- PHASE 1: Conceptual design
- PHASE 2: Design Development
- PHASE 3: Construction Documents
- Informational Presentation
- Small Project Review
- Plaque Review

DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

To provide prefabricated buildings that are low in cost and contemporary in design consistent with other previously approved SFPUC buildings of similar size and type.

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? _____

COMMUNITY OUTREACH
