March, 2011

On behalf of the entire San Francisco Juvenile Probation Department, I welcome your review of our **2010 Annual Report** prepared under the direction of our Information Technology Director, Jose Perla.

As in the past, our report depicts the composition of our assigned workload and reflects the dispositional outcomes for all the matters addressed by the Juvenile Probation Department during this past year. We have continued to include in our report, various presentations of aggregate data assembled on geographical maps arranged by zip codes, supervisorial districts and police districts. The statistical breakdown at the various case decision points provides you with an opportunity to see the variety of tracks and dispositions available within the San Francisco juvenile justice system.

This year we have added a new featured section which provides a detailed focus upon girls entering our system. We intend to use these data to guide our in-service training agenda, gender specific resource procurement and staff deployment strategies. We hope you find these data useful in the development of programming that will support our efforts with this special juvenile population.

Thanks again for your interest in the San Francisco Juvenile Probation Department. While the aggregate numbers presented in this report help describe the landscape of our workload, please be assured that our staff in every division are committed to provide meaningful interventions with youth and families that develop pro-social competencies in the context of enhanced public safety and productive community membership. Please know that we are always open to your suggestions on ways we can improve those efforts so that the positive outcomes for the youth and our community are enhanced.

We remain grateful for your interest and support and welcome any suggestions you may have on ways we can improve the scope and utility of future Annual Reports.

Sincerely,

A handwritten signature in black ink that reads "William P. Siffermann". The signature is fluid and cursive, with the first name and last name clearly legible.

San Francisco Juvenile Justice System Terms:

Arrest: The taking of a minor into custody by the police, when the police believe that the minor has committed a violation of a criminal law. A minor may also be taken into custody by the police for an alleged probation violation or pursuant to a warrant issued by a court. While the use of the term arrest is commonplace, technically minors are not arrested; they are detained or taken into temporary custody by the police.

Case: The opening of a file by any agency for a minor who is being processed by that agency because the minor is alleged to have committed an act that violated a criminal law or an act that is illegal only for minors.

Citation: The issuance of a written document to a minor by the police, informing the minor of an offense that the minor is alleged to have committed and ordering the minor to appear before a probation officer on a certain date and time. The minor will not be kept in the custody of the police after the citation is issued.

Detention (secure): When a minor is placed in secure custody at Juvenile Hall and is remains overnight (technically, is arrested on one day and remains in JH at 6 a.m. the next).

Home Detention (non-secure): When a minor is released to her or his home, rather than put into secure detention, but with strict conditions placed on the minor by the Juvenile Court or the Juvenile Probation Department.

Dismissal: When formal charges against a minor, contained in a petition to the Juvenile Court, are dismissed and therefore the minor is not brought under the formal jurisdiction of the Court.

Disposition: A decision by the Juvenile Court with respect to what placement/supervision a minor who is made a ward of the Court will receive. A minor placed under the formal supervision of the Court is made "a ward of the Court."

Law violation: A charge that a minor has committed an act that would be a criminal act if committed by an adult.

Booking: The process of admitting a person to Juvenile Hall.

Referral: The Juvenile Probation Department counts as a referral all separate instances when a minor is cited or brought to the JPD. It uses the term *contact* interchangeably with referral and indicates that each contact represents a "unit of work" for the Department. Referrals include contacts beyond those related to arrests, citations, bookings, or cases.

Petition: A formal statement by the District Attorney's Office alleging that the juvenile is delinquent for committing specified offense. **Petition Sustained:** Charges are found true.

Most serious charge: Of all the charges on the petition, the charge ranked most serious by the California Department of Justice hierarchy, which carries the most jail time.
