

18" diameter  
bas relief  
bronze casting

## Mission Dolores Historic Neighborhood commemorative bronze sidewalk plaque

This is near-final artwork for the plaque we wish to have embedded in the sidewalk to commemorate our historic district. It will be embedded in the sidewalk in front of the soon to be completed Whole Foods Store at Market and Dolores.

Our plaque will be very similar in appearance and casting method to this Barbary Coast Trail bronze plaque embedded in the sidewalk in front of Mission Dolores. The only difference aside from content is that our plaque will be 2 inches in diameter larger.
