**SUBJECT:** Report on Appointments Exempt From Civil Service under Charter Section 10.104-16 through 10.104-18

Charter Sections 10.104-16, 10.104-17 and 10.104-18 provide that certain part-time, seasonal, temporary, and substitute positions may be exempt from civil service selection, appointment and removal procedures subject to approval of the Civil Service Commission. On June 3, 1996, the Civil Service Commission established and adopted procedures and guidelines for the processing and approval of such appointments and authorized the Human Resources Director to act on written requests for exemptions, issue instructions to departments for the expeditious processing of departmental requests for exemptions, and provide the Commission with reports of transactions processed under the guidelines.

Charter Section 8A.104 provides that, as of July 1, 2000, except for the administration of health services, the Municipal Transportation Agency assumed all powers and duties vested in the Department of Human Resources and the Human Resources Director under Articles X and XI of the Charter in connection with job classifications within the Municipal Transportation Agency (MTA) performing service-critical functions.

The attached report reflects requisitions with project titles for MTA service-critical positions approved in categories 10.104-16 through 10.104-18 for the period from July 1, 2017 through December 31, 2017 (Attachment A). As requested, we attach a report showing the total number of exempt appointments with individual appointment date, estimated expiration date and project title as of 12/31/2017 (Attachment B). There was a total of 264 appointments for MTA service-critical positions including category 10.104-16 (23 appointments representing 0.4% of our workforce), category 10.104-17 (15 appointments representing 0.25% of our workforce), and category 10.104-18 (226 appointments representing 3.8% of our workforce). The total workforce as of 12/31/2017 was 5,926.

Also, attached is a graph showing the total number of exempt appointments for service-critical positions for last three fiscal years including the total number of appointments for the current report period (Attachment C).

Please do not hesitate to let us know if you have questions on the attached reports. If necessary, we will ask our division hiring manager(s) to join us in the meeting to answer any questions you might have.

Key:  
 16 - Temporary and seasonal appointments not to exceed the equivalent of half-time during any fiscal year, except that such positions may be filled through regular civil service procedures

17 - Appointments, which shall not exceed two years and shall not be renewable, as substitutes for civil service employees on leave, except that such positions may be filled through regular civil service procedures.

18 - Appointments, which shall not exceed three years and shall not be renewable, for special projects and professional services with limited term funding, except that such positions may be filled through regular civil service procedures.
