## DESIGN PROCESS/ EVOLUTION

Garfield Pool Renovation | Civic Design Review #1 | 02/13/2017

## A central entry and lobby and a central courtyard re-make the Garfield Pool and Garfield Clubhouse as one new Garfield Center

### Conceptual Goals

- Create one unified center with a single lobby for natatorium, clubhouse and courtyard
- Give the building identity, visibility- make it obvious to find the front door
- Courtyard: connects entry, natatorium and multi-purpose space, provides outdoor flexible activity space, and becomes the heart of Garfield center
