OTHER: _____ EMAIL: _____

PROJECTED SCHEDULE

Conceptual Review: _____

Phase 1: January 2012

Phase 2: February 2012

Phase 3: July 2014

Construction Commencement: 1 QTR 2015

Construction Completion: 1 QTR 2016

PROJECT DELIVERY METHOD

- Design, Bid Build (traditional)
 - Fast Track
 - Design-Build
 - Bridging
 - Other
- Total Construction Cost: \$1,880,000
- Approximate Structure size: Park 38, 250 sq ft

TYPE OF REVIEW REQUESTED

- Conceptual Review
- PHASE 1: Conceptual design
- PHASE 2: Design Development
- PHASE 3: Construction Documents
- Informational Presentation
- Small Project Review
- Plaque Review

DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The proposal for Daggett Park builds on the program established through the Showplace-Potrero Open Space Planning process and community outreach. The design is informed by a thoughtful arrangement of the program based on site and program relationships. The park is organized around a sculptural framework and punctuated by a series of unique features, including a shared street, open lawns for passive recreation and community events; a dog run, and several site elements designed to provide seating and opportunities for play.

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? _____

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.

FEES

2012/2013 Cost Estimates

For a Phase 1, Phase 2, or Phase 3 meeting: \$2,316

All other meeting types: no fee
