CMD ATTACHMENT 6
For Contracts Advertised on or after July 1, 2013
Requirements for SFPUC Regional Construction Contracts
FOR CONTRACTS $200,000 AND OVER
[Excluding Trade Package Design-Build and Integrated Project Delivery Contracts]

PART I. GENERAL

1.01 SAN FRANCISCO ADMINISTRATIVE CODE CHAPTERS 12B AND 14B

A. To be eligible for this contract award, bidders must agree to comply with the Local Business Enterprise (“LBE”) requirements sanctioned by San Francisco Administrative Code Chapter 12B, Section 12B.4, and Chapter 14B (where applicable), and its implementing Rules and Regulations. Chapters 12B and 14B are administered and monitored by the San Francisco Contract Monitoring Division (“CMD”).

Chapters 12B and 14B and their implementing Rules and Regulations are incorporated by reference herein as though fully set forth and provide that the failure of any bidder or contractor to comply in good faith with these requirements shall be deemed a material breach of contract. Copies of both Chapters 12B and 14B and their implementing Rules and Regulations are available on the CMD website at http://www.sfgov.org/cmd.

Chapter 14B allows for a ten percent (10%) bid discount for Construction firms certified as Small or Micro LBEs by CMD and a two percent (2%) bid discount for Construction firms certified as SBA-LBEs by CMD, subject to certain limitations and exceptions. The Certification application is available on the CMD website at http://www.sfgov.org/cmd.

B. SFPUC LBE Certification

Under Chapter 14B, Section 14B.5 PUC-LBE Certification, established small public works/construction firms, construction materials suppliers, and construction equipment rental and trucking firms that are located within the SFPUC water system service area with average gross annual receipts in the prior three fiscal years that meet the requirements of Section 14B.3(B) or Section 14B.3(C) for Small LBEs, or Micro-LBEs respectively may be certified as SFPUC-Small LBEs or SFPUC-Micro LBEs.

IMPORTANT NOTICE:

For contracts advertised on or after July 1, 2013, contractors and all participating subcontractors are required to use the LBE Utilization Tracking System (LBEUTS) to submit 14B prime and subcontractor payment information, including monthly progress payment invoices. The LBEUTS system replaces CMD Forms 7 & 9. These forms are included herein for informational purposes only.

IN THIS CMD ATTACHMENT 6, THE TERM “LBE” REFERS TO BOTH CMD CERTIFIED LBEs AND SFPUC-LBEs.

For assistance with CMD Attachment 6, please contact the following number(s):
CMD Main Office (415) 581-2310

For compliance and assistance with the Equal Benefits Program, please contact the CMD Main Office.
When bidding as a prime, certified SFPUC-LBEs shall be eligible for the prime contractor bid discount for all PUC Regional Projects (as defined pursuant to Chapter 14B) where costs will be shared with regional water customers. For PUC Non Cost-Sharing Regional Projects located 70 miles outside of the City and County of San Francisco, the SFPUC-LBE bid discount shall only apply if application of the bid discount will not adversely impact the ranking of a bid submitted by a Small, Micro or SBA “San Francisco” LBE (that is, an LBE certified under 14B.3 with its principle place of business in San Francisco). SFPUC-LBEs would be eligible for LBE subcontracting participation credit on all PUC Regional Project contracts whether or not the contract will be subject to cost-sharing.

As a point of clarification, the SBA-LBE classification applies only to San Francisco LBEs. There will be no CMD certified SFPUC-SBA-LBEs.

1.02 SUBMISSION OF CMD FORMS

A. Failure to complete or submit any of the forms may cause the bidder to be deemed non-responsive and ineligible for contract award. For negotiated contracts: The schedule for the submission of forms will be established by the CMD in conjunction with the Contract Awarding Authority on a contract-by-contract basis.

NOTE:

FORM 2A: CMD LBE Subcontractor Participation Form is no longer in use. The information previously required under that form shall be included by the bidder as part of DOCUMENT 00435 of the Bid Documents.

1. In addition to meeting the requirements of the "Subletting and Subcontracting Fair Practices Act,” Bidder shall list on Document 00435 ALL LBE subcontractors, suppliers, and service contractors (such as truckers), including their respective subcontract dollar amounts and portion of work to be performed, it wishes to utilize toward the Contract’s LBE subcontracting participation goal. Failure to include this information may make it impossible for the City to determine whether or not Bidder has met the LBE subcontracting goal, and the bid may be deemed non-responsive.

2. Bidders and subcontractors must be certified as LBEs on the bid due date to qualify for the bid discount or to qualify to meet the LBE subcontracting participation goal.

3. Any bidder or subcontractor who is in the process of appealing the Director’s denial of certification or revocation of certification shall not be considered an LBE.

FORM 2A-A: CMD Construction Alternates Participation Form is no longer in use. The information previously required under that form shall be included by the bidder as part of DOCUMENT 00435A of the bid specifications.

Bidder must complete and submit Document 00435A with its bid in order for the bidder to receive credit for LBE participation on alternates. Compliance with the subcontracting goal is determined on the amount of the base bid. However, listed LBE subcontractor participation on City-selected alternates may be credited where the LBE subcontracting participation goal is not met on the base bid. LBEs that are listed on the base bid should be listed again on Document 00435A for each alternate on which they will be utilized. Failure to list LBEs on Document 00435A may result in their participation not being counted towards meeting the LBE subcontracting participation goal, even if the alternate is selected by the City.

B. Submit the following CMD form with the bid:

FORM 2B: CMD “Good Faith Outreach” Requirements Form: Bidder shall meet the specified LBE subcontractor participation goal and shall complete and submit Form 2B in accordance with Form 2B instructions.

In accordance with Section 14B.8(B) of the Administrative Code ("Code"), if a bidder does not demonstrate in its bid that bidder exceeds the established LBE subcontracting goal by at least
35%, such bidder must demonstrate adequate good faith efforts to meet the LBE subcontracting goal. Such bidder must complete and submit Form 2B as required by Form 2B instructions and must submit all good faith documentation as specified in Section B, items numbers 2 and 4 of Form 2B with its bid. Failure to meet the LBE subcontracting participation goal and demonstrate/document adequate good faith efforts shall cause the Bid to be determined non-responsive and rejected.

If a bidder demonstrates in its bid that it exceeds the established LBE subcontracting participation goal by 35% or more, such bidder is not required to conduct good faith outreach efforts or to submit evidence of good faith efforts. Such bidder shall complete and submit Form 2B as required by Form 2B instructions. **NOTE: A SMALL OR MICRO-LBE PRIME BIDDER MAY COUNT ITS OWN CONTRACT WORK TOWARD THE 35% GOOD FAITH EFFORTS EXCEPTION.**

- **Example:** The LBE subcontracting goal is 10%. Good faith efforts requirements will be waived if the Bidder:
  1) Meets the 10% LBE subcontracting goal;
  2) Has total LBE participation that equals or exceeds 13.5% of the base bid amount. The 13.5% represents the 10% LBE subcontracting goal plus 35% of that 10% subcontracting goal.

| LBE subcontracting goal set for project | 10.0% |
| 35% of the 10% LBE subcontracting goal | 3.5% |
| **Total LBE participation must equal or exceed:** | **13.5%** |

C. The apparent low bidder must submit the following documentation and forms by 5:00 p.m. on the fifth business day following Bid opening. If the CMD determines that the bidder is not acting in good faith in the timely and accurate submission of these forms, the bid may be determined non-responsive and rejected.

**Note:** No extensions of time to submit the documentation are permitted unless approved by CMD.

1. Documentation required under Section B, items 5 and 6 of CMD Form 2B (unless bidder meets the 35% exception described above and as set forth in Section 14B.8(B) of the Code):
   a. Copies of all written bids submitted, including those from non-LBEs;
   b. If oral bids were received, a list of all such bids, including those from non-LBEs. The trade and dollar amounts for each such bid must be specified; and
   c. A full and complete statement of the reasons for selection of the subcontractors for each trade. If the reason is based on relative qualifications, the statement must address the particular qualification at issue. If the reason is based on the bid amounts, the statement must include the amounts and describe the similarities and/or dissimilarities in the scope of work covered by the bids.

2. **FORM 3: CMD Compliance Affidavit:** The bidder shall sign the Affidavit under penalty of perjury.

3. **FORM 6: CMD LBE Subcontractor Participation Affidavit:** Completed copies of Form 6 and subcontractors’ bid quotations must be submitted from all LBE subcontractors, suppliers and truckers listed to meet the subcontracting goal, regardless of whether the participation is as a first-tier, or lower-tier subcontractor, supplier or trucker. Subcontractors are required to sign this form under penalty of perjury.
FORM 6A: CMD LBE Trucking Form: Bidder shall submit Form 6A if truckers are being used to meet the LBE goal. Only CMD certified LBE truckers can be utilized to meet the LBE subcontracting goal.

1.03 CMD LBE UTILIZATION TRACKING SYSTEM AND CONTRACT PERFORMANCE FORMS:

Upon request from CMD, the Contractor must provide copies of certified payrolls for itself and all subcontractors. Failure to submit all required information in the LBEUTS or Contract Performance Forms as instructed may result in the withholding of progress payments and final payment pursuant to Chapter 14B.

A. LBE Utilization Tracking System

Information regarding the LBE Utilization Tracking System (LBEUTS) can be found at http://www.sfgov.org/LBEUTS

1. FORM 7: CMD Progress Payment Form: Contractor shall submit online using the LBEUTS with each payment request. Failure to upload this information with each payment request may delay progress payment processing. Upload copies of invoices from all subcontractors.

2. FORM 9: CMD Payment Affidavit: Submit online using the LBEUTS within ten (10) business days following receipt of each progress payment from the Contract Awarding Authority. Subcontractors are then required to acknowledge payment from Contractor online using the LBEUTS. Failure to submit required information may lead to partial withholding of progress payment, even there is no subcontractor payments for the reporting period.

C. FORM 8: CMD Exit Report and Affidavit: Submit with final Form 7. A separate Form 8 must be completed for each LBE subcontractor and supplier (including lower-tier subcontractors & suppliers).

D. FORM 10: CMD Contract Modification Form: This form shall be completed by the Prime Contractor when any (all) amendments, modifications, or supplemental change orders cumulatively increase the original contract amount by more than 20%, and then for all subsequent modifications.

E. Failure to submit any contract forms may result in sanctions under Chapter 14B, including but not limited to, withholding of progress and final payments.

1.04 “GOOD FAITH OUTREACH” REQUIREMENTS

All bidders shall undertake adequate good faith outreach as set forth in Section 14B.8(D) of the Code to select subcontractors to meet the LBE subcontracting participation goal, unless a bidder qualifies for the exception set forth in Section 14B.8(B) of the Code for bidders that demonstrate in their bids that they exceed the established LBE subcontracting participation goal by 35% or more. Please see example in Section 1.02B above.

Under Section 14B.8(C) of the Code, bids that do not meet the LBE subcontracting participation goal set will be rejected as non-responsive unless the CMD Director finds that the bidder diligently undertook adequate good faith efforts required by Chapter 14B and that the failure to meet the goal resulted from an excusable error.
A bidder must contact an LBE before listing that LBE as a subcontractor in the bid. A bid that fails to comply with this requirement will be rejected as non-responsive. Bidders are required to submit Form 2B and supporting documentation EVEN IF the LBE subcontracting goal has been met.

1.05 NONCOMPLIANCE AND SANCTIONS

A. Non-Compliance with Chapter 14B

1. A complaint of non-compliance concerning LBE participation initiated by any party after contract award will be processed in accordance with Chapter 14B and its implementing Rules and Regulations.

   a. If the CMD Director determines that there is cause to believe that a contractor has failed to comply with any of the requirements of Chapter 14B, CMD Rules and Regulations, or contract provisions pertaining to LBE participation, the CMD Director shall notify the Contract Awarding Authority and attempt to resolve the non-compliance through conference and conciliation.

   b. If the non-compliance is not resolved through conference and conciliation, the CMD Director shall conduct an investigation and, where the Director so finds, issue a written Finding of Non-Compliance.

   c. The Director’s finding shall indicate whether the contractor acted in good faith or whether noncompliance was based on bad faith noncompliance with the requirements of Chapter 14B, CMD Rules and Regulations, or contract provisions pertaining to LBE participation.

2. Where the Director finds that the contractor acted in good faith, after affording the contractor notice and an opportunity to be heard, the Director shall recommend that the Contract Awarding Authority take appropriate action. Where the Director finds bad faith noncompliance, the Director shall impose sanctions for each violation of the ordinance, CMD Rules and Regulations, or contract provisions pertaining to LBE participation, which may include:

   a. Issuing an Order of Debarment prohibiting the contractor and affiliates from participating in City Contracting for a period not to exceed five years and terminating any existing contracts or subcontracts with the debarred contractor, in accordance with the Administrative Debarment provisions and procedures set forth in Administrative Code Chapter 28.

   b. Determining that the contractor has failed to comply with the provisions of Chapter 14B, sanctions are as follows:

      i) suspend a contract;
      ii) withhold funds;
      iii) assess penalties;
      iv) debarment;
      v) revoke CMD certification; or
      vi) pursuant to 14B.7(H)(2), assess liquidated damages in an amount equal to the contractor’s net profit on the contract, 10% of the total amount of the contract or $1,000, whichever is greatest as determined by CMD.

   c. The Director's determination of bad faith non-compliance is subject to appeal to the City Administrator pursuant to CMD Rules and Regulations.

   d. An appeal by a contractor to the City Administrator shall not stay the Director's findings.
e. The CMD Director may require such reports, information and documentation from contractors, subcontractors, contract awarding authorities, and heads of departments, divisions, and offices of the City and County as are reasonably necessary to determine compliance with the requirements of Chapter 14B.

B. Procedure for the collection of penalties is as follows:

1. The CMD Director shall send a written notice to the Controller, the Mayor and to all contract awarding authorities or City and County department officials overseeing any contract with the bidder or contractor that a determination of bad faith non-compliance has been made and that all payments due the bidder or contractor shall be withheld.

2. The CMD Director shall transmit a report to the Controller and other applicable City departments to ensure that the liquidated damages are paid to the City.

PART II. BID DISCOUNT

2.01 APPLICATION

A. Eligibility for the LBE bid discount: Certified Small or Micro-LBEs, SBA-LBEs, including certified non-profit organizations, are eligible for an LBE bid discount if the LBE is CMD certified in the type of work specified by the Contract Awarding Authority. A bidder that has a certification application pending, that has been denied certification, that has had its certification revoked or that is in the process of appealing a CMD denial or revocation at the date and time the bid is due is not an LBE and is not eligible to receive the bid discount even if the firm is later certified or ultimately prevails in its appeal.

Application of the bid discount shall be as follows:

1. Contracts with an Estimated Code in Excess of $10,000 and Less Than or Equal to $400,000. A 10% bid discount will apply to any bids submitted by CMD certified Small or Micro-LBEs. SBA-LBEs are not eligible for a bid discount.

2. Contracts with an Estimated Cost in Excess of $400,000 and Less Than or Equal to $10,000,000. A 10% bid discount will apply to any bids submitted by CMD certified Small or Micro-LBEs. If, after the application of the 10% bid discount to bids submitted by Small or Micro-LBEs, the apparent low bidder is not a Small or Micro-LBE, a 2% bid discount will be applied to any bid from an SBA-LBE in accordance with the procedures and limitations set forth in Section 14B.7(E) of the Code.

3. Contracts With An Estimated Cost In Excess Of $10,000,000 and Less Than or Equal to $20,000,000. A 2% bid discount will apply to any bid submitted by an SBA-LBE.

4. A 10% bid discount for CMD LBE certified non-profit agencies for contracts estimated in excess of $10,000, but less than or equal to $10,000,000.

B. Discount not applicable

Bid discounts are not applicable to contracts awarded by private non-profit agencies, regardless of whether or not government funding is involved, or whether or not the firms competing for contracts are for-profit businesses.

PART III. LBE SUBCONTRACTOR PARTICIPATION

3.01 LBE SUBCONTRACTING GOAL

NOTE: FOR PURPOSES OF THE LBE SUBCONTRACTING REQUIREMENTS, “LBE” REFERS TO SMALL AND MICRO-LBES ONLY, UNLESS THE BID SPECIFICATIONS
EXPRESSLY ALLOW FOR SBA-LBE SUBCONTRACTORS TO COUNT TOWARDS THE LBE PARTICIPATION GOAL

A. All bidders must meet the LBE subcontractor participation goal. In addition, all bidders must demonstrate good faith efforts, unless a bidder demonstrates in its bid that it exceeds the LBE subcontractor participation goal by 35% or more. Please see example in Section 1.02B above.

1. A bidder's failure to meet the LBE subcontractor participation goal may result in the rejection of its bid as non-responsive. Good faith efforts, if required, will be evaluated based on information submitted on Form 2B and submittal of the required good faith effort documentation.

2. Bidders shall submit the following with their bids:
   a. Document 00435 (Subcontractor List), including identification of the particular LBE subcontractors to be used in performing the contract work, first and lower tier subcontractors, suppliers, or service contractors such as truckers, and specifying for each the dollar amount of each subcontract and the portion of work to be performed.
   b. Document 00435A (Subcontractor List for Alternate Work) must be submitted with the bid in order for a bidder to receive LBE subcontracting credit on City-selected alternates. Refer to 3.01B, below, for information regarding alternates and the LBE subcontracting participation goal.
   c. Form 2B (Good Faith Outreach Requirements Form) – all bidders must submit. Bidders that do not qualify for the exemption set forth in Section 14B.8(B) of the Code shall submit supporting documentation as defined in Section 14B.8(E) of the Code. Refer to Form 2B for instructions specifying what supporting documentation must be submitted with the bid.

3. Bidders are responsible for verifying the LBE status of a subcontractor or supplier immediately prior to submitting a bid. A subcontractor that has a certification application pending, that has been denied certification, that has had its certification revoked or that is in the process of appealing a CMD denial or revocation at the date and time the bid is due is not an LBE and cannot be counted as an LBE for purposes of achieving LBE subcontracting participation goal even if the firm is later certified or ultimately prevails in its appeal.

B. Calculation of LBE subcontractor participation. The CMD will calculate the participation of an LBE subcontractor toward meeting the specified goal as follows:

General Rules; Commercially Useful Function

1. All prime bidders, including LBE prime bidders, must meet the LBE subcontracting goal. An LBE prime bidder cannot count its own work towards meeting the LBE subcontracting participation goal. A Small or Micro-LBE prime bidder may, however, count its own work toward the 35% good faith efforts exception set forth in Section 14B.8(B) of the Code. Refer to Form 2B for instructions.

2. If a bidder owns or controls or has any common ownership or control of more than one business, the bidder will not receive LBE subcontracting credit if its lists such other firm(s) to meet the LBE subcontracting goal when bidding as a prime. For purposes of determining

07/10/2013
ownership of a business, a business owned by the bidder's spouse/domestic partner shall be deemed to be owned by the bidder.

3. For a bidder to receive credit toward the LBE subcontracting participation goal, a listed LBE subcontractor must be CMD certified in the scopes of work/trade(s) specified on Document 00435.

   a. An LBE subcontractor performs a Commercially Useful Function if it is directly responsible for providing the materials, equipment, supplies or services to the project as required by the bid and contract documents. To perform a Commercially Useful Function, an LBE subcontractor must be solely responsible for execution of a distinct element of the contract work, and must actually perform, manage and supervise the work involved in accordance with normal industry practice.

   b. To determine whether an LBE subcontractor is performing a Commercially Useful Function, the CMD will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the LBE credit claimed for its performance of the work, and other relevant factors. What constitutes a Commercially Useful Function will vary depending on the type of LBE subcontractor (e.g., construction subcontractor, manufacturer, supplier, broker, or trucker).

   c. An LBE subcontractor does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of LBE participation. In determining whether an LBE is such an extra participant, the CMD will examine similar transactions and determine whether or not non-LBEs would normally participate in such transactions.

4. Only the dollar amount of work to be performed by the LBE subcontractor will be credited toward meeting the LBE subcontractor participation goal.

   • Example: Bidder lists an LBE subcontractor for $1,000,000, but the LBE subcontractor will perform $510,000 of that amount. The remaining $490,000 will be further subcontracted out to a lower-tier non-LBE subcontractor. Only $510,000 will be credited toward the LBE subcontracting goal.

5. All work performed by lower-tier LBE subcontractors will be credited toward meeting the LBE subcontracting goal provided that the lower-tier subcontractor was listed on Document 00435 (or Document 00435A, if applicable) at the time of bid.

   • Example: A non-LBE subcontractor is listed for $1,000,000 and will perform $800,000 of that amount. The remaining $200,000 will be further subcontracted out to a lower-tier LBE subcontractor. Only $200,000 will be credited toward the LBE subcontracting goal, provided that the lower-tier LBE subcontractor was listed on Document 00435 at the time of bid.

**Deletable Bid Items, Allowances, Contingency/Conditional & Alternate Bid Items**

6. The CMD will calculate compliance with the LBE subcontracting goal based on the total amount of a bidder's base bid (including non-deletable bid items, deletable bid items, allowances, and all other items that contribute to the base bid amount). In addition, a bidder must demonstrate good faith efforts to meet the LBE subcontracting goal through LBE participation on the base bid. If a bidder fails to meet the LBE subcontracting goal through its base bid, the CMD will credit listed LBE subcontractor participation for alternates selected by the City for contract award toward the LBE subcontracting goal. To receive LBE
subcontracting credit for City-selected alternates, a bidder must separately list LBE subcontractors that it will use for alternate work on Document 00435A (for alternates only) and submit the completed Document with its bid. If a bidder lists an LBE subcontractor on Document 00435 and intends to use that LBE subcontractor for alternate work, the bidder must separately list the LBE subcontractor on Document 00435A for each alternate on which the subcontractor will be used.

7. If a bidder lists LBE subcontractors on Document 00435A to perform certain alternate work, but the City does not select the applicable alternate(s) for contract award, the bidder will not receive LBE subcontracting credit for the listed subcontractors.

8. A bidder shall not use deletable bid items, allowances or contingency/conditional bid items to fulfill the LBE subcontractor participation goal.

LBE Construction Subcontractors

9. Bidders may receive 100% credit for CMD-certified LBE construction subcontractors that perform a Commercially Useful Function by supplying labor, materials and supplies for a discrete portion of the contract work performed in accordance with normal industry practice. To receive credit towards the LBE subcontracting goal with respect to materials and supplies used for the contract work, the material and supplies must be of the type normally provided by the construction subcontractor in accordance with industry practice. In addition, with respect to materials and supplies, the LBE construction subcontractor must be responsible for negotiating price, determining quality and quantity, ordering the material and supplies, selecting a supplier or dealer from those available, installing the materials, and paying for the materials and supplies. To receive LBE subcontracting credit, the bidder must list the LBE construction subcontractor on Document 00435 (and Document 00435A, if applicable).

10. Bidders may receive 100% credit for LBE construction contractors that perform a Commercially Useful Function by supplying labor only for a discrete portion of the contract work in accordance with normal industry practice. To receive LBE subcontracting credit, the bidder must list the LBE construction subcontractor on Document 00435 (and Document 00435A, if applicable).

LBE Manufacturers

11. If a bidder obtains materials, supplies, articles or equipment directly from an LBE manufacturer certified by the CMD as a manufacturer of such items, 100% of the cost of the items will count toward the LBE subcontracting participation goal, regardless of who installs such items. An LBE manufacturer is a firm that performs a Commercially Useful Function by operating or maintaining a factory or establishment that produces on the premises, the materials, supplies, articles or equipment required under the contract and of the general character described by the specifications. To receive LBE subcontracting participation credit, the bidder must list the LBE manufacturer on Document 00435 (and Document 00435A, if applicable).

LBE Suppliers

12. If a bidder obtains materials, supplies, articles or equipment from an LBE supplier certified by CMD to supply such items, 60% of the cost of the items will count toward the LBE subcontracting goal if the LBE supplier performs a Commercially Useful Function by taking possession of the items and assuming the risk of their delivery. An LBE supplier is a firm with the financial and physical capability to purchase, to stock, and to distribute or sell the
materials, supplies, articles or equipment of the general character described by the specifications and required under the contract consistent with relevant industry practice in the usual course of business. No LBE subcontracting credit beyond 60% of the cost of materials, supplies, articles or equipment will be credited for any claimed services provided by the LBE supplier. To receive LBE subcontracting participation credit, the bidder must list the LBE supplier on Document 00435 (and Document 00435A, if applicable).

13. If a bidder obtains materials, supplies, articles or equipment from an LBE supplier certified by CMD to supply such items, and the supplier performs a Commercially Useful Function by purchasing and selling the items, but does not take possession of the items and assume the risk of their delivery, then the LBE supplier is serving as a broker or agent, and only 5% of the cost of the materials or supplies will count toward the LBE subcontracting goal. No LBE subcontracting credit beyond 5% of the cost of materials or supplies will be credited for any claimed services (including, but not limited to, costs of insurance, warehousing or general maintenance) provided by the LBE supplier/broker. To receive LBE subcontracting credit, the bidder must list the LBE supplier/broker on Document 00435 (and Document 00435A, if applicable).

14. For CMD-certified LBE equipment rental firms, 60% of the equipment rental fee (current market rate) of equipment owned by the LBE equipment rental firm will be credited towards the LBE subcontracting participation goal. To receive LBE subcontracting credit, the bidder must list the LBE equipment rental firm on Document 00435 (and Document 00435A, if applicable).

**Specially Manufactured Items**

15. The Instructions to Bidders or the Technical Specifications may list material, articles, equipment or other manufactured items that the City has designated as Specially Manufactured Items for the purposes of the LBE subcontracting participation goal. A Specially Manufactured Item is an item that is either typically purchased by the prime contractor directly from the manufacturer or not supplied by suppliers or construction subcontractors in the usual course of business.

16. If the bid or contract documents expressly identify one or more Specially Manufactured Items, CMD will calculate LBE subcontracting credit for such items according to the following rules:

   a. If a Specially Manufactured Item is manufactured by and purchased from a CMD-certified LBE manufacturer, 100% of the purchase order amount will be credited towards meeting the LBE subcontracting participation goal, regardless of who installs the item. To receive LBE subcontracting credit, the bidder must list the LBE manufacturer on Document 00435 (and Document 00435A, if applicable).

   b. If a Specially Manufactured Item is purchased from a CMD-certified LBE supplier, only 5% of the purchase price of the item will be credited towards meeting the LBE subcontracting goal. No LBE participation credit beyond 5% of the purchase price will be credited for any claimed services (including, but not limited to, costs of insurance, warehousing, and general maintenance) provided by the LBE supplier. To receive LBE subcontracting credit, the bidder must list the LBE supplier on Document 00435 (and Document 00435A, if applicable).

   c. If a Specially Manufactured Item is supplied and installed by a CMD-certified LBE construction subcontractor, 5% of the purchase price of the item and 100% of the installation labor cost will be credited towards meeting the LBE subcontracting goal.
provided that installation by the construction subcontractor reflects normal industry practice. To receive LBE subcontracting credit, the bidder must list the LBE construction subcontractor on Document 00435 (and Document 00435A, if applicable).

d. A bidder may receive full (100%) LBE subcontracting credit for any labor associated with the installation of a Specially Manufactured Item (regardless of the source of supply), provided the installation is performed by a CMD-certified construction subcontractor in accordance with normal industry practice. To receive LBE subcontracting credit, the bidder must list the LBE construction subcontractor on Document 00435 (and Document 00435A, if applicable).

LBE Truckers

17. CMD will count 100% credit toward the LBE subcontracting goal when an LBE-owned trailer is pulled by a LBE-owned cab and the driver of the cab is an employee/owner of the LBE trucking firm that owns the cab. CMD will count 60% credit toward the LBE subcontracting goal when an LBE-owned trailer is pulled by a non-LBE owned cab. CMD will count 60% credit toward the LBE goal when a non-LBE owned trailer is pulled by a LBE owned cab. CMD will count 0% credit toward the LBE subcontracting goal when a non-LBE-owned trailer is pulled by a non-LBE owned cab. To receive LBE subcontracting credit, the bidder must list the LBE trucking firm on Document 00435 (and Document 00435A, if applicable).

18. In order to receive LBE subcontracting credit for Trucking and Hauling, the LBE must own the cab or trailer at the time of bid and be certified under the category “Trucking and Hauling” with the CMD’s Certification Unit. The following items fall under the “Trucking and Hauling” category: cabs and trailers. Prior to the bid due date, the LBE must have provided ownership information and all necessary permits and registration for the Trucking and Hauling items that will be utilized for the project to CMD’s Certification Unit which will verify and add this information to the certification file. During the course of the contract the CMD Director may authorize subcontracting credit for vehicles or equipment purchased or leased after the time of bid on a case by case basis.

Construction Equipment

17. Construction Equipment firms are firms that sell and/or rent construction equipment. For example, items such as storage tanks, grit separators, debris boxes, etc. are considered Construction Equipment and not under the “Trucking and Hauling” Category. If these items are utilized in conjunction with trucking and hauling operations, they are still classified in the Construction Equipment Category. In order to receive LBE subcontracting credit for these types of items, a Bidder, at the time of bid, must be certified under the category of “Construction Equipment” with the CMD’s Certification Unit.

18. Prior to the bid due date, the LBE must have provided ownership information of the Construction Equipment items that will be utilized for the project to CMD’s Certification Unit which will verify and add this information to the certification file. Please contact the CMD Certification Unit at (415) 581-2310 for further information and assistance as the LBE will need to provide documents appropriate to the firm’s stock, inventory, and business model. During the course of the contract the CMD Director may authorize subcontracting credit for vehicles or equipment purchased or leased after the time of bid on a case by case basis.
Note: LBE firms in the “Construction Equipment” category are equipment sales and rental firms. For CMD certified LBE equipment rental firms, only 60% of the equipment rental fee (current market rate) will be credited towards the LBE subcontracting participation goal.

3.02 Substitution, removal, or contract modification of LBE: No LBE subcontractor, supplier, trucker or other business listed on Document 00435 (or Document 00435A) shall be substituted, removed from the contract or have its contract, purchase order or other form of agreement modified in any way without prior CMD approval. Contractor must conduct good faith efforts to replace an LBE subcontractor with another LBE subcontractor to comply with the LBE participation requirements. In addition, any new subcontractors must have CMD’s prior approval.

PART IV. NON-DISCRIMINATION REQUIREMENTS

4.01 GENERAL
As a condition of contract award, Contractors and subcontractors shall comply with the nondiscrimination requirements as defined by Chapter 12B of the Administrative Code.

4.02 NON-DISCRIMINATION PROVISIONS
A. Prior to the award of the contract, Contractor shall agree in its bid that it will abide by Administrative Code Chapter 12B by not discriminating in the provision of benefits between its employees with spouses and its employees with domestic partners, as required by Chapter 12B.

B. Contractor shall promote and ensure equal employment opportunities for persons of all ethnic backgrounds and genders in the construction workforce. Prior to award of the contract, Contractor shall agree in its bid that it will abide by Administrative Code Chapter 12B by not discriminating against any employee or applicant for employment because of race, color, religion, ancestry, national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status, height, weight, disability or AIDS/HIV status, or association with members of classes protected under this chapter or in retaliation for opposition to any practices forbidden under Chapter 12B. This prohibition includes discrimination in employment, upgrading, demotion, transfer, recruitment advertising or recruitment, layoff or termination, rates of pay or other forms of compensation, and selection for training including apprenticeship. Contractors shall place the same requirements in its subcontracts.

C. Contractor and its subcontractors shall send to each labor union with which they have a collective bargaining agreement a notice advising the union of this commitment to nondiscrimination and shall post copies of this notice in conspicuous places available to employees and applicants for employment.

D. Neither the provision of a collective bargaining agreement nor the failure of a union with whom contractor has a collective bargaining agreement to refer any group of persons for employment shall excuse contractors’ or its subcontractors’ obligations not to discriminate under these provisions.

E. Contractor and its subcontractors shall ensure that all forepersons, superintendents and other on-site supervisory personnel maintain a working environment free of harassment, intimidation, and coercion.

F. Contractor and its subcontractors shall ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and changing facilities shall be provided to accommodate all workers.

G. Upon HRC request, an authorized representative of the contractor, its subcontractors and suppliers will actively participate in compliance review meetings with a representative of the HRC to review the implementation of these nondiscrimination requirements. The authorized representative of the company in attendance must have authority to commit the organization.
Contractor shall be responsible to notify and to require the attendance of its subcontractors at such meetings. Contractors and subcontractors shall abide by any nondiscrimination program imposed by the HRC under Chapter 12B.4.

H. Non-Compliance and Sanctions:

1. A complaint of discrimination in employment initiated by any party after contract award will be processed in accordance with the HRC Rules of Procedures, adopted pursuant to Chapter 12B of the San Francisco Administrative Code.

2. A finding of discrimination may result in imposition of financial penalties and debarment from City contracting.
**FORM 2B: “GOOD FAITH OUTREACH” REQUIREMENTS FORM**

This “Good Faith Outreach” form must be completed and submitted with the bid EVEN IF the LBE subcontracting participation goal has been met (Section 14B.8 of the San Francisco Administrative Code). Proposers may obtain a list of certified LBEs from the CMD website: http://www.sfgov.org/cmd

**SECTION A**

Under Section 14B.8(B) of the Administrative Code, if a bid demonstrates total LBE participation that exceeds by 35% the established LBE subcontracting participation goal for the project, the bidder will not be required to conduct good faith outreach efforts or to submit evidence of good faith outreach efforts. Note that a Small or Micro-LBE prime bidder may count its own Contract Work toward the 35% good faith efforts exception. **PLEASE SEE EXAMPLE IN CMD ATTACHMENT 6 SECTION 1.02B.**

Does your bid demonstrate that you have exceeded the established LBE subcontracting participation goal by 35% or more in accordance with Section 14B.8(B)? □ YES* □ NO

If the answer is yes, please check “YES”, above, and complete Section C (if applicable) and Section D of this Form. If the answer is no, please check “NO”, above, and complete Sections B and D of this Form, and submit all required supporting documentation in accordance with the instructions in Section B.

*Note: An answer of “YES”, above, is subject to verification by CMD. If the CMD determines that bidder did not exceed the LBE subcontracting participation goal by at least 35% and bidder either failed to undertake adequate good faith outreach efforts or failed to submit supporting documentation with its bid as required by Section B, items 2 and 4, below, then bidder’s bid will be declared non-responsive and will be rejected.

*Note: “LBE” refers to Small and Micro-LBEs only, unless the Project Specifications allow for SBA-LBE subcontractors to count towards the LBE participation goal.

**SECTION B**

All bidders that do not qualify for the exception set forth in Section 14B.8(B) of the Administrative Code must complete this Section B and submit supporting documentation as required.

**SUPPORTING DOCUMENTATION FOR ITEMS 2 AND 4, BELOW, MUST BE SUBMITTED WITH THE BID. SUPPORTING DOCUMENTATION FOR ITEM 5 AND 6, BELOW, SHALL BE SUBMITTED BY THE APPARENT LOW BIDDER BY 5:00 P.M. ON THE FIFTH BUSINESS DAY FOLLOWING BID OPENING. Bidders may obtain a list of certified LBEs from the CMD website: http://sfgov.org/CMD**

A bidder must achieve at least 80 points, as determined by CMD, to be deemed compliant with the “good faith outreach” requirements. A bidder who fails to achieve at least 80 points will be declared non-responsive, and the bid will be rejected. Please check “yes” or “no” for each item listed below.

A bidder who does not perform any follow-up contact with interested LBEs will receive no points.
