BACKGROUND HISTORY
&
ANNUAL STATEMENT OF PURPOSE
July 1, 2012 - June 30, 2013

BACKGROUND HISTORY

ORDINANCE SEC. 54.1 of the San Francisco Board of Supervisors established The Southeast Community Facility Commission located at 1800 Oakdale Avenue in 1987. The Southeast Community Facility was built as a **mitigation** measure in return for the Bayview-Hunter's Point community's acceptance of the Southeast Water Treatment Plant in the midst of their neighborhood.

Additionally, in order to obtain approval for the construction of the sewage treatment plant, the City of San Francisco agreed to operate and maintain, at City cost, this facility for the benefit of the Bayview Hunters Point community. The members of the **Southeast Community Facility Commission** are appointed and serve at the pleasure of the Mayor.

The Southeast Community Facility located at 1800 Oakdale Avenue is a community-based and oriented facility with numerous programs and services. For example, the Southeast Community Facility has an educational/training complex leased by the San Francisco Community College District, Head Start Childcare Programs provided by Community Development Institute (National Interim Head Start Program Operator). In addition, the Southeast Community Facility is leased to non-profit community based organizations that provide services to all San Francisco residents. Most of the programs provided are non-profit in status making them affordable to all members of the public. In conjunction with community based organizations, tenants as well as government agencies, we offer a wide range of assistance in the areas of employment opportunities provided by the Department of Human Services, criminal impingement services and the Community Court are provided by the San Francisco Public Defender and the District Attorney's Office. The San Francisco Sunshine Ordinance mandates that public notices be disseminated in time to allow residents an opportunity to attend all functions at the Southeast Community Facility.

The Southeast Community Facility is centrally located and accessible to members of the public. Many government agencies and community-based organizations have used our facilities (Alex Pitcher Community Room and E.P. Mills Community Center) to hold events, training workshops and seminars, job and health fairs, graduation award ceremonies, and town hall meetings to inform and acquaint San Francisco residents about current events.

STATEMENT OF PURPOSE

The purpose of the **Southeast Community Facility Commission** is to review and provide guidance regarding the operations of the Southeast Community Facility.

The yearly goal of the **Southeast Community Facility Commission** is to promote and advocate improving the general economic, physical, health, public safety and welfare of all residents of San Francisco, but particularly those in the Bayview Hunter's Point Community.

**SOUTHEAST COMMUNITY FACILITY COMMISSION
ANNUAL REPORT
Fiscal Year 2012-2013**

The Southeast Community Facility Commission offices have been temporary relocated to facilitate the remodeling of our wing. On November 16, 2012, we vacated our regular office spaces in the main building and relocated to two large bungalows located on the back lawn of the facility. This was to make way the planned remodeling that will later house our new offices along with offices and classroom space the Five Keys Charter School. The remodeling of this wing of the building at 1800 Oakdale Avenue is the first in a series of construction phases planned by the San Francisco PUC to remodel, update and fully utilize the building for the betterment of the Southeast Community and City residents.

The Southeast Community Facility Commission continues to oversee the operation and maintenance of the Southeast Community Facility and greenhouses. The Southeast Community Facility continues to have an advisory role with respect to significant decisions relating to the use of the Earl P. Mills Community Facility, including the opportunity to review and provide comments on any and all future leasing activity.

The Southeast Community Facility Commission also continues to advocate for and support Bayview Hunter's Point community organizations, health, welfare and economic development activities beneficial to all San Francisco residents, with emphasis on increasing opportunities for those who are disfranchised in the Bayview Hunter's Point area.

The fiscal year 2012-2013 has been a year of significant accomplishment for the **Southeast Community Facility Commission**. As part of **Mayor Edwin M. Lee's** commitment to revitalizing the Bayview Hunter's Point neighborhood, the 6th edition of the **San Francisco Southeast Sector Resource Directory** was created. This Resource Directory is currently being widely distributed throughout the City including the Mayor's Office, Board of Supervisors, Congresswoman Nancy Pelosi, Senators Mark Leno and Leland Yee, Assemblyman Tom Ammiano, former Assemblywoman Fiona Ma, City agencies, community based organization, and is also made available to the general public. The updated 6th edition of the Southeast Sector Resource Directory is a valuable source for informing San Francisco residents about the wealth of civic, religious, economic and social institutions available in the Bayview Hunter's Point neighborhood. In addition to listing the businesses serving the Bayview Hunter's Point area, we have also included organizations, churches, financial/legal assistance, medical/family support services, educational/training locations, and childcare facilities.

The Southeast Community Facility Commission, San Francisco Public Utilities Commission, Mayor's Office of Economic and Workforce Development, Renaissance Parents of Success, Human Service Agency's Career Link Center, Young Community Developers, Inc., UCSF, San Francisco Foliage, Sunborne Nursery, and City College of San Francisco/Southeast Campus hosted our first Job/Career Fair on Thursday, May 30, 2013 in the Alex Pitcher Community Room at 1800 Oakdale Avenue. Over 500 job seekers were in attendance.

POLICY MANAGEMENT

As legislatively mandated, implemented and enacted, the following are policies and directives adopted by the **Southeast Community Facility Commission**:

- **To handle** all logistical arrangements for the **Southeast Community Facility Commission** and its committee meetings two - three times monthly.
- **Implement** new security measures after the 911 and recent terrorist incidents by installing an electric gate/intercom system in the Southeast Facility parking lot area. Also installed were new security cameras for the administrative office and the perimeter of parking lot area.
- **In conjunction** with the San Francisco Public Utilities Commission/Commercial Land Management Department continue to manage lease agreements for use of space at the Southeast Community Facility and Greenhouse under the "Clean Water Fund" budget. The lease for the Green House that was renewed to Decorative Plant Services is now responsible for all maintenance costs related to the Greenhouse.
- **Insure** compliance with all relevant City, State and Federal laws and regulations including but not limited to, lease/contract agreements and work/service orders.
- **Continues To maintain** compliance with regulatory requirements and particularly related to the American Disabilities Act.

AMERICAN DISABILITIES ACT-COMPLIANCE UPGRADES

The San Francisco Public Utilities Commission continues to fund large-scale projects to ensure that all entryways, restrooms, water faucets, ramps and general walkways on the Southeast Community Facility premises are American Disabilities Act-compliant.

The Public Utilities Commission workers replaced the roof deck with a waterproof deck, replaced all drinking fountains with high and low rise fountains and installed one new outdoor drinking fountain. Interior handrails were modified per life safety requirements and installed in all restrooms.

Our landscapes were modified for American Disabilities Act compliance including retrofit of pavement, ramps, stairways, irrigation systems, trees were added, planting areas, preparation and execution of pedestrian traffic routing plans and new exterior fences were installed. There has been outreach to Government, Business, Community Organizations and Interested Individuals.

BUSINESS DEVELOPMENT, EMPLOYMENT AND TRAINING OPPORTUNITIES

The Southeast Community Facility Commission is very committed to the economic revitalization of Bayview Hunter's Point and wants to see **Mayor Edwin M. Lee's** vision of jobs, housing and economic vitality for area residents become **a reality**. The **Southeast Community Facility Commission's continued efforts** include written letters of support for businesses, individuals and community organizations seeking support in promoting or bringing business to the Bayview Hunter's Point. The Southeast Community Facility Commission successfully collaborated with the San Francisco Public Utilities Commission/Waste Water Enterprises in recruiting qualified Southeast Sector young adults for the Class 9910 Pre-apprenticeship Stationary Engineer Program. Special thanks for Commissioner Brigette R. LeBlanc who served as a liaison to the San Francisco Public Utilities Commission/Waste Water Enterprise. The **Southeast Community Facility Commission** has also invited public officials, representatives/entrepreneurs from business enterprises to address and inform/educate the Commission and the community-at-large.

The Southeast Community Facility Commission would like to extend personal thanks to the following individuals/organizations for volunteering time, contributing monetary and in-kind donations toward the Southeast Community Facility Health Fair Founders Mural Project, and Job Fair, as well as economic development of the Bayview Hunter's Point:

HEALTH & ENVIRONMENTAL

The Southeast Community Facility Commission's Health, Housing and Public Safety Advisory Committee, headed by Commissioner Bobbie Brown and Co-Chair Commissioner Al Norman, works on issues related to the health and environment of the community, most especially health issues impacting children and young adults.

Advocate, promote and increase awareness of health problems (prostate, cervical and breast cancer, asthma, environmental hazard) affecting the BVHP residents

Last September 24, 2012 we held our fifth annual Health Fair: promoting healthy bodies and minds to learn about: Obesity, Diabetes, Asthma, HIV/AIDS, Hepatitis B and Putting Family First.

The Health Fair targeted diabetes and obesity issues facing youth in the Bayview Hunter's Point community. Five Bayview Hunter's Point schools; George Washington Carver, Bret Harte and Dr. Charles Drew, Malcolm X Academy, and Thurgood Marshall regularly participated in the Health Fair by providing assistance in advertising and promoting the event to students and their families. The event was a success with students and families from each of the schools in attendance.

Various community organizations provided food, nutritional information and giveaways, as well as raffle prizes for over 300 students, their families and community members.

This year we are holding the our fifth annual Health Fair on Saturday October 26, 2013, from 10:00 am to 2:00 pm in the Alex L. Pitcher Community Room and back lawn. The theme of this year's fair is: promoting healthy bodies and minds to learn about: Nutrition, Fitness, Treatment and Prevention of Chronic Health Conditions, Cardiovascular Disease, Mental Health, and Putting Family First

We are expecting attendance numbers to increase this years as then have in the past as well as many of our past donors and participants. Again this year we will have: free healthy food, fun activities, raffles, and as happened last year the American Red Cross will be handing out disaster preparedness packs and SF General will be providing free vaccinations.

Please save the date and join us.

Special thanks to all the Health Fair participants from last year, most especially, the University of California Medical and Dental students coordinated by Dr. Willie Moses, UCSF Medical School professors, Harold Brooks, former CEO, American Red Cross, Southeast Community Facility Commissioners Willie B. Kennedy, Bobbie Brown and Theo Ellington, former Commissioners Louise C. Jones, Dr. Caesar Churchwell, Dr. Harrison Parker and the Public Utilities Commission/Waste Water Enterprise staff and the Southeast Community Facility Commission staff.

FY 2011-2012 BUDGET

The Southeast Community Facility Commission's annual budget for fiscal year 2012-2013 budget was \$1,180,089.

The Southeast Community Facility Commission would like to increase its budget to hire more staff and to improve the infrastructure problems associated with running the facilities.

THE FUTURE AND IN-COMING YEAR

As legislatively mandated, the Commission will **continue to:**

- **Advocate** for improving the general economic, physical, health, safety and welfare of the residents of the southeast sector while ensuring the safe operation of the Southeast Community Facility, the greenhouse and the Earl P. Mills Center Auditorium.
- **Maintain** good relations with residents and community groups within the southeast sector, the Mayor's office, Board of Supervisors, government officials most especially SF. Public Utilities Commission, City Attorney, SF. Public Defender/Clean Slate Program, District Attorney/Community Court, Mayor's office Workforce, Mayor's Shipyard Citizen Advisory Committee, Young Community Developers, and all the residents of San Francisco.
- **Encourage** local tenants to take stake in the community by becoming home and property owners, and work with developers to increase the percentage of affordable units for sale in development projects in Bayview Hunter's Point.
- **Work** with potential business and housing developers to ensure maximum community benefit opportunities written into the "owner participation agreements".
- **Uphold** its partnership with the Mayor's Office of Community Neighborhoods, Bayview Police Station, San Francisco Public Utilities Commission and the Department of Public Works in promoting clean and safe neighborhoods in San Francisco.
- **Maintain and renew an agreement with the American Red Cross** since the Southeast Community Facility is designated to serve as an Emergency Red Cross shelter site in case of an earthquake or natural disaster. The facility is in the process of designing/building a **food storage bunker** to be used for feeding Southeast residents in case of an earthquake.
- **Continue to manage the Alex Pitcher Community Room as well as the E.P. Mills Auditorium at 100 Whitney Young Circle.**
- **Work in conjunction with the Public Utilities Commission/Land Management Division** in the management of the lease agreement for the Southeast Community Facility and the greenhouse under the Clean Water Fund Budget.
- **Work closely with Harlan Kelly, Jr., Public Utilities Commission/General Manager, Tommy Moala, Assistant General Manager/Public Utilities Commission/Wastewater Enterprise and Juliet Ellis, Assistant General Manager/Public Utilities Commission/External Affairs** in strengthening communication links with the public, most especially the Southeast residents on broader issues of community concern.

Additionally, the Southeast Community Facility Commission along with its staff works vigorously with the San Francisco Public Utilities Commission to implement the San Francisco Public Utilities Commission's Community Benefits Package for the residents of the Southeast sector.

COMMUNITY PARTNERSHIPS IN THE COMING YEAR

The Southeast Community Facility Commission and its staff will continue to foster working relationships with the following **local/city agencies and state/federal officials**:

The Mayor/Office of the Mayor, Board of Supervisors, PUC/General Manager, Mayor's Office of Community Development, City Attorney's Office, Malia Cohen, District 10 Supervisor, San Francisco Police Department Bayview Station, District Attorney, Real Estate Department, Department of Human Services, City College/Southeast Campus, Jeff Adachi Public Defender Office/Clean Slate Program, Assemblyman Tom Ammiano, Assemblyman Phil Tang, Senator Mark Leno's Office, Senator Leland Yee's Office, Office of the City Administrator/Redevelopment Division, San Francisco Housing Authority, Parks & Recreation, Department of Public Works, Department of Public Health, MUNI, Mayor's Hunters Point Shipyard Citizen Advisory Committee, US Navy's Restoration Advisory Committee, Congresswoman Nancy Pelosi's Office, Department of Health Services, etc.
