DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The building's overall exterior expression will communicate a clear, modern traveler-friendly experience. The exterior cladding and fenestration will express a clean, transparent look aimed at welcoming travelers.

Phase 2 Design Development changes consist of: Installation of new HVAC units on the roof of T3 East. Units were relocated from the basement. Design options provided to review airside curtain wall. Design options include treatment of curtain wall at concessions back of house space and passenger boarding bridge interface. +

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? N/A - SFIA CIP

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.
