

PARTNERS WITH YOUTH

2013 BENEFIT LUNCHEON
FRIDAY, OCTOBER 25

At this year's Partners with Youth Benefit Luncheon we are celebrating new partnerships that are helping our youth and communities to grow.

I am thrilled to be partnering with District Attorney George Gascón and Fabiola Kramsky in bringing innovative, successful afterschool development programs to Bay Area young people who need them most. My team and I walk through the housing projects of some of the most isolated communities of the San Francisco Bay Area. We visit classrooms and stand on street corners in Bayview and the Mission, in Visitacion Valley and Oakland and we invite every young person to come and be part of All Stars — no matter their age, grade point average or how well they are doing.

The responses of the young people and their families deeply move me. One young woman shared that San Francisco is only seven square miles, but the distance between the Sunnydale Housing Projects and the financial district was immeasurable before the All Stars knocked on her door.

The All Stars Project is able to reach into these neighborhoods and build community thanks to tremendous support from the private sector. Our individual supporters and corporate partners are the engine behind our innovations. I am thrilled that George and Fabiola are leaders in a coming together of people and organizations, helping inspire new kinds of public-private partnerships, so that the entire San Francisco Bay Area community can grow. We are proud to be honoring them, as we work together for a better future.

Please join us on October 25th to celebrate these leaders and to help open new doors of opportunity and growth for all.

Elouise Joseph, MD
