RE: SKELLY DECISION  
Parking Control Officer, Job Code 8214 - PCS

Dear Ms. Watson:

In accordance with the collective bargaining agreement (CBA) between the City and County of San Francisco and the SEIU, Local 1021, a Skelly hearing was scheduled on November 8, 2013, rescheduled on December 6, 2013, and held at 1 South Van Ness Street, San Francisco, CA. 94110. This was based on the charges against you for violation of Enforcement's Policies and Procedures, fabrication and falsifying issued citations, as more fully described in the documents provided to you earlier.

In attendance at this hearing were: Steward Dominic Garrett, L1021 Representative Jonathan Robles, Assistant Directors Marie Holland and James Lee, HR Representative Parveen Boparai and Enforcement Director Camron Samii. The proposed disciplinary action was based on your conduct, violation of policies and procedures and the egregious conduct of fabricating and falsifying citations, discovered back in September of this year.

**Facts upon which these charges were based:**

- Memorandum written by Supervisor Steven Chin, dated September 24, 2013,
- Memorandum written by Supervisor Elias Georgopoulos, dated October 15, 2013
- Copies of citations issued to CA 8X21288 and letter of protest
- Copies of citations issued to CA 8X21882 (UPS vehicle)
- Letter from UPS Business Manager Mike Pearson with GPS reports/MSExcel report
- PCO Donyelle Watson's Office Management Reports for August and September 2013

**Response:**

You and your representatives attended the Skelly hearing on Friday, December 6, 2013 and provided a basis for your actions, stating that your mother had passed away on March 3 of this year and you were having a difficult time coping with the loss. Additionally you stated that you were involved in a vehicle accident later that month on March 23 and that while you were grieving, you were also taking medication for pain. You expressed that since that time you were not yourself, under a lot of stress and pressure and that your memory of things were fuzzy. You stated these factors caused you to not see things clearly "working in a haze" and having no memory of writing citations, particularly citations you issued on Labor Day. You also communicated that in recent months you have sought assistance from EAP and other sources. Your Representative Jonathan Robles asked you if you had a quota and what would be your motivation or gain to falsify/fabricate citations. You responded that there was no quota and that you had nothing to gain and you would not intentionally falsify/fabricate citations.

**Basis for Recommendation/Conclusions:**

You stated at the hearing that you were under a lot of stress and taking medication, which may have impaired your judgment and memory. However, had we been made aware of this we would have removed you from enforcement duties for your own safety, safety of your peers and the community. Enforcement would not have allowed you to drive a City Vehicle. While we recognize information regarding the health and treatment of employees is confidential, I would have expected you, at minimum to communicate with your supervisor or management any concerns that you may have had regarding your health and well-being.

The response you and your representative provided did not sufficiently address the charges brought forth against you. The fabrication and falsification of citations is a serious and egregious violation. Your actions have negatively affected innocent citizens, causing unnecessary stress, personal time disputing these citations and possible financial burden.

I am recommending dismissal from your position, Parking Control Officer, job code 8214, based on documents presented at the meeting for fabricating and falsifying issuing citations and violating several City Policies and Procedures of conduct and performance.

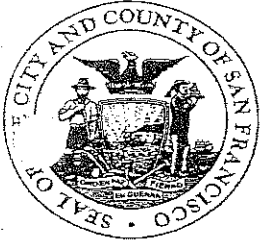

**Right to appeal:**

In accordance with the CBA between the City and SEIU Local 1021, only the union shall have the right on behalf of a disciplined or discharged employee to appeal the discipline or discharge action.

Sincerely,

Camron Samii  
Enforcement Manager

RE: SKELLY DECISION  
Parking Control Officer, Job Code 8214 - PCS

Dear Ms. Watson:

In accordance with the collective bargaining agreement (CBA) between the City and County of San Francisco and the SEIU, Local 1021, a Skelly hearing was scheduled on November 8, 2013, rescheduled on December 6, 2013, and held at 1 South Van Ness Street, San Francisco, CA. 94110. This was based on the charges against you for violation of Enforcement's Policies and Procedures, fabrication and falsifying issued citations, as more fully described in the documents provided to you earlier.

In attendance at this hearing were: Steward Dominic Garrett, L1021 Representative Jonathan Robles, Assistant Directors Marie Holland and James Lee, HR Representative Parveen Boparai and Enforcement Director Camron Samii. The proposed disciplinary action was based on your conduct, violation of policies and procedures and the egregious conduct of fabricating and falsifying citations, discovered back in September of this year.

**Facts upon which these charges were based:**

- Memorandum written by Supervisor Steven Chin, dated September 24, 2013.
- Memorandum written by Supervisor Elias Georgopoulos, dated October 15, 2013.
- Copies of citations issued to CA 8X21288 and letter of protest
- Copies of citations issued to CA 8X21882 (UPS vehicle)
- Letter from UPS Business Manager Mike Pearson with GPS reports/MSExcel report
- PCO Donyelle Watson's Office Management Reports for August and September 2013

**Response:**

You and your representatives attended the Skelly hearing on Friday, December 6, 2013 and provided a basis for your actions, stating that your mother had passed away on March 3 of this year and you were having a difficult time coping with the loss. Additionally you stated that you were involved in a vehicle accident later that month on March 23 and that while you were grieving, you were also taking medication for pain. You expressed that since that time you were not yourself, under a lot of stress and pressure and that your memory of things were fuzzy. You stated these factors caused you to not see things clearly "working in a haze" and having no memory of writing citations, particularly citations you issued on Labor Day. You also communicated that in recent months you have sought assistance from EAP and other sources. Your Representative Jonathan Robles asked you if you had a quota and what would be your motivation or gain to falsify/fabricate citations. You responded that there was no quota and that you had nothing to gain and you would not intentionally falsify/fabricate citations.

**Basis for Recommendation/Conclusions:**

You stated at the hearing that you were under a lot of stress and taking medication, which may have impaired your judgment and memory. However, had we been made aware of this we would have removed you from enforcement duties for your own safety, safety of your peers and the community. Enforcement would not have allowed you to drive a City Vehicle. While we recognize information regarding the health and treatment of employees is confidential, I would have expected you, at minimum to communicate with your supervisor or management any concerns that you may have had regarding your health and well-being.

The response you and your representative provided did not sufficiently address the charges brought forth against you. The fabrication and falsification of citations is a serious and egregious violation. Your actions have negatively affected innocent citizens, causing unnecessary stress, personal time disputing these citations and possible financial burden.

I am recommending dismissal from your position, Parking Control Officer, job code 8214, based on documents presented at the meeting for fabricating and falsifying issuing citations and violating several City Policies and Procedures of conduct and performance.

**Right to appeal:**

In accordance with the CBA between the City and SEIU Local 1021, only the union shall have the right on behalf of a disciplined or discharged employee to appeal the discipline or discharge action.

Sincerely,

Camron Samii  
Enforcement Manager

## MEMORANDUM

**DATE:** April 11, 2014

**TO:** The Civil Service Commission

**FROM:** Donald E. Ellison   
Director of Human Resources

**SUBJECT:** Future Employment Restrictions – Donyelle Watson (Watson) Former 8214  
Parking Control Officer - San Francisco Municipal Transportation Agency  
(SFMTA)

### Overview:

Donyelle Watson submitted a letter to Civil Service Commission (CSC) regarding her future employability with the City and County of San Francisco. In accordance with the Civil Service Rules, the SFMTA has submitted this staff report for the Commission's review and consideration on this matter. For the reasons cited herein, SFMTA recommends CSC to approve the future employability restrictions: No future employment with the City and County of San Francisco.

### Standards/Authority:

Policy and Procedures – Enforcement Division:

2-1 Acceptable Conduct

2-2 Performance

4-4 Breaks

5-3 Daily Reports: Reports will be completed truthfully and accurately

5-9 Parking Citations: Parking citations are legal documents which must be accurately and legibly completed

Enforcement Training Manual: Truthful, Complete and Accurate Reports: Any report completed with false content and/or submitted in a fashion designed to deceive or mislead is deemed to be a false report. **(Exhibit 1)**

### Background:

Donyelle Watson was appointed by the San Francisco Municipal Transportation Agency (SFMTA) on April 21, 2008, as a Parking Control Officer, Job Code 8214. On December 17, 2013, Watson was dismissed from her position for Violation of Enforcement Policies and Procedures, wherein, Watson fabricated and falsified issued citations, gaps of period where no work was performed, and issuing tickets other than assigned to a beat or watch. The primary function of a Parking Control Officer, Job Code 8214 is to enforce motor vehicle parking regulations while patrolling the streets and issuing citations in an assigned area.

The grounds for the charge(s) are summarized below.

During the months of August and September 2013, Watson issued citations which were fabricated and falsified. Upon receiving complaints from the owners of vehicles that were cited by Watson on multiple occasions, an investigation was conducted and was determined as follows:

Scenario 1: This citizen who resides in San Jose and works in Cupertino received several citations all issued by Watson, had surrendered the license plates to DMV and received new license plates to avoid more citations and to avoid dealing with possible errors made by SFMTA Enforcement Unit. Upon receiving further citations, citizen filed a complaint. After conducting an investigation, it was determined that Watson was issuing fraudulent citations, by entering addresses that don't exist, where there are no meters, and with no meter numbers **(Exhibit 2)**

Scenario 2: This citizen who received citation(s) was not in San Francisco at the time the citation was issued; citizen lives in Los Angeles County and the vehicle in question was parked in Grapevine in Southern California, citizen contested the first citation which was denied. Subsequently two more citations were issued to the same license plate. After conducting an investigation, it was determined that Watson was consistently issuing fraudulent citations. **(Exhibit 3)**

Scenario 3: United Parcel Services (UPS) the largest delivery service provider of packages and heavy freight that meets the shipping needs of the City of San Francisco, Watson repeatedly issued citations to UPS trucks with similar plate numbers, when in fact the GPS provided by the UPS office indicated that only 1 truck was in the area the remaining UPS citations were fraudulent. Watson was issuing citations to the UPS trucks before the end of her shift, on a holiday, and to license plates that not necessarily belonged to UPS. After conducting an investigation, it was determined that Watson issued fraudulent citations to UPS trucks regardless. **(Exhibit 4).**

The Officer Management System (OMS) that house our citations show numerous inconsistency, wherein, the citation reports were inconsistent, several serious citations were issued that were not in Watson's assigned area or watch, citations issued did not support the violation of expired / overtime at the meters. Watson was issuing citations either at the beginning or the end of her shift or during the time she was not on the watch to unknown license plates.

During a stakeout conducted by the enforcement division, Watson was not present at the site/location during the time the citations were supposedly issued. She not only fabricated the citations to cover her time gaps she was also absent from her watch for over an hour at intervals during the months. **(Exhibit 5 & 8)**

Effective December 17, 2013, Watson was dismissed from her position as a Parking Control Officer, Job Code 8214. Watson was notified that she would be restricted from future employment with the City and County of San Francisco. **(Exhibit 6)**

Prior Discipline: Watson was suspended for three days in 2009, wherein she falsified the reason for her absence. The reason for her absence was presented as being in the hospital, later she stated that she was in a shelter for women, when in fact Watson was incarcerated for two days for robbery charges. Watson had falsified the reason for her absence. **(Exhibit 7)**

**Analysis and Recommendation:**

Watson violated the policies and procedures of enforcement division. In that, she fabricated and falsified citations, by her actions she negatively affected innocent citizens, causing unnecessary stress, imposing on personal time of citizens disputing these citations and causing financial burden. Watson during the course of her duty would be late or absent from her watch without notifying the division about her whereabouts.

Based on the foregoing, the SFMTA recommends that the Civil Service Commission approve Watson's future employability restrictions.

**Policy** DPT expects all employees to accept responsibility for being courteous and professional in all matters during the performance of their duties.

This is particularly important for the employee who wears a uniform, DPT insignia or a badge, or who interact with the public.

Acceptable conduct involves not only sincere respect for the rights and feelings of others, but the assurance that personal conduct avoids any action which might be harmful to the employee, other employees, the public or which disrupts the work site.

**Misconduct:** DPT expects its employees to be responsible for observing the highest standards of professional conduct. For the purpose of this policy, misconduct is generally defined as behavior which might be harmful to the employee, other employees, the public or as behavior which disrupts the work site. **Supervisor Responsibilities:** Supervisors are responsible for determining factors that affect individual performance and conduct, and for establishing performance and conduct expectations and standards. Supervisors are responsible for communicating performance and conduct standards to employees, providing feedback through performance evaluations, and when necessary, informing the employee of performance deficiencies and providing solutions to correct the problem.

**Employee Responsibilities:** Employees are responsible for performing their assigned duties and responsibilities in accordance with established standards. If a performance deficiency is identified, employees are responsible for working with their supervisor at resolving the problem.

**Performance Problem:** A performance problem is the persistent failure to perform assigned duties and responsibilities or to meet prescribed performance standards. Supervisors are responsible for identifying performance problems and for providing feedback to the employee.

If an employee has a performance problem, the employee and supervisor are responsible for working together to find a solution to the problem. Depending on the severity of the problem, this may involve one or more of the following:

## 2-2 PERFORMANCE (Cont.)

**Guidelines**      **Failure to Correct a Performance Problem:** Failure to correct a performance problem will result in corrective action up to and including dismissal.

- ▶ The severity or nature of the incident
- ▶ The impact on division operations
- ▶ Previous performance problems
- ▶ Prior training or counseling related to the performance problem

**Documentation:** All original copies of performance notices, reassignments, and performance evaluations are sent to the Personnel Office for inclusion in the employee's personnel file. Copies of these documents are provided to the employee and retained by the supervisor.

The meal and rest breaks may be combined, but can not be taken at the beginning or end of the employee's shift without prior approval from their supervisor.

Meal and rest breaks may be taken within the employee's assigned patrol area or adjoining patrol areas. If an employee wishes to leave the area, prior approval from the employee's supervisor is required and travel time is not to exceed 5 minutes, which will be considered as part of the employee's break or meal period.

Employees may take breaks as is reasonably necessary to use a rest room. These breaks are not for eating, smoking, making phone calls, or for other non-essential business.

## Fwd: bogus parking citation from SF MTA

Hi

I got a colleague from work who is all turn up in a knot about a parking citation he received and said his truck was not in the City where it was cited, He lives in San Jose. I'm guessing there is a license plate mixup. What do you suggest he does? In his email below he said he challenged the false ticket and the review came back still against him.

Thanks,

**To:**

Hi

Have you had bogus parking tickets/citations from the SF MTA? Do you know if they can be challenged on technical inaccuracies, or does the SF MTA not care about things like the address, etc., being technically correct?

Here's what's going on...

Early last week I received a "notice of delinquent parking violation" from the SF MTA for my Toyota pickup truck.

Thing is, it wasn't my truck. It *couldn't* have been my truck. I was at work when citation was issued (Friday, August 9th @ 3:19pm), and I did not loan my truck to anyone that Friday... in fact, I haven't loaned my truck to anyone since last december, and I haven't been in the city since WWDC 2013.

So, I challenged the notice & citation, telling the SF MTA that I was at work in Cupertino all day on the 9th, that I didn't loan my truck to anyone on the 9th, and that there was no way that my truck *anywhere* in the city on August 9th at 3:19 pm.

My challenge was rejected, and the SF MTA responded that "**administrative review has confirmed that citation was properly issued and is valid.**" Yep, the SF MTA is saying I'm a liar.

I can appeal their decision by asking for a hearing, but I likely need something better than just my word that it wasn't my truck...

Problem is, I don't have any *proof* that it wasn't my truck. I don't even know how I could

*prove* it wasn't my truck.

So, I looked at the citation referenced in the notice a bit more closely, to see if I could spot anything strange about the address and/or citation.

Turns out there's several things that are technically amiss with the citation...

\* It has the truck parked at an address (730 Portola drive) that doesn't exist. Actually, it turns out that there are no even numbered addresses between 678 portola drive and 808 portola drive.

\* It's a "meter out violation downtown", but there are no parking meters between 678 and 808 Portola (where 730 Portola would be, if it existed).

\* There's no meter number provided in the citation (I suspect that a meter number isn't required on a citation, but the lack of a meter number on the citation *plus* the citation having a non-existent street address is strange).

Hence my question whether you know if the SF MTA will care about a citation having technical inaccuracies.

If the SF MTA doesn't care if the citation has an address that doesn't exist, and doesn't care if the citation is for a parking meter violation but there aren't meters anywhere near the address on the citation, then I shouldn't bother with asking for a hearing... it's pointless.

So, let me know if you know anything about challenging bogus parking tickets. If I'm going to lose anyway, I'll just swallow my anger over being called a liar by the SF MTA, and pay the fine.

Thanks,

ps.

**Everything** about the citation is wrong; the address doesn't exist, there's no parking meter near the address (which doesn't exist), and my truck *absolutely* wasn't in the city on August 9th @ 3:19pm. At first I was willing to give the SF MTA the benefit of the doubt ("oh, they got a digit wrong on the license plate, this can be cleared up"), but I now think there never was a parking violation of any kind, given that the citation is for an imaginary truck (my truck was not physically present) at an imaginary address, in front of an imaginary parking meter.

Even SF MTA were to say "we meant 731 portola, not 730 portola, and there are parking meters on the side of the street with the 731 address", it doesn't change the fact that *my truck was not there*.

Re: Additional information needed

Hi

Good to talk with you earlier. Thanks for looking into this matter.

The email from [redacted] in Apple security is below, and contains my badge access log for August 9th, as well as photos of me on the afternoon of the 9th (4:03 pm & 4:43 pm).

What the badge access log shows is that I badged into Apple's underground garage at 8:45 am, badged into a garage stairway that goes up to the ground floor at 8:46am, and at 8:47am I badged into "Infinite Loop 3", which is the building I work in. I didn't go out for lunch on August 9th, and ate at my office desk.

Photos from Apple security show me (I'm the fellow with the shaved head & black polo shirt) going out to the Apple campus "quad" at 4:03 pm.

That quad, and the lobby I walked through to get it, are inside of the Apple campus on Infinite Loop. Both that lobby, and the quad, can only be reached after badging into a campus building.

I re-entered Infinite Loop 3 at 4:43 pm, as shown in the badge event log and photo.

I didn't loan my truck anyone on the 9th, nor any time since. I had the keys to it, and I saw no sign on the 9th, nor any time since, that someone had taken it without my permission.

You mentioned on the phone that multi-colored vehicles can be difficult to identify as one particular color. However, my truck isn't multi-colored. It's "Toyota Magnetic Gray Metallic", and there's no brown on it anywhere. Here's an example of "Toyota magnetic gray metallic":

The new license plate number is [redacted]. I had both of the [redacted] plates, and gave both of them to the DMV when I picked up the new plates.

Let me know if I can provide additional information. Can you provide me with a list of the dates & times of all of the citations?

Best regards and many thanks,

Hi

Please send me the additional information you have. Mark Tozer also mentioned that you have changed to a new license plate number, I will need that number also.

Hello,

I am sorry to hear about what happened. I have pulled a trace of your badge records for 8/9/13 and attached it below. I have also included a screenshot of you exiting IL03 into the Quad at 4:03pm and re-entering IL03 from the Quad at 4:43pm. Hopefully, this will help at your hearing.

Also, 8/9/13 was the day Apple held its Corporate Events, if that helps.

Thank you

On Sep 15, 2013, at 1:24 AM,

Hi

San Francisco MTA cited my truck for a parking violation on Friday, August 9th, at 3:19pm

But, that's impossible, given that I was at the office all day Friday.

I challenged the citation, and stated that I was at work in Cupertino all afternoon. The SF MTA rejected my challenge, stating that the citation is valid, and that it was my vehicle that was ticketed.

This is simply not possible. Neither I, nor my truck, was in SF on the afternoon of August 9th. I was at work, I didn't loan my truck to anyone, and I had the keys to the truck the entire time.

I can appeal the SF MTA's rejection of my challenge by requesting a hearing... but, I need to do more than give my word in the hearing that I wasn't in the city, I need to provide proof.

The only thing that I can think of *might* show that I was at Apple the afternoon of the 9th would be a log of incoming/outgoing phone calls to their desk phone, and/or a log of badging into buildings or labs.

Is it possible for an employee to request those logs?

16

No worries if this isn't possible... The fine isn't horrific, and for all I know, the logs don't show anything useful.

Thanks,

Hi

Thanks for the heads up.

In case you haven't had a chance to look, there are now 3 citations with issue dates that are after I returned both of the plates to the DMV.

832186412 on 9/18

832186574 on 9/20

832186806 on 9/21

Hi

showed me yesterday how to check the SF MTA website to see the outstanding citations against

I checked it this morning and found that there's a new citation (832186412) written yesterday (9/18).

The problem with that citation is that Tuesday (9/17) morning I gave both of the plates to the DMV, and got new license plates.

Making it impossible for my truck to be in the city on 9/18 with plates.

What happens now? Is there anything official that I need to do?

**RE: Ticket # 830387445**

To Whom It May Concern:

We received the enclosed traffic citation on Saturday, September 14, 2013. We were not in the San Francisco area nor in Northern California on Tuesday, August 20, 2013. We live in Los Angeles County and the vehicle listed does belong to us, however it is not used on a daily or weekly basis, and is rarely to occasionally used even on a monthly basis.

We respectfully request a copy of the ticket to verify the license number, as we feel one of the numbers and/or letters was not written clearly and our license was recorded in error. I was unsuccessful in a search of your website to find a copy of the ticket.

Your immediate attention to this matter is greatly appreciated. Please send a copy of the ticket to the above address.

Thank you for your time and assistance.

Kind Regards,

Re: UPS GPS Data Inquiry

Sergeant Georgopoulos:

We have gathered the data you requested for all available dates. This data is based on a Telematics system that is built into our vehicles. It gathers GPS data and other data from our vehicles throughout the day in real time and stores it in a database where we are able to query data from the last 30 days. The system combines the GPS data and our delivery and pickup records into one view and presents it in a graphic interface that allows us to see our drivers' location and activities plotted on a map.

You provided us a list of dates, times, and locations that citations had been written and asked us to compare the GPS location for our vehicles to the data you provided. The list you provided also had five unique license plate numbers. I asked our engineering department to give me our associated vehicle numbers for the license plates provided and found that only two of the license plates of the five belong to UPS. There was one license plate in particular that seemed to have the most activity on your list: Four of the other license plate numbers in your list were very similar to that number, so you asked that I look at the activity of on the dates and times associated to the other license plates as well.

Of the data that was available within the thirty day window, there was only one occurrence where our UPS vehicle was in the location at the time indicated on your list. For all other occurrences that we had data available, our vehicle was either being operated in another location at the time of the citation, or in several cases, our vehicle wasn't dispatched at all.

I have attached a summary of our findings.

Best Regards,

Business Manager, UPS Sunset Center

## **Exhibit 5**

Date: October 17, 2013  
To: Donyelle Watson, 8214/ Parking Control Officer  
From: James Lee, Assistant Director   
Re: Notice of Proposed Disciplinary Action – Dismissal

This is to advise you that I am proposing that you be dismissed from your position as an 8214 Parking Control Officer (PCO). My recommendation for this disciplinary action is based on the violations of Enforcement's Policy and Procedures 2-1 Acceptable Conduct, 2-2 Performance, 4-4 Breaks, 5-3 Daily Reports, 5-9 Parking Citations and Enforcement's Training Manual page 5 addressing Truthful, Complete and Accurate Reports.

On September 17, 2013 Supervisor \_\_\_\_\_ received a complaint from a constituent on a citation you issued to him. The constituent stated that his vehicle was not parked in San Francisco when this citation was issued. Upon further investigation it was discovered that this constituent had 10 citations on record, all issued by you. Three of the citations were issued even after the constituent surrendered his old plates to DMV and received new ones. This information was brought to Assistant Director Marie Holland who advised Supervisor \_\_\_\_\_ to conduct a thorough investigation of your citations for the month of August and September 2013.

Supervisor \_\_\_\_\_ discovered several serious violations through the Officer Management System (OMS). Your activity and citation reports were inconsistent. You entered information into your handheld device indicating that you were chalking your beat but had no overtime citations, had large periods of gaps for your work day and were issuing citations off your assigned beat without permission from a supervisor. In addition, on several occasions you gave false information when asked how many citations you issued for the day. This was documented by Supervisors \_\_\_\_\_

A further review of your citations through OMS indicated that you consistently cited several UPS trucks or presumed to be UPS trucks with similar plates at the beginning or near the end of your watch. Supervisor \_\_\_\_\_ was able to retrieve a UPS GPS report on the trucks you cited. When a cross reference of the GPS records to your OMS reports (including 2 plates similar to the UPS trucks) was performed, it revealed that out of 14 GPS records only 1 record indicated a truck was at the location where a citation had been issued.

On September 24, 2013 Supervisors \_\_\_\_\_ conducted a stakeout on the 600 and 700 block of Portola Drive where one of the UPS trucks had a pattern of receiving citations issued by you. The stakeout was between 1400 -1530 hours. You were never observed there between that time and location. However, the next day, your OMS report revealed that you cited a vehicle similar to the UPS truck's plate at 1524 hours at 604 Portola Drive.

It has been determined that you fabricated, falsified and issued these citations to cover your time gaps. Your egregious actions are in direct violation of the Enforcement's Policy and Procedures violations of the Enforcement's Policy and Procedures 2-1 Acceptable Conduct, 2-2 Performance, 4-4 Breaks, 5-3 Daily Reports, 5-9 Parking Citations and Enforcement's Training Manual page 5 addressing Truthful, Complete and Accurate Reports.

This recommendation is based upon the following facts:

- Supervisor [redacted] memorandum dated September 24, 2013
- Supervisor [redacted] memorandum dated October 15, 2013
- Citations of [redacted] and letter of protest
- Citations of [redacted] (UPS vehicle)
- Letter from UPS Business Manager [redacted] with GPS reports / Excel Report
- PCO Donyelle Watson's Office Management Reports for August / September 2013
- Supervisors' [redacted] memorandums
- Policy and Procedures; 2-1 Acceptable Conduct, 2-2 Performance, 4-4 Breaks, 5-3 Daily Reports, 5-9 Parking Citations and Enforcement's Training Page; Truthful, Complete and Accurate Reports.

You have the right to provide a response to this proposed recommended action. Your response may be written or oral. If you choose to respond in writing, your written response should be directed to James Lee at 505 7<sup>th</sup> Street San Francisco, CA 94103. Your response must be received no later than 5:00 p.m. on October 30, 2013.

Should you choose to respond orally, a Skelly meeting has been scheduled for 10:00 am on November 1, 2013 at 1 South Van Ness, 6083 Corona Heights Conference Room.

You are not entitled to a formal hearing with the examination of witnesses, nor a court reporter, nor a transcript of the process. However, you are entitled to bring a representative of your choosing with you to the hearing. Your Union representative is Dominic Garrett and he can be reached at [redacted]

RE: Investigation of Parking Control Officer Watson

On September 23, 2013 at the beginning of the 0800 watch, Assistant Director Marie Holland advised me to conduct an investigation on Officer Donyelle Watson. The investigation was initiated by a written complaint by the owner of a vehicle that was being cited by Parking Control Officer (PCO) Watson on multiple days. The California plate [redacted] had been cited by PCO Watson approximately ten times in the past 2 months. During my investigation I noticed PCO Watson cited similar plates of [redacted]. I also noticed, these vehicles were being cited as either the first or last citation of the day.

The vehicle with California plate number [redacted] was registered to [redacted]. Please see Sergeant [redacted] package regarding his investigation on this vehicle. The only citations issued to this vehicle were from PCO Watson (Exhibit A).

I conducted an investigation through the Officer Management System (OMS) looking into citations issued by PCO Watson, which identified the following:

1. The vehicle with California plate [redacted] registered out of [redacted] in Southern California. On August 20, 2013 at 3:44 pm PCO Watson cited the above mentioned vehicle, citation number [redacted] (Exhibit B) at 703 Portola Drive for an expired meter violation. On September 24, 2013 she again issued a citation number [redacted] to the above mentioned license plate at 604 Portola Drive at 3:24 pm for an expired meter violation. The final citation [redacted] for this license plate number was issued on September 25, 2013 at 711 Portola Drive at 12:21 pm for an expired meter violation. Through E-Tims (Electronic Ticket Information Management System), I discovered that a letter of protest was attached to citation number [redacted] with [redacted]

contact information of the registered owner. I placed a call to the registered owner and spoke to [redacted] Sergeants [redacted] and I were present during the conference call. Mr. [redacted] and Mrs. [redacted] informed me that they took possession of the vehicle on July 24, 2012. They further stated that the vehicle has never been to San Francisco and that the vehicle is currently parked on a piece of property south of the [redacted] in Southern California. She also advised me that she contested the first citation and I have attached a copy of her letter (Exhibit B).

2. The vehicle with a California plate [redacted] is registered to the United Parcel Service (UPS) (Exhibit C). I found that this plate was issued ten citations since July 11, 2013 by PCO Watson. I noted she would normally cite this vehicle, as the last or second to last citation of her assigned day. Additionally, I noted that the majority of these citations were issued on the 600 or 700 block of Portola Drive and cited for an expired meter violation. On Saturday, August 31, 2013 and on Monday, (Labor Day) September 2, 2013 PCO Watson cited the above mentioned vehicle at the same exact location (03-6<sup>th</sup> Street) for expired meter violation. See attached citations numbers [redacted] as her last citation of the day.
3. Based on my preliminary investigation and review of her citations in the OMS system, I drove to the 700 block of Portola Drive at approximately 2:00 pm on September 24, 2013 with Sergeant [redacted] to conduct a stake out of both the 600 and 700 blocks of Portola Drive (See Exhibit B). We arrived and noticed two UPS vehicles parked side by side at meters. I parked and approached the driver who was present in one of the vehicles and asked him if he knew the whereabouts of the driver who parked alongside his vehicle bearing, California plate [redacted]. The driver stated that the driver of that vehicle was in Round Table Pizza having lunch. He walked into Round Table and returned with the other driver (Latin male in his 40's). I spoke with the other driver and asked him what time he made deliveries on the 600 & 700 blocks of Portola Drive. He stated that he generally made them between 11:30 am and 1:00 pm. He also stated that he never made deliveries to either the 600 or 700 block of Portola after 3:00 pm. He also stated that he occasionally has lunch on the 600 block of Portola Drive between the hours of 2:00 pm and 2:30 pm and no later.

I remained parked at that location (600 block of Portola Drive) between 2:00 pm and 3:30 pm. Sergeant [redacted] stood on the 700 block of Portola Drive during the same time period. Neither Sergeant [redacted] or I ever witnessed any PCO enter any of those 2 blocks mentioned above; furthermore only

one UPS truck entered the 700 block to park at a meter for approximately 2 minutes at approximately 3:12 pm. On the following day September 25, 2013 I reviewed PCO Watson's citation report and found that she issued a citation to California plate (registered out of My observations on September 24, 2013, determined that this vehicle was not at the location that she recorded on citation number at 3:24 pm. Furthermore PCO Watson never arrived at this location during the time of our surveillance of the area (2:00 pm to 3:30 pm).

4. On September 26, 2013 I contacted Business Manager of United Parcel Service (Exhibit D). I informed him that we were conducting an investigation into one of their UPS delivery trucks. I met up with one of his assistants at the UPS building on September 26, 2013. I asked him if there was any way to confirm the location of his truck (California plate on several dates. advised me that all trucks had GPS, and that they have the capability to go back 30 days. I also asked him to look into 2 other UPS vehicles that were cited by PCO Watson.
5. In order to eliminate any possibility that PCO Watson may have typed the wrong plate in error, I provided him with a list of 4 California license plates that were similar to UPS vehicle The list also indicated dates, times and locations that PCO Watson issued citations to the vehicles listed. (See Exhibit D)
6. On October 3, 2013, I received the UPS GPS reports that I requested. A review of the reports indicated that there was only 1 occasion from the list given that a UPS vehicle was in the area on the date and time indicated, however the citation issued by PCO Watson was issued to California plate ~~was~~ not the UPS Vehicle. Note that according to the UPS report, citation numbers which were allegedly issued to California plate on August 31<sup>st</sup> 2013, and September 2<sup>nd</sup> 2013, were issued erroneously as that vehicle was not dispatched on those dates and NO UPS vehicles were dispatched/out making deliveries on Labor Day September 2<sup>nd</sup> 2013. (See Exhibit D)
7. On Saturday August 24<sup>th</sup>, 2013 PCO Watson's ticket count on the Roll Call and Assignment Report reflected that she had 34 citations; however when I ran her OMS, PCO Watson only had 5 citations issued in a 1 hour and 40 minute span. She was late half an hour to work and her 1<sup>st</sup> citation happened to be California plate (UPS Vehicle) at 12:39 pm at 702 Jones Street. Her last citation that she issued that day was at 1419 hours at 707 Geary Street. Her assignment on August 24<sup>th</sup> was 206, 207, 208,

209, 210 and Area C. Her Field Activity report reflected that she was patrolling from 11:03 am to 3:03 pm. She was not called to any fixed post assignments (checked the unplanned events log) or detailed to any events on that date. The UPS GPS did not place that truck at that location on August 24, 2013 (Exhibit E).

8. On Tuesday August 27, 2013 she was late 1 and a half hours and only issued 6 citations. I checked her field activity report and it stated that she chalked for 2.82 hours and patrolled for 2.65 hours.
  
9. On Saturday August 31, 2013 PCO Watson was assigned beats 702 and 706 (See Exhibit E). Her OMS report reflected that she issued 20 citations. Her start time was 9:30 am and her 1<sup>st</sup> citation was issued at 11:07 am at 711 Portola Drive to the vehicle belonging to a registered owner out of San Jose (Apple). PCO Watson cited the vehicle at 711 Portola Drive for a meter violation. Her next cite was an hour and 37 minutes later at 114 West Portal Ave for an expired meter. She then went on to cite vehicles on her beat for another 49 minutes and then re-tagged the same vehicle as her 1<sup>st</sup> citation of the day but issued that citation at 116 West Portal Ave for another meter violation. During her 49 minutes of patrol time and her last citation the total time elapsed was 2 hours and 8 minutes. Her next citations thereafter were off her assigned beats and shows PCO Watson heading in the direction of the downtown area. She cites 2 vehicles at 4:47 pm and 4:51 pm on the 1000 block of Mission for TRC7.2.23A. She then cites her last cite for a meter violation at 03-6<sup>th</sup> Street for a meter violation. On this date she appears to have only worked for less than an hour and falsified her 1<sup>st</sup> citation as well as falsified the citation after her 10-7M (same plate Apple). She also had another 1 hour gap in between that Apple cite and the 2 vehicles on the 1000 block of Mission Street. She then placed the UPS truck at 03-6<sup>th</sup> Street. That UPS truck was never dispatched (left the UPS Facility) on August 31, 2013.
  
10. On Monday September 2, 2013 (Labor Day) PCO Watson was 1 hour late for work. She was assigned beats 103 and 104 (Exhibit F). Her OMS report reflected that she issued 22 citations and Field Activity report reflected that she was on 10-7M (lunch break) for 1.57 hours. She actually took longer than that according to her Citation Detail Report, as it reflected that she cited a vehicle at 1:50 pm at 110 Hyde Street and her next cite was issued at 4:31 pm at 1010 Polk Street which is off her assigned beats for that date. Per our policy you can only go as far as the adjacent beat without your supervisor's permission. She was at least 2 sectors away from her assigned beat. PCO Watson has requested to go off of her assigned beat for her 10-7M in the past, but not

while on patrol. She went on to cite 2 more vehicles off her assigned beats and placed that same UPS vehicle as previously cited by her on Saturday August 31<sup>st</sup> 2013 (her last cite as well) at 03-6<sup>th</sup> Street for an expired meter violation. That UPS truck was never dispatched as UPS did not make any deliveries on Labor Day.

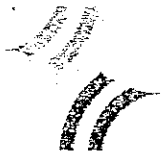

11. On Friday, September 13, 2013 PCO Watson reported to Sergeant \_\_\_\_\_ at the end of her shift that she issued 29 citations. The OMS report revealed that she only issued two citations. On Saturday September 14, 2013 PCO Watson reported to Sergeant \_\_\_\_\_ at the end of her shift that she issued 42 citations. The OMS report revealed that PCO Watson had zero citations for the day (Exhibit G).
12. During the majority of September, PCO Watson has falsified citations on at least 3 different vehicles, two that have actually been contested by the registered owners.

PCO Watson has violated multiple Policy and Procedures 2-1 Acceptable Conduct, 2-2 Performance, 4-4 Breaks, 5-3 Daily Reports and 5-9 Parking Citations (Exhibit H). Due to the egregiousness of these Policy & Procedure violations by Officer Watson, I am recommending disciplinary action. Per SFMTA's training manual it states "*Any written or oral report made by any employee as the result of any work connected function shall be truthful, complete and accurate to the greatest extent possible. The term "report" includes any parking citation, worksheet, memorandum, or form. A "form" is a report whether or not it is signed. Also included are reports that are either required or not required. Any report completed with false content and/or submitted in a fashion designed to deceive or mislead is deemed to be a false report.*"

Re: Citations being issued to California license plate [redacted] by Parking Control Officer Donyelle Watson

On September 15, 2013, I received an e-mail from [redacted] of San Jose California stating he received a citation on his vehicle dated August 9, 2013 when he was not in San Francisco at the time the citation was issued. [redacted] vehicle is registered to a San Jose address and his place of employment is in Cupertino.

An OMS (Office Management System) records check revealed there were seven total citations issued to [redacted] vehicle, all which were issued by Officer Watson. I contacted [redacted] via telephone regarding the other six citations; during my interview [redacted] told me he had no knowledge of the other six citations. [redacted] told me he went to the Department of Motor Vehicles on September 17, 2013 to change to another license plate number because he was afraid of receiving more erroneous citations. [redacted] also told me the last time he visited San Francisco was in June 2013. [redacted] new license number is [redacted] confirmed by a CLETS query on September 24, 2013 at 0901 hours.

I also noted that the citation history on [redacted] vehicle revealed he has never received a citation from SFMTA other than those issued by Officer Watson.

I advised SFMTA Captain James Lee of my discoveries and was instructed to start a full investigation into this matter.

On September 24, 2013, I queried another OMS record check on old license plate number [redacted] and discovered three more citations were issued by Officer Watson on 09/18/2013; 09/20/2013 and 09/21/2013 after the license plates were surrendered and sub-plated by DMV on September 17, 2013.

After conducting my investigation on September 24, 2013, I was instructed by Captain James Lee to pass this investigation on to Sergeant [redacted] because Officer Watson works under his command.

A review of Officer Watson's OMS reports from August 8, 2013 through September 24, 2013 revealed that Officer Watson had a pattern of either citing [redacted] license plate number [redacted] as a first citation, last citation or first citation after her lunch break.

On the above date while reviewing Officer Watson's OMS report for August 20, 2013, I noticed a last citation #830387445 with a license plate number [redacted] which is similar to the license plate number on [redacted] vehicle [redacted] and a UPS vehicle [redacted]. A further check on citation #830387445 revealed the registered owner submitted a protest on the grounds that their vehicle was not in San Francisco at the time of citation issuance. License plate number [redacted] is registered to an address in the City of Playa Del Rey. This citation issued by Officer Watson appears to fit the same pattern as the citations issued to [redacted] vehicle.

All investigation documents have been passed on to Sergeant [redacted] for further review and follow up.

RE: SKELLY DECISION  
Parking Control Officer, Job Code 8214 - PCS

Dear Ms. Watson:

In accordance with the collective bargaining agreement (CBA) between the City and County of San Francisco and the SEIU, Local 1021, a Skelly hearing was scheduled on November 8, 2013, rescheduled on December 6, 2013, and held at 1 South Van Ness Street, San Francisco, CA. 94110. This was based on the charges against you for violation of Enforcement's Policies and Procedures, fabrication and falsifying issued citations, as more fully described in the documents provided to you earlier.

In attendance at this hearing were: Steward Dominic Garrett, L1021 Representative Jonathan Robles, Assistant Directors Marie Holland and James Lee, HR Representative Parveen Boparai and Enforcement Director Camron Samii. The proposed disciplinary action was based on your conduct, violation of policies and procedures and the egregious conduct of fabricating and falsifying citations, discovered back in September of this year.

**Facts upon which these charges were based:**

- Memorandum written by Supervisor [redacted] dated September 24, 2013
- Memorandum written by Supervisor [redacted] dated October 15, 2013
- Copies of citations issued to CA [redacted] and letter of protest
- Copies of citations issued to CA [redacted] (UPS vehicle)
- Letter from UPS Business Manager [redacted] with GPS reports/MSExcel report
- PCO Donyelle Watson's Office Management Reports for August and September 2013

**Response:**

You and your representatives attended the Skelly hearing on Friday, December 6, 2013 and provided a basis for your actions, stating that your mother had passed away on March 3 of this year and you were having a difficult time coping with the loss. Additionally you stated that you were involved in a vehicle accident later that month on March 23 and that while you were grieving, you were also taking medication for pain. You expressed that since that time you were not yourself, under a lot of stress and pressure and that your memory of things were fuzzy. You stated these factors caused you to not see things clearly "working in a haze" and having no memory of writing citations, particularly citations you issued on Labor Day. You also communicated that in recent months you have sought assistance from EAP and other sources. Your Representative Jonathan Robles asked you if you had a quota and what would be your motivation or gain to falsify/fabricate citations. You responded that there was no quota and that you had nothing to gain and you would not intentionally falsify/fabricate citations.

**Basis for Recommendation/Conclusions:**

You stated at the hearing that you were under a lot of stress and taking medication, which may have impaired your judgment and memory. However, had we been made aware of this we would have removed you from enforcement duties for your own safety, safety of your peers and the community. Enforcement would not have allowed you to drive a City Vehicle. While we recognize information regarding the health and treatment of employees is confidential, I would have expected you, at minimum to communicate with your supervisor or management any concerns that you may have had regarding your health and well-being.

The response you and your representative provided did not sufficiently address the charges brought forth against you. The fabrication and falsification of citations is a serious and egregious violation. Your actions have negatively affected innocent citizens, causing unnecessary stress, personal time disputing these citations and possible financial burden.

I am recommending dismissal from your position, Parking Control Officer, job code 8214, based on documents presented at the meeting for fabricating and falsifying issuing citations and violating several City Policies and Procedures of conduct and performance.

**Right to appeal:**

In accordance with the CBA between the City and SEIU Local 1021, only the union shall have the right on behalf of a disciplined or discharged employee to appeal the discipline or discharge action.

Sincerely,

Camron Samii  
Enforcement Manager

RE: NOTICE OF SUSPENSION  
Parking Control Officer, Job Code 8214

Dear Ms. Watson:

In her letter dated July 9, 2009, Deputy Director, Joy Houlihan, Security and Enforcement Division, recommended a three-day suspension for Misconduct - Violation of Policy and Procedure 2-1 wherein you falsified your reasons for absence (see attached).

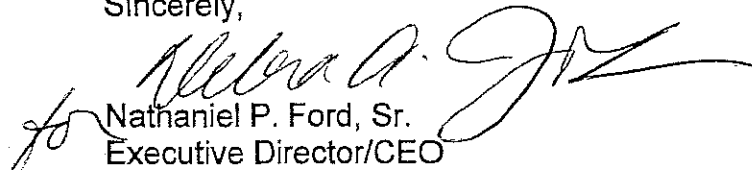

At the Skelly meeting, you and your union representative provided an explanation regarding the charges; although the initial recommendation was a five-day suspension, based on your response to the charges the suspension for five days was reduced to a three-day suspension.

After a thorough review of the recommendation for suspension, your response and supporting documentation, I am upholding the recommendation for a three-day suspension for the aforementioned charges.

DATE(S) OF SUSPENSION: July 27, 28, and 29, 2009 (three days).

Should you have any questions, please contact Parveen Boparai at 415.701.5377.

Sincerely,

RE: SKELLY DECISION  
Parking Control Officer, 8214 PCS

Dear Ms. Watson:

In accordance with the collective bargaining agreement (CBA) between the San Francisco Municipal Transportation Agency (SFMTA) and the SEIU, Local 1021, a Skelly meeting was held on May 28, 2009, at 875 Stevenson Street, San Francisco, CA. 94103. This was based on the charges against you for falsifying your reason for absence, as more fully described in the documents provided to you earlier.

In attendance at this meeting were: Joy Houlihan, Deputy Director, Marie Holland, Assistant Director and Dominic Garrett, Chapter President from SEIU, L- 1021 represented on your behalf.

The proposed disciplinary action was based on you having a relative call the office and report that you were sick and in the hospital on March 31, 2009 and you reporting in sick on April 1, 2009 when you were actually incarcerated during this period.

Facts upon which these charges were based:

Information received from the San Francisco Police Department confirming that you were arrested and jailed on robbery charges.

Response:

You stated that you did falsify your absence because you did not know what else to do. You further stated that you were afraid that you would loose your job if we knew you were in jail. You also stated that most of your problems stemmed from your being in a domestic violent situation perpetrated by your husband. Mr. Garrett requested that the department consider reducing the recommendation of 5 days suspension to a 1 day suspension.

Donyelle Watson:

Re: Amended Notice of Proposed Disciplinary Action – Suspension

Dear Donyelle Watson:

This is to amend the previous notice of proposed disciplinary action dated May 13, 2009, to reflect the correct dates of your absence for which I am recommending you be suspended for 5 days from your position as Class 8214 Parking Control Officer.

My recommendation for this disciplinary action is based on the following charges: Misconduct, violation of Policy and Procedure 2-.1.

The facts upon which these charges are based:

- Falsification of reason for absence:

On March 31, 2009, a woman who stated she was your sister called the Enforcement Division and was transferred to speak with me. The caller stated to me that she was your sister and that she was calling to advise your workplace that you couldn't come to work because you were in the hospital. I informed her that I would record you as sick, however that if you could not report to work the following day I would need to speak to you and no one else. On the following day you called in and stated that you were sick and could not come to work, you also told me that you were in a Shelter for Women when I asked if you were still in the hospital. I then told you that I would put your status down and that when you returned to work I would like to meet with you. The following week of April 6, 2009, I was assigned to off site training and was unable to meet with you. When I returned to work the following week you called me and told me that you wanted to schedule some time to speak with me.

Prior to the investigative meeting on April 20, 2009, that I held with you, wherein Dominic Garrett was present the Department received information from the Police Department that you were arrested and incarcerated during the time that you reported to me that you were unable to come to work because you were in the hospital and that you were sick.

During the meeting I informed you that I had information about your arrest and that I was aware that you falsified your reasons for your absence. At that time you told me that you were afraid you would lose your job and that was why you had your sister tell us that you were in the hospital. You also stated that your husband was physically abusive to you and that when you told me you were in a Shelter for Women, it was your intent to stay at the shelter at that time, however for other reasons you did not register into the shelter.

Past Record/Disciplinary History:

None

Materials Upon Which Charges are based:

The following materials attached hereto, provide the written evidentiary basis for the charges proposed.

Copy of DETS report for the period of 03/17/09 through 03/19/09

You have the right to provide a response to this proposed recommended action. Your response may be written or oral. If you choose to respond in writing, your written response should be directed to Marie Holland at 505 7<sup>th</sup> Street, San Francisco, CA 94103. Your response must be received no later than 4:00 p.m. on May 21, 2009.

Should you choose to respond orally, a skelly has been tentatively scheduled for 2:30pm, May 28, 2009, at 875 Stevenson, Security Division on the 2<sup>nd</sup> Floor Room 250E.

You are not entitled to a formal hearing with the examination of witnesses, nor a court reporter, nor a transcript of the process. However, you are entitled to bring a representative of your choosing with you to the hearing. Your Union representative is Dominic Garrett, and he can be reached at

Re: PCO Donyelle Watson Investigation

On Saturday, September 14, 2013, I signed off the 0930 watch. Parking Control Officer Donyelle Watson did not turn in an end of watch report, when I asked her for her reprint of her report she said, "I turned in the equipment already." I asked her how many citations she had for the day, PCO Watson said, "42 cites." I was approximately five feet away from PCO Watson.

On the following week, Sergeant Steve Chin and I checked her OMS report for Saturday, September 24, 2013 which reviewed zero number of citations issued by PCO Watson. PCO Watson was not assigned to fixed post or any special details for the day.

\* NO OMS Report but claimed to have 42 cites

Re: Parking Control Officer Donyelle Watson investigation.

On September 13, 2013, Officer Watson told me at sign off that she issued 29 citations that day. I conducted an OMS query on September 25, 2013; the OMS report revealed Officer Watson only issued two citations for that day. Officer Watson was not assigned to fixed post or special details on September 13, 2013.

Officer Watson was three feet away from me when she told me she issued 29 citations for September 13, 2013.
