- f. Updates on Commission Outreach and Communications
 - i. Presenters: Téa Lonné Amir & Kelly Wu, Communication and Outreach Officers

Officer Lonné Amir and Officer Wu said they're working on some social media ideas to start getting youth in the community to learn who the Youth Commission is. Officer Lonné Amir said that she hopes that we can create a plan to do direct outreach and presentations at various schools throughout the City, especially at the schools that Commissioners already attend since they have access. Officer Fong said that it'll be harder to spread the word with some of the bigger schools, but that a promotional video could be very helpful to spread around for youth that they can't speak to directly. Officer Wu asked if it would be possible to do a youth leadership fair for interested youth to get involved, to which staff said yes.

Specialist Ochoa said that staff are currently reaching out to every SFUSD high school and middle school to get official contacts to be able to work together and collaborate. He added that SFUSD's Student Advisory Council is very interested in working together with the Youth Commission, and that they're still interested in doing a Youth Leadership Mixer as we discussed with last year's Commission.

- g. Updates on Recent Youth-Related Board of Supervisors / Mayor Legislation
 - i. Presenters: Allister Adair & Jason Fong, Legislative Affairs Officers

Officer Adair mentioned that there's a potential charter amendment proposed by D6 Supervisor Matt Dorsey to increase the required number of police officers in

the City. Officer Fong added that the reason for recent store closures in D6 was highlighted as an outcome of increased crime. Specialist Zhan asked if this was legislation that was being requested to be referred or if it was of interest, to which Officers Fong and Adair said it was currently only as an interest.

Officer Fong mentioned that there's a potential charter amendment proposed to give more power to the Mayor to be able to decide any changes to parking meter hours. Officer Adair added that a lot of community members were concerned about the increase of parking meter hours to meet the City's budget shortfalls. Chair Barker Plummer said to make sure that we ensure that the legislation we're discussing is related specifically to youth, and what meeting it would be on the agenda for if we want to have it referred to the Youth Commission.

Officer Adair mentioned BOS File 230988, which is an ordinance that prohibits the existence of cannabis stores within 600 feet from a preschool. Officer Fong said that the background of this was due to a recent situation where a dispensary was being proposed across the street from a preschool in the Sunset District.

Officer Fong mentioned BOS File 230446, which is an ordinance that drastically changes the planning code to encourage housing production outside of priority equity geographies by changing the requirements of developers on multiple levels. Officer Fong said this legislation has already been referred to the full Youth Commission for the October 2nd meeting.
