GENERAL SERVICES AGENCY
OFFICE OF LABOR STANDARDS ENFORCEMENT
PATRICK MULLIGAN, DIRECTOR

DATE: October 6, 2016

TO: The Honorable Civil Service Commission

SUBJECT: CERTIFICATION OF THE HIGHEST PREVAILING RATE OF WAGES OF THE VARIOUS CRAFTS AND KINDS OF LABOR PAID IN PRIVATE EMPLOYMENT IN THE CITY AND COUNTY OF SAN FRANCISCO

RECOMMENDATION: ADOPT REPORT; FORWARD TO BOARD OF SUPERVISORS

Section 6.22 of the Administrative Code requires that the Civil Service Commission furnish the Board of Supervisors data as to the highest general prevailing rate of wages of the various crafts and kinds of labor as paid in private employment in the City and County of San Francisco. The attached General Prevailing Wage Determinations made by the Director of Industrial Relations, State of California pursuant to the California Labor Code reports the highest prevailing rate of wages of the various crafts paid in private employment in the City and County of San Francisco (please see **Attachments 1-4**).

In addition to the classifications and crafts addressed by the Director of Industrial Relations' General Prevailing Wage Determinations, the San Francisco Administrative Code Section 21C requires that prevailing wages be paid for other crafts and classifications, described below.

Janitorial Services: In May 1999, the Board of Supervisors amended the Administrative Code to require that contracts for janitorial services to be performed at any facility owned or leased by the City, "where such work is to be done directly under the contract awarded (a 'prime contract') must require that any individual performing Janitorial Services thereunder be paid not less than the Prevailing Rate of Wages." **Attachment 5** contains the Collective Bargaining Agreement between the San Francisco Maintenance Contractors Association and Service Employees International Union, Building Service Employees Union, Local 1877 Division 87, in effect from August 1, 2012 through July 31, 2016, reflecting the prevailing wage rates for individuals performing janitorial services. **Attachment 6** contains the Collective Bargaining Agreement between the San Francisco Window Cleaning Contractors Association and Window Cleaners Union – SEIU Local 1877, AFL-CIO in effect from April 1, 2014 to March 31, 2017, reflecting the wage and benefits levels for individuals performing window cleaning services.

Workers in Public Parking Lots and Garages: In January 2003, the Board of Supervisors amended the Administrative Code to require workers employed in public off-street parking lots, garages, or storage facilities for automobiles on property owned or leased by the City and County of San Francisco be paid the prevailing wage rate. **Attachment 7** is the Garage and Parking Lot Agreement between Parking Employers and Teamsters Automotive Employees, Local 665 in effect from December 1, 2012 to November 30, 2015.

Theatrical Workers: In April 2004, the Board of Supervisors amended the Administrative Code to require that workers engaged in rigging, sound, projection, theatrical lighting, videos, computers, draping, carpentry, special effects, and motion picture services for shows on property owned by the City and County of San Francisco be paid the prevailing wage rate. **Attachment 8** is the Project Collective Bargaining Agreement between the City and County of San Francisco and the International Alliance of Theatrical Stage Employees Bargaining Agreement, Local 16 for January 1, 2016 through June 30, 2016.

Moving Services: In July 2004, the Board of Supervisors amended the Administrative Code to require that “any individual performing moving services... be paid not less than the Prevailing Rate of Wages.” **Attachment 9** is the Agreement between the Service West and the Northern California Regional Council of Carpenters and the Carpenters 46 Northern California Counties Conference Board regarding furniture movers and related classifications, in effect from September 1, 2015 to August 31, 2017.

Hauling of Solid Waste: In December 2006, the Board of Supervisors amended the Administrative Code to require that for every contract awarded by the City for the hauling of solid waste generated in the course of City operations, “any Individual engaged in the hauling of solid waste be paid not less than the Prevailing Rate of Wages.” **Attachment 10** is the Collective Bargaining Agreement between Recology Sunset & Recology Golden Gate and Sanitary Truck Drivers and Helpers Union Local 350, IBT, in effect from January 1, 2012 until December 31, 2016.

Trade Show and Special Event Work: In June, 2014, the Board of Supervisors amended the Administrative Code to require that prevailing wages be paid for work involving the on-site installation, set-up, assembly, and dismantling of temporary exhibits, displays, booths, modular systems, signage, drapery, specialty furniture, floor coverings, and decorative materials in connection with trade shows, conventions, expositions, and other special events on City property. **Attachment 11** is the current Collective Bargaining Agreement between Convention Services Employer and Allied Trades District Council 36, on behalf of Sign Display and Allied Crafts Local Union 510, in effect from April 1st 2015 to March 31, 2018.

Broadcast Services: In February, 2016 the Board of Supervisors amended the Administrative Code to require that prevailing wages be paid for work involving electronic capture and/or live transmission on-site of video, digital, and/or audio content for commercial purposes through the use of a remote production or satellite truck on-site. **Attachment 12** is the current Collective Bargaining Agreement between Mira Mobile Television, Inc. and KELLEYCORE, and the International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists, and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC and its Local 119 / Bay Area Freelance Association in effect from April 1st 2014 to March 31, 2017.

The Board of Supervisors amended Administrative Code Section 21C.7 in 2012 to require that the Civil Service Commission provide data on two components for each craft, classification, and type of work: (1) the basic hourly wage rate and (2) the hourly rate of each fringe benefit, which together equal the hourly prevailing rate of wages. The Office of Labor Standards Enforcement (OLSE) has summarized these rates based on the Collective Bargaining Agreements included in

Attachments 5-10 for the crafts and classifications added at the request of the Board of Supervisors discussed above (please see **Attachment 13**). These tables are for reference only and may not include all of the information on prevailing basic hourly wages and fringe benefits required by the Collective Bargaining Agreements.

For ease of reference, also included is an alphabetical list of the occupations covered in these various Wage Determinations (please see **Attachment 14**).

It is recommended that the Civil Service Commission certify the State Department of Industrial Relations Director's General Prevailing Wage Determination Report and Collective Bargaining Agreements, which reflect the highest prevailing rate of wages paid various crafts and kinds of labor paid in private employment in the City and County of San Francisco.

If the Civil Service Commission certifies these rates, companion legislation effectuating such proposed changes should be drafted by the City Attorney and transmitted to the Board of Supervisors concurrently with the certification.

Respectfully Submitted,

Patrick Mulligan
Director
Office of Labor Standards Enforcement

**IMPORTANT NOTICE TO AWARDING BODIES AND
OTHER INTERESTED PARTIES CONCERNING THE NEW
AMENDMENTS TO LABOR CODE SECTION 1720(a)**

The passage of Senate Bill 975 (Chapter 938), effective January 1, 2002, codifies existing Department of Industrial Relations' administrative decisions on appeal and determinations regarding the above referenced statute. This statute, among other things, also expands the definition of "public funds" for purposes of the Prevailing Wage Law and adds "installation" to the definition of construction. Chapter 938 also provides for certain specified exemptions to the new definition of "public funds."

In accordance with SB 975, its terms will be strictly enforced for all public works projects advertised for bids on or after January 1, 2002, except for those projects that that would have been covered under the Department's public works coverage determinations or decisions on appeal made precedential prior January 1, 2002, in which case there is an independent basis for enforcement of projects advertised for bid prior to January 1, 2002.

RE: Prevailing Wage Determination - Soils and Materials Tester (SMT) On Site

Dear Ms. Robbins:

Please find enclosed the response of Operating Engineers Local Union No. 3 in support of a Prevailing Wage Determination for a Soils and Materials Tester as set forth in the Master Construction Agreement for Northern California.

The data enclosed, we believe, justifies and establishes the Scope of Work Conforming to SB1999 for a Soils and Materials Tester performing on-site work in Northern California.

We respectfully request that a conclusive determination be made that the wage rates and fringe benefit rates applicable to this classification are the prevailing wage for this type of work within the geographical jurisdiction established in the Master Agreement and are consistent with the requirements of SB1999.

Your continuing assistance is appreciated. If there are any further questions, do not hesitate to contact myself or Dean Dye at 510/748-7400.

Sincerely,

**DEPARTMENT OF INDUSTRIAL RELATIONS
STATE OF CALIFORNIA
CLARIFICATION REQUEST - SOILS & MATERIALS TESTER (SMT)
WITH
OPERATING ENGINEERS LOCAL 3'S RESPONSES**

1. Summarize the intent of the coverage of the SMT classification in your No. CA Master Agreement, which serves as the basis for the prevailing wage determination.

All visual, physical and non-destructive testing that is done at a jobsite, on-site lab, fabrication site (yard), or off-site lab used exclusively for covered work.

2. Define the following and indicate if done by the SMT classification:

- a) Magnetic particle testing -- used for welding, laminations and other steel inspections; done by SMT
- b) Non-destructive inspection -- used for welding, laminations and other steel inspections; done by SMT
- c) Ultrasonic testing -- used for welding, laminations and other steel inspections; done by SMT
- d) Keying -- excavation at the toe of a slope; done by equipment operator
- e) Benching -- process of removing noncompacted or "soft" soil in order to properly place the compacted soil on unyielding materials; done by equipment operator
- f) Scarifying -- process of ripping or otherwise preparing the existing surface; done by equipment operator
- g) "Rolling of slopes" -- process of compacting the slope to the required density (also called "back rolling"); done by equipment operator
- h) One-pointer -- test made to roughly determine the weight and maximum density of the soil being used as fill material; done by SMT
- i) "Correction for rock" -- used during a compaction test to mathematically remove all oversize rock from the equation; done by SMT

3. Does lab work fall within the jurisdiction of the SMT? Does the on/off site location of the lab make a difference?

Lab work done offsite normally does not fall under the Construction Inspectors jurisdiction. If a field lab is set up at the project site in the field, it then falls under the Construction Inspectors jurisdiction.

4. What is the civil engineer's job when working with the SMT? Is the civil engineer covered under the scope of the SMT sections of the collective bargaining agreement (CBA)?

A Civil Engineer generally provides direction, plan interpretation and engineering type decisions. They may be either on- or off-site (depends on the nature of the project). They generally do not do the Construction Inspector type work; but if they do, then it is covered work.

5. The MLA (p.5) lists employees excluded from coverage. Does this imply that engineers and architects, project managers, off-site laboratory workers are excluded?

Engineers, Architects, Project Managers, off-site Lab Workers, as long as they do not perform the Construction Inspector work, would not be covered.

6. Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers Agreement? If so, how is work performed?

We (OE3) consider Mechanical Inspectors to be covered by our CBA, therefore the prevailing wage (at the SMT rate) would be paid. Electrical should be covered work by the electrical craft.

7. Regarding manufacturing sites, if inspectors visit plants, is that inspection of the plant and its processes covered under the Agreement, is that the intent of SB1999?

Steel fab shops, concrete and asphalt batch plants, prestressed yard and fabrication shop, etc. (such as those for piles & girders, gul lam beams) is covered work under the intent of SB1999, including mechanical and electric.

8. Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?

Concrete, Steel, Painting and Electrical Inspectors are covered work. Also Inspectors such as Roofing, Mechanical (HVAC), Suspended Ceiling, Plumbing, Geotechnical (unless registered Geologists/Engineer is specifically required by the plans & specs) Masonry, Fireproofing, Gul lam beams, Shotcrete, etc. In essence all inspection as required by the Uniform Building Code (UBC) is considered covered work.

9. Is visual observation inspection covered? For example: Using tape measures...

The Construction/Special Inspector shall observe the work for conformance.....” is part of the UBC requirements. The majority of inspection work is visually by nature. Slump of concrete, length of weld, depth of footings, pile caps, width of footings, pile caps etc. are but a short list of work that a Construction Inspector would use a tape measure for.

10. What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer Agreement?

A Geotechnical Engineer normally would be a registered person with a college degree. They may be a Geologist/Engineer in training also. Geotechnical Engineer performs/supervises the analyses, design and documents preparation associated with the geotechnical aspects of the project. They would not normally be covered, unless doing Construction Inspector work.

A Geotechnical Inspector ascertains through inspection and/or testing that the Geotechnical Engineer's requirements/recommendations are complied with. A Geotechnical Inspector would normally be covered.

11. Is a Project Manager whose duties include weekly meetings, approving, contracts, managing engineers, managing subcontracts and preparing monthly reports be covered under the CBA?

A Project Manager, (who would normally not be doing construction inspection work) would not be covered.

12. Is a Resident Engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry, and HVAC tests, and acting as a liaison between contractors and engineers be covered?

Resident Engineers, normally a professional registered person is not covered unless doing Construction Inspector work (such as performing soils, concrete, masonry & HVAC tests).

13. Is the SMT an apprenticeable classification?

Yes.

14. Is inspection of bridges and piers covered under the SMT classification under Operating Engineers Local #3's agreement?

Yes.

The following, in addition to the above, are also considered covered inspection work: high strength bolting; shearwall & diaphragms; metal connectors, anchors or fasteners for wood construction; piling; drilled piers; caissons; bolts installed in concrete; post tensioning steel; pre-stressed steel. Also includes, but not limited to, underground construction (sewers, gas lines, drainage devices, water lines, backfilling, welding, bedding). SMT rates apply.

Re: Building Construction Inspector (BCI) and Field Soils and Material Tester (FSMT) Classifications

Dear Ms. Robbins:

Pursuant to your request for clarification contained in your November 20, 2001 correspondence we submit the following:

1. *What is the difference between the Building Construction Inspector (BCI) and the Field Soils and Materials Tester (FSMT) classifications? There appears to be some overlap of duties. Could you summarize the intent of the coverage between Southern California Contractors Association, Inc. and the International Union of Operating Engineers Local No. 12, which serves as the basis for the prevailing wage determination?*

As stated in our June 5, 2001 correspondence to your office, a Building Construction Inspector (BCI) is a licensed inspector who generally works under the direction of a registered civil engineer. The BCI is used when higher stresses are involved, e.g., welding, reinforced concrete, masonry, non-destructive testing and other related disciplines. The term "building inspector" or "construction inspector" has the same meaning as "special inspector." The BCI classification is meant to include inspection of all structures, including but not limited to, residential and commercial buildings, bridges, piers, warehouses, oil/water tanks, docks, refineries, heavy highway construction, underground construction, water works, sewers, water reclamation, flood control, dams, dredge, etc.

A field soils and material tester (FSMT) performs a variety of duties. They include special grading, excavation filling, soils used in construction, concrete sampling, density testing and various types of verification tests.

Occasional overlap of duties may occur between the BCI and FSMT, such as taking concrete specimens in the field, however, one must look at the overall scope of work/duties to determine the proper prevailing wage/rate classification.

2. *How is grading inspection different when performed by a BCI or by a FSMT?*

"Grading inspection is generally the work of a FSMT. The City of Los Angeles certifies/licenses grading inspectors whose duties are similar, but more stringent than those of the FSMT. The grading inspector in the Los Angeles area is covered under the BCI classification/wage rate.

3. *Please define the following and identify which classification performs this work:*

- a) *Magnetic particle testing*
- b) *Nondestructive inspection*
- c) *Ultrasonic testing*
- d) *Keying*
- e) *Benching*
- f) *Scarifying*
- g) *"Rolling of slopes"*
- h) *One-pointer*
- i) *"Correction for rock"*

a) b) c) Magnetic and ultrasonic testing are two different forms of non-destructive testing (NDT). They use mechanical devices to check defects in structures such as welds. The use of magnetic and ultrasonic waves in the evaluation process does not cause any damage to the structure, hence, the term non-destructive testing. Other forms of non-destructive testing include radiography (x-rays) and penetrant testing. All of this work is that of the BCI.

d) Keying in is benching into existing material while filling up an adjacent fill, to bind the two areas (materials) together, eliminating the chance of a soft or uncompacted area in between the two materials or areas. A "stair-step" procedure is usually used.

e) Benching is using a piece of equipment (usually a dozer) to cut into existing material while filling up an adjacent fill, to bind the two areas (materials) together. This eliminates the chance of soft or uncompacted area in-between the two materials or areas. A "stair-step" procedure is usually used.

f) Scarifying is a procedure performed by equipment that rips up existing material approximately one foot deep, then processing that material by watering and mixing it.

g) Rolling of Slopes is a compaction technique used on the slopes of a new fill area. The time required for compaction on the slope of a fill is the same as the required compaction on the top of the fill.

h) A One-Pointer is one test made on the soil by a field soils and material tester (or FSMT).

i) Correction for Rock is a calculation made for oversized rock in soil, done by a field soils and material tester (FSMT).

Items a, b and c are performed by the BCI. Items d, e, f, g, h and i are performed by the FSMT.

To perform items a, b, and c, the individual would have to obtain certification as required by the agency. If certified, for example, in "Ultrasonic Testing," one could perform FSMT work and then move to BCI work if certified to do so.

4. *Does lab work fall within the jurisdiction of the BCI? Does the on/off site location of the lab make a difference?*

No, lab work is not covered. If a lab is located on-site and the individual stays "inside" the lab, there is no coverage. However, if the individual goes on-site and performs "field work," then he or she is covered for all hours worked.

5. *What is the civil engineer's job when working with the BCI or FSMT? Is the civil engineer covered under the scope of the BCI or FSMT sections of the collective bargaining agreement (CBA)?*

The civil engineer usually acts in a supervisory role, directing the BCI or FSMT activities. The civil engineer work would not be covered unless he or she performs "field work."

6. *The Master Labor Agreement (page 5) lists employees excluded from coverage. Does this imply that engineers, architects, project managers and off-site laboratory workers are excluded?*

Yes.

7. *Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers agreement? If so, how is work performed?*

Not covered.

8. *When inspectors visit manufacturing sites, is the inspection of the plant and its processes covered under the agreement? Is that the intent of SB 1999?*

Yes, pursuant to the agreement. The intent of SB1999 was to further define coverage in the public work arena.

9. *Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?*

Geotechnical, yes. Concrete, yes. Painting, no. Steel, yes. Electrical, no.

10. *Is visual observation inspection (e.g., using tape measures) covered?*

Yes. Visual inspection is a component of the Inspector's duties.

11. *What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer agreement?*

A Geotechnical Inspector is "on-site" performing the "field work" and is covered. The

Geotechnical Engineer is usually "in-house," a supervisory position, "off-site."

12. *Is a project manager whose duties include weekly meetings, approving contracts, managing engineers, managing subcontracts and preparing monthly reports covered under the CBA?*

No.

13. *Is a resident engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry and HVAC tests, and acting as a liaison between contractors and engineers covered?*

When a Resident Engineer logs correspondence among contractors and subcontractors, the work is not covered. When the Resident Engineer acts as a liaison between contractors and engineers, the work is not covered. When performing soil, concrete or masonry tests, the work is covered. HVAC tests are not covered.

14. *Is the BCI an apprenticeable classification?*

Yes.

15. *Is the FSMT an apprenticeable classification?*

Yes.

16. *Is inspection of bridges and piers covered under the BCI and/or FSMT classifications under your agreement?*

Yes. Please see the coverage language in the CBA. Both classifications are covered pertaining to bridge work.

We hope the information provided herein is beneficial to you. Please call this office if you should have any questions.

Sincerely,

The passage of Senate Bill 1999 (Chapter 881), effective January 1, 2001, codifies existing Department of Industrial Relations administrative decisions, determinations and regulations concerning the above referenced work. This work when done on or in the execution of a "Public Works" project requires the payment of prevailing wages. In accordance with SB 1999, Inspection and Testing determinations will be strictly enforced for all public works projects advertised for bids on or after January 1, 2001. Field surveying determinations have been and will continue to be enforced for all public works projects.

The classifications that perform this work have been published in the Director's General Prevailing Wage Determinations for over 20 years and can be found on the Basic Trades pages (Building Inspection, Soils Testing) and on the individual county sheets (Field Surveying). **Important Notice to Awarding Bodies and Other Interested Parties
Regarding Shift Differential Pay in the Director's General Prevailing Wage Determinations**

Dear Public Official/Other Interested Parties:

The Director's General Prevailing Wage Determinations includes shift differential pay for various crafts used on public works projects. This notice is to clarify the worker's eligibility to receive the shift differential pay when working on a public works project. Please note that not all crafts have shift differential pay published in the Director's General Prevailing Wage Determinations.

When a worker is required to work a regular shift, he/she must be paid the applicable craft rate from the Director's General Prevailing Wage Determinations for the construction activity he/she is performing. However, when a worker is required to work a shift outside of normal working hours, he/she must be paid the shift differential pay according to the shift he/she is working. For example, if only one shift is utilized for the day, and the work being performed is during the hours typically considered to be a swing (second) shift or graveyard (third) shift, the worker employed during the hours typically considered to be a swing shift or graveyard shift must be paid the shift differential pay for the shift he/she is working. If multiple shifts are used for the day, the worker working on the second or third shift must be paid according to the shift he/she is working.

Please refer to the contract provisions posted on the Internet at www.dir.ca.gov/DLSR/PWD for the working hours applicable to the craft/classification published in the Director's General Prevailing Wage Determinations, which has a swing shift and/or a graveyard shift.

Dear Chuck,

I hope the information below will help you.

For C7 licensed contractors with whom CWA holds a collective bargaining agreement in the State of California, I believe the following statement covers 95 % of work performed by our members.

The scope of work that CWA members perform requires the running of conduit from time to time. This conduit work is typically coincidental to Telecommunications work and normally in telecommunications rooms / closets. Usually the conduit run is not longer than 10 feet.

Bill Quirk

RE: Enforcement of Prevailing Wage Obligations for On-Haul and Off-Haul Trucking By Owner-Operators Not Employed by Material Suppliers

Dear Interested Parties:

This notice is in response to the various letters I have received regarding enforcement of prevailing wage obligations for owner-operator truck drivers hauling material and equipment to and from public works sites.

It has been this Department's policy that owner-operators, including owner-operator truckers, performing public work must be paid prevailing wages.¹ It appears, however, and as some of you have acknowledged, the majority of the Department's enforcement of prevailing wage obligations has concerned owner-operators (of any kind) performing work within a public works site.²

In light of the Department's enforcement experience and its current consideration of appropriate wage rates for owner-operators performing on-haul and off-haul trucking, enforcement of prevailing wage obligations for such work is stayed pending DLSR's establishment of the appropriate rates, including a formula for applying them to the unique circumstances of owner-operator compensation.³

In addition, the rates established by DLSR for owner-operator truckers performing off-haul and on-haul deemed to be public work will be applicable to all work advertised for bid on or after the date of the rates issued by DLSR.⁴

Sincerely,

/s/John M. Rea
Acting Director

¹ Under *O. G. Sansone Co. v. Department of Transportation* (1976) 55 Cal.App.3d 434, 458, 127 Cal.Rptr. 799, this excludes owner-operators employed by material suppliers.

² Almost all prevailing wage complaints involving owner-operators performing on-haul and off-haul trucking appear to have come in after the request for a determination or after the issuance of the determination.

³ Labor Compliance Programs are required to enforce prevailing wage obligations in a manner consistent with the enforcement policies of DLSE (title 8, California Code of Regulations, section 16434). Thus, Labor Compliance Programs are directed to observe the same stay policy as described herein.

⁴ Consistent with the Department's enforcement policy, if an awarding body does not advertise the public works project for bid, other benchmarks events, including the first written memorialization of the agreement concerning the public works elements of project or the contract governing the award of public funds will be utilized instead. See e.g., Baldwin Park Market Place, City of Baldwin Park, Public Works Case No. 2003-028, October 16, 2003.

METAL ROOFING SYSTEMS INSTALLER (PAGES 2J - 2J-15)**

Dear Public Official/Other Interested Party:

The Division of Labor Statistics and Research (DLSR) found through the Metal Roofing Systems (Commercial Construction) Statewide Wage and Benefits Survey that there is insufficient or no data to establish a mode for metal roofing in **Alpine, Colusa, Del Norte, Glenn, Imperial, Inyo, Kern, Kings, Lake, Mariposa, Merced, Modoc, Mono, Nevada, Plumas, San Benito, San Luis Obispo, Santa Cruz, Sierra, Sutter, Tehama, Trinity, and Tuolumne** counties. The Director of Industrial Relations determined that the minimum acceptable rate for metal roofing in these counties would be one of the four rates which DLSR publishes as prevailing through broad areas of California (i.e. the Carpenter, Iron Worker, Roofer and Sheet Metal Worker rates published in the General Prevailing Wage Determinations).

These will remain the minimum rates unless and until the rate is successfully challenged, in the context of a specific job with payroll evidence that another rate prevails, under Labor Code Section 1773.4 (for a specific project) or should another party submit payroll data showing that there is a single rate prevailing in a broad labor market which includes these counties or for one of these counties, via petition meeting the requirements of under Title 8, California Code of Regulations section 16302. We will require, as the survey did, actual payroll data linked to a project on which a metal roof was installed by the worker paid that rate. Please note that in the successfully challenged county(ies), a wage and benefits survey will be conducted to determine the prevailing wage rate for this type of work.

**IMPORTANT NOTICE
TO AWARDING BODIES AND INTERESTED PARTIES
REGARDING OVERTIME ON PUBLIC WORKS**

The Department has received several inquiries regarding whether it would be appropriate to refer to the contract provisions for a craft, classification, or type of worker in cases where the prevailing wage is based on a collective bargaining agreement to determine the overtime requirements for public works.

Contract provisions that allow for employees to work alternative workweek schedules in which they may work more than 8 hours per day without overtime pay do not apply to work performed on public works. The laws and regulations governing prevailing wages require that employees of contractors on public works be paid not less than 1-1/2 times the basic rate of pay for all hours worked in excess of 8 hours per day and 40 hours during any one week. In addition, overtime compensation may be required at a higher rate than 1-1/2 times the basic rate of pay, for less than 40 hours in a standard workweek, or for less than 8 hours in a calendar workday as specified in the prevailing wage determination. Contractors are required to pay overtime pursuant to Labor Code sections 1810-1815 and as indicated in the prevailing wage determination. Therefore, please refer to Labor Code sections 1810-1815 and the prevailing wage determination and not the contract provisions for each particular craft, classification, or type of worker to obtain the applicable requirements for overtime hours and rates of pay.

**IMPORTANT NOTICE TO AWARDING BODIES AND INTERESTED PARTIES
REGARDING PREVAILING WAGE DETERMINATIONS
FOR RESIDENTIAL PROJECTS**

The Division of Labor Statistics and Research (DLSR) will no longer issue residential wage rates as special prevailing wage determinations pursuant to the California Code of Regulations Section 16202. Effective January 26, 2009, the DLSR will make available on demand residential prevailing wage determinations for those crafts/classifications which are on file with the DLSR to any interested party upon request. This does not alter the basis for determination, it only improves the availability of these determinations to the regulated public.

As defined under the California Code of Regulations Section 16001(d), residential projects consist of single-family homes and apartments up to and including four stories. The residential determinations will apply only to the residential portion of the project meeting this definition. Construction of any structures or ancillary facilities on the project that does not meet this definition requires the payment of the general prevailing wage rates found in the Director's General Prevailing Wage Determinations.

To obtain residential determinations, please fax a request to (415) 703-4771 or send to the following address:

Department of Industrial Relations
Division of Labor Statistics and Research
P.O. Box 420603
San Francisco, CA 94142-0603

It is anticipated that residential determinations will be updated semi-annually as are the Director's General Prevailing Wage Determinations. An important notice will go up on DLSR's website when residential determinations are updated. If you are obtaining residential determinations and your project is not immediately advertised for bids, please refer to these important notices to make sure you are using the residential determinations in effect at the time a project is advertised for bids.

If you have any questions, please contact the Division of Labor Statistics and Research at the aforementioned address or call (415) 703-4780 and ask for the Prevailing Wage Analyst of the Week.

REGARDING THE GENERAL PREVAILING WAGE DETERMINATIONS FOR THE
CRAFT OF DRIVER (ON/OFF-HAULING TO/FROM CONSTRUCTION SITE)**

The Department of Industrial Relations ("Department") conducted a wage investigation to determine the prevailing wage rate(s) for the craft of Driver (On/Off-Hauling to/from a Construction Site). Based on the results of this investigation, the Department has issued statewide prevailing wage determinations for the classifications of Dump Truck Driver and Mixer Truck Driver (see pages 2L-1 through 2L-6 and pages 2K-1 through 2K-16, respectively). These determinations will be applicable to public works projects advertised for bids on or after March 4, 2009.

The Department determined that the Dump Truck Driver rates found in the Teamsters Master Labor Agreement for on-site construction also set the prevailing rate for On/Off-Hauling to/from a Construction Site for Marin, Napa, Solano, Sonoma, and Yolo Counties. Based on the results of this investigation, this on-site determination does not apply to any other counties for On/Off-Hauling to/from a Construction Site. To find the applicable rate(s) for the Dump Truck Driver classification in Marin, Napa, Solano, Sonoma, and Yolo Counties, please refer to the prevailing wage determination for the craft of Teamster (Applies only to Work on the Construction Site) found on pages 55, 56, and 56A of the Director's General Prevailing Wage Determinations.

For CD recipients, please note the correction that determination NC-23-261-4-2005-1 for the craft of Driver (On/Off-Hauling to/from a Construction Site), page 59, is no longer applicable to public works projects advertised for bids on or after March 4, 2009. To obtain the current determinations for this craft, please visit our website at <http://www.dir.ca.gov/DLSR/PWD/Statewide.html> on or after March 4, 2009, or contact the Prevailing Wage Unit at (415) 703-4774.

On February 22, 2010, the Division of Labor Statistics and Research issued the “Notice Regarding Advisory Scope of Work for the Southern California Carpenters’ General Prevailing Wage Determination.”

In reviewing the notice on our website, the carpenters notice contains a typographical error in the last sentence of paragraph 1, “the minimum rate of pay for work in question is performed by Electricians: Inside Wiremen...”

The correct wording should be as follows, “*the minimum rate of pay for the work in question is -- Electricians: Inside Wiremen...*”

Attached is the corrected notice.

**IMPORTANT NOTICE
TO AWARDING BODIES AND INTERESTED PARTIES REGARDING
THE PREVAILING WAGE RATES BELOW THE CALIFORNIA MINIMUM WAGE**

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than one thousand dollars (\$1,000).

Effective January 1, 2016, the minimum wage in California will increase to ten dollars (\$10.00) per hour. The Director's prevailing wage determinations shall not be below the California minimum wage. Each employer is required to pay at least the California minimum wage for the basic hourly rate in all cases where the published prevailing wage rate is below the California minimum wage. Any and all employer payments required by these determinations must also be paid.

If the California minimum wage is increased in the future to an amount above that shown in a prevailing wage determination, the basic hourly rate in that determination automatically increases to the new minimum wage.

IMPORTANT NOTICE

RE: Electronic Certified Payroll (eCPR) Reporting On Public Works Projects

Dear Interested Parties:

- This notice is in response to the numerous inquiries DIR has received regarding the difficulty that many contractors and subcontractors are having with the eCPR requirements effective January 1, 2016. See Labor Code § 1771.4(a)(3).

Effective immediately, enforcement of the eCPR requirement is hereby temporarily stayed pending outreach, education and upgrades to the eCPR system that will allow contractors and subcontractors to more easily submit CPRs into DIR's system. DIR is currently exploring an alternative reporting format that will facilitate compliance with the eCPR requirements for contractors and subcontractors that are having difficulty. DIR anticipates that the upgrades should be completed by June 2016.

This notice **only** applies to the obligation to submit CPRs into DIR's eCPR system. Awarding bodies must still ensure that contractors and subcontractors are registered under DIR's contractor registration system and in compliance with all other prevailing wage laws including, but not limited to, Labor Code section 1776 (Reporting of Certified Payroll Records).

This notice also does not affect the ability or obligation of labor compliance personnel, or rights of other interested parties, to request and obtain certified payroll records (hard copies in the absence of electronic records).

As a condition of continued employment all Employees employed by an Employer subject to this Agreement shall become and remain members of the Union not later than thirty-one (31) days following the beginning of their employment, or the execution date of this Agreement, whichever is the later. Upon notice from the Union that any employee is not in good standing, the Employer shall discharge said employee within ten (10) days after receiving such notice, unless the employee puts himself/herself in good standing with the Union before the expiration of the ten (10) day period herein mentioned, and before such discharge.

An employee may request the presence of a Union steward or representative for any meeting or discussion with the employer that may lead to discipline.

SECTION 20 GRIEVANCE PROCEDURE

- 20.1 Any difference between the Employer and the Union involving the meaning or application of the provisions of this Agreement shall constitute a grievance and shall be taken up in the manner set forth in this Section. Before filing a grievance in writing, a grievant and/or his representative may discuss the grievance with a representative of the other party to attempt to resolve the grievance informally.
- 20.2 If the aggrieved party chooses not to attempt to resolve the grievance informally or if the grievance is not resolved through informal meeting, the aggrieved party shall serve upon the other party a written statement setting for the facts constituting the alleged grievance.
- 20.3 **STEP 1. Grievance** A grievance need not be considered unless the aggrieved party serves upon the other parties a written statement setting forth the facts constituting the alleged grievance. For a discharge case grievance, such notice must be served within ten (10) days from that date of discharge. Such written statement concerning any other type of grievance must be served within fifteen (15) days of its occurrence or the discovery thereof by the aggrieved party. The Employer shall respond to the grievance within ten (10) days. If there is no response within ten (10) days the grievance will automatically advance to the next step.

For a grievance regarding monetary issues the Employer will make every effort to provide no later than 48 hours before the Board of Adjustment Hearing to the Union upon request applicable payroll records and timesheets. Discovery that is provided at the Board of Adjustment does not preclude the union or company from providing additional documents at the mediation or arbitration hearing.

20.4 **STEP 3 Board of Adjustment** If the grieving party wishes to take the grievance to the Adjustment Board, the grieving party must submit the request for an Adjustment Board within thirty days from the date the grievance was filed. 20.5 Within ten (10) days upon receipt of a timely written request, there shall be an Adjustment Board consisting of two (2) representatives designated by the Union who have not participated in earlier steps of the Grievance Procedure and two (2) representatives designated by the Employer who have not participated in earlier steps of the Grievance Procedure. The Adjustment Board shall meet as required and shall consider fully all aspects of the issue presented. If there is no Board of Adjustment held within ten (10) days from the request for an Adjustment Board Hearing and there is no written agreement between the employer and the Union to extend the time limit the grievance shall automatically advance to the next step.

20.6 Any decision by majority of the four (4) members of the Board of Adjustment shall be final and binding upon all parties, subject to limitations of jurisdiction and authority contained in the contract. If during the period that the Adjustment Board can meet, no majority decision can be reached, either party may, within ten (10) days following a such period, request in writing that the matter be referred to Federal Mediation and Conciliation Service

a. **STEP 4 Federal Mediation** The mediator shall meet with the parties including affected employee(s) to assist and offer advisory opinions in an effort to help the parties reach an agreement that resolves the grievance. If there is no decision then either party may advance the grievance to arbitration within twenty (20) days following the mediation.

20.7 If the parties cannot agree upon a person to act as an impartial arbitrator within five (5) days after service of such demand, then an impartial arbitrator shall be selected by agreement from the following list of three (3) arbitrators: Tom Angelo, Matthew Goldberg, and Union to submit arbitrator. The union will set dates with each of the arbitrators and the arbitrations will be held when the arbitrators are available on a rotation basis. If an arbitrators date goes unused and is not cancelled by the union then the union shall bear the entire expense. By mutual agreement, the parties can add one more arbitrator to the rotation.

The above procedure will be on a trial basis for two years. If there is no mutual agreement to extend the procedure for the utilization for arbitrators then the following shall apply.

If necessary, an impartial arbitrator shall be named by agreement from the names listed above, if there is no agreement then the parties shall request a list supplied by either the State or Federal Mediation and Conciliation Service. Either party may reject in its entirety any list of arbitrators supplied by the State or Federal Mediation and Conciliation Service, and thereafter request a new list.

20.6 The decision of the arbitrator shall be final and binding on both parties hereto. In the event of a willful failure by either party to appear before the Arbitrator, the Arbitrator is hereby authorized to render his decision upon the evidence produced by the party appearing.

20.7 Each party shall bear all costs of presenting its case to the Arbitrator. The Arbitrator's fee and all incidental expenses of the arbitration shall be borne equally by the parties hereto.

20.8 Proposals to add to or change this Agreement shall not be subject to arbitration. Neither an arbitrator nor a panel of representatives shall have any authority or power to add, alter or amend this Agreement.

20.9 The arbitrator shall render a decision in writing within thirty (30) days if possible and in any event no later than sixty (60) days after the close of the hearing. It is understood that a hearing is not "closed" within the meaning of this provision until the post-hearing briefs are filed.

20.10 The parties agree that Step Two and Step 3 in the Grievance Procedure herein may be waived in discharge cases, and in cases involving Section 6 and Section 29 of this Agreement may automatically proceed from Step One to Step Four.

The employer agrees to maintain the amended benefits of the plan (MOB) during the term of the agreement.

- B.2 All Employer contributions referred to in this Section shall be paid into the General Employees Trust Fund in accordance with the procedure set forth below.
- B.3 For the purpose of this Section, Permanent and Top Rate employees (A and B List) are eligible for a contribution if they have worked at least ninety (90) hours in the month prior to the month in which previous contribution is due. "Ninety (90) hours worked" includes straight time hours only, not overtime, and it includes compensable straight hours paid but not worked.

In addition for the purpose of this section Progression Rate Employees (C list Employees) and new hires after August 1, 2012 are eligible for a contribution if they have worked for 105 hours in the month prior to the month in which the previous contribution is due. EXHIBIT C
THE FILLING OF AVAILABLE POSITIONS

Notwithstanding any other provision of the Agreement, this provision shall cover the filling of available positions by each Employer (Contractor) covered by the Agreement.

- C.1 Each Employer agrees to maintain four separate lists. The first list will be the Permanent Employee list that will include all Permanent Employees and their building assignments. (Permanent employees are defined as those employees who are assigned by the Employer to a particular workstation on a daily and permanent basis.) The second list will include temporary employees who were permanent for a particular Employer but are now laid off and shall be known as the "A List". The third list will include top wage rate temporary employees for a particular Employer and shall be known as the "B List". (Top wage employees are defined as those employees who have never been permanent.) The fourth list will consist of temporary employees who are earning less than top wage rate for a particular Employer and shall be known as the "C list". To be included on any Employer's "C list", an individual must have worked at least one (shift) in the last twelve (12) months for that Employer.
- C.2 The placement of employees on the "A through C list" will be as follows:
- (a) Employees, who were permanent for a particular Employer but are now laid off, will be at the top of the list for that Employer (A list). The ranking among these employees will be by seniority date.

 - (c) The next ranking will be of those employees who are earning less than top rate for a particular Employer (C list). The ranking among these employees will be based on the number of accumulated hours worked for that Employer.
- C.3 When a permanent position becomes available the most senior employee on the A list will be offered said permanent position. If there is no A list employee then the most senior employee on the B list shall be offered said permanent position. If there is no B list employee available then the most senior employee on the C list shall be offered said permanent position. For day porter and foreperson positions, client and Employer approval will also be a determining factor. For janitorial positions that require specific skills, the Union/Employer will do it's best to dispatch/place a member with the required capabilities.
- C.4 (C.3 original) On any given day, the Employer shall fill available temporary positions with the employee on its A, B or C List who is not working that day in

the order of seniority, except for day porter, foreperson positions, and for janitorial positions that require specific skills. - C.8 An employee will be removed permanently from an Employer's A, B or C list for any of the following reasons.
- Termination for Just Cause

 - Not responding to three (3) Employer notifications for dispatch without just cause within a thirty (30) day period will be considered a voluntary quit, except for employees on the A or B list. It is understood that an employee will be considered to have not responded to a notification for dispatch on a given day only if the notification was given at some time from 3:00 p.m. to 4:30 p.m. on that day, except under extenuating circumstances. It is further understood that this paragraph does not in any way restrict the Employer's right to notify for dispatch at any time before 3:00 p.m. or after 4:00 p.m.
- C.9 Each Employer shall supply the Union with a copy of the lists stated in C.1. Thereafter, each Employer shall supply the Union with a daily report concerning the filling of temporary vacancies no later than 3:00 p.m. following the completion of the previous workday. - C.11 The mediation procedure set forth in Section 20.6a of this Agreement shall be available for a dispute concerning whether or not an employee has the correct ranking on the A, B, or C list. In the event that it is found that the ranking for a particular employee is incorrect, the exclusive remedy which may be ordered is that the ranking be corrected. In the event that there is a monetary claim related to the ranking claim, the monetary claim may be pursued under the regular grievance procedure.
- C.12 The existing Labor Management committees may also discuss Exhibit C and may make any non-binding recommendations.
- C. 13 If an employer agrees to only use the Union hiring hall to fill all positions, both permanent and temporary, it can sign a side letter to opt out of Exhibit C provisions applicable to filling of available positions by the hiring hall.
- C. 14 The Employer agrees to participate in a union hiring hall pursuant to written procedures and responsibilities established by a labor-management committee. employee from the C List. The contractor will notify the union if the "tag" will exceed more than one month. If a permanent utility worker is utilized at another building for tag work for more than two days, the contractor will fill his/her position with a C list employee who is: (a) qualified to perform the utility work; and (b) working at the lowest rate in the progression schedule as set forth in Section 8 of this Agreement.

BACKGROUND CHECKS

At client request employees shall be subject to security background checks. Employees shall cooperate with the Employer as necessary for obtaining security background checks. Employees who fail such security background checks shall be subject to termination, if there is just cause. Any employee may elect not to participate in the requested background checks and will be reassigned based on seniority. No bumping of permanent employees shall be allowed.

For the purpose of this provision, just cause to terminate an employee who has failed a security background check exists only if it is established:

1. That one or more of the findings of the background security check is directly related to the employee's job functions or responsibilities, or
2. That the continuation of employment would involve an unreasonable risk to property or to the safety or welfare of specific individuals or to the general public.

If the customer or Employer determines that the employee has failed a security background check, but the Employer lacks just cause for termination under this provision, then the employee may be transferred or reassigned based on seniority. No bumping of permanent employees shall be allowed. Employees who failed a background check will have a right to a copy of the report and can appeal through the grievance procedure.

WINDOW CLEANERS AGREEMENT

April 1, 2014 to March 31, 2017

by and between

SAN FRANCISCO WINDOW CLEANING CONTRACTORS ASSOCIATION

and

WINDOW CLEANERS UNION – SEIU USWW, AFL-CIO

THIS AGREEMENT is made and entered into this 1st day of April, 2014 by and between the San Francisco Window Cleaning Contractors Association, hereinafter called the Employer, and the Window Cleaners Union, Service Employees International Union, United Service Workers West, hereinafter called the Union. The terms of the Agreement shall apply to all signatory Employers as listed on the signature page of this Agreement.

SECTION 1. RECOGNITION

The Employer recognizes the Union as the sole collective bargaining agency for all window cleaners employed by the Employer in San Francisco. In order to be recognized by the Union, the Employer must have an established place of business and must employ at least one (1) full time window cleaner. Also, the Employer must furnish the Union with a certificate of Workers' Compensation Insurance for his employees directly from the insurance company involved.

SECTION 2. UNION MEMBERSHIP AND HIRING

- (a) Union Membership: It shall be a condition of employment that all employees covered by this agreement and hired on or after its effective date shall, on the thirtieth day following the beginning of such employment, become and remain members in good standing of the Union or tender to the Union the initiation fees and periodic dues that are the obligation of members. Check-off provisions are set forth in Section 23.

For the purpose of this Section only, tender of the initiation fees not later than the thirty-first (31st) day following the date of employment or not later than the thirty-first (31st) day following the effective date of this Agreement, whichever is later, and tender thereafter of the regular monthly periodic dues uniformly required as a condition of retaining membership shall, for the purpose of this Agreement, constitute membership in good standing in the Union.

If the Employer uses persons not members of the Union as window cleaners (except conscientious objectors or financial core members), it shall be recognized as a violation of this Agreement. The Board of Arbitration established in Section 22 below, shall assess a reasonable penalty against the Employer, in the event of such employment violation. It shall not be a violation of this Agreement for janitors who are not members of this Union to wipe off glass doors and spot-clean partition glass; however, janitorial employees shall not use natural sponges, window cleaners' brushes or squeegees.

- (b) Hiring: When new or additional employees are needed, the Employer shall notify the Union of the number of employees needed. Applicants for jobs shall be referred by the Union to the Employer on a non-discriminatory basis.

The Employer shall be the sole judge of the competency of all applicants and reserves the right to reject any applicant referred by the Union. The Employer agrees within one (1) day of the date of hiring to notify the Union of the names, phone numbers and addresses of the persons hired.

In hiring, the Employer shall give preference to applicants previously employed as window cleaners in the local labor market area, which shall be defined to mean the City and County of San Francisco. It is expressly understood that neither the Employer nor the Union shall discriminate against any applicant for employment or employee because of religious creed, race, sex, union membership or age as defined in the Age Discrimination Act as amended.

If the Union is unable to refer to the Employer suitable applicants for employment within two (2) days (working days), the Employer may then hire persons from other sources, provided the Employer on the date of hiring shall notify the Union of the name, phone numbers and address of each person hired.

- (c) Probation period: There shall be a sixty (60) working days probationary period for a new employee. The probationary period shall be applicable to each Employer for which the employee works until the new employee works more than sixty (60) working days for one Employer.

During the probationary period, the Employer may discharge the employee without cause and without recourse to the grievance procedure.

SECTION 3. SENIORITY

Seniority is the right accruing to employees through length of service which entitles them to appropriate preference in layoffs, rehiring and vacation.

Seniority shall be terminated by discharge for cause, resignation, retirement or failure to return from an authorized leave of absence or failure to return from vacation unless good cause for such failure is shown. In the event of a lay-off, employee's seniority shall be protected for twelve (12) months. If an employee is recalled to work within the twelve month period and does not report to work, then his seniority is terminated.

In all cases of layoffs, the principal of seniority shall apply. If the Employer is required to reduce the size of his crew, then the last person hired shall be the first person laid off. If an employee is laid off outside his seniority date because he lacks a particular skill, when the Employer regains that particular work that can be performed by the more senior employee, then the more senior employee will be recalled with no change in his seniority date. Recall shall be done on a weekly and not daily basis. This means if there is less than one week's work, recall is not mandatory.

It is understood that the Leadman shall be the last employee laid off because of the type of responsibilities required of the job. This provision shall apply to only one person per company and the Employer shall notify the Union of the person designated under this provision. The Employer agrees that the Leadman will not perform Journeyman work (i.e. window cleaning) if, in fact, a Journeyman with more seniority would be laid off. Once all the more senior Journeymen are recalled, the Leadman may perform Journeyman work, if necessary.

SECTION 4. HOURS AND OVERTIME

(a) The maximum workweek shall be thirty-seven and one-half (37 ½) consecutive hours segregated into five (5) working days of seven and one-half (7 ½) hours. A twenty (20) minute rest period two (2) hours after starting time shall be given each employee. The Union pledges its best

efforts to enforce the provisions of a seven and one-half (7 ½) hour day, and agrees to discipline any member found to be in violation thereof. It is understood the employees covered by this Agreement will at all times conduct themselves on the job in an orderly and business-like fashion.

If there is a shift change, notification shall be given by Thursday noon for the following week. If a building requires cleaning at different times, the Employer shall establish a swing or grave shift. Any such shift shall start after 1:00 p.m. and shall be eligible for a shift premium of forty (\$0.40) cents per hour. Any shift starting after 1:00 p.m. shall be offered to the most senior qualified employee and down the seniority list until exhausted. If no employee volunteers, the least senior qualified employee shall be assigned such shift.

The parties recognize the principle that the Employer and the Union shall maintain proper and reasonable times on the jobs. - c. Double time for work performed on Sunday provided that the employee must have completed thirty seven and one half (37 ½) hours in the preceding Monday-Friday unless 37 ½ hours of work were not available to the employee based on his/her seniority, and further provided that the employee has not refused Saturday overtime for that same weekend.

Paid non-work hours and daily overtime hours shall be counted as worked hours for the purpose of determining Saturday and Sunday overtime.

SECTION 5. SPLIT SHIFTS

There shall be no split shifts, but in case of emergency of any store that might change display windows in late afternoon or evening, the employee shall be permitted to go back and wash the inside of said windows at overtime rates. If a holiday falls on a Thursday, an employee who gives the Employer one (1) week notice will be permitted to take the following Friday off on his own time without penalty. If a holiday falls on a Tuesday, an

employee may be permitted to take the previous Monday off on his own time without penalty provided the entire shop agrees or it is mutually agreed to by the Employer and employee.

All employees shall receive a full day's pay for the observance of said holidays, regardless of the day on which the holiday occurs, provided such employees have reported to work on their regular working day immediately before and immediately after said holiday. An employee shall have been considered to have reported for work, if absence on the day before or after said holiday is due to express permission of the Employer or to a bona fide illness, or to a dispute between Employer and Union that has resulted in work stoppage.
