DESIGN CONCEPT

Please provide a succinct description of the design concept or idea (not the functional goals). Attach additional page if needed.

Inspired by the vibrant life and community events that the Square has become known for, the design is inspired by the concept of a jewelbox. A larger space is subdivided into a smaller sequences of "moments", the jewels of the park. The design team has used a series of approaches, through furnishing, planting, and architecture, to reinforce the concept of the jewelbox throughout the design. This design approach is supported by the community and was vetted through an extensive public outreach phase.
