James Van Ness

Seventh mayor of San Francisco: 1855 to 1856

66 Van Ness was elected mayor as a Democrat in 1855. However, his administration proved ineffectual in the face of three major crises that arose." – Wikipedia

The city was burning and the water lines were broken. City officials decided to try to start a fire break. It was unsuccessful on the first attempt and so the decision was made to attack the widest street, Van Ness. All the dynamite that could be found was brought to the street. Imagine if you will block after block, mansion after mansion, millionaires pride reduced to rocks and boards.
