### DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The Candlestick Point Street scape Master Plan and Signage Master Plan present an overall vision for the street scape and public realm in Candlestick Point. These documents are consistent with the Major phase development plan for that same area and are intended to further place-making and identity building for the project master plan and the surrounding community by providing a consistent design framework interspersed with opportunity for community involvement.

### IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? \_\_\_\_\_
