## DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The proposed new structure would host a café to supplement the Academy's existing food services, providing guests with the option of obtaining lighter fare and barista service in the Academy's West Garden. The covered structure would be open to the West Garden when weather permits, but can be fully enclosed to allow for year-round use. The new West Garden Café will replace the temporary tent currently installed beneath the west canopy and Maya Lin sculpture of the Academy's main building.
