Wednesday, October 14, 2009
2:00 PM – 4:00 PM
City Hall Room 305

Co-Chairs

Edwin Lee, City Administrator
General Services Agency
and
Chris Poland, Chair, NEHRP ACEHR
Co-Chair, SPUR Resilient Cities Initiative
CEO, Degenkolb Engineers

Lifelines are the systems and facilities that provide services vital to the function of an industrialized society and important to the emergency response and recovery after a natural disaster. These systems and facilities include communication, electric power, liquid fuel, natural gas, transportation (airports, highways, ports, rail and transit), water, and wastewater.

- *American Society of Civil Engineering Technical Council on Lifeline Earthquake Engineering (TCLEE), 2009*
