ultimately designed to be below-grade and was included in the Project approval. If ARE removed the Replacement Facility from the Project, ARE would provide an additional \$7.5M to Appellant to distribute to non-profit organizations for projects that benefit public recreation in the City.

In March of 2019, ARE submitted a site permit application that included the Replacement Facility. That same month, ARE entered into a lease with Pinterest for over 50% of the office component of the Project. In June of 2020, the City approved the site permit and ARE proceeded to move forward with the Project. However, in September of 2020, due to the impacts of the global pandemic that have changed the dynamics of the commercial office market, Pinterest terminated their lease. ARE's assessment of the unprecedented market conditions in the San Francisco commercial office market is that the viability of the Project as originally designed has been profoundly impacted. In order to improve the feasibility of the Project – one that includes all the public benefits originally designed into the Project and envisioned by the Central SoMa Plan – ARE determined that its best course was to remove the Replacement Facility from the Project. Therefore, in April of 2021, ARE informed Appellant that ARE was removing the Replacement Facility from the Project and offered to make the required payment of \$7.5 million for additional public recreation benefits for the City (as provided in the Agreement). In July of 2021, ARE filed amended site permits to construct the Project without the Replacement Facility.

B. Zoning Administrator Correctly Issued the Letter of Determination

The Zoning Administrator's determination that ARE's removal of the private, below-grade Replacement Facility from the Project does not require a new approval by the Planning Commission was correct and consistent with applicable rules and precedent. The analysis of whether a post-approval project change requires a new Planning Commission hearing is two-fold. First, any project change that is inconsistent with a project condition of approval requires new Planning Commission approval to modify the condition. Second, per the standard "Changes and Modifications" condition of approval, any project change that is determined by the Zoning

Administrator to be "significant" needs new Planning Commission approval. Appellant incorrectly suggests that the Zoning Administrator has mixed-up the whether the Replacement Facility was required by the Planning Code and whether its removal is a significant change. Those are the two separate considerations that must be answered to determine whether the Project must go back to the Planning Commission for a new approval.

With respect to whether the removal of the Replacement Facility breaches a condition of approval, the Zoning Administrator properly analyzed this and concluded that it does not. As outlined in the Letter of Determination, the Central SoMa Plan includes a number of "qualified amenities" that a Key Site can provide to take advantage of the various code benefits for Key Sites.

The retention of the former tennis facility is not a qualified amenity. The approval motion identified that the Project provided three of these amenities, where only one was required: donation of land for affordable housing, construction and donation of a community recreation center and provision of a public park. The Project's conditions of approval 8 and 9 require the Project to donate land for affordable housing and to construct a community recreation center. There is no such condition for the Replacement Facility. As such, removal of the Replacement Facility would not violate any conditions of approval.

With respect to whether the removal of the Replacement Facility would be "significant," and therefore subject to a new Planning Commission approval, the Zoning Administrator is on solid ground when he concludes it is not. The word "significant" in the context of this condition of approval is not interpreted in isolation. Its meaning is not primarily derived from a dictionary or whether it is subjectively important to a particular person or group of people. It is based on a long history of precedent and principles handed down by the current and previous Zoning

Administrators. For example, one bright-line rule is that a residential project can increase its unit count by up to 5% post-approval without having to go back to the Planning Commission. This rule has been applied to countless projects in the City even though it is not written into the Planning Code (as it is typical for most projects to incorporate some changes between Planning Commission

approval and permit issuance).

One clear principle is applicable to the current situation where the removal of below-grade floor area is proposed without impacting the visible, above-grade component of an approved project. So long as the removal of below-grade space does not impact the above-grade portion of a project, it has been determined to be not "significant."

One recent example of this rule is at 988 Harrison Street. In 2016, the Planning Commission approved a residential project at that site for an 8-story residential building with a single below-grade floor containing parking and some mechanical space. Post-approval, the project sponsor filed a permit that removed the below-grade story, a reduction of roughly 12,800 square feet of space in a project with a total of 95,100 square feet of space. Despite the reduction in total floor area of more than 13%, and the removal of all off-street parking, the Zoning Administrator determined that this change wasn't "significant," and therefore did not need to go back to the Planning Commission prior to the Planning Department's approval of the permit.

There is a long history of Zoning Administrator precedent on the meaning of "significant" for the purpose of this condition of approval. It is not based on subjective factors such as uniqueness, irreplaceability or certain people's feelings about a project. Consistent application of such factors by the Zoning Administrator would be impossible. How unique would something need to be? How do you determine what is irreplaceable? Whose feelings about a project are

most important? Zoning Administrator precedent allows for a rational, consistent interpretation of "significant," that project sponsors and the public can understand and rely upon.

C. <u>Tennis Facility is Not a Public Resource</u>

It must be emphasized that the former tennis facility was a private facility. Memberships start at \$255 per month. While there may be times where non-members are allowed access to their facilities, the vast majority of the time they are used by members. Appellant executed the Agreement that provides for ARE's payment of \$7.5M for additional public recreation benefits if the Replacement Facility is removed from the Project. ARE has constructed a new tennis facility at the Cow Palace that is currently in operation. That facility is one of 10 tennis facilities that are located throughout the Bay Area that are accessible to Appellant.

Appellant's citations to various General Plan policies are misguided. The only policy in the Recreation and Open Space element of the General Plan that refers to private recreational facilities states: "Encourage private recreational facilities on private land **that provide a community benefit, particularly to low and moderate-income residents.**" This makes sense, as a City's General Plan guides planning policies that will serve the public, not a private subset of the public. On the other hand, the Project includes the construction of a community recreation center that includes two pools that will be donated to the Recreation and Park Department – an express policy goal in the Central SoMa Plan.ⁱⁱ

D. <u>Conclusion</u>

The Letter of Determination was properly issued by the Zoning Administrator. It accurately applies the appropriate analysis to determine whether the proposed removal of the Replacement Facility requires new Planning Commission approval. It also relies on objective,

Board of Appeals December 2, 2021 Page 7

clear rules and precedent regarding the interpretation of a "significant" change. We therefore urge the Board to deny the appeal and uphold the Letter of Determination. Thank you.

Very truly yours,

President Daryl Honda, Vice President Rick Swig, Members Ann Lazarus, Tina Chang, Jose Lopez

Dear Mr. Chairman and members:

It is rare that I speak on issues before your Commission because I have observed with respect and appreciation the thoroughness of your work on a regular basis with some very thorny issues. Indeed, way back when I was in the mayor's office, the selection of members for the Board of Permit Appeals was a high priority and extremely important to me because of the impact of your Commission's decisions on San Francisco's neighborhoods.

With that in mind, I write to call your attention to the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome Street is insignificant.

On the contrary, I would suggest that a change of this magnitude is very significant in many respects worthy of sending the matter back to the Planning Commission for reconsideration:

- 1. It is a large project: The equivalent of three acres of floor space...comprising about 11% of the entire building... are removed from the project. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.
- 2. It was a key part of the project approved by the Planning Commission: It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.
- 3. The recreational use deleted in the developer's amendment was used by many San Franciscans including a diverse membership of 2,000 members, several public schools, non-profit youth organizations and non-member tennis players. In short, this club was actively engaged in neighborhoods of our city.
- 4. Developer's Reneging of their commitment is bad precedent for San Francisco: This developer made a written promise to get our support. And then with the arrival of a new Chief Executive Officer who was never a part of the extensive negotiations with the community, the developer suddenly reneged on their promise. Never in my experience has a developer so cold bloodedly reneged on commitments of this magnitude in this fashion in order to increase profits for a lucrative project like 88 Bluxome Street.

I respectfully urge your Board to reverse the finding by the Zoning Administrator that allow the elimination of a spectacular and creative use of the proposed development at 88 Bluxome street without sufficient public review.

Thank you, Art Agnos

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

It is large: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

San Francisco's tennis community has suffered in the last few years without an indoor tennis facility. While the city generally enjoys temperate weather, our typically rainy winters mean that outdoor tennis is often not an option. An indoor tennis option is desperately needed by the many thousands of San Francisco tennis players. And, on a personal note, I was looking forward to having my 3-year old son able to soon start learning to play the sport at the club.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxon	ne
without sufficient public review.	

Thank you,

Matthew Pauker

Re: Appeal #21-098

To the Board of Appeals,

I am writing in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

The removal of the recreational space originally planned for the site is very significant –

- 1. It removes a huge chuck of the development -- 11% of the whole building
- 2. It was a key part of the proposal approved by the Planning Commission the recreational space was used as a prominent part of the developer's argument to approve the project.
- 3. It sets a bad precedent for future projects approved by the city developers can propose enticing features that convince the City to approve a project, only to disappear them later with no consequences.
- 4. The proposed recreational space was to be used by many members of the local community, schools, universities and non-profit youth organizations.

The former San Francisco Tennis Club was an important part of sporting life in San Francisco, the only indoor courts in the City, and a much needed space in this section of the City, where I live, as there are no other convenient facilities. It is and always has been important for cities in general to preserve recreational space for the good of the community in general, and this was part of the reason the project was approved.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you, Simon Kao

It is my personal onion both Bay Club and ARE have a history of misleading the city of San Francisco and the residents as well as the members of the SFTennis/BayClub that they promised to provide the equivalent indoor tennis facility to the residents of the bay area for their recreation activities. This is a bake and switch scheme on the ARE/Bay Club part.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

To: Board of Appeals, City of San Francisco

Re: Appeal #21-098 Date: November 4, 2021

This memo is in support of the appeal submitted by San Franciscans for Sports and Recreation (SFFSR) regarding the Zoning Administrator's astonishing conclusions in their Letter of Determination that an amendment to the plan for 88 Bluxome is "insignificant."

The developer unabashedly argued for, and invited the zoning authorities to approve, their project based on keeping the specified recreational use of some 134,000 square feet – at least 11% of the entire building.

This commitment by the developer turns out to be a *sub rosa* bait-and-switch on the City of San Francisco and its residents. If rubber-stamped by this Board, it will create an obscene precedent that will make all future project submissions a joke. It will invite myriad misrepresentations, large and small, in any development project submitted in San Francisco. It will force the Commission and this Board to undo countless such misrepresentations, which efforts will hobble your real work for a decade to come.

It is imperative, as a matter of good-faith, a matter of fact and a matter of law, that this Board reverse this egregious finding of this Zoning Administrator.

Respectfully submitted,

David W. Johnson

San Francisco Board of Appeals boardofappeals@sfgov.org

Re: Appeal #21-098, 88 Bluxome Street

To the Board of Appeals:

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many ways and must be returned to the Planning Commission for reconsideration.

It is large: It removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission: It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members, including 2,000 club members, several schools, nonprofit youth organizations and non-member tennis players from many parts of the City and beyond.

It is a major engineering change: The building was engineered to include 12 tennis courts and related facilities. This huge area cannot simply be deleted without fully re-engineering the building, reason enough to require full reconsideration.

It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

I strongly urge the Board to reverse the finding of the Zoning Administrator that would eliminate a central and high-profile use at 88 Bluxome Street without sufficient public review.

Yours truly,

Susan Alexander

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is *very significant* in many respects worthy of sending back to the Planning Commission for reconsideration.

It is large: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members (myself included), several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. The club facility was also used for business networking groups - dozens of which I organized over the years. As a local small business owner, places like this where community exists with both recreational and business benefits are unique and treasured resources. This development was inevitable, but why should we let the developers rob San Francisco of this sort of community? This should remain a priority.

It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments? Simply put, this encourages future developers to negotiate and make proposals in bad faith - making commitments they know San Francisco won't hold them to.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.
Thank you,

Jake Stewart

William C. Tweedie 24 Sargent St San Francisco, CA 94132

Re: Appeal #21-098

To the Board of Appeals,

The action by Alexandria Real Estate Equities to eliminate the planned replacement of the tennis club at 88 Bluxome is extremely duplicitous. It is a classic bait and switch tactic against the best interest of San Francisco. SFFSR, tennis club members, politicians, and many others negotiated in good faith with Alexandria to avoid a ballot measure to mitigate the elimination of the club. Alexandria has apparently decided that enough time has passed that they can renege on their commitment and maximize their profits. Please note that they made the decision to eliminate the tennis club from the project just AFTER they demolished the existing structure. There's no going back now.

So, I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. Obviously, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration!

It is a VERY large change: The club was to be 11% of the entire new building.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets an EXTREMELY bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

William C. Tweedie Club member since 2000 415-244-1939 Craig M. Peters 804 22nd Street San Francisco, CA 94107

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is significant in many respects, and worthy of sending back to the Planning Commission for reconsideration.

1. Three acre change

This size of the plan change removes the equivalent of three acres of floor space from the project; equal to 11% of the entire building. If approved at its planned 134,000 square foot size, this would be the largest project allowed under an annual allotment permitted under Proposition E.

2. Removal of critical component approved by the Planning Commission

The original plan featuring these three acres of recreational space was the central argument for approval of this project.

3. Elimination of a badly needed community resource

The three acres of recreational use that are proposed to be deleted in the developer's amendment was used by a multitude of community members, including 2000 club affiliates, local schools and non-profit youth organizations as well as non-affiliate community members from all over the City and beyond.

4. It sets a bad precedent for the City

This has the appearance of a bait and switch. If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Sincerely,

Craig M. Peters

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The effort to remove the promise of 3 acres of tennis courts in the construction for 5th and Brannen is significant, monumental, colossal and <u>immoral</u>.

To get their approval for tearing down the existing courts and to build at this location, the developer agreed to replace the courts, the bait, and now we have the switch. This is immoral.

San Francisco needs a recreation area in this part of San Francisco. San Francisco needs indoor tennis courts. San Franciscans need communities, a place to gather!

If the Board of Appeals is not going to do something about this, we need our leaders to step in and help.

Cancellation attempt by company planning to replace the SF Tennis Club facility with a shopping center or housing/etc.

at 5th & Brannon is pathetic and without merit. 2000/plus Tennis players and Fitness members plus childrern of all ages who were given tennis lesson plus a large number of tennis tournaments were displaced and shunted to a temporary facility at best in an area that is out of the way/poorly accessible and limited and will never become a major Tennis Center or Recreational Facility. Having been to the US TENNIS CENTER in New York for the U.S.OPEN Tennis is a major sport and attraction and if San Francisco is to add it's Tennis facilities to the Rebuilt Golden Gate Park tennis center the new Indoor Tennis Facility which was to be built should kept in the plans or the Company should be responsible for a replacement facility of equal magnitude.

San Francisco, CA 94121

Email: boardofappeals@sfgov.org

Appeal No: 21-098

Property Address: 88 Bluxome Street San Francisco, CA 94107

Date: November 9, 2021

Dear Esteemed Members of the Board of Appeals,

As a native San Franciscan, I have seen decades of change and development in our City.

At issue before you is the 88 Bluxome St. project for the San Francisco Tennis Club versus ARE, the developer. In 2016, ARE entered into an agreement with SFFSR (San Franciscans for Sports and Recreation) to rebuild 12 indoor tennis courts at 88 Bluxome St. in exchange for the 19,000 signatures the group was able to obtain in order to qualify for a ballot measure. SFFSR research showed the ballot measure had a good chance of prevailing and would reinstate what was in the original Central SOMA plan—that recreational facilities and its square footage could not be eliminated in the neighborhood. However, SFFSR knew it could not compete with the unlimited finances that ARE would have used to defeat the measure at the ballot.

Allowing ARE to eliminate the courts will set a very dangerous precedent for any future projects. It is a clear and open path for allowing any developers to promise anything they want, obtain the necessary permits, and then eliminate parts of the projects they may deem irrelevant. Perhaps this was the intention of ARE from the beginning and that SFFSR naively decided to trust that they would build as presented to and approved by the City.

ARE was so bold as to testify at hearings that they were enthusiastically in full support of this project. Now, they have claimed that the proposed changes are merely "amendments" and not at all significant changes. To eliminate sorely needed recreation in the SOMA area is a sneaky and underhanded move and shows a blatant disregard for the needs of the community. ARE is only concerned with its "bottom line." They were aware of the costs associated with the project from the onset. They are a sophisticated and savvy international developer with literally billions of dollars

in the bank. Granted costs have risen, but what project doesn't come with those adjustments factored in from the beginning? Projects are years long in the making and there are a slew of situations that will arise during the course of construction. Developers know this and contingent costs are always factored into their budgets. To suggest, that only the lower level will cost too much is hard to stomach as they have new plans for the lower level which will add to their bottom dollar.

The San Francisco Tennis Club was built in the 1960's. It was in existence for over 50 years before it met its demise at the hands of these greedy developers. The San Francisco Tennis Club is a private club but has always had a strong community component to its activities allowing many public programs to take place on their courts.

I urge your Board to support the appeal of the San Franciscans for Sports and Recreation. Let's get another review of this project.

Most Sincerely, Betty Louie: Tennis Player, SF Resident, Community Advocate

John Roberts 299 Edgewood Ave San Francisco, CA 94117

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. I believe the Zoning Administrator made **GIANT** mistake with this determination. The developer has BROKEN their promise to the City to maintain recreational space in the development. San Francisco needs recreational space and including this space in the original plan was key to its approval by the community which had gotten enough signatures to place a **referendum regarding the loss of the recreational space on the ballot.**

A change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. At the May 23, 2019 hearing in front of the Planning Commission, the developer ARE listed "tennis club preservation" as the #1 priority in their project that they asked the Planning Commission to approve

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

To the Board of Appeals,

I support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. To me, this is a big deal, as opportunities to play tennis in this part of the city are lacking – no public courts and few private courts. Tennis is a big part of my life, and this change is a huge disappointment to me. As we redevelop this part of the city, let's not forget things that make our citizen's lives richer.

A change of this magnitude is very significant and I strongly support sending it back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

To the Board of Appeals,

Availability of sports and recreation should be a priority for San Francisco to keep the residents of San Francisco emotionally and physically healthy. San Francisco does not have many indoor or outdoor tennis courts. One of the largest and most iconic tennis facility in the City was the San Francisco Tennis Club at Fifth and Brannan. The SF Tennis Club, with 24 courts, was the center of tennis community in SoMa and the rest of the city.

Because of its significance in tennis, when the property was purchased by a developer to convert to an office complex, the developer agreed to include 12 tennis courts in the new building, touting it as a major benefit to the neighborhood. The developer, Alexandria Real Estate Equities, however, recently amended its plan and removed the promised tennis courts in its plan.

I support the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. To me, this is a big deal, as opportunities to play tennis in this part of the city are lacking – no public courts and few private courts. Tennis is a big part of my life and that of our members of San Francisco Tennis Club. This change is a huge disappointment to our entire tennis community. As we redevelop this part of the city, let's not forget things that make our citizen's lives richer.

A change of this magnitude is very significant and I strongly support sending it back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

Re: Appeal #21-098

To the Board of Appeals,

I have been a proud resident and homeowner in District 6, specifically South of Market, for the past 15 years. Shortly after making my home in SoMa, I rediscovered tennis and found my community at the SF Tennis Club (SFTC) at 5th and Brannan. I was a member there for 11 years, playing the game and socializing on and off the 24 courts on a weekly basis up until the COVID-19 shutdown in March 2020, then up until its permanent closure in September 2020. I made sure to schedule a last round of doubles with a few of the lifelong friends I had made over the years at SFTC. The view of the downtown skyline from the rooftop courts could not be beat.

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

As many people discovered during the pandemic, tennis is a safe and enjoyable way to exercise and socialize for folks of all ages and incomes. Please support keeping safe spaces for recreation in San Francisco, particularly in the tennis and recreation desert that is District 6. Please preserve the recreational amenities of District 6 so that the future residents and workers who will be populating the new housing and office buildings currently being built will have these opportunities in their neighborhood. Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you for your time,

For law

Re: Appeal #21-098

To the Board of Appeals,

We agree with and support the appeal from the San Franciscans for Sports and Recreation to the Zoning Administrator that the changes to the 88 Bluxome plan are woefully short of the commitment promised to us, our 13 and 15-year-old children and the entire SF community.

A project of this magnitude and with such direct impact on so many people warrants a public Planning Commission review and the com Please start the process to reverse this egregious error that is looking to take such an important source of enjoyment from the people of San Francisco. mitments made for this project should be reinstated if it or any project is to move forward at this site. The 134,000 sq. ft. of tennis and athletic space is a part of the fabric of the city and needs to be returned to its original use as intended and promised by the builder. This type of "bait and switch" is indicative of the abuse we anticipated from the beginning and these strongarm tactics should not be tolerated by the city or its citizens, including more than 2,000 club members and non-members who use the facilities.

Please start the process to reverse this egregious error that is looking to take such an important source of enjoyment from the people of San Francisco.

Sincerely,

David and Julie Supan

Subject: Abandoning the Plans for an Indoor Tennis and Recreation Facility at 88 Bluxome is a

Significant Change that Merits Reconsideration

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

November 17, 2021

To the Board of Appeals:

The Tennis Coalition SF champions public tennis in San Francisco by connecting, energizing, and advocating for the tennis playing community. We are very proud of the role we played in the Campaign for Golden Gate Park Tennis Center. In partnership with SF Rec & Park and the SF Parks Alliance, we succeeded in raising \$27 million to build a beautiful, state-of-theart public tennis center that is accessible and affordable to all.

We were thrilled when the Lisa & Douglas Goldman Tennis Center opened in March 2021 and it has been busier than we could have ever anticipated. Interest in tennis skyrocketed during the pandemic, given the safe, socially distanced nature of the sport, and the courts at the Goldman Tennis Center and across the City of San Francisco have been running at full capacity. The robust scene at the new Goldman Tennis Center only highlights how much the loss of the demolished Bay Club SF Tennis courts is keenly felt by the tennis community and how great the need is for them to be replaced. They were the only indoor courts in San Francisco, constituting an asset for the whole tennis playing community, be they members, guests, or participants in the many community based events hosted there.

We write to support the appeal (Appeal #21-098) submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

It is large: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; it housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

Since its founding in the 1970's, the predecessor indoor tennis space at this same location -- the San Francisco Tennis Club (Bay Club) -- was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. The proposed new indoor tennis and recreation facility, now deleted in the developer's amendment, would have offered the same community service for generations to come. Now, if the developer has their way, no more.

The former SF Tennis Club (Bay Club) not only provided much needed indoor courts and community services, but also, because of the social interactions fostered in the restaurant, viewing lounge, and other spaces, created a vibrant and strong community of tennis players of all ages and abilities, which cannot easily be replaced.

The Zoning Administrator's decision sets a bad precedent for the City; if a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Sincerely,

Lois Salisbury and Martha Ehrenfeld Co-Chairs, Tennis Coalition SF 1074 Folsom Street San Francisco, CA 94103 www.tenniscoalitionsf.org Diane Eisenberg 3487 21st St., Apt. 2 San Francisco, CA 94110

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects, and should be sent back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. Indeed, the developer touted this part of the plan in order to get community support and quell opposition.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. As we are emerging from the pandemic, recreation is more important than ever. This is a major quality of life issue for those of us who hope to remain in San Francisco and the Bay Area.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments? This Board should not reward the developer for the bad faith it has exhibited in this matter.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you for your time and attention. I am following this matter and hope that the Board will make an informed decision.

Sincerely,

Dave Euphorg

Most importantly, San Francisco Tennis Club was a unique place, and it was like my second home. For 20 plus years, I, and like many others, would be there 5 days a week to play tennis, workout, watch some good matches, celebrate friends' birthdays, volunteer with after school programs, etc. There were days that I would simply go to hang out after work and mingle with the members and staffs. The club had transformed me from a mediocre tennis player to respectable one, and from an introvert to an extrovert. I am forever grateful to SFTC and all the staffs and members for inspiring me to be a better player and as a person. It makes me sad whenever I drove by the place and see an empty lot. It brought tears to my eyes knowing SFTC may never return because the developer changed their mind for more profit at the expense of people in the community.

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is "insignificant".

On the contrary, a **change of this magnitude is very significant** in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is MASSIVE</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>It was a key part of the project approved by the Planning Commission</u>; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The RECREATIONAL USE deleted by developer's amendment ARE THE ONLY INDOOR COURTS IN THE ENTIRE CITY!: What if this was a church, or a baseball stadium? These courts are the sacred place members visit religiously to escape the daily grind and to congregate with others in our tennis community. Many of us have traveled together as teammates across the City, State, and Country to compete.

Displacing a large community of SF residents from their home courts is equivalent to demolishing Grace Cathedral and allowing developers to not uphold their commitment to rebuild based on the claim that the size and importance was 'insignificant'.

354 teams have gone on to a league championship event since 1998!: Hundreds of local SF residents are members of this club for the competitive USTA league teams hosted out of

this central location. We have been ambassadors of this City for the sport of tennis for years. See the teams and tournaments hosted from this location: https://www.ustanorcal.com/organization.asp?id=204

<u>HEALTH</u>: This is a serious issue of physical and mental well-being for hundreds of locals, as these local indoor courts were the ONLY facility players could physically train when the rainy winter weather hits, or even during wildfire season when the AQI is too bad to play outdoors.

<u>Message Campaign, Save Our Club. It's SIGNIFICANT</u>: Many members travel together to watch pro tournaments, including US Open, Wimbledon, and Indian Wells. We have a campaign planned where we will all be wearing shirts to these 14-day tournaments that say "Alexandria destroyed our tennis community" with a website dedicated to this nightmare.

Shall we add 'SF gov officials are complicit'?

We think the optics will certainly attract the camera, and really get our message heard by those who care. Especially since these tournaments tend to trend on social media, it sets the stage for even more exposure.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration. In fact, the only significant element of this project is the tennis and recreational facility that is built into the project to retain the historic use of the space that was loved by its 2000 members, friends, family and the community for the past 50 years. What is insignificant and what San Francisco does not need is more office space in the middle of nowhere at time when there is a now a life-time long glut of prime office space in the city. Has the city forgotten what makes it great? It is certainly not more office space that no one needs or wants. Let's get back to the time when San Francisco government put the people of San Francisco first and developers after everything else that make the city a great place to live, work and play.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

Re: Appeal #21-098, 88 Bluxome

To the Board of Appeals,

I am a long time member of the San Francisco Tennis Club now known as Bay Club SFTC.

Before it was demolished, I went to the Club every other day to exercise, play tennis and keep myself healthy. With the elimination of the Indoor tennis courts and gymnasium, the project is not the same. It will be missing important elements that were previously approved.

Elimination the Tennis Club at the project would also set a trend to reduce recreation facilities for the residence of the city. Also would be residence that might be attracted to move to the city because of the availability of a club like ours would be deterred.

A lot of my friends are members that have known each other for over 30 years. It is a valuable community of San Francisco. Without the Club, we will be disbanded.

Therefore, I am writing in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

To the Board of Appeals

My name is Maggie Thompson and I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. I feel the changes proposed are very significant and should be sent back to the Planning Commission for reconsideration.

The Tennis part of the original plan for 88 Bluxome is a large percentage of the entire building (11%) and played a key role in getting the approval by the Planning Commission. The recreational section not only served over 2000 members of the SFTC, but also schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. The Club reached out to serve the entire community, not just it's club members.

As for me personally, I am one of the original members and joined in the 70s taking a risk that the club would survive in a rather sketchy neighborhood. It not only survived, but was robustly successful. I am now 80 years old and am very blessed to be in good health and plan to play tennis for some years to come. When I drive past the original site, my heart breaks when I see our beloved building laying in ruins as if a bomb had dropped on it. I feel a great sense of betrayal that the developers have decided not to build the club back into the new building (and by the way, does San Francisco need another high rise for commercial use when the downtown area is pretty much deserted?).

I appeal to you to please reverse the finding by the Zoning Administrator.

Thank you,

Maggie Thompson

Randall Choy 1352 Union St. San Francisco, CA 94109

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

The proposed changes are far from insignificant, and should require full review of the Planning Commission for reconsideration.

<u>The scope of the proposed changes are large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Although I was not a member of the committee negotiating with the developers, I did participate in many "back-channel" discussions. Minor background information, I have been a practicing attorney for 43 years, with negotiation being one of my skill sets. In my opinion, the crucial principles involved in review should be framed as follows:

"Did the developers negotiate in good faith, or did they intend at the outset, to "buy" their way out of the agreement? In every contract there is the requirement of "good faith and fair dealing". The developers clearly have breached this requirement.

The concept of good faith and fair dealing should be applied particularly in this case, where the bargaining positions of the parties was not equal. By marshalling a grass-roots petition benefitting not only the SFTC club members, but SOMA, and San Francisco as a whole, the

developers were enticed to come to the bargaining table. A "Deal" was worked out, accepted in good faith by Recreation for San Francisco. The developers should not be able to run roughshod over the process, reneging on their deal, and not coincidently, emasculating the oversight of the Planning Commission - which exists (at least in part) to insure the livability of our city.

As an aside, I am a 4th generation San Franciscan. While the late Herb Caen might well have been distressed by the rapid pace of progress and change, I am not particularly opposed to change. I do encourage that the city manage its affairs in a way that encourages the continued world-class status of San Francisco not only for visitors, but for its residents, who often seem to be last on the list of concerns.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

Randall Choy
Resident of San Francisco for 68 years

DE NOTE DISPOSE ANY RECORD OF

To the Board of Appeals,

I'm writing in support of the Appeal #21-098 submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

I represent Youth Tennis Advantage, a local nonprofit organization that has provided free after-school and summer programs for underserved San Francisco and East Bay communities for 45 years. These programs teach tennis, provide education support and life skills training for about 300 youths, ages 8-18 each year. We also offer college preparation assistance and grant two college scholarships each year for our students. The 88 Bluxome tennis facility has provided major support for our organization by hosting tournaments and providing free courts for our kids when needed. We were thrilled to learn that twelve indoor courts were to be part of the new building and expected they would continue to provide support for our organization's important work.

A change of this magnitude, eliminating the twelve recreational tennis courts, is extremely disappointing to us and we ask that the SFFSR appeal be sent back to the Planning Commission for reconsideration. Please reverse the finding by the Zoning Administrator that would eliminate this important community resource at 88 Bluxome without sufficient public review.

Sincerely, Jim Connelly Board President, Youth Tennis Advantage

Dear Board members,

Please do not allow the development of this project without the tennis courts that were promised by the developer. The last thing the city needs is another office building that in no way improves the lives of San Francisco residents. The club that was torn down was one of the finest indoor facilities in the nation and should not be replaced by another useless office building in the hopes of the next bubble that would only drive out more residents like he previous ones.

The club will be an asset to the city for generations just like the previous one was. It will be the only part of the project that anyone will actually look forward to using. I used to take public transportation to the club daily, supporting restaurants and shops along the way. Now I take my car to Daly City or Burlingame only adding to the traffic.

I urge you to improve the quality of life for the residents rather than encourage the greed of a developer.

Thank you Sincerely

Bryan Eftekhari 1019 union st #5 San Francisco

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board members,

Several years back I felt so strongly about the need to preserve the San Francisco Tennis Club, that I went out (for the first time ever) gathering signatures for a ballot measure that would have prevented the destruction of existing recreational facilities within our city. I became that annoying person who accosted strangers to sign our petition.

I've been a member of the SFTC since the early 80's. My kids grew up there, attending summer programs, tennis clinics and when my daughter played junior varsity and varsity tennis for Sacred Heart Cathedral Prep, her whole team practiced at SFTC. The club has been a multigenerational, racially and ethnically diverse melting pot. It was a social gathering place where groups of aging jocks supported each other through the ravages of sickness, old age and death, loss of a loved one, loss of athletic prowess, joint replacements, etc. Friendships were made and sustained.

We did yoga over decades with teachers who knew our changing bodies and helped us adjust accordingly.

The club was staffed by dedicated instructors, receptionists, housekeeping staff, maintenance teams and administrators. It was like an extended family.

When we got enough signatures to take this issue to the electorate, I felt confident that we were doing something vitally important to preserve an oasis of social, recreational community well-being which rarely exists in crowded urban space. Instead of moving in that direction, it was determined that a better approach would be to negotiate IN GOOD FAITH with the developer to move forward with their new structure that would incorporated within the lowest levels, a facsimile of our existing indoor facility... a theoretical 'win-win'

Now I wish we had taken the other path and put this matter to the voters. At age 77 I still go 3 times a week to the 'temporary' courts near the Cow Palace. Tennis has been a wellspring of sanity for me and my old lady tennis buddies through the political and public health turmoil of the last 2 years. We were promised a permanent spot and it feels so corrupt to have the developer decide to renege on their agreement.

Please hold this big corporation accountable and help us assure the continuity of a place many of us SF residents considered a home away from home.

Sincerely,

Susan J Leibel 755 Wisconsin Street San Francisco, CA 94107 415-285-1228

Greetings,

I was a member of the San Francisco Tennis Club for more than 25 years, and I have been actively involved in efforts to maintain recreational space in San Francisco. I have reviewed the decision by the Zoning Administrator which allows Alexandria Real Estate (ARE) to continue its development of 88 Bluxome without including the construction of a tennis facility as originally promised. I find the determination to be flawed for the following reasons:

- 1) The Planning Commission overwhelmingly approved the developer's plan in July of 2019. At the time, ARE touted the inclusion of the tennis facility as a commitment to the community to replace the recreational opportunities that had been provided to more than 2000 club members, as well as local schools and low income youth programs. The amount of recreational space in San Francisco has been dwindling at an alarming rate in the last 30 years. In particular, the SOMA District is vastly underserved regarding recreational opportunities, as it has the lowest square footage of recreational space when compared to all other districts in San Francisco.
- 2) Removing the recreational space from the plan represents a loss of 134,460 square feet, more than 10% of the entire building proposed. The Zoning Administrator based his decision partly upon the determination that the outside building facade had not been altered. It is unfathomable that such a major component of a plan, which was considered "a key amenity" by ARE and the Planning Commision, could arbitrarily be eliminated and determined "not significant" by the Zoning Administrator.
- 3) Such a decision sets a precedent that will haunt San Franciscans for years to come. A large scale developer will be able to amend its plans based on a capricious decision by one individual without a full review by the Planning Commission. The benefits of maintaining a commitment to community recreation far outweigh the profit motive of a real estate company.

Sincerely,

Thomas Yankowski

Gavin Jacobson 1364 Vermont Street San Francisco, CA 94110 Re: Appeal #21-098 To the Board of Appeals, I write in strong support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration. The mere fact that this is sufficiently important to be worthy of attention is a textbook definition of significant. If this were too unimportant to be worth consideration by any of the parties then it would be insignificant- but clearly Alexandria Real Estate is treating this as a significant change. Additionally:

It is HUGE: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E. If one lost 11% of their dwelling or 11% of their salary that would be considered very significant!

It was a key part of the project approved by the Planning Commission: It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. Going back on this would make all who agreed lose credibility on all such future deals!

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. Not only did I play there for almost two decades, so did both my daughters. It hosted local high school tennis teams and many tournaments for both adults and children.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Respectfully,

To Whom it May Concern,

I am wiring to express my support to keep the tennis courts at 5th and Branson. My family has used the tennis courts in numerous capacities o lover the years: my children have played in jr. Tennis tournaments, after school lessons and I have played in clinics and competitive matches.

San Francisco has one of the lowest rates of children per capita of any major city in the United States. The SOMA neighbor of SF has only two elementary schools. Raising children in San Francisco is already hard, by eliminating these tennis courts you are further restricting recreational opportunities for kids.

Please ensure that tennis courts will be included in the new design for this location.

Thank you, **Lanier Coles** Tennis enthusiast, San Francisco resident and

mother of 3 children under the age of 14

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>It was a key part of the project approved by the Planning Commission</u>; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

<u>The recreational use deleted in the developer's amendment was used by many community members</u> including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you, Todd Traina 2255 Lyon St. SF, CA 94115 415-440-9300 Robert and Bernice Welles 3443 Clay Street San Francisco, CA 94118

Re: Appeal #21-098

To the Board of Appeals,

I support the appeal submitted by San Franciscans for Sports and Recreation regarding the plan for 88 Bluxome. The Letter of Determination by the Zoning Administration calling the plan changes insignificant is outrageous.

A change of this magnitude is very significant in many respects to both the community and immediate neighborhood. I respectfully request this plan to be sent back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. The community was led to believe the recreational use would not be impacted and certainly not eliminated.

<u>The recreational use deleted in the developer's amendment was used by many community</u> <u>members</u> including 2000 club members, several public schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a big developer can back out of a use championed as part of its project approval with no consequences, the community will have zero trust in any future planning that purportedly "works with" the community.

Personally, the sense of community and many good friends I have met at the former facility (now demolished) helped me adapt to life in the City and enabled a feeling of belonging. Living in a city, I believe, makes one forget what a community and neighborhood is like.

Please reverse the finding by the Zoning Administrator that would eliminate community recreational use at 88 Bluxome without sufficient public review.

Thank you for your time.

Liz Lee

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>It was a key part of the project approved by the Planning Commission</u>; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

<u>The recreational use deleted in the developer's amendment was used by many community members</u> including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

Manav Khurana 1045 Sanchez St, San Francisco, CA 94114

San Francisco Board of Appeals 49 South Van Ness, Suite 1475 (14th Floor) San Francisco, CA 94103

Re: Appeal #21-098

To the Board of Appeals,

As a concerned city resident, former Deputy City Attorney, and Bay Club member, I write in support of the appeal submitted by San Franciscans for Sports and Recreation. The appeal challenges the Zoning Administrator's Letter of Determination finding "insignificant" an amendment to the plan for 88 Bluxome that removes a block-long recreational facility touted by the developer when seeking approval for the project as its "primary" site planning principle. The Administrator's determination is difficult to comprehend and clearly an abuse of discretion.

In addition to reasons surely to be addressed by others, the Board of Appeals should understand that the intended recreational use has numerous significant public impacts, even though it is to be a private club. Among other things, public courts are in very high demand in the City, and the availability of the courts at Bluxome Street will help keep significant pressure off demand for those courts. Without this facility, court demand will substantially increase. The temporary facility at the Cow Palace is just that—temporary, and demand will increase substantially when that facility is eventually torn down.

Camps and clinics were open to children in the community, and I understand such public uses would continue at the new facility. I took many non-member guests to play at the former club facility, and surely would to the new facility. The professional tournaments hosted at the old facility were open to the public and brought some of tennis' top players, and the club regularly hosted recreational tournaments open to players throughout northern California. I understand the intended facillity would be an even better facility for hosting tournaments. This is a significant asset for the City.

Contrary to the Administrator's flawed determination, the developer's intention to eliminate this "primary" element of its site plan is highly "significant" in many respects, and therefore should be returned to the Planning Commission for reconsideration.

<u>It was a key part of the project approved by the Planning Commission</u>: It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>The recreational use deleted in the developer's amendment was utilized by many community members</u> including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

We urge you to reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

/s/ *Joshua Sondheimer* Joshua Sondheimer

Greetings,

I have been a member of the San Francisco Tennis Club for more than 25 years, and I have been actively involved in efforts to maintain recreational space in San Francisco. I have reviewed the decision by the Zoning Administrator which allows Alexandria Real Estate (ARE) to continue its development of 88 Bluxome without including the construction of a tennis facility as originally promised. I find the determination to be flawed for the following reasons:

- 1) The Planning Commission overwhelmingly approved the developer's plan in July of 2019. At the time, ARE touted the inclusion of the tennis facility as a commitment to the community to replace the recreational opportunities that had been provided to more than 2000 club members, as well as local schools and low income youth programs. The amount of recreational space in San Francisco has been dwindling at an alarming rate in the last 30 years. In particular, the SOMA District is vastly underserved regarding recreational opportunities, as it has the lowest square footage of recreational space when compared to all other districts in San Francisco.
- 2) Removing the recreational space from the plan represents a loss of 134,460 square feet, more than 10% of the entire building proposed. The Zoning Administrator based his decision partly upon the determination that the outside building facade had not been altered. It is unfathomable that such a major component of a plan, which was considered "a key amenity" by ARE and the Planning Commission, could arbitrarily be eliminated and determined "not significant" by the Zoning Administrator.
- 3) Such a decision sets a precedent that will haunt San Franciscans for years to come. A large scale developer will be able to amend its plans based on a capricious decision by one individual without a full review by the Planning Commission. The benefits of maintaining a commitment to community recreation far outweigh the profit motive of a real estate company.

Members of the Board, don't let this happen!

Thank you.

William Hadaya, PE

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

It is large: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

The San Francisco Tennis Club (known most recently as Bay Club SF Tennis) was an iconic athletic and cultural presence in the city. The club was a place for a newcomer to the city (as I was in 2004 when I moved to the Richmond District) to make new friends and form bonds that would endure.

The importance of the club in that part of the city was meaningful far beyond the membership base. Kids didn't need to be members to participate in summer and after-school programs -- Youth Tennis Advantage has run programs there for disadvantaged youth for many years and many school tennis teams ran their practice programs there. USTA league play brought in players from all over the region.

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Thank you,

Nancy Blair

Pearl L. Tom 550 Davis Street San Francisco, CA 94111

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

I highly disagree that the amendment is 'insignificant'. A change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

It is large: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. But for this component of the developer's original proposal there would not have been community support.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. This deletion is a tremendous and irreplaceable loss to the City and citizen community.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments? Is this City condoned 'bait and switch'?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

Pearl L. Tom

Do not open links or attachments from untrusted sources. Re: Appeal #21-098 To the Board of Appeals, I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration. It is enormous: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E. It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place. The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond. It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments? Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review. Thank you,

Email Re: Appeal #21-098

To the Board of Appeals,

I am writing you today in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. As a resident of San Francisco and one that is teetering on the edge of leaving the city, it is quite significant.

A bait and switch like this is why citizens have little faith in government. With a change of this magnitude the plan must be sent back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>It was a key part of the project approved by the Planning Commission</u>; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

Janet Lautenberger

Greetings,

I am an active user of community recreational space in San Francisco. I have reviewed the decision by the Zoning Administrator which allows Alexandria Real Estate (ARE) to continue its development of 88 Bluxome without including the construction of a tennis facility as originally promised. I find the determination to be flawed for the following reasons:

- 1) The Planning Commission overwhelmingly approved the developer's plan in July of 2019. At the time, ARE touted the inclusion of the tennis facility as a commitment to the community to replace the recreational opportunities that had been provided to more than 2000 club members, as well as local schools and low income youth programs. The amount of recreational space in San Francisco has been dwindling at an alarming rate in the last 30 years. In particular, the SOMA District is vastly underserved regarding recreational opportunities, as it has the lowest square footage of recreational space when compared to all other districts in San Francisco.
- 2) Removing the recreational space from the plan represents a loss of 134,460 square feet, more than 10% of the entire building proposed. The Zoning Administrator based his decision partly upon the determination that the outside building facade had not been altered. It is unfathomable that such a major component of a plan, which was considered "a key amenity" by ARE and

the Planning Commission, could arbitrarily be eliminated and determined "not significant" by the Zoning Administrator.

3) Such a decision sets a precedent that will haunt San Franciscans for years to come. A large scale developer will be able to amend its plans based on a capricious decision by one individual without a full review by the Planning Commission. The benefits of maintaining a commitment to community recreation far outweigh the profit motive of a real estate company.

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation (SFFR) regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant. On the contrary, a change of this magnitude is very significant in many respects worthy of sending the plan back to the Planning Commission for reconsideration.

In early 2021, Alexandria Real Estate Equities announced its intent to simply eliminate the tennis facility from the Project. No other type of recreational facility, nor any other usage, has been proposed for the basement space. The tennis facility was a key part of the project approved by the Planning Commission. It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The project sponsor reached an agreement with SFFR and community in 2016. The disregard of this agreement frankly sets a bad precedent for the city of San Francisco. Especially, if a developer can back out of a use championed as part of its project approval with no consequences.

I support the appeal of the Zoning Administrator's Letter of Determination and I urge the Zoning Administrator to honor the work of community members who entered into an agreement with Alexandria Real Estate Equities in good faith.

Thank you,

Supervisor Ahsha Safai, Distret 11

I am sure that many members of the San Francisco Tennis Club will provide many comments about how relevant and important the Club has been to its members and the community.

I would like to raise one simple point. Let's go back to the days when ones words were what two parties could and would rely on.

" A deal is a deal".

In this case, it is even contractual.

Thank you,

Re: Appeal #21-098

To the Board of Appeals,

I write in support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

It was a key part of the project approved by the Planning Commission; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

It sets a bad precedent for the City; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments? By allowing ARE to renege on its previous agreement without consequence, the City is demonstrating that it is willing to sacrifice the interests of its residents and taxpayer base in favor of corporations. The last thing the City needs is more office space, particularly during a time when businesses are transitioning to remote/hybrid workforces and especially in SOMA, a neighborhood that is already teeming with office buildings yet sorely lacking in recreational spaces.

Please reverse the finding by the Zoning Administrator that would eliminate a high-profile use at 88 Bluxome without sufficient public review.

Thank yo	u,
----------	----

Mia Lee

Appeal #21-098

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I support the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

A change of this magnitude is actually very significant and requires reconsideration by the Planning Commission.

The amendment removes the equivalent of three acres of floor space from the project, which is 11% of the entire building. If approved at its planned 134,000 square feet, this would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

The tennis and recreation facility was a prominent part of the developer's argument to approve the project in the first place, and was a key part of the project approved by the Planning Commission.

The recreational facility now deleted by the developer was used by many community members, including 2000 club members, several schools, non-profit youth organizations and non-member tennis players, including children who participated in after-school and summer programs. Recent City actions recognize how important recreation is to City residents. Furthermore, the tennis facility provided an essential community for many people, which is especially important today.

Approving the amendment sets a bad precedent for the City. If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Re: Appeal #21-098

To the Board of Appeals,

I write in complete and passionate support of the appeal submitted by San Franciscans for Sports and Recreation regarding the Zoning Administrator's Letter of Determination that an amendment to the plan for 88 Bluxome is insignificant.

On the contrary, a change of this magnitude is very significant in many respects worthy of sending back to the Planning Commission for reconsideration.

<u>It is large</u>: it removes the equivalent of three acres of floor space from the project. This is 11% of the entire building. If approved at its planned 134,000 square feet, it would by itself be the largest project allowed under an annual allotment permitted under Proposition E.

<u>It was a key part of the project approved by the Planning Commission</u>; It housed a single use that was a prominent part of the developer's argument to approve the project in the first place.

The recreational use deleted in the developer's amendment was used by many community members including 2000 club members, several schools, non-profit youth organizations and non-member tennis players from many parts of the City and beyond.

<u>It sets a bad precedent for the City</u>; If a developer can back out of a use championed as part of its project approval with no consequences, what else will the City lose in future approved developments?

SFTC was a rich and important community center for the athletic community. It is rare in a condensed, urban population to have such a gem of a facility that serves a wide community. Having facilities like this enrich the area and enhance the value of the area by providing a high remand and convenient facility. Many people I've known over the years specifically moved to the SOMA neighborhood to be close to SFTC.

Please reverse the finding by the Zoning Administrator that would eliminate a high profile use at 88 Bluxome without sufficient public review.

Thank you,

David Morin Bay Club SFTC Member Since 2011
