

SAVE THE DATE FOR

The Southeast Sector HEALTH FAIR

Hosted by the Southeast Community Facility Commission

Saturday, October 28, 2017
10:00 a.m. to 2:00 p.m.

This is our Tenth Annual Health Fair. Last year we had hundreds of attendees who came to the event and connected with organizations that showcased their services.

We hope you can be part of it all again this year as we continue to promote health and wellness in the community.

We look forward to collaborating with your organization, once again this year to serve the Southeast Sector Community.
