### DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The Design is inspired by a desire to create a vibrant Aquatic Center. This is achieved through strategies, a transparent design that engages the surrounding park, while at the same time maintain a civic presence. It utilizes the curtain-wall windows to achieve a high level of transparency, provides natural light in the Natatorium for a more sustainable design. This austere approach provides for an elegant design vernacular throughout the facade.

### IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?
