# OFFICE OF CITIZEN COMPLAINTS

CITY AND COUNTY OF SAN FRANCISCO

July 11, 2007

To: The Honorable Gavin Newsom  
Members, The San Francisco Board of Supervisors  
Members, the San Francisco Police Commission  
San Francisco Police Chief Heather Fong  
Members of the San Francisco community

Enclosed is the Office of Citizen Complaint's statistical report for the second quarter of 2007. The statistics show that the agency is continuing its trend of increased productivity, and reducing its number of older pending cases while efficiently investigating new complaints filed with the agency.

As of the end of the second quarter 2007, the agency opened 444 new cases, and closed 475 cases. Both the number of new cases, as well as the number of cases closed, are higher than those at the end of the second quarter 2005 or 2006.

This is a significant display of productivity, especially given the staffing issues faced by the agency. Currently, the agency is staffed with only 14 investigators, and one of those investigators is temporarily acting as a supervising senior investigator during the extended medical leave of one of the agency's senior investigators. During the upcoming year, the agency expects to add four new investigators – two to fill existing vacancies, and two new positions funded in the fiscal year '07-'08 budget. The agency is grateful for this additional funding, and will continue to work with the Commission, the Mayor's Office and Board of Supervisors to ensure that the agency will receive staffing adequate to achieve its mission of investigating complaints of police misconduct thoroughly, fairly and promptly.

The investigative staff continues to focus on closing the oldest pending cases. The results of the focused attention on older cases is reflected in the "Days to Close" chart, which shows how long it took to close those cases closed in the second quarter of 2007. Twenty six cases, including two sustained cases, were closed more than a year after they were filed at the OCC. While this figure does not meet the OCC's goal of closing most cases – and all sustained cases – within nine months, 170 cases were closed within six months. Equally encouraging is the fact that only 15 percent of cases filed in 2006 remained open at the end of the second quarter of 2007. Based on the agency's current projections, the numbers of the oldest cases should begin to diminish by the beginning of the fourth quarter, as the remaining 2005 and 2006 cases are closed.

The quarterly statistics show that even though the focus has been on closing older cases, the newer cases – those filed within 2007 – are being investigated expeditiously. The "Keane" report shows that 42 percent of the cases filed in 2007 have already been closed. That number compares favorably to 2005, where only 27 percent of the 2005 cases had been closed at a similar point in

2005. In addition, intakes are being processed quickly, with only 17 percent of 2007 cases still in the intake phase, as compared to 34 percent at a similar point in 2005.

The OCC is also making progress in increasing the numbers of cases mediated. Thanks to the efforts of the agency's new Mediation Coordinator, and our panel of talented, pro bono mediators, the agency has mediated 18 cases in 2007, a pace exceeding any prior year. All of these cases were successfully mediated, meaning that both complainants and officers felt they were able to voice their concerns and have a frank discussion regarding the complaint. The mediation program is truly an educational tool for officers and complainants alike, and the OCC will continue to promote the program. This past quarter, the POA Journal featured articles highlighting the mediation program, and the Mediation Coordinator attended several conferences and meetings to promote the program among mediators and community members.

In addition to its work investigating complaints, the OCC continued its efforts to inform members of the Department and community about the OCC's services and procedures. OCC representatives made presentations to Academy classes at the beginning and end of their training. In addition, OCC representatives staffed tables or made presentations at the Bayview Hunters Point Public Safety and Health Resources Fair, Mayor's Policy Townhall Meeting in the Bayview, the Access Center, and to a youth group at the International Institute of San Francisco. Through the State Department, the OCC continued to host visitors from around the world who were interested in civilian oversight of law enforcement. This year so far, we have hosted visitors from Thailand, South Asia, Ethiopia and Albania. The OCC worked with other California law enforcement and civilian oversight agencies to answer their questions about the OCC's procedures, and to exchange best practices information. And finally, through our policy work on juvenile justice and language access issues, the OCC worked in coalition with representatives of numerous legal and community groups, such as the Asian Law Caucus, La Raza Legal Central, Youth Law Center, Asian Pacific Islander Legal Outreach, and Chinese for Affirmative Action, to name a few.

In conclusion, the OCC continues to make progress in the core areas identified as needing improvement in the Controller's audit issued in January 2007. The agency has prioritized several areas for the upcoming quarter: 1) Continue to close the oldest cases, and implement plans to timely close all cases identified as potentially sustainable within nine months; 2) Continue to increase transparency by improving communication with the agency staff, the Commission, the community and the Department; 3) Formalize the agency's outreach plan and continue to reach out to San Francisco's diverse communities; 4) Work with Department of Human Resources and other agencies to fill vacancies and to continue to institute better supervisory and management practices; and 5) Execute a successful and minimally disruptive move to its new building (now scheduled to occur sometime between August 15 and September 1, 2007).

And as a final note: As of fall 2007, the OCC will be located on the sixth and seventh floors of:
