   Q4, 2016

6 New Addition
   Q1, 2017
A central entry and lobby and a central courtyard re-make the Garfield Pool and Garfield Clubhouse as one new Garfield Center

Conceptual Goals

- Create one unified center with a single lobby for natatorium, clubhouse and courtyard
- Give the building identity, visibility- make it obvious to find the front door
- Courtyard: connects entry, natatorium and multi-purpose space, provides outdoor flexible activity space, and becomes the heart of Garfield center
