SB 678: California Community Corrections Performance Incentive Act (2009)

- Created the Community Corrections Partnership (CCP) to advise each county on the implementation of community corrections on probation practices
- Provides incentives to counties for using evidence-based practices in probation supervision. Incentives are based on reduction in the number of felony probationers sent to state prison on revocations

As a result, APD received SB 678 incentive grants of $2.187 million in FY 2011/12 and FY 2012/13

Department of Public Health’s Response to Realignment

In Fiscal Year 2012-2013 the Department of Public Health will:

• Incorporate additional service capacity, including residential treatment, dual diagnosis treatment, and transitional housing as a result of an increased funding allocation
