SAN FRANCISCO BOARD OF APPEALS

RESOLUTION ENCOURAGING THE ESTABLISHMENT OF NOTICE REQUIREMENTS TO ALL TENANTS OF A RESIDENTIAL BUILDING WHEN PERMITS ARE ISSUED TO ADD ACCESSORY DWELLING UNITS

WHEREAS, the Board of Appeals was established in 1932 and is authorized by the San Francisco Charter to hear and decide appeals of a wide range of determinations made by other City departments, commissions and agencies, including appeals of building permits; and

WHEREAS, San Francisco has streamlined the process for obtaining permits to build Accessory Dwelling Units ("ADUs"), the Board of Appeals has experienced an increase in appeals of permits obtained by property owners seeking to add Accessory Dwelling Units ("ADUs") to residential buildings, mainly by converting existing garage, storage and parking space; and

WHEREAS, there are no Building or Planning Code provisions which require the property owner to provide notice to all tenants of the issuance of the permits to convert building space to ADUs; and

WHEREAS, the only notice requirements directed to tenants are set forth in the Department of Building Inspection's "Information Sheet No. G-23" as part of the initial screening process before a permit is issued; and

WHEREAS, Information Sheet G-23 only requires the property owner to notify tenants that may lose housing services of their rights under the Rent Ordinance; and

WHEREAS, the Board has heard public testimony from a number of tenants who are either directly or indirectly affected by the addition of ADUs who stated that they did not receive notice of the proposed conversion of space either before or after the issuance of the permits; and

WHEREAS, said permits to build ADUs affect all tenants either directly (through the removal or reduction of housing services such as garage, laundry or storage space) or indirectly by the nature of construction work including, noise, construction workers and a possible reduction in on-street parking spaces when garages are removed; and

WHEREAS, the Board of Appeals believes that residential buildings and their public spaces form a community for the tenants who have made their homes within the building; and

WHEREAS, the Board of Appeals believes that property owners should provide notice to ALL tenants of: (1) the intent to convert space in the building to ADUs prior to permit issuance, and (2) the issuance of permits for ADUs; further, property owners should provide tenants with a set of plans and have a process in place to receive and respond to inquiries from tenants; and

NOW THEREFORE BE IT RESOLVED, that the members of the Board of Appeals encourage members of the San Francisco Board of Supervisors, the San Francisco Building Inspection Commission, and the San Francisco Planning Commission to consider Code revisions that would require property owners to provide plan sets and notice, both prior to and at the time of permit issuance, to all tenants of a residential building, of the intent to convert space in the building to ADUs, regardless of whether housing services will be severed or reduced; and further to require property owners to provide a process to receive and respond to inquiries from tenants.
