Walla Walla Gardens

5.22.93

A photograph of a construction site. In the foreground, there is a concrete curb and a grassy area with some yellow dandelions. To the left, an orange and white striped traffic barrel is visible. In the middle ground, a black chain-link fence runs across the frame. Attached to the fence is a large sign with the words "subject to change" in a pixelated font. The word "subject" is green, "to" is yellow, and "change" is pink. The background consists of a dense line of trees with green foliage under an overcast sky.

subject to change
