## FREQUENTLY ASKED QUESTIONS

Since the printing of our first edition in 2007, we have received thousands of letters from individuals incarcerated throughout the state. In response to those letters, we have summarized the most frequent questions.

### **How do I get more information on the Reentry Council of San Francisco and its meetings?**

The Reentry Council of the City & County of San Francisco began in 2009 to coordinate local efforts to support adults exiting jails and prisons. The multi-faceted council and community members meet quarterly to coordinate information sharing, planning, and engagement among stakeholders to address the unique needs of San Franciscans. The Reentry Council and its subcommittees identify funding, programs, needs and barriers that affect individuals returning to the San Francisco community post-incarceration. Meetings are public and everyone who feels connected to the work of reentry is encouraged to attend. The Reentry Council is not a program; we provide information to individuals about resources and services in the San Francisco area. For more information on the Reentry Council and its subcommittees please see pages 17-18 of the guide or visit [sfgov.org/sfreentry](http://sfgov.org/sfreentry)

### **Are there other resource guides like San Francisco's?**

California is comprised of 58 different counties, all with unique resources. Some resource information can be found online and can be difficult to obtain in hard copy format. Please contact your local CDCR or Probation Office to learn more about specific resources in your area. The California Reentry Council Network also maintains a list of stakeholders from counties throughout the state that you can reach out to for local resource information to learn more visit [calreentry.com](http://calreentry.com)

### **How can I go directly from jail/prison into a drug rehabilitation program?**

If you are currently incarcerated and seeking to gain acceptance into a program upon release we recommend you write the program directly. Your CDCR counselor, probation officer, or public defender may be able to help you with the process. If released in San Francisco, upon release, you can also drop into the San Francisco Department of Public Health's, Treatment Access Program at 1380 Howard Street, Monday – Friday from 8am-4:30pm or call 1-800-750-2727.

### **Is there any advice for lifers, who do not have a fixed release date, who are looking for a program?**

Apply anyway; do not let your current circumstances discourage you. Acceptance into a reentry program can be a condition of your release. Continue reaching out to programs listed in this resource guide or other resource guides.

### **Can I apply for benefits, Food Stamps (CalFresh), CalWORKS, CAAP etc. while incarcerated?**

While you are unable to apply for benefits while residing in an institution, the San Francisco Human Services Agency makes every effort to respond to applications received from community members within 72 hours. Please see the Benefits section of the guide to find more information on San Francisco public benefit programs and how to apply.

**How do I request a transfer of probation/post release community supervision to another county?**

First, contact your probation officer. Typically, the municipality which has been assigned to supervise you will require you show proof you live in another county. Next contact your attorney or public defender and ask to be put back on calendar and file a 1203.9 request to the court. These requests always have to go through the courts. If approved, the current probation department contacts the receiving agency and verifies the address before proceeding. This process can take anywhere from 3 to 6 months.

**How do I request a transfer of parole supervision to another county?**

A transfer of your parole supervision has to be initiated by your parole agent. In most circumstances, verifiable, permanent housing must be established for your transfer to be considered.

**Once released and stable, how do I volunteer or give back to the community?**

Many of the organizations in this guidebook seek volunteers on a regular basis. Follow up with organizations that hold a special connection to you. The Reentry Council welcomes the participation of individuals whose life experience reflects and enhances the purpose of the Council.

## **NEW PUBLIC POLICY: *CALIFORNIA FAIR CHANCE***

### **California Fair Chance Act (AB 1008)**

On January 1, 2018, California's Fair Chance Ordinance (AB 1008) went into effect. The Ordinance requires public and private sector employers to delay background checks and inquire about job applicants' conviction records until later in the hiring process. Most employers must comply with the law, with exceptions to employers with fewer than five employees, law enforcement agencies or if a background check is required by law for a specific job. Only after an employer has given an offer of employment may an employer ask about conviction history or run a background check and must follow certain procedures if the conviction record presents an issue.

To view a list of frequently asked questions about the California Fair Chance Ordinance please visit the California Department of Fair Employment and Housing website at:

## **IN THE SPOTLIGHT: *THE SUCCESS OF FORMERLY INCARCERATED INDIVIDUALS***

In our 2018/19 edition, we are pleased to include "In the Spotlight" editorials throughout the resource guide. All too often we overlook the remarkable changes people have made in their lives. Here we highlight the unique accomplishments of 27 formerly incarcerated individuals, including 5 from the mayoral and board appointed members of the Reentry Council.

If you are incarcerated and reading this guide, or if you are struggling in the process of change, please know the individuals we have spotlighted were once in your shoes, facing the same challenges and hardships. Change is possible but requires a commitment to living life differently. We hope that their journey inspires you to not only get out and stay out of the cycle of incarceration, but get involved in making a difference in the community you return to. Do not be discouraged by resistance; set goals, stay focused, and rise to the challenge!

## ABOUT THE RESOURCE GUIDE

The Reentry Council of the City and County of San Francisco is proud to release the 2018/2019 edition of *Getting Out & Staying Out: A Guide to San Francisco Resources for People Leaving Jails and Prisons*. The Guide was first published in September 2007 and was the product of a collaborative reentry planning process focused on improving access to resources for individuals reintegrating into San Francisco communities after incarceration. Since the first issue, over 17,000 bound, and many more electronic, copies have been distributed. The Guide is used by a wide variety of individuals, including currently or previously incarcerated people and their family members; service providers; corrections staff; attorneys; probation and parole officers; and other advocates. People who use the guide find it comprehensive, accurate and use-friendly. The information the guide contains is as current as possible, but we do advise you to contact a listed resource directly for the most up to date information. A feedback postcard is enclosed—please fill it out and let us know how the Guide can be improved. Thank you!

## ABOUT THE REENTRY COUNCIL OF SAN FRANCISCO

*Getting Out & Staying Out: A Guide to San Francisco Resources for People Leaving Jails and Prisons* is just one of the strategies of the Reentry Council of the City and County of San Francisco to help individuals make successful and permanent returns from incarceration. From 2005 until 2008, two ad hoc reentry councils focused on different aspects of the reentry of people from prisons and jails to San Francisco communities: the Safe Communities Reentry Council (SCRC), co-chaired by Supervisor Ross Mirkarimi and Public Defender Jeff Adachi, and the San Francisco Reentry Council (SFRC), co-chaired by District Attorney Kamala D. Harris and Sheriff Michael Hennessey. In September of 2008, these ad hoc councils were unified and strengthened through the creation of the Reentry Council of the City and County of San Francisco (see San Francisco Administrative Code 5.1). Its purpose is to coordinate local efforts to support adults exiting San Francisco County Jail, San Francisco juvenile justice out-of-home placements, the California Department of Corrections and Rehabilitation facilities, and the United States Federal Bureau of Prison facilities. The Council coordinates information sharing, planning, and engagement among all interested private and public stakeholders to the extent permissible under federal and state law.

The Reentry Council is composed of 24 members. They represent the Office of the Mayor, the Board of Supervisors, the Public Defender's Office, the District Attorney's Office, the Sheriff's Department, the Adult Probation Department, the Juvenile Probation Department, the Police Department, the Department of Economic and Workforce Development, the Human Services Agency, the Department of Supportive Homelessness and Supportive Housing, the Department of Public Health, the Department of Child Support Services, the Department of Children, Youth, and their Families, the San Francisco Superior Court, the California Department of Corrections and Rehabilitation Division of Adult Parole Operations, and the United States Probation and Pretrial Services System. Seven formerly incarcerated individuals hold the remaining seats on the Council. The Co-Chairs of the Reentry Council are the Chief Adult Probation Officer, District Attorney, Mayor or mayoral designee, Public Defender, and Sheriff. For more information, please visit: [www.sfgov.org/reentry](http://www.sfgov.org/reentry)

## REENTRY COUNCIL OF SAN FRANCISCO SUBCOMMITTEES

The Reentry Council has two subcommittees. These subcommittees are made up of members of the public including formerly incarcerated individuals, nonprofits agencies, and government entities that provide input and advice to the Reentry Council. These subcommittees are made up of members of the public and provide input and advice to the Reentry Council. The following are the two subcommittees:

**Legislation, Policy, and Practices:** Its purpose is to develop local policy and law, and shape state and federal policy and law to better reflect the Council's shared vision.

**Direct Services:** Its purpose is to develop, promote, and expand effective reentry programs, services, and systems. This subcommittee also focuses on improve assessments, referrals, and connections for individuals across systems and institutions, including appropriate connections between institutions and the outside community through criminal justice and non-criminal justice entities. This subcommittee supports immediate reentry issues, leadership development, education, and advocacy of individuals impacted by incarceration.

Lauren Bell is the Director of the Reentry Division of the San Francisco Adult Probation Department. Lauren has been working and partnering in San Francisco communities hard hit by crime and violence since 1995. She started as a case manager with youth in the Mission where she developed a love and appreciation for the power of community-driven solutions. In Bernal Heights, she helped acquire funding to expand violence prevention/leadership services for youth and transitional age youth. Lauren eventually went back to school to get a Master's degree in Public Administration. Since 2006, Lauren has worked in the City and County of San Francisco in the District Attorney's Office, the Mayor's Office and for the past eight years with the Adult Probation Department, currently as the Director of the Reentry Division. In this role, she led the effort to launch San Francisco's first-ever, multi-purpose Reentry Center, the Community Assessment and Services Center (CASC). With an incredible team, she administers a portfolio of funds that go to community based, reentry services providers, and oversees the work of the Reentry Council of the City and County of San Francisco. She honors the role of previously incarcerated people in developing reentry policy and services, and creates representative seats at the planning table. The picture of Lauren shows her on a mural at the entrance of the door to Precita Center in San Francisco.

# FIRST THINGS FIRST

The following pages contain advice for the different groups of people who use this resource guide: individuals who are in custody, individuals who have recently been released from custody, and individuals who are helping others returning to San Francisco.

## ADVICE FOR INDIVIDUALS IN CUSTODY

Thank you for picking up this resource guide and seeking out help. We know that planning for your release from jail or prison can be difficult for a number of reasons: You don't have access to the internet. It's almost impossible to reach people by calling collect. You might not have anyone to make arrangements on your behalf. Maybe you're feeling anxious about your upcoming transition. We hope this guide will make it easier for you to plan ahead. Here is some basic advice:

1. *Get started early.* We recommend that you begin planning for your release at least three months in advance. It is never too early to start thinking about the things you will need when you are released.
2. *Write things down.* Sometimes it's easier to face the things you need to do if you make a list. Jot down things you know you will need in order to be successful, such as a place to live, job training, more education, medical treatment, family support, help with a substance abuse problem, legal advice, etc.
3. *Work backwards from your list of needs.* Now that you know what you'll need, make another list of the things you'll have to do before you can accomplish what you want to accomplish. Be realistic. Don't make plans that you know would cause you to be out of compliance with parole or probation conditions. Don't rely on people or strategies that have let you down in the past.
4. *Use the guide to look for options.* Once you've got your to-do list, go through this guide to find organizations that offer housing, job training, education, and the other services you need. Be sure to read all of the details about each organization carefully so that you know you are eligible for the services you want. If, for example, you see that you will need identification or proof of income before you're able to receive services, add those items to your to-do list.
5. *Ask for help.* If you need more information about a service or organization, write them a letter and mail it to the address listed in each entry. Ask a friend to proofread your letter to make sure what you're asking for is clear and specific. Don't be discouraged if you don't receive a response. Write to them again! Sometimes you will have to wait a long time for a response to your questions.
6. *Make a back-up plan.* You can't always rely on Plan A, so it's a good idea to come up with a Plan B. Think about what you will do if your plans fall through. Try to figure out other options so that you're not stuck without a plan.
7. *Stay organized and optimistic.* Keep all of your notes and lists together in the same place so that you know where everything is. Stay positive, even when things seem difficult. You can do it!

## ADVICE FOR INDIVIDUALS WHO HAVE RECENTLY BEEN RELEASED

Congratulations! You've made it through a challenging time and now you have an opportunity to make some decisions which will help you move forward in your life. You may have heard that the first three months after your release from incarceration are the most important, because it's during those 90 days that you are at the greatest risk of being incarcerated again. This is not true for everyone, but some people find it difficult to make the transition, especially if they are struggling to find a stable place to live, a source of income, and a supportive group of people who will help them succeed. This guide will help you with some of those challenges. Here is some basic advice:

1. *Make a list of priorities.* If you weren't able to plan prior to being released from jail or prison, or if you've had to change your plans, start now by making a list of your priorities. What do you need to do first? What's in your way? Keep your list with you and scratch things off the list as you accomplish them.
2. *Find a safe space.* If you don't have a safe place to sleep, make that your number 1 priority. Finding housing in San Francisco can be very difficult, so be prepared to go through a long process before you are able to call a place "home." Refer to the Housing section of this guide for advice about how to find the right housing for you.
3. *Avoid risky situations.* You probably know what activities or neighborhoods or people can get you into trouble. Stay away from them! Changing your life means letting go of old habits, hangouts, and relationships. It might be lonely or strange at first, but you will find other ways of filling your time soon. Hang in there and trust that this transition is only temporary.
4. *Make and keep appointments.* Use this guide to find organizations that will help you meet your needs and goals. Call or drop in for an appointment – and be sure to follow through! Remember to refer to your list of priorities to see what is most important to accomplish. For example, do you need any medication? Do you need to get enrolled in public benefits? Do you need help with a mental health or substance use problem?
5. *Identify the people you can rely on.* Sometimes people coming out of jail or prison decide that they need to put distance between themselves and their old friends, family members, or other associates because these relationships have had negative consequences in the past. This might be a good idea, but you will need support from people who care about you and your best interest. Who can you count on? Sometimes a case manager, a teacher, a counselor, or a parole agent or probation officer is the person you will need to rely on for support while you build a new circle of friends.
6. *Be proactive.* Even when you're feeling overwhelmed, it's important to keep accomplishing tasks on your to-do list. Make and keep at least one appointment or commitment each day. Give yourself credit for making a plan and sticking to it.

## ADVICE FOR INDIVIDUALS HELPING OTHERS RETURNING TO SAN FRANCISCO

Thank you for seeking out this guide to help you help others make a safe and successful return to San Francisco. Here are some tips for using the guide effectively:

1. *Use the guide as a teaching tool.* Some individuals might not be familiar with reading a resource guide and will benefit from assistance in learning how to use it. Show the person you're helping how to navigate through the sections. Go through the table of contents and index together so s/he knows how to search through the guide for what s/he is looking for. Make sure you both are familiar with the format of each entry and know how to interpret eligibility information and other special instructions for accessing services.
2. *Verify the accuracy of information.* If you are using the guide within a few months of its most recent printing, chances are the guide is accurate and up to date, but it's still a good idea to call specific organizations to verify that the hours listed or contact information is consistent with what's printed. Double check the organization's website to make sure that there are no other major changes to services offered.
3. *Help us improve the guide.* Let us know if you notice an error or omission in the guide. We update the guide regularly and will be sure to incorporate any edits or suggestions you have for improving the guide's contents. We appreciate your help with this!
4. *Distribute the content freely.* We want to make sure that this important tool is distributed as widely as possible and to the people with the greatest need. If you have copies of the guide, give them to people who are in custody or who have been released recently. Please prioritize the bound copies for individuals who have experienced incarceration and those without access to the internet. People who have access to the internet are able to download the entire guide or portions of it at **[www.sfgov.org/reentry](http://www.sfgov.org/reentry)**

## IMPORTANT MESSAGE ABOUT DRUG OVERDOSE

### **You may be at risk. Learn the facts, protect yourself.**

You may have used drugs in the past and may be tempted to use again in the future after you get out of jail or prison. It is important for you to know that when you come out of jail or prison, you don't have the same tolerance for drugs and alcohol that you might have had when you went in—even if you've only been locked up for a short time. **This reduced tolerance for drugs and alcohol puts you at risk for overdose.** You have the greatest chance of overdosing during the first few weeks and months after you get out if you decide to use again.

### **Overdose facts:**

- Overdoses can happen with any drug, but you are at highest risk if you use heroin, cocaine or prescription painkillers like oxycodone (examples: OxyContin, Percocet), hydrocodone (examples: Vicodin or some cough syrups), morphine, fentanyl, or methadone.
- A lot of overdoses happen when people use drugs after a period of not using—like when they get out of jail or prison—because their tolerance is lower. This means your body can't handle as much drugs or alcohol than it did before.
- It is very risky to mix drugs, especially downers and uppers (like heroin and cocaine) or downers with other downers—like alcohol and pills, alcohol and heroin, or benzodiazepines (aka "benzos," like Xanax, Klonopin, Valium, Ativan) and opiates (heroin, methadone, prescription painkillers).

### **Overdose deaths are preventable. There are ways you can lower your risk for overdose:**

- Get support upon release for issues with drug use. See the sections on HEALTH & TREATMENT and SUPPORTIVE SERVICES to find agencies that provide substance abuse treatment and ongoing support for people in recovery.
- If you do decide to use, do not use alone—no one will be able to help if you are in trouble.
- Try not to mix drugs, even "legal" drugs like prescription painkillers and alcohol—these are very dangerous combinations.
- Don't overestimate your tolerance. It has decreased since you've been incarcerated and your body won't be able to handle the same amount you may have done before.

### **How do I get more information about preventing overdoses, or what to do if one happens?**

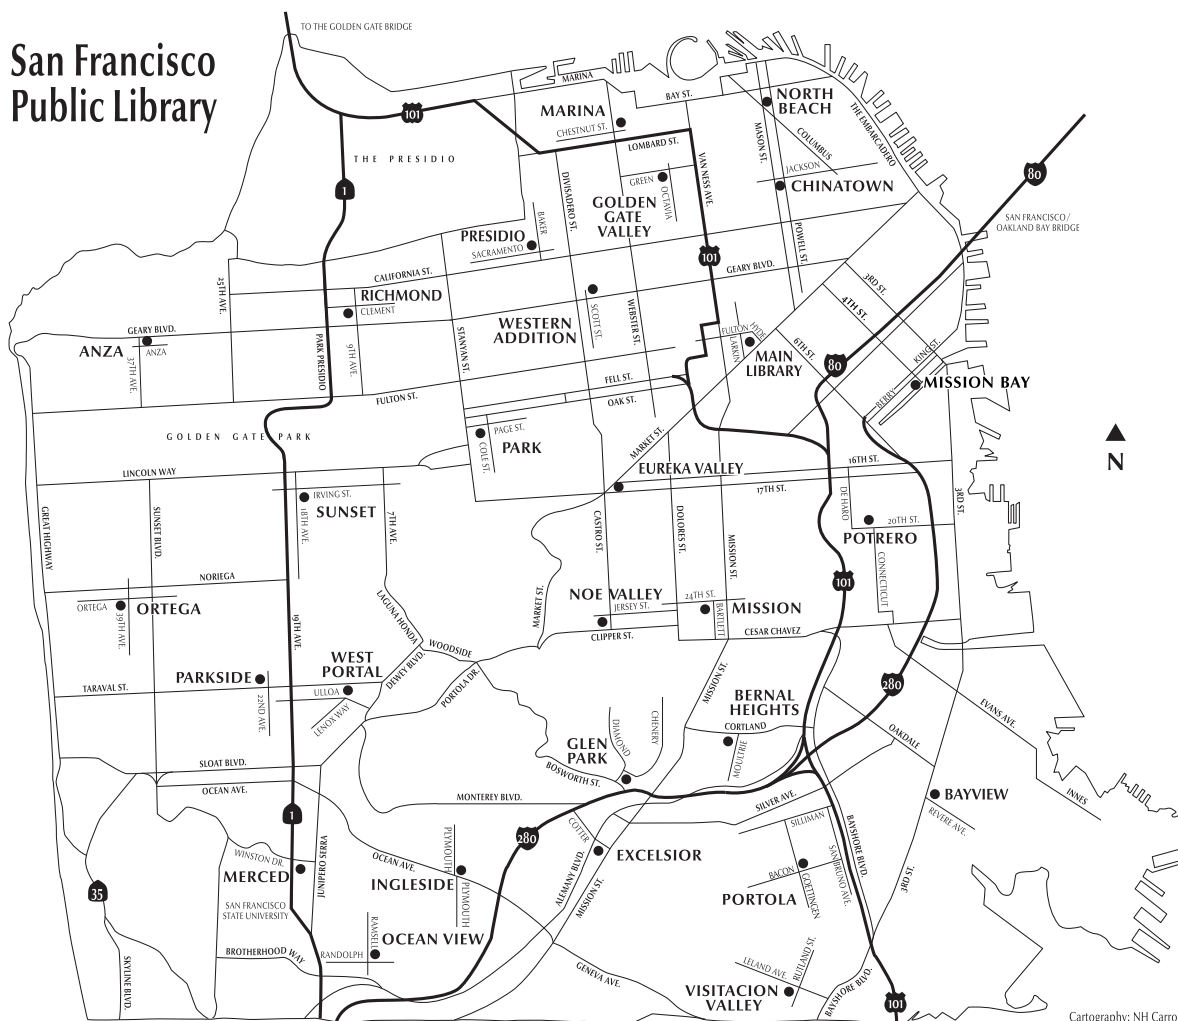

There are programs all over the US that teach drug overdose prevention and what to do if you or someone you know overdoses. Some of these programs give out a drug called Narcan (also known by its generic name, Naloxone) that helps stop an overdose on opiates like heroin, methadone or prescription painkillers. These programs teach you how to use Narcan and do rescue breathing (mouth to mouth) in case someone overdoses and they give you a Narcan kit for emergencies. These programs are free and confidential. If you are interested in learning more about preventing overdoses or what to do in case of an overdose, please contact the **Harm Reduction Coalition** to find the program closest you.

# PROBATION & PAROLE

## SUCCESSFULLY COMPLETING PROBATION & PAROLE

### Disabilities

If you have a qualifying disability and cannot understand the conditions of your probation or parole, or you don't think that you can comply with the conditions because of your disability, talk to your probation or parole officer. The Americans with Disabilities Act requires that you receive the conditions in an understandable format and that barriers to your compliance be addressed.

### Reporting to Probation or Parole

Prior to release, you will receive information on your assigned probation or parole officer and when to report.

### Conditions of Your Release

The conditions of your supervision will vary. Make sure you understand all local, state or federal conditions.

Look closely at your basic conditions – be aware of your stay away, weapons and search conditions. Think critically: Is your required housing in a stay away area? Can the people living with you support the conditions of your probation or parole?

Communicate regularly with your probation officer. Keep appointments. Make phone call check-ins. Even when conversations get tense, stay level headed. Get answers.

Notify probation or parole if your address or job changes.

Check with your parole or probation officer prior to making plans to travel over 50 miles from your residence, to leave your county for more than 48 hours, or to travel outside of California.

Prior to probation or parole, you should be notified of your requirement to register if you have been convicted of a specified sex, drug, or arson offense. Register at the Hall of Justice, 850 Bryant Street, Room 475.

## SAN FRANCISCO ADULT PROBATION

The mission of the San Francisco Adult Probation Department is: “Protecting the Community, Serving Justice, and Changing Lives.” You may be connected to specific programs and services, depending on your needs, as determined by you and your probation officer. The Adult Probation Department is committed to assisting you to successfully complete probation, and to supporting you in having a healthier and happier life.

### **I’m on Probation...Now What? (Some Guidance from the SF Adult Probation Department)**

Leaving jail and all other legal troubles behind is something that you have been looking forward to for quite some time now, and now it’s finally happening. If you’re lucky you got some preparation before you got out, assuming you were in custody. But now, the Judge said that you’re on probation. What does that mean? What do you have to do?

Let’s start at the basics – what is probation? Probation is a suspended state prison or county jail sentence. In other words, instead of doing time in custody, you have been given an opportunity to go back to your community provided you follow some specific conditions. All probation sentences are different; however, there are some standard conditions that apply to most if not all persons placed on probation.

**1 - You need to contact the Probation Department as soon as you are released from custody.** If you are released after 5:00pm, please contact the Department the next business day. Offices open at 8:00am and close at 5:00pm, Monday through Friday. Main phone number is: (415) 553-1706.

**2 - When you contact the Department you will need to provide our support staff with your full name and date of birth.** If you have your court number, please provide it, too. Our support staff will be able to give you the name and phone number of your assigned probation officer.

**3 - Your probation officer will schedule an appointment to meet with you.** Please make sure to keep your appointment and be on time. If you cannot make your appointment, you must call the day before to re-schedule.

**4 - More likely than not the Court has ordered you to attend a counseling or rehabilitation program.** You and your officer will choose which programs best meet your needs. It is important that you contact the program and arrange for an intake session.

**5 - Stay out of trouble!** We know you’re facing a lot of challenges and difficulties getting your life back together, but if you need help or support, call your officer before you do something that puts you at risk.

## POST-RELEASE COMMUNITY SUPERVISION AND MANDATORY SUPERVISION

In October 2011, the State of California implemented the Public Safety Realignment Act of 2011, also known as Assembly Bill 109 (AB109). AB 109 transferred responsibility for some of the state prisoner population from CDCR to California counties. Under AB 109, individuals who were committed to state prison for certain felonies will be released to Post-Release Community Supervision (PRCS), which in most counties is administered by probation departments. In addition, AB 109 requires that individuals convicted of certain felonies serve their time in local jails, where previously they would have been sentenced to state prison. The new sentencing scheme is outlined in PC § 1170(h). If you have questions about whether you fall under AB 109, please contact your attorney.

If you are informed that you will be on Post-Release Community Supervision or Mandatory Supervision upon your release from jail or prison, you should contact the Adult Probation Department for specific information about the length and terms of your supervision. The Adult Probation Department is committed to your success and will work with you to make your return to San Francisco a safe and successful one.

## DIVISION OF ADULT PAROLE OPERATIONS, CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION

You must check in with your parole agent within 24 hours of your release from custody. If you do not report, the parole agent will make reasonable attempts to contact you prior to issuing a warrant for your arrest. Some individuals may be required to register under PC 290 (sex offense), PC 457.1 (arson), or H&S 11590 (drug offense) with the Police Department. Be sure that you understand the conditions of your parole, and work with your parole agent and community resources to successfully meet these conditions. ### **Guidance for Federal Probationers**

You must check in with your federal probation officer within 72 hours of your release from custody. The probation officer will make reasonable attempts to contact you. Court action may result if you do not appear before your probation officer or you can't be reached.

"Release conditions" are rules set by the court that people on supervision must follow if they want to remain in the community. The court imposes release conditions to help structure the person's actions and activities. For example, release conditions may prohibit possession of guns or other weapons; prohibit contact with victims or witnesses; restrict association with certain persons; restrict travel; impose a curfew.

Among the many other release conditions the court may impose are community service, electronic monitoring, employment, mental health treatment, or substance abuse treatment. Be sure to talk to your Probation Officer about how to get connected to needed services or resources.

##### **In-Person Request – County Recorder’s Office**

The best option is to go to the Recorder’s Office in the county in which you were born.

BEFORE YOU GO -- Call the California Department or County office and ask questions, including: Do you need to show identification to get the birth certificate? How long does it take to get the birth certificate?

## **Mailed-In Request – California Department of Health Services**

If you can't make it to another county's Recorder's Office, you can mail the request.

California Department of Health Services  
Office of Vital Records - M.S. 5103  
P.O. Box 997410  
Sacramento, CA 95899-7410

### **YOU MUST ENCLOSE THE FOLLOWING IN YOUR MAILED REQUEST:**

- Check or money order made out to California Department of Health Services for \$25
- Birth Certificate Application and Sworn Notarized Statement
- Formal written (or typed) request for birth certificate – A sample can be found at the end of this section.

### **IMPORTANT INFORMATION WHEN YOU MAIL IN THE REQUEST**

When requests for birth certificates are mailed in, you must submit a **sworn notarized statement** along with the application. You will see that this statement is attached to the standard application. A Notary is someone who is legally empowered to witness signatures and certify a document's validity.

There are many businesses that have a notary on staff.

One suggestion is the UPS Store at 660 4<sup>th</sup> Street, San Francisco, CA 94107.

Phone: (415) 615-6968.

There is a \$15 fee for the notarized service – Fees may vary from place to place.

To get a notarized statement, you need documentation of your identity, age, and legal presence. If you don't yet have any personal identification, try to get a statement from your probation or parole officer that testifies to your name, age, birth date, address, and parents' legal names. Also, bring a close family member who has I.D. with you to the notary. The notary may allow your family member to "verbally identify" you.

Remember, to mail in a birth certificate request, you need to include four things: The application, fee, notarized statement, and written letter.

**It takes about 60 days for a mailed in request to be processed.**

### **Born Outside of California**

**Call the Recorder's Office in the county in which you were born and ask several questions:**

- Can a family member with identification who still lives in the county request the birth certificate? What is the application process for an in-person request?
- How much does it cost? How long does it take to receive it?
- What is the application process for a mailed-in request?

*The name required on Vital Records (see Items 1C, 6C, 7C, 9C, and 12C) is the name given at birth, or a name received through adoption, court-ordered name change, or naturalization. AKAs (Also Known As) and assumed names cannot be entered as the legal name on the birth record.*

**INSTRUCTIONS:**

1. ONLY individuals who are authorized by Health and Safety Code Section 103526 can obtain a Certified Copy of a birth record to establish identity of the registrant (person listed on the certificate). Page 1 identifies the individuals who are authorized to make the request. All others may receive a Certified Informational Copy which will be marked, "Informational, Not a Valid Document to Establish Identity."
 

Confidential Information on Birth Record: some individuals have special needs for a birth certificate that contains the confidential information provided at the time the birth record was prepared. This confidential information may be used to establish ethnicity, to provide health background, or for other personal reasons. For information on how to obtain a birth certificate containing the confidential information, please refer to the Birth Record section of the CDPH-VR website at: [www.cdph.ca.gov](http://www.cdph.ca.gov). Only specific individuals may obtain confidential copies.
2. Complete a separate application for each different birth record requested.
3. Complete the Applicant Information section on Page 1 and provide your signature where indicated. In the Birth Record Information section, provide all the information you have available to identify the birth record. If the information you furnish is incomplete or inaccurate, CDPH-VR may not be able to locate the record.
4. If the registrant has been adopted, make the request in the adopted name. If you are requesting a copy of the original birth certificate, you must provide a court order releasing the original sealed record.
5. If you require documentation that a birth record does not exist, check the box for CNPR (Certificate of No Public Record) Request on the application.
6. **SWORN STATEMENT:**
  - The authorized individual requesting the certified copy must sign the attached Sworn Statement, declaring under penalty of perjury that they are eligible to receive the certified copy of the birth record and identify their relationship to the registrant – the relationship must be one that is identified on Page 1. Only one sworn statement is required for multiple records.
  - If the application is being submitted by mail, the Sworn Statement must be notarized by a Notary Public. To find a Notary Public, see your local yellow pages or call your banking institution. Law enforcement and local and state governmental agencies are exempt from the notary requirement.
  - A Sworn Statement notarized by a foreign notary must have an apostille attached. An Apostille is a certificate that authenticates a document for use in another country. Foreign notarizations obtained from an Ambassador, Minister, Consul, Vice Consul or Consular Agent of the United States, or from a Judge of Court of record having a seal in a foreign country do not require an apostille.
  - You do not have to provide a Sworn Statement if you are requesting a Certified Informational Copy of the birth record.
7. Submit \$25 for each copy requested. If no birth record is found, the fee will be retained for searching for the record (as required by law) and a "Certificate of No Public Record" will be issued to the applicant. Indicate the number of copies you want and include the correct fee(s) in the form of a personal check or postal or bank money order (International Money Order for out-of-country requests) made payable to CDPH Vital Records. PLEASE SUBMIT CHECK OR MONEY ORDER – DO NOT SEND CASH (CDPH cannot be held responsible for fees paid in cash that are lost, misdirected, or undelivered).

#### Social Security Card Verification

- A Social Security Card is needed if you are applying for CDL for the first time.
- For duplicates, you just need to verify the number they have in the system.
- A Medicare or U.S Armed Forces Identification Card is also acceptable.
- To ensure a smooth DMV visit, prepare to bring your Social Security or other acceptable card.

### Proof of Address

You need to bring proof of a stable residence or P.O. Box number. Bring official mail that has been sent to the address where you are staying – try to bring the most official piece of mail possible. Good examples of proof of address are letters from hospitals or healthcare providers that aren't too old, parole or probation correspondence, or a cell phone statement.

### **HOW LONG DOES IT TAKE TO GET YOUR LICENSE OR IDENTIFICATION CARD?**

### **General Information**

- Online appointments will save you a lot of time. Go to the website to schedule an appointment.
- Do not go to DMV unless you have all of the required application documents.
- If you have any holds or suspensions, or your license was at some point revoked, you will not be able to immediately get a CDL. You must take care of the disqualifying issues first.
- Even if your license is suspended or revoked, you can still get a California ID.
- REMEMBER: The CA DMV works closely with other city and state departments like Department of Child Support Services, for example. If you have outstanding payments owed to another state department or another unresolved matter, you will need to take care of that business first.
- If you run into a problem trying to get your CDL, get your California ID and request a DMV print out so you can discuss the issues that are preventing you from getting the license.
- The California DMV has available and responsive customer service agents. Call (800) 777-0133. After you select the language you want to communicate in, press 0 (zero) for the operator.
- If your license has been expired for 6 months to 4 years, you will need to take a written renewal test before you can get your CDL. There are 36 questions on this test and you may answer no more than 5 incorrectly. It costs \$5 to take the test unless this is the first time you are taking it and you pass the first time.
- If your license has been expired for more than 4 years, you will have to take the driving and written tests.

For assistance call us at 1-800-772-1213 or visit our website at [www.socialsecurity.gov](http://www.socialsecurity.gov).

### **Original Social Security Card**

To apply for an original card, you must provide at least two documents to prove age, identity, and U.S. citizenship or current lawful, work-authorized immigration status. If you are not a U.S. citizen and do not have DHS work authorization, you must prove that you have a valid non-work reason for requesting a card. See page 2 for an explanation of acceptable documents.

NOTE: If you are age 12 or older and have never received a Social Security number, you must apply in person.

### **Replacement Social Security Card**

To apply for a replacement card, you must provide one document to prove your identity. If you were born outside the U.S., you must also provide documents to prove your U.S. citizenship or current, lawful, work-authorized status. See page 2 for an explanation of acceptable documents.

### **Changing Information on Your Social Security Record**

To change the information on your Social Security number record (i.e., a name or citizenship change, or corrected date of birth) you must provide documents to prove your identity, support the requested change, and establish the reason for the change. For example, you may provide a birth certificate to show your correct date of birth. A document supporting a name change must be recent and identify you by both your old and new names. If the name change event occurred over two years ago or if the name change document does not have enough information to prove your identity, you must also provide documents to prove your identity in your prior name and/or in some cases your new legal name. If you send a photo identity document but do not appear in person, the document must show your biographical information (e.g., your date of birth, age, or parents' names). For young children, we may accept medical records (clinic, doctor, or hospital) maintained by the medical provider. We may also accept a final adoption decree, or a school identity card, or other school record maintained by the school.

WE CANNOT ACCEPT A BIRTH CERTIFICATE, HOSPITAL SOUVENIR BIRTH CERTIFICATE, SOCIAL SECURITY CARD STUB OR A SOCIAL SECURITY RECORD as evidence of identity.

### Evidence of U.S. Citizenship

If you are an international student or exchange visitor, you may need to provide additional documents, such as Form I-20, DS-2019, or a letter authorizing employment from your school and employer (F-1) or sponsor (J-1). We CANNOT accept a receipt showing you applied for the document. If you are not authorized to work in the U.S., we can issue you a Social Security card only if you need the number for a valid non-work reason. Your card will be marked to show you cannot work and if you do work, we will notify DHS. See page 3, item 5 for more information.

If you cannot sign your name, you should sign with an "X" mark and have two people sign as witnesses in the space beside the mark. Please do not alter your signature by including additional information on the signature line as this may invalidate your application. Call us if you have questions about who may sign your application.

## **HOW TO SUBMIT THIS APPLICATION**

## PROTECT YOUR SOCIAL SECURITY NUMBER AND CARD

Protect your SSN card and number from loss and identity theft. DO NOT carry your SSN card with you. Keep it in a secure location and only take it with you when you must show the card; e.g., to obtain a new job, open a new bank account, or to obtain benefits from certain U.S. agencies. Use caution in giving out your Social Security number to others, particularly during phone, mail, email and Internet requests you did not initiate.

### PRIVACY ACT STATEMENT

The information you furnish on this form is voluntary. However, failure to provide the requested information may prevent us from issuing you a Social Security number and card.

We rarely use the information you supply for any purpose other than for issuing a Social Security number and card. However, we may use it for the administration and integrity of Social Security programs. We may also disclose information to another person or to another agency in accordance with approved routine uses, which include but are not limited to the following:

1. To enable a third party or an agency to assist Social Security in establishing rights to Social Security benefits and/or coverage;
2. To comply with Federal laws requiring the release of information from Social Security records (e.g., to the Government Accountability Office and Department of Veterans' Affairs);
3. To make determinations for eligibility in similar health and income maintenance programs at the Federal, State, and local level; and
4. To facilitate statistical research, audit or investigative activities necessary to assure the integrity of Social Security programs.

We may also use the information you provide in computer matching programs. Matching programs compare our records with records kept by other Federal, State, or local government agencies. Information from these matching programs can be used to establish or verify a person's eligibility for Federally-funded or administered benefit programs and for repayment of payments or delinquent debts under these programs.

Complete lists of routine uses for this information are available in System of Records Notice 60-0058 (Master Files of Social Security Number (SSN) Holders and SSN Applications). #### The Affordable Care Act

The Affordable Care Act (Obamacare) was signed into law by President Barack Obama on March 23, 2010. The law expands health coverage to all U.S. citizens and Legal Permanent Residents. If your employer does not provide health coverage, or if you are unemployed, you can sign up for health

coverage through Covered California. Depending on your income, you may qualify for low or no-cost health coverage through Medi-Cal.

### **What is the difference between Medi-Cal and Covered California?**

Medi-Cal offers low-cost or free health coverage to eligible residents with limited income. If you don't qualify for Medi-Cal, Covered California may be an option for you. Covered California is the state's health insurance marketplace where Californians can shop for health plans and access financial assistance if they qualify for it. Medi-Cal plans and Covered California plans both offer a similar set of important benefits, called "essential health benefits."

### **How can I apply for Covered California?**

You can apply online at [www.coveredca.com](http://www.coveredca.com). This single application will let you know if you qualify for Covered California or Medi-Cal coverage.

If you need help applying or have questions, you can contact a trained Certified Enrollment Counselor (CEC) for free. Search a list of local Certified Enrollment Counselors ([www.coveredca.com/get-help/local/](http://www.coveredca.com/get-help/local/)) or call (800) 300-1506.

## YOUR IDENTITY

You need to know about your Identity.

When you are released, take steps to understand if your identity is in trouble:

**Do you have any warrants? Get a copy of your RAP sheet to review.**

**Do you have any outstanding fines or payments?**

Do you have any outstanding charges associated with child support or court rulings to pay damages or restitution, and/or court or defense costs? Uncover this information with the help of your probation or parole agent.

## CREDIT

**Conduct a credit background check on yourself.**

The Fair Credit Reporting Act (FRCA) requires several nationwide companies to provide you with a free copy of your credit report, at your request, once every 12 months.

You can order a free credit report online:

- [www.annualcreditreport.com](http://www.annualcreditreport.com)

## MONEY

### BANKING

Start “banking” your money by opening a savings or checking account. Avoid check cashing and payday loan businesses, because they charge fees to cash your checks and loan you money. Learn about how to become a “banked San Franciscan.” Go to [www.bankonsf.org](http://www.bankonsf.org).

To open an account, you will need:

- Government issued photo ID like a State driver’s license.
- A utility bill or other official piece of mail that proves your address.
- If you have it, also bring your social security card/number. (You do not need a social security number to open a checking account, but you will need it to open a savings account.)

Many people are nervous about opening accounts because of prior financial problems – bounced checks or overdrawn fees. Bank on San Francisco is a service to help people deal with past banking obstacles and to help you understand the value of banking your money.

To open an account, you can go to a variety of places that are partners in San Francisco’s Bank On San Francisco program:

- |   |                                      |

## MONEY MANAGEMENT

When you know where your money goes, it's easier to pay your bills on time, save money each month, and find financial freedom. To get started, think about your money. Money should go towards things you need, things you want and towards your debts or into savings.

**Some expenses are required every month.** A place to live, a way to get around, and nutritious food to eat are things you can't live without. Every month you make rent or mortgage payments and spend money on utilities as well as transportation. Many people pay for different types of insurance and some pay for school fees and loans.

These expenses are things you can't do without. Ideally, this should be half of your budget. If you lose your job, or have an unexpected emergency expense, these are the things that you will still have to spend your money on.

Do you enjoy watching cable television, shopping, or eating in restaurants? While these aren't things you need, it's your life and you should enjoy it with a budget that fits you best.

The best budget includes money to meet your needs and your wants as well as save for your future. When you put money into your savings, you can better plan for your retirement or education for your family.

Credit cards, payday lenders, and rent-to-own furniture stores charge very high interest rates. It's important to pay down these debts first so that your savings can go farther.

If you need help getting started, build a budget and seek credit counseling to take control of your money!

## CREDIT COUNSELING

If you find that you are so indebted that you need help, contact a reputable non-profit credit counseling agency. Do not fall for the many predatory scams that are advertised as debt counseling. One well-known and reputable non-profit credit counseling agency is Money Management International (MMI). It provides credit counseling as well as other financial educational services.

Counseling is also available 24 hours a day, 7 days a week by phone: 1 (866) 889-9347. Website: [www.moneymanagement.org](http://www.moneymanagement.org)

## CONSUMER CREDIT COUNSELING SERVICE OF SAN FRANCISCO

By providing comprehensive financial counseling and education, CCCS helps consumers achieve financial independence through debt reduction, homeownership, and improved money management skills. ## SAVINGS

Saving is important because having it (whatever the amount) brings you peace of mind and the ability to pay for things without using credit.

### **Start Saving Now.**

Even if you think you can't afford it – Even if it is only a few dollars out of each paycheck.

### **What's next?**

If you're going to start saving, you'll need to have a budget (for assistance building your budget, check out The Beehive, online at [www.thebeehive.org](http://www.thebeehive.org)). Use these seven steps to make a successful financial plan:

1. Start as early as possible
2. Set goals (short- and long-term)
3. Tell your family members or others with whom you share finances
4. Support your plan with a practical, working budget
5. Do your homework – think about your options and be flexible
6. Put your plan in writing
7. Review your plan every month or two

Budgets are just the beginning. Your plan won't make much sense unless you also learn to build credit, save, and invest wisely.

The best way to make a budget for the future is to figure out how you spend your money now. First, look at where your money comes from and where it goes. Track all of your income and expenses for one month before creating your budget. You'll need to keep track of all of your purchases by writing them down by category in a notebook or holding on to receipts organized by category.

Write down how much you spend in each category every month. Don't forget to include money that you save each month to help you meet your future goals. Be realistic about your budget, so that it's easy for you to follow.

### **Step One: Calculate Income**

Your income is the most important part of your budget—it allows you to take care of your family and yourself. You can put that money into a budget to figure out how you spend your money now and how to make the most of it in the future.

### **Step Two: Calculate Expenses**

It is also important to know where you spend your money. Keeping track of your receipts and watching your statements is the best way to see how much you spend. If you already have a way of recording daily expenses, like a diary, use that information to fill out this section.

### **Step Three: Calculate Assets**

There are many ways to look at your personal finances. You may own some things that are worth money that you never even considered. Think about things like electronics, jewelry, or even your home. These things, plus the money in your savings or investment accounts, are part of your assets.

### **Step Four: Calculate Debt**

If you are struggling with debt, you can help yourself by making a plan. You might owe money to many people or companies, but you can make a big difference by writing down those numbers. Be

honest with yourself about how much you owe. Once you know how much you have to pay, your budget plan can help you figure out how to get rid of your debt.

Do not enter any account numbers in this section. You will only need to write the amount of money you owe.

### **Prioritizing Your Budget**

If your budget shows you have more expenses than income, there are many ways to get out of trouble. Remember, everyone has different priorities. You will have to make the decisions that are right for you.

#### **What payments should I make first if I don't have enough money to pay for all my bills?**

1. First, pay off your necessary household expenses, such as rent or mortgage, utilities, and food. You need to pay your rent or mortgage to ensure you don't get evicted or have your property foreclosed upon. Think about the health and safety of your family when making these types of decisions.
2. Many utilities, such as the telephone company, electric company, and gas company, have programs to lower your bill if you qualify. If you think you need assistance, contact your utility company.

#### **What should I do if I can pay off my monthly household expenses, but am having trouble paying off my loans?**

1. Pay off the loan with the highest interest rate first to save on interest payments.
2. Talk to your creditor. Your creditor may be willing to reduce your payments or change the terms to accommodate your situation by offering extensions, smaller payments over a longer period of time, or accepting partial payments.
3. Get a debt consolidation loan. Be cautious of this option. If loan fees and interest rates are too high, it may not be the best option for you.
4. Get professional advice. Reputable credit counselors can help you deal with your financial problems. Some organizations charge little or nothing for their services.
5. Be cautious of companies that promise to fix your credit problems right away. Credit repair can be a long process that might take several years.

## PERMANENT HOUSING

It is very difficult to find affordable housing in San Francisco. Start looking as early as possible, and utilize all of your resources. On August 13, 2014, San Francisco's Fair Chance Ordinance went into effect. The Ordinance requires some housing providers to review an individual's qualifications before inquiring about their arrest and conviction record. This ordinance applies to housing providers that have received funding from the City. Housing providers must also consider the relevance of an applicant's convictions, how long ago those convictions occurred and evidence of rehabilitation.

### CERTIFICATE OF HOMELESSNESS

Some affordable housing opportunities may ask for a Certificate of Homelessness. You can obtain a Certificate of Homelessness from the Coalition on Homelessness.

#### Coalition on Homelessness

468 Turk Street

San Francisco, CA 94102

(415) 346-3740

Certificates of Homelessness are issued Mondays and Wednesdays 9am – 12pm.

### FINDING HOUSING

Subsidized housing in San Francisco is controlled by the San Francisco Housing Authority (SFHA) through two separate programs: Public Housing and Section 8 Housing. The Public Housing program consists of buildings run by the Housing Authority where they review your application and are your landlord. Section 8 is a housing voucher with a certain amount of money on it that an individual can use to pay rent in subsidized housing or in private housing.

Neither program is blocked for individuals who have past convictions, although there are basic eligibility requirements for both. Most subsidized permanent housing opportunities in San Francisco require that the person currently reside in San Francisco, and that the person have some form of income or benefits. Both of these qualifications usually require some form of proof and most housing applications require a showing of some kind of income. Beyond these basic requirements, each provider may have additional eligibility requirements (such as age for senior buildings or documented proof of a disability for certain program-related housing). Both Section 8 and Public Housing have waiting lists; these waiting lists are sometimes closed, meaning you cannot get on them, or open, meaning they are accepting applications. This can change constantly, so make sure to check back regularly here: [www.sfha.org/Public-Housing-Information.html](http://www.sfha.org/Public-Housing-Information.html)

You can help yourself be an attractive applicant by staying current with any requirements of any probation or parole and seeking out support or treatment that adds positive efforts to your history. It is important to always make sure you are honest in your application to the SFHA- if SFHA determines that you have lied at any point they can and will deny your application. Be sure to consider if you might be eligible for any government benefits, such as social security or general assistance, especially since some benefits programs are connected to shelter or housing. It is important to create as many options for yourself as you can.

### **Background Checks and Criminal Records**

Most housing providers will do background checks—SF Housing Authority will conduct a criminal background check for Public Housing and for Section 8. This will cover both eviction/unlawful detainer issues from past rental situations and criminal histories related to violence, assault, drug sales, sexual offenses, arson, etc. There are certain cases where the Housing Department will automatically exclude you, and you are **automatically** denied from either public housing program:

- If you have to register as a lifetime sex offender in any state
  - If you have ever been convicted of manufacturing methamphetamines in federally assisted housing
- OR
- If you have been evicted from a federally assisted housing program for drug related activity in the past 3 years if you are applying for public housing, or 5 years if you are applying for a Section 8 voucher. If you completed an SFHA approved drug treatment program this required ban may not apply to you.

If you have a criminal record but **have not** been convicted of the above offenses, you may still be eligible for public housing. While the SFHA *may* reject your application if the background check reveals drug-related crimes, violent crimes, or any crimes that they feel may threaten the health, safety, or right to peaceful enjoyment of the building, they are not automatically required to reject these applications. You should, therefore, apply to public housing even if you have past convictions, so long as they are not the ones mentioned above.

It is important to keep in mind that if you are eligible for a Section 8 voucher for use at an apartment of your choice, private landlords will often run their own background checks, and may be stricter than SFHA in their unwillingness to overlook your criminal record.

### **Mitigating Factors and Individual Circumstances**

With convictions on your record, you can still make yourself an attractive candidate to SFHA. The SFHA will consider individual circumstances when reviewing a housing application from an individual with criminal records, so it is very important that you present this information to SFHA. Once you have moved to the top of the wait list, SFHA will ask you to sign a release form so they can run your background check. This is a good time to submit letters or declarations showing your individual circumstances to SFHA.

Some examples of mitigating factors to present to SFHA are:

- Any positive changes you have made in your life since your arrests or convictions
- If you currently have a job, are enrolled or completed a job training program or school, or any participation in a treatment or rehabilitation program
- If you are a survivor of domestic violence, or if acts of violence against you led to your arrests or convictions
- If you have any dismissed convictions (note, dismissed convictions will come up on your SFHA background check, so even though they are dismissed, you must still be honest about them if asked, but make sure to note they are dismissed)
- Letters of support from probation officers, teachers, employers, treatment programs, neighbors, social workers or previous or prior landlords
- Evidence of a disability, if you have one, and how that disability is related to your criminal record

## Denials

If SFHA denies you admission to either program they have to notify you in writing and explain the reasons why you were denied, and they must also provide you a copy of your background check. A letter stating the denial is not the final word—you have the right to challenge the denial at an informal hearing. The letter with your initial denial will have information on how to request an informal hearing—it is important that you follow the instructions and request the hearing as it will be your opportunity to show that you are a good tenant. You have a right to an attorney or an informal advocate with you at the hearing, and a number of non-profit service providers can help.

Be sure to apply for public housing or Section 8 voucher with the San Francisco Housing Authority if you are eligible. Periodically, the wait list for public housing in San Francisco opens, but may be closed when you first inquire. Check back frequently to see if it has reopened. # EDUCATION & EMPLOYMENT

## EDUCATION

A college education can be a powerful tool when it comes to supporting yourself, but getting there can seem very challenging. Here's a basic outline of what you'll need if a college education is part of your plans.

- **Graduation from high school and receipt of a high school diploma** are admission requirements at many colleges, including those in the California State University system. It is always best to stay in high school to receive your high school diploma, but sometimes it is not possible to do so. There are options available for completing the equivalent to a high school diploma:
  - Passing the **California High School Proficiency Examination** is the legal equivalent of earning a high school diploma.
  - The **General Education Development program (GED)** is another examination program that, upon successful completion, offers the equivalent of a high school diploma.
  - **Remember** that completing either the California High School Proficiency Examination or the GED does not eliminate the high school course requirements or the grades and test requirements.
- **Getting copies of your GED Records:** If you already took the GED, you may request copies of your records by contacting the GED Testing Service:  
Contact: [gedtestingservice.com](http://gedtestingservice.com)

**Preparing to pay for college: Free Application for Federal Student Aid (FAFSA).** One of the tools you can use to estimate your eligibility for federal student financial assistance is the Financial Aid Estimator Tool – FAFSA4caster – which is available online at: [www.fafsa4caster.ed.gov](http://www.fafsa4caster.ed.gov)

You may have heard that if you have been convicted of a felony, you are not eligible to receive financial aid. This is not necessarily true. A student convicted of possession or sale of illegal drugs may have eligibility suspended **if the offense occurred while the student was receiving federal student aid** (grants, loans, or work-study). When you complete the *Free Application for Federal Student Aid* (FAFSA), you will be asked whether you had a drug conviction for an offense that occurred while you were receiving federal student aid. If the answer is yes, you will be provided a special worksheet to help you determine whether your conviction affects your eligibility for federal student aid. You may preview the worksheet in the FAFSA Information section at [www.studentaid.ed.gov/pubs](http://www.studentaid.ed.gov/pubs). If you have been convicted of a forcible or nonforcible sexual offense, *and* you are subject to an involuntary civil commitment upon completion of a period of incarceration for that offense, you are ineligible to receive a Federal Pell Grant.

## CITY AND COUNTY OF SAN FRANCISCO

EDWIN M. LEE, MAYOR

### NOTICE TO JOB APPLICANTS AND EMPLOYEES

# San Francisco Fair Chance Ordinance

## Police Code, Article 49

**Starting August 13, 2014, the Fair Chance Ordinance (San Francisco Police Code, Article 49) requires employers to follow strict rules regarding the use of arrest and conviction records in hiring and employment decisions.** The ordinance covers job applicants and employees who would be or are performing work in whole, or in substantial part, in San Francisco and applies to employers who have 20 or more employees (regardless of the employees' locations).

**Certain matters are off-limits.** An employer may *never* ask about, require disclosure of, or consider: an arrest not leading to a conviction (other than an unresolved arrest that is still undergoing criminal investigation or trial); participation in a diversion or deferral of judgment program; a conviction that has been expunged or made inoperative; any determination in the juvenile justice system; a conviction more than 7 years old; and a criminal offense other than a felony/misdemeanor. Matters that are off-limits cannot be used by the employer for any reason at any stage of the hiring process.

**An employer cannot ask about an individual's conviction history or unresolved arrests at the start of the hiring process.** This includes through a job application form, informal conversation, or otherwise.

**A mandatory interactive process for matters not off-limits.** Only after a live interview has been conducted, or a conditional offer of employment made, is the employer allowed to ask about an individual's conviction history (except as to matters that are off-limits) and unresolved arrests. Only those convictions and unresolved arrests that *directly relate* to the individual's ability to do the job may be considered in making an employment decision.

Before the employer may take an adverse action such as failing/refusing to hire, discharging, or not promoting an individual based on a conviction history or unresolved arrest, the employer must give the individual an opportunity to present evidence that the information is inaccurate, the individual has been rehabilitated, or other mitigating factors. The individual has seven days to respond, at which point the employer must delay any adverse action for a reasonable time and reconsider the adverse action. The employer must notify the individual of any final adverse action.

*Evidence of rehabilitation* include satisfying parole/probation; receiving education/training; participating in alcohol/drug treatment programs; letters of recommendation; and age at which the individual was convicted. *Mitigating factors* include coercion, physical or emotional abuse, and untreated substance abuse/mental illness, that contributed to the conviction.

**Preemption.** Where federal or state law imposes a criminal history requirement that conflicts with a requirement of the Fair Chance Ordinance, the federal or state law will apply.

**No Retaliation.** An employer may not take an adverse action against an applicant or employee for exercising their rights under the ordinance or cooperating with the Office of Labor Standards Enforcement OLSE.

If you need more information, or wish to report an employer that you believe has violated this ordinance, please contact the OLSE at 415-554-5192 or email [FCE@sfgov.org](mailto:FCE@sfgov.org).

Going to prison clean and sober, she was determined to be a better woman upon her release in 2016.

She is now the Director of Programs and Operations for Code Tenderloin and is also in school to become a licensed Substance Abuse Counselor. "I know that my past has shaped me, but it does not define me or my future. Today, I understand that the opposite of shame is not pride, it is acceptance. It is this understanding that allows me to live in my truth and be comfortable sharing my story. I also know that I am NOT my past mistakes; that I have value and worth intrinsically. I believe that my past experiences have brought me to where I am today and who I am today and they have also enabled me to give back to my community with love and compassion."

### ASIAN AMERICAN RECOVERY SERVICES

Asian American Recovery Service's (AARS) goal is to change an individual's substance-abusing lifestyle. This change comes about through four fundamental processes-acknowledgement, willingness to change, reconciliation and life skills. The AARS-residential is a therapeutic community which recognizes the need for providing structure, support and opportunity within a multi-cultural environment. It is a highly structured environment with defined boundaries, both moral and ethical. The program employs community imposed sanctions as well as earned advancement of status and privileges as part of the recovery and growth process. Being part of something greater than oneself is an especially important factor in facilitating positive growth. [www.aars.org](http://www.aars.org)

Post release, Jose faced barriers to employment and housing, recalling his first job as bussing tables and washing dishes. Determined to overcome obstacles and help his community, Jose began working as a peer advocate with Hospitality House in the Tenderloin and after just years was named the Director of the nonprofit's Men's Shelter Program.

In 2016, the Board of Supervisors appointed Jose to the Reentry Council. During his tenure, Jose advocated for local restorative justice policies and continues these efforts as the chair of the Council's Legislation, Policy & Operational Practices Subcommittee. Through grassroots community work, Jose has spearheaded initiatives to de-privatize reentry services, end gang injunctions, and hold law enforcement accountable. Currently, Jose is a Senior Organizer & Advocate for the Ella Baker Center for Human Rights, working to organize people to shift resources away from prisons and punishment, and towards opportunities that make communities safe, healthy, and strong. **IN THE SPOTLIGHT: *ADRIAN MALDONADO***

Adrian Maldonado had a 17 year history of heroin addiction and incarceration. He is currently employed by San Mateo County Correctional Mental Health as the Program Director of “Choices”—an in-custody program where he got clean and sober in 2000 while incarcerated.

Adrian is a Delancey Street graduate, has been a long-time community and labor organizer and in 2016 completed a Master’s Degree in Counseling Psychology from the University of San Francisco.

**IN THE SPOTLIGHT: *MAURA QUINN***

Maura was dysfunctional, an addict with no goals. With her sibling’s death at the age of 12, Maura turned to drugs as an escape, a catalyst for numerous runaways and dropping out of school. She had children and became a welfare recipient, all the while selling drugs to supply her habit. After the death of a son, Maura turned to heroin for relief and fell hard—fast. Her children were removed from her care and Maura served time in and out of jail over the course of 10 years.

Her last incarceration led her to Delancey Street Foundation where she learned how to live and change her thinking. While there, Maura obtained work skills and attended Parenting Classes. She mended her relationship with her children who moved in with her following her graduation from Delancey Street. Maura had good jobs with great establishments but felt the need to do more and became a Case Manager at Cameo House where she serves women currently in the situation she was once in—demonstrating that change is possible.

Lisa Wood-Oliver is a Recovery Specialist with a decade of successful experience in encouraging and assisting people transitioning from incarceration to the streets. She is an advocate and a strong believer in the power that people can change. She hopes her story can save at least one life and strives to be a part of the solution not the problem.

At 13 years old, Lisa started snorting heroin and by 19 was sent to prison for 4 years. Arriving with no idea she was pregnant, she gave birth to her daughter in prison. Prison turned into a vicious cycle of going in-and-out for close to the next 20 years. Her son would follow her in this path. The last serious case she caught, Lisa was offered to attend Delancey Street, figuring anything was better than going back to prison for 18 years-the experience would change her life forever and has been free from drugs for 15 years. Lisa has worked for the last 10 years almost with the Sheriff Department's No Violence Alliance (NoVA) program and is the Program Director for Westside's Methadone clinic.

Under 12 years of the tutelage of strong women mentors, Rebecca learned how to become a person who felt deserving of a good life, by learning how to live by helping others. She gained many skills, which would later make her marketable in the workforce; however, the skill of helping others trying to change their lives was the work that really mattered to her, as it made her life rich. Rebecca is currently the Director of CJCJ's Cameo House program for homeless, formerly incarcerated women with children in San Francisco who are looking for the opportunity to change their lives just as she did.
