Please find attached two PDF documents. One contains my comments for the task force. The other is a draft paper I have written about estimating margins of victory in IRV/RCV elections.

In addition, I suggest that the task force report, including its draft versions, include on nearly every page the following information:

- a. a page number
- b. a (short) document title (e.g. SF VSTF Recommendations)
- c. a short version designation (e.g. Draft 8)
- d. a version/release date
- e. a section identifier
