DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

Mission Dolores Neighborhood Association, with funding donated by Prado Group, Inc., the developer of the mixed use project at 2001 Market Street, would like to install an 18" diameter bronze bas relief plaque in the sidewalk at the corner of Market St. and Dolores St. We are well aware of DPW's requirements regarding maximum relief and minimum coefficient of friction specifications for the plaque and intend to meet them.

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? NO
