Subject: My viewpoint on moving the street artist program

Howard,

I am writing to you because of Michael Addario's September address to the Arts Commission advocating the Street Artists Program leave the Arts Commission's jurisdiction.

It is Mr. Addario's right to speak his opinion but not to speak for others. I do not agree with his viewpoint. I believe it is in the best interest for the Street Artist Program to remain with the Arts Commission.

Feel free to share my opinion.

Best regards,

Phyllis Williams
