General notes:

- All indicated parts of this sign type are to be powder coated all sides, prior to assembly
- All welds to be ground and filed prior to powder coating
- Copy to be produced per electronic art supplied by Designer
- Fabricator to provide one [1] complete sign for approval, prior to full production.

Prototype shall be complete and finished, and shall demonstrate all materials, fabrication methods, and finishes.

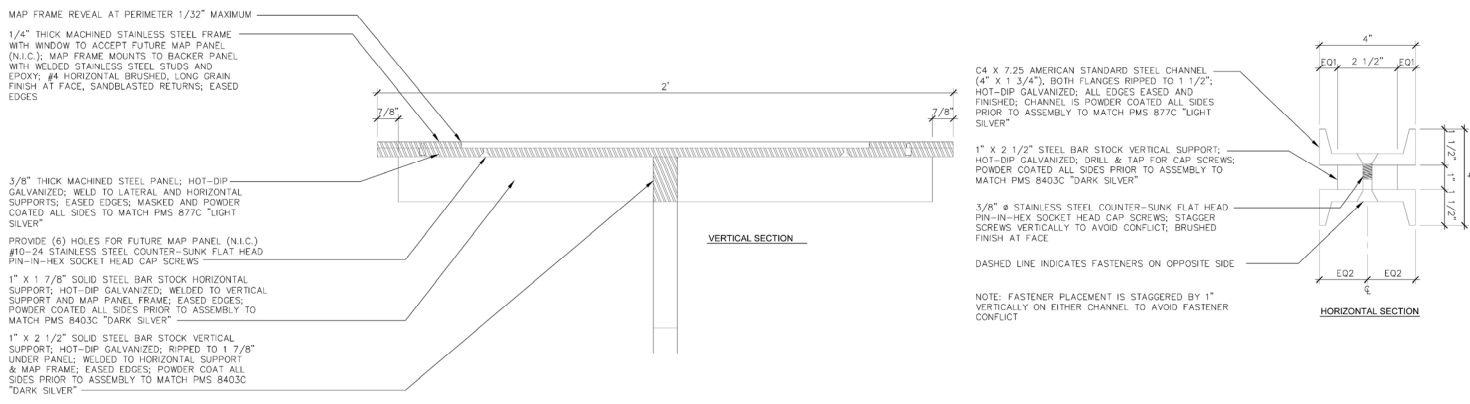

- Shop drawings and all prototypes of signs must be reviewed and approved by Disability Access Coordinator prior to fabrication of the permanent signs.
