| <input type="checkbox"/> PHASE 1: Conceptual design                 | <input type="checkbox"/> Small Project Review       |
| <input type="checkbox"/> PHASE 2: Design Development                | <input type="checkbox"/> Plaque Review              |
| <input checked="" type="checkbox"/> PHASE 3: Construction Documents |   |

## DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals).

1. Identify a common site/building concept.
2. Create a visually "identifiable" elevation pattern.
3. Use a "Kit of Parts" material language.

The only design revision for Phase III is the re-configuration of the chemical rooms at Lake Merced Golf Club. Club management asked PUC to move the facility closer to the slope and away from the access road. Chemical rooms are rotated 90 degree to set back from the slope.

## IS THIS PART OF A MULTI-SITE PROJECT, BOND OR CAPITAL IMPROVEMENT PROGRAM?

If yes, which program? Regional Groundwater Storage and Recovery Project

## COMMUNITY OUTREACH

It is your obligation to notify the community (by mail or email) that there is opportunity for public comment at the Civic Design Review Meeting.

## FEES

2012/2013 Cost Estimates  
For a Phase 1, Phase 2, or Phase 3 meeting: \$2,316  
All other meeting types: no fee
