

6/26/18

- On Monday, June 25, Jeff Potter emailed me asking what the renewal process was “for all Veterans”
- He then proceeded to leave a voicemail for Kate Faust asking her to renew his license
- Jeff had been noticed on June 11, 2018 that his license would not be renewed until after a public hearing
- I sent him the notice again on June 25, as well as copied the relevant text into the email.
- On Tuesday, June 26, Jeff Potter left Kate Faust a voicemail in which he stated, “You need to take care of this.”
- Kate has never been a staff member of the Street Artist program. She last participated in the program in 2015 during an evaluation and feasibility study. I listened to the voicemail and found it to be verbally aggressive. It is unclear what his motives are for involving Kate Faust, although he made statements in the voicemail about the office denying him his permit.
- I again emailed Jeff Potter clarifying that it is myself or Barbara Mumby who he needs to speak to regarding this issue.
- Jeff responded asking for Barbara’s contact information and I again sent him her email.
