Re: Office of Citizen Complaints 2009 First Quarter Statistical Report

I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the first quarter of 2009. The OCC had a very productive quarter, closing more cases than it opened. The OCC received 246 complaints of police misconduct or failure to take action and closed 258 complaints this first quarter.

II. ORGANIZATIONAL AND BUDGET MATTERS

In the first quarter of 2009 the OCC also experienced a period of organizational stability. This was the first quarter of the past five quarters where all positions were filled and there were no new hires or resignations. The statistics set forth below prove the theory that a lower caseload results in greater productivity and fewer delays.

While 2008 represented a staff growth year for the OCC, the first quarter of 2009 represented a period of staff contraction consistent with the world economy. Effective February 1, 2009, the OCC, with the consent of the Police Commission deleted three vacant positions from its budget; a line investigator, a senior investigator and a senior clerk typist. (Police Commission Resolution number 7-09, dated January 22, 2009.) These positions had been added to the OCC's 2008/2009 budget but in response to the growing City and County budget deficit they were never filled.

On February 20, 2009, in compliance with City budget directives, the OCC submitted its proposed budget to the Mayor and Controller with a total of 25% in budget reductions which included a filled line investigator and a filled attorney position. The OCC stressed that the reduction of the line investigator position would cause increased caseloads, which could lead to lower productivity and more delays.

The OCC also stressed that the reduction of an attorney position would require the consolidation of the policy analysis work with the mediation and outreach work and would result in less effectiveness and greater delays in all three programs. Although on February 18, 2009, pursuant to Resolution number 17-09, the Police Commission authorized the OCC to submit its budget, it did so without recommendation because of the mandated budget reductions and the harm the reduction of the attorney position would cause to the OCC's burgeoning mediation program.

In addition to its other routine reports, on March 18, 2009, the OCC delivered its 2008 annual report and a report on the mediation program. During this first quarter, the OCC created a more user friendly website which can be found at www.sfgov.org/occ. The homepage now contains sections on news, programs, the OCC's mission, and links to the Police Commission's and Police Department's websites.

In the first quarter of 2009, the Information Systems Business Analyst enhanced the OCC database by creating an investigator case browser for line investigators which creates reports that include, among other things, case summaries, case age, data entry deficiencies and other investigators' progress on their cases.

Finally, the City Services Audit Division of the San Francisco Controller's Office contacted the OCC during the first quarter of 2009 to begin a compliance audit of the 41 recommendations it made to the OCC in its January 24, 2007 audit of the OCC.

III. INVESTIGATION OF CASES

As mentioned earlier in this report, by the end of the first quarter of 2009, the OCC had opened 246 new cases and closed 258 cases. Thus, during this quarter, the OCC closed 12 more cases than it opened. The OCC closed the quarter with 380 pending cases which is a significant reduction; 79 less pending cases than the number of pending cases at the close of the first quarter of 2008. By the end of the first quarter of 2009, there were 186 pending cases from 2008 and 194 pending cases from 2009.

Staff demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and in an unbiased manner, with a reenergized effort. This effort is largely attributable to two factors; 1) a nearly 50% line investigator increase from 12 to 17 filled positions and 2) the continued dedication of the veteran investigators. Of the 246 cases the OCC closed, 87% of them were closed within nine months and only 2% of them (2 cases) took more than a year to close. This is an exceptional improvement compared to the

first quarter of 2008 where only 76% of the cases were closed within nine months and 14% of the cases took more than a year to close.

In the first quarter of 2009, the delay in one of the two cases closed later than 365 days after receipt was caused by the time it took for the San Francisco Police Department to provide the OCC with the final homicide files in an officer involved shooting. These files were received 385 days after the initial filing of the complaint. The case was closed with a proper conduct finding. The second case involved three separate incidents, none of which resulted in sustained findings and in fact resulted in proper conduct findings in some of the allegations.

The rate of sustained cases also increased. In the first quarter of 2009, four percent of the cases were sustained; although this is still significantly lower than the OCC's historical average of nine percent, yet is also higher than the three percent of cases sustained at the end of the first quarter of 2008. Additionally, the days to close sustained cases were significantly reduced for the first quarter of 2009. In this first quarter, 54% of sustained cases were completed within nine months and no sustained cases were completed more than 365 days after receipt, while during the same period in 2008, only 42% of the sustained cases were completed within nine months and 29% of them were completed more than 365 days after receipt. Of note is that for most of 2008, OCC investigators were operating with only twelve fully trained investigators, while by the end of the first quarter of 2009, the OCC had seventeen trained investigators.

The sustained allegations in four of the eleven complaints sustained in the first quarter of 2009 (over one third) are troubling because the allegations were sustained for neglect of duty when an officer either failed to complete the E585 worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer as required by department regulations.¹ Dr. Lorie Fridell in her 2007 study on fair and impartial policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.²

IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT

By the end of the first quarter of 2009, staff had completed intake on all 2008 cases and had closed 82% of these, leaving only 18% of the 2008 cases pending. In

¹ San Francisco Police Department Bulletin 07-049 (March 7, 2007), Additional Traffic Stop Data Information.

² Lorie Fridell, PhD, (March 2007) Fair and Impartial Policing: Recommendations for the City and Police Department of San Francisco, p. 73.

comparison, by the end of the first quarter of 2008, staff had not completed intake on 4% of 2007 cases, and had closed only 74% of these, leaving 22% of the 2007 cases pending. Through closer case management, staff has significantly reduced the number of cases in intake over the same period last year.

V. CASE MANAGEMENT

The investigator caseload as of March 31, 2009 shows a better balance than the same period in 2008. The average caseload as of March 31, 2009 was 20 cases per investigator. As of March 31, 2008, the average caseload was 36 cases, yet one investigator had a caseload of 65 cases and another, 53. The Chief Investigator, Charles Gallman, and the Senior Investigators have taken a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases. Additionally, as previously mentioned, the line investigator staff has increased from 12 investigators to 17 investigators.

VI. MEDIATION

The OCC continued to make significant progress in mediating a significant number of cases during the first quarter of 2009. Under the leadership of the OCC's Mediation Coordinator, Donna Salazar, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 16 cases in the first quarter of 2009. In the first quarter of 2008, the OCC mediated 17 which was an increase of nine over the same period of 2007. During this quarter, the Mediation and Outreach Coordinator also attended the Alternative Dispute Resolution of Northern California conference and Community Boards mediation training. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, and also serves as an educational experience for all participants.

VII. OUTREACH

During the first quarter of 2009, the OCC was engaged in the following outreach activities:

The Chief Investigator made presentations to three recruit academies at the San Francisco Police Department. Staff also gave "Know Your Rights" presentations to two groups of young people at the Bernal Heights Neighborhood Center and to the staff of the Community Assessment and Referral Center. Additionally, OCC staff made a presentation about its services during the Police Commission meeting held in the Tenderloin neighborhood in January.

During this quarter, the OCC also gave informational presentations to visiting law enforcement representatives from the United Kingdom, Jamaica, and Russia, who were interested in the agency's policies and procedures and its mediation program. The OCC also staffed informational tables at the Operation Homeless Connect event and the Family Summer Resource Fair hosted by the City's Department of Children, Youth and Families.

During the March 18, 2009 Police Commission meeting, the OCC conducted extensive outreach to staff and members of the Tenderloin Housing Clinic, La Voz Latina, and to members of the community. This opportunity arose when a number of persons attended the Police Commission meeting and complained of police conduct during the public comment portion of the meeting. That evening, the OCC's Chief Trial Attorney, Ines Vargas Fraenkel, was also interviewed by ALIANZA Metropolitan News Service and recorded a public service announcement in Spanish for radio broadcast to the Spanish speaking community regarding services offered by the OCC.

VIII. POLICY ANALYSIS

During the first quarter of 2009, the OCC's policy analyst, Ellise Nicholson, primarily focused the agency's policy work on four areas:

1. Development of the **2009 Community Outreach Strategic Plan**, which highlights the progress made by the OCC in implementing its 2008 Outreach Strategic Plan goals and outlines goals for the 2009 calendar year. Work on this plan is in progress and will be completed during the second quarter of 2009, at which time it will be presented to the Police Commission.
2. Development of **police training and public education materials on Department General Order 5.20** (Language Access Services for Limited English Proficient (LEP) Persons), to ensure full implementation of the Department General Order (DGO). In conjunction with representatives from several community organizations, the OCC finalized a brochure which informs the public of the availability of bilingual officers and interpreters. The parties worked on translation of materials under the new general order, as well on the development and filming of an SFPD training video for officers. This quarter, OCC and SFPD jointly presented a yearly report to the Commission regarding implementation of the DGO. In the upcoming quarter, the OCC and language access advocacy groups will continue meeting with the Police Department to ensure community outreach, distribution of the brochure, and finalization of the SFPD training video.

3. Implementation efforts regarding **Department General Order 7.01** (Police Interaction with Juveniles). In collaboration with juvenile justice advocacy groups, city agencies, commissions and the Police Department, the OCC continued its work on implementing Department General Order 7.01. The OCC, community representatives, and Police Department personnel worked together to resolve the Department's concerns about certain aspects of the DGO, including finding alternative locations where juveniles can be transported. The OCC also assisted in drafting a Guide for Youth brochure as well as a Department bulletin and Reference Guide for officers. In the upcoming quarter, the OCC and community groups will continue working with the Police Department to ensure full implementation of the DGO.

4. Presentation of new **Department General Order 8.12** (In-Custody Deaths). This quarter, the OCC and the Police Department completed work on the new Department General Order 8.12 related to In-Custody Deaths, and prepared it for presentation to the Police Commission at its meeting of April 1, 2009. The OCC has advocated that in-custody deaths be subject to the identical investigation, review and reporting procedure that the Police Commission adopted for officer-involved shootings and discharges since 2004. The OCC considers its completion of work with the Department and the presentation of General Order 8.12 to the Commission for adoption a true accomplishment for the OCC, as it has taken much prolonged discussion and persistence on OCC's part to reach this stage.

IX. CONCLUSION

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty. The first quarter data reflects the OCC's capabilities when it is adequately staffed. The OCC will continue to engage in strategic case management and during the second quarter will memorialize its practices and procedures in a manual for investigators.

Respectfully submitted,
