DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The proposed work is for the addition of a new awning at the main entrance of the Administration Building 930, and the replacement of an existing corroded steel frame and defunct glass block awning on the second floor. The corrosion resistant awning system will update the building exterior, improve shade and rain barrier to the building pedestrian areas.

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? _____

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.
