DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

This park renovation project includes the upgrade of an existing park facility. The park program will remain the same which includes, tennis/basketball courts, three baseball fields and three soccer fields. A majority of the work includes renovation of these existing park features with additional upgrade to park circulation and ADA access. The project also includes the replacement of two storage cargo containers with a new 500sf storage structure. This structure is designed with so that it recedes into the exiting park landscape. The form is intended to be simple and clean with board formed concrete facade. +

IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? 2012 Clean and Safe Park Bond

COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.

FEES

2012/2013 Cost Estimates
For a Phase 1, Phase 2, or Phase 3 meeting: \$2,316
All other meeting types: no fee
