<p>447 PARTNERS, LLC, Appellant(s)</p> <p>vs.</p> <p>ZONING ADMINISTRATOR, Respondent</p>	<p>530 Sansome Street.</p> <p>Appealing the ISSUANCE on August 27, 2021, to EQX Jackson SQ Holdco LLC, of a Variance Decision (the Project would demolish three existing buildings, including the SFFD Station 13 and two vacant commercial buildings and construct a new mixed-use building reaching a roof height up to 218 feet tall; the Project would have two distinct land use programs that could be implemented at the site: (1) a 248,000 square foot Commercial Variant (inclusive of SFFD uses) which would establish a 200-room hotel, 37,000 square feet of office uses, a 32,000 square foot gym and 7,900 square feet of restaurant uses contained within a 19-story tower); (2) a 283,000 square foot Residential Variant (inclusive of the SFFD uses) which would construct 247,000 square feet of residential uses (256 dwelling units) in a 21-story tower. The center of the site devoted to the new SFFD Station 13 is not fully compliant with the Code's strict development standards for commercial street frontages and therefore requires variances. The Zoning Administrator granted variances from the Code requirements for the width of the openings for off-street parking and loading, active use, ground floor ceiling height, and transparency for street frontages in Commercial Districts).</p> <p>CASE NO. 2019-017481VAR.
