## DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

The Moscone Convention Center proposes to increase its functional and operational area, including more contiguous exhibition space, meeting rooms and support spaces. In addition to an improved experience for convention center visitors, the expansion will activate the streetscape, enhance pedestrian circulation and interest, and capitalize on Moscone's unique location in the city, creating an iconic civic presence on Howard Street.

## IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? No

## COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.
