

**Pardon-Our-Appearance Temporary Sculpture Garden
- Visitacion Valley Greenway -**

Our goal is to create more opportunities for Bay Area artists to exhibit sculptural works in an outdoor natural setting.

Working with local artists, Randy Colosky, Joe Ferriso, Brian Perrin, and Sofie Ramos, our objective is to promote artworks with the intention of respecting and enhancing the existing environment. Each artist has created site specific pieces thoughtfully placed to enhance existing focal points within the garden. Each sculpture has been designed for a specific location within the greenway and the bright colors have been selected to compliment the intense foliage of the springtime bloom that is on full display from April through June, the dates of this exhibition.

The Greenway Sculpture Garden is the pilot program for what Pardon-Our-Appearance hopes to be a continuing series of temporary sculptural exhibitions throughout San Francisco's public open spaces.
