San Francisco Police Chief Gregory P. Suhr

Re: Office of Citizen Complaints 2012 First Quarter Statistical Report

I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2012 first quarter. The OCC received an adjusted total of 196 complaints of police misconduct or failure to take action and closed 200 complaints this first quarter. It sustained allegations of misconduct or failure to take action in 13 complaints against San Francisco Police officers which is a 6.5% sustained rate. The OCC mediated 13 cases which is also a 6.5% mediation rate.

II. ORGANIZATIONAL AND BUDGET MATTERS

A. Staffing

The OCC began training one new 8124 (journey level) investigator during the first quarter. Two other investigators hired in 2011 completed their six month orientation and assumed full caseloads. Also, during this period, the OCC was staffed with 16 journey level investigators, although, one of them, a temporary hire, was assigned to only six cases involving complex investigations.

B. Training

The OCC continued implementing its strategic plan for training its employees. In February, the OCC held a one day workshop facilitated by Dr. Lorie Fridell on fair and impartial policing. The workshop, at which Chief Greg P. Suhr gave welcoming remarks, was attended by Police Commissioner Julius Turman, OCC investigators, members of the Police Department's Internal Affairs Division, community members and police oversight professionals from bay area agencies. Also, in February, the investigators and staff attorneys attended a two-day training on force science. At an all staff meeting in March, the OCC screened the documentary film by Abby Ginzburg, *Cruz Reynoso – Sowing the Seeds of Justice*.

C. Budget

On February 21, 2012, in compliance with City budget directives, the OCC submitted its proposed budget to the Mayor and Controller. The Mayor's Office's budget instructions directed City departments to prepare a two year budget for 2012/2013 and 2013/2014 with a 5% reduction of general fund support for each budget year and a 2.5% contingency reduction of general fund support. For these reductions, the OCC's targets are \$124,928 for 2012/2013 and \$124,928 for 2013/2014 and a contingency target of \$62,464.

Additionally each department was required to reduce full time equivalent positions, FTEs, by 1% per year for five years for a total 5% FTE reduction. The OCC has 34.75 FTEs; however, 15 of them are not included in the formula due to Charter mandated minimum staffing for investigators based on one investigator for every 150 police officers. Over five years the reduction would equal 1 FTE in addition to the reduction of positions mandated by the 5% general fund reduction targets for two consecutive fiscal years.

1. Office of Citizen Complaints Budget

The OCC's fiscal year 2011/2012 baseline budget of \$4,313,242.00 includes \$3,831,781.00 in personnel costs. Personnel costs comprise 89% of the OCC's budget. The personnel costs fund 34.75 positions. The remainder of the OCC's budget, \$481,461, is for operations. Of this operations amount, \$308,362, or 64% is paid to the City to rent the OCC's office at 25 Van Ness Avenue.

2. Five Percent Reduction Target Each Fiscal Year for Two Years

To meet the 5% budget reduction target of \$124,928 both in 2012/13 and 2013/14, for a total of \$249,856, the OCC would have to eliminate two filled clerical positions and a vacant investigator position. The reduction for 2012/13 would be comprised of two filled clerk typist (1424) positions. This reduction would result in the layoff of two employees and the reduction of the clerical staff by 33%. The salary plus fringe benefits of these two filled positions is \$115,050. The remaining \$9,878 would be met by leaving a vacant 8124 position unfilled for the first quarter. The reduction for 2013/2014 would be met by cutting an investigator (8124) position. This would reduce journey level investigators to 15. The salary plus fringe benefits of an 8124 journey level investigator position is \$124,135.

3. Two and One Half Percent Contingency Target

To meet the 2.5% contingency target of \$62,464, the remaining clerk typist would work reduced hours and additional salary savings would be achieved by not filling a vacant investigator position for the first quarter of 2012/2013.

4. Reduction of Full Time Equivalent Positions by One Percent Each Year Five Years

The OCC has 34.75 FTEs. The budget instructions require a 1% FTE reduction each year for five years. Over five years the reduction would equal one FTE in addition to the reduction of positions mandated by the 5% reduction targets for two consecutive fiscal years. To meet this mandate, the OCC would eliminate its only accounting/payroll position, a Senior Account Clerk (1632.)

D. City Controller's 2007 Recommendations for OCC Process Improvement

On August 31, 2011, the Controller's City Services Auditor (CSA) division notified the OCC that it would conduct a second follow-up audit to the findings it issued in its January 24, 2007 audit report.

In response to the notification, on September 23, 2011, the OCC notified CSA staff that it had addressed 38 of the 41 audit recommendations contained in the audit report. Of the three remaining recommendations 2, 10 and 42, the Auditor was advised that the OCC would implement them but for lack of financial resources.

Recommendation number 2 requires that the OCC complete all its investigations within nine months or ten months at the latest. The OCC has endeavored to meet these goals but has never reached 100% compliance because of inadequate investigator, information systems and attorney staffing.

Maintenance of the OCC's database and hardware and software has been slowed by inadequate information systems technical staffing. The OCC has one information systems business analyst to provide for electronic production of evidence and documents, maintain hardware and software for 35 staff members and maintain its intranet, website and database.

The OCC investigative staff has been historically understaffed as observed in the Controller's audit which found as best practices 16 cases per investigator, yet OCC investigators have an average of 23 cases.

The four staff attorneys at the OCC are tasked with legal review of OCC complaints, sustained reports, hearing requests, subpoenas and document requests from State and Federal court. Additionally, the legal unit is responsible for facilitating an average of 65 mediations a year, policy analysis of police practices and policies and the OCC's community outreach program.

In order to effectively reduce investigator caseloads, this office would need the following positions at the cost of nearly \$1,000,000.00:

- 1) Four 8124 journey level investigators
- 2) One 8126 supervising investigator
- 3) One 8177 attorney
- 4) One 1052 information systems business analyst

Recommendation number 10 provides for the OCC to install an automated tickler system for investigation deadlines. The cost of implementation is \$7,000.

Recommendation number 42 provides for the OCC to allow online complaint filing. The cost of implementation is \$12,000.

Once CSA staff reviewed the OCC's September 23, 2011 responses to the CSA's notice of a second follow-up audit, CSA staff developed a six point audit follow-up work plan dated January 27, 2012. In that work plan, the auditor notified the OCC that it would conduct a field audit to assess the OCC's and SFPD's compliance with the following recommendations:

- Recommendation #3¹ – Qualitative assessment of case reviews
- Recommendation #8 -- Compliance with nine month notification requirements of Charter § 4.127
- Recommendation #16 – SFPD's Compliance with requests for information (Document Protocol)
- Recommendation #23 - Implementation of a strategic plan of training needs.
- Recommendation #35 – OCC's 2011 Community Outreach Strategic Plan
- Recommendation #38 – Periodic reports by the OCC to the Police Commission

During most of the first quarter of 2012, the OCC worked with CSA staff to provide data for the field audit. CSA staff advised the OCC that it would provide the OCC with its findings in the second quarter of 2012.

III. INVESTIGATION OF CASES

A. Case Inventory

As of the end of the 2012 first quarter, the OCC opened 196 new cases, and closed 200 cases. During this period, the OCC closed four more cases than it opened. The OCC closed the quarter with 365 pending cases which are 31 less pending cases than the close of the first quarter in 2011. By the end of the 2012 first quarter there

¹ These recommendation numbers correspond with the recommendation numbers in audit report #05046, entitled, *Office of Citizen Complaints: Weak Case Management and Organizational Issues Degrade OCC's Performance*, that was issued on January 24, 2007.

were 60 pending cases from 2012, 194 pending cases from 2011 and one pending case from 2010.²

B. Caseloads and Disposition of Cases

The first quarter 2012 case closure statistics showed the advantage of having more investigators which resulted in lower caseloads and more timely closures. During first quarter 2012, the OCC was staffed with 16 investigators. The average caseload was 23 cases. During the first quarter of 2011, the OCC had 12 investigators with an average caseload of 27 cases. OCC investigators closed 200 cases in the first quarter of 2012 with 73% of them closed within nine months and only one of them, which had no sustainable allegations, took more than a year to close. This is an improvement over 2011 where of the 218 cases closed, only 61% of them were closed within nine months and 5% of them (10 cases) took more than a year to close. In 2011, nine of the ten cases that took more than one year to close had no sustainable allegations. The statute of limitations was tolled on the one sustainable case that took more than one year to close because of an ongoing criminal investigation.

C. Sustained Cases

The percentage of sustained cases was similar in the first quarter of 2012, to the first quarter 2012; a 6.5% sustained rate in 2012 and a 7% sustained rate in 2011. In the first quarter of 2012 the OCC sustained allegations in 13 cases. The number of days to close sustained cases decreased for the first quarter of 2012 compared to the first quarter of 2011. In the first quarter of 2012, 46% of sustained cases were completed within nine months and no sustained cases were completed more than 365 days after receipt, while during the same period in 2011, only 12% of the sustained cases were completed within nine months and one sustained case was completed more than 365 days after receipt.³

The impediments to prompt completion of sustained cases are attributable to at least three factors: 1) Larger than best practices caseloads for investigators resulting in longer times to complete investigations⁴ 2) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews and 3) increased policy work for the policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews.

² The 2010 case was an officer involved shooting case with the death of the suspect where the statute of limitations was tolled through July 25, 2012 due to a criminal investigation. By letter dated July 25, 2011, the District Attorney declined to prosecute.

³ The one-year statute of limitations for the one sustained case which was completed after 365 days in the first quarter of 2011 was tolled while a criminal investigation is pending pursuant to Government Code section 3304, section (d), subsection (1).

⁴ In its January 27, 2007 audit report on the OCC, the Controller's CSA division found that 16 cases per investigator was a best practices caseload for civilian oversight investigators. The OCC caseload during the first quarter of 2012 was 23 cases.

During the first quarter of 2012, there were sustained allegations of neglect of duty in 10 of the 13 sustained complaints. Seven of these complaints with sustained neglect of duty allegations, or 70% of them, were for failure to collect traffic stop data. The neglect of duty sustained allegations in these seven complaints are as troubling as they were in previous quarters because the allegations were sustained because an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer in the case of motorcycle officers. Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.⁵ The Chief of Police is imposing progressive discipline for officers who repeatedly fail to collect traffic stop data. The discipline generally begins with an admonishment for the first offense, but for repeated offenses, the Chief of Police has recommended that the OCC prepare charges for him to file with the Police Commission.

Additional categories for which allegations were sustained include:

1. Conduct reflecting discredit for chewing and spitting tobacco while engaging in an enforcement action.
2. Unwarranted action for:
 - a. Detaining,
 - b. Handcuffing
 - c. Searching
 - d. Transporting to a police station
 - e. Seizing a vehicle without cause
3. Neglect of duty for:
 - a. Violation of the juvenile protocols (Department General Order 7.10),
 - b. Failure to issue a property receipt

D. Chief of Police's Adjudication of OCC Sustained Cases

When the OCC Director forwards a sustained case to the Chief of Police she can either recommend that the Chief of Police file charges with the Police Commission and after meeting and conferring with the Police Chief the OCC Director can file charges on her own with the Police Commission if the Police Chief declines her request. Alternatively the OCC Director can determine that a case warrants ten days or less of suspension. Sustained cases that the OCC Director determines would warrant no more than ten days of suspension are adjudicated by the Chief of Police. The Chief of Police determines whether or not to sustain the OCC's findings and what

⁵ Lorie Fridell, PhD, (March 2007) Fair and Impartial Policing: Recommendations for the City and the Police Department of San Francisco, p. 73.

discipline he may impose. During the first quarter, the Chief of Police adjudicated 13 OCC sustained cases as follows:⁶

- OCC Case number 0145-11 – **Neglect of Duty** - an officer failed to enter an incident report into the database for a complainant who while shopping was assaulted and injured by a stranger. **The officer was suspended.**
- OCC Case number 0194-11- **Neglect of Duty** – Upon checking out of a hotel, an inspector forgot a service revolver, ammunition clip and handcuffs in the room hotel safe. While cleaning the vacated room, the housekeeping staff observed the locked room safe. They called hotel security and hotel security and an engineer unlocked the safe and discovered the officer’s loaded service revolver, ammunition clip and handcuffs. The hotel contacted the officer who made arrangements to have the equipment retrieved by a superior officer. Although the complainant also complained about the superior officer’s conduct in retrieving the weapon, the OCC determined that the inspector’s conduct in forgetting his weapon and equipment was neglect of duty because he lost custody and control of them when he checked out of the hotel and therefore the officer’s conduct was sustainable. The Police Chief did not agree and found the officer’s conduct of forgetting his equipment in the hotel room safe to be **Proper Conduct**.
- OCC Case number 0196-11 – **Neglect of Duty** - an officer failed to properly log a use of force in the incident report even though the officer noted in the incident report that the complainant had an injury. The sergeant failed to properly supervise the officer by ensuring that the incident report was complete. The sergeant failed to enter the use of force in the use of force log. **The officer and the sergeant were each given a written reprimand.**
- OCC Case number 0218-11 – **Neglect of Duty** – an officer failed to log traffic stop data. **The officer was suspended.**
- OCC Case number 0221-11 – **Neglect of Duty** – an officer failed to prepare an incident report when the complainant stated he wanted to press charges against another driver for a road rage incident. **The officer was admonished.**
- OCC Case number 0325-11 – **Neglect of Duty** – an officer failed to log traffic stop data. **The officer received a written reprimand.**

⁶ Cases adjudicated by the Chief of Police during this first quarter are not necessarily cases that were sustained by the OCC during this first quarter.

- OCC Case number 0438-11 – **Neglect of Duty** - an officer failed to log in traffic stop data. **The officer was admonished.**
- OCC Case number 0320-11- **Neglect of Duty** – an officer failed to log in traffic stop data. **The officer was admonished.**
- OCC Case number 0508-11 – **Neglect of Duty** – an officer failed to log traffic stop data. **The Chief of Police will file charges with the Police Commission.**
- OCC Case number 0312-11 – **Conduct Reflecting Discredit** – An officer chewed and spat tobacco while engaging in an enforcement action. **The officer was admonished.**
- OCC Case number 0156-11- **Neglect of Duty** – an officer failed to inform a juvenile that the juvenile’s parent or guardian could be present during the interrogation in violation of DGO 7.01. **The officer was admonished.**
- OCC Case number 0157-11 – **Unwarranted Action** – a captain caused a vehicle to be seized without cause. **The captain was admonished.**
- OCC Case number 0453-11- **Neglect of Duty** – an officer failed to log traffic stop data. **The officer was admonished.**

IV. COMPLAINTS OF NOTE

A. Occupy SF

San Francisco’s Occupy movement generated ten complaints from twenty-two complainants in 2011. An additional complaint was filed in the first quarter of 2012 and mediated during this quarter. Allegations in these complaints include unnecessary force, failure to provide medical attention, unwarranted seizure of property, interference with the rights of onlookers, violation of DGO 8.10 (First Amendment Guidelines), issuing invalid orders, unwarranted handcuffing, detention, citation and arrest, failure to provide medical attention, selective enforcement and biased policing. In 2011, two complaints were closed, one with proper conduct findings and the other with both not sustained and proper conduct findings. Eight of the complaints remained under investigation.

B. Single Room Occupancy Hotels

In 2011, three complaints were filed involving multiple officers regarding unlawful entry and searches of single room occupancy (SRO) hotel rooms. Other allegations in these complaints include unlawful search of persons, unlawful detentions and arrests, failure to properly process property including laptops and cameras, failure to investigate, failure to supervise and inappropriate behavior. The investigations remained open through the first quarter.

C. Officer Involved Shootings

During the first quarter of 2012, a complaint was filed in an officer involved shooting which resulted in the death of the suspect. In 2011, the OCC received three complaints on officer involved shootings and continued its investigation of an officer involved shooting complaint from 2010. During the first quarter of 2012, the OCC continued its investigation of the 2010, 2011 and 2012 officer involved shooting complaints. Of the five officer involved shooting complaints under investigation during the first quarter, four resulted in the death of the suspect.

V. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT

By the end of the 2012 first quarter, staff had completed intake on all its 2011 cases and had closed 75% of them, leaving 25% of the 2011 cases pending. In comparison to 2011, by the end of the 2011 first quarter, staff had completed intake on all but one 2010 case, and had closed 71% of them, leaving 29% of the 2010 cases pending.

VI. CASE MANAGEMENT

The investigator caseload as of March 31, 2012 shows a slight decrease from the same period in 2011. This decrease is attributable to a significant increase in the number of journey level investigators, 16 at the close of the first quarter in 2012 and 12 at the close of the first quarter in 2011. The average caseload as of March 31, 2012 was 23 cases per investigator. As of March 31, 2011, the average caseload was 27 cases. In its 2007 audit of the OCC's operations, the City Controller concluded that an average of 16 cases was a best practices caseload for investigators of police misconduct. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

VII. LEGAL UNIT

Four attorneys staff the OCC's legal unit. The legal unit is led by Ines Vargas Fraenkel. Attorney Donna Salazar staffs the OCC's mediation and outreach programs and her work is outlined in sections IX and X of this report. Attorney Samara Marion

conducts the OCC's policy work and also conducts sustainability reviews and reviews sustained reports for form and legality. Ms. Vargas Fraenkel and R. Manuel Fortes are the OCC's two trial attorneys but they also conduct sustainability reviews and review sustained reports for form and legality.

Ms. Vargas Fraenkel and R. Manuel Fortes prosecute police misconduct cases in matters investigated and determined by the OCC to be misconduct or failure to perform a required action. They present cases to the Police Chief when officers object to proposed discipline of up to ten days suspension. They present cases before the Police Commission when the proposed discipline is greater than ten days suspension up through termination.

During the first quarter of 2012, the trial attorneys presented seven cases at Chief's Hearings. Of these, four cases resulted in the proposed discipline being upheld, one case was dismissed for procedural reasons, and two are pending.

As to Police Commission cases, the trial attorneys were active with four cases this quarter. They handled a case management conference in one case, and attended a Settlement Conference in another. The case management conference resulted in the calendaring of various dates up to and including a hearing date. The settlement conference resulted in a recommendation that the Police Commission send the case back to the Chief's level for imposition of a ten-day suspension discipline. It is anticipated that the settlement will be ratified by the Police Commission during the second quarter.

The two remaining Police Commission cases were fully briefed and presented to the Police Commission. One of the cases was dismissed after hearing on a pre-trial motion to dismiss brought by the subject officers on the procedural matters of 'notice' and when the statute of limitations begins and ends, when a civilian complaint is arguably made to a police department captain rather than directly to the OCC. On the other case, which had been fully presented at a hearing in 2011 and resulted in the officer's termination, the Legal Unit prepared findings of fact, which were adopted by the Police Commission during this quarter.

VIII. MEDIATION

During the first quarter of 2012, the OCC mediated thirteen cases compared to eighteen cases in 2011. In the first quarter of 2010, the OCC mediated five cases when the mediation coordinator was on an unexpected medical leave.

In early March, the Mediation and Outreach Coordinator attended the Alternative Dispute Resolution of Northern California conference. In February, the Mediation Coordinator addressed a class at Community Boards mediation training. The Mediation Program continues to provide a forum for officers and civilians to have

a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

IX. OUTREACH

During the first quarter of 2012, the OCC was engaged in several outreach activities. The OCC Director made presentations about the OCC's services during Police Commission meetings held in the Park District in February and the Bayview District in March.

The OCC also staffed informational tables at an Operation Homeless Connect event and the Family Summer Resource Fair hosted by the City's Department of Children, Youth and Families (DCYF). In January, Supervisor David Campos invited Director Joyce Hicks and Staff Attorney Samara Marion to join representatives from numerous juvenile justice advocacy organizations, and SFPD to discuss training on police interactions with youth. During January, Attorney Marion also gave a presentation to the Youth Justice Committee of the San Francisco Youth Commission.

In February the Outreach Coordinator met with staff at the Arab Cultural and Community Center about OCC services and provided OCC brochures for distribution to the mosques within the city. With assistance from the Arab Cultural and Community Center's staff, the OCC completed its Arabic translation of its informational brochure. The Arabic translation will be included in the OCC's quarterly distribution of its informational brochures to city agencies and organizations. The Arabic brochure can also be down loaded from the OCC's website along with the informational, mediation and Know Your Rights for Youth in San Francisco brochures in English, Spanish, Chinese, Tagalog, Russian, and Vietnamese.

In March, the OCC participated in DCYF's Youth Advocacy Day, a yearly event where high school students meet with city officials to talk about issues impacting youth. Attorney Marion met with two groups of students to talk about youth rights and constitutional policing. As mentioned above, the Mediation and Outreach Coordinator also made a presentation about the OCC's mediation program to students completing the Community Boards' mediation training.

X. POLICY ANALYSIS

Policy work is an essential aspect of the Office of Citizen Complaint's mission. The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services. Attorney and policy analyst Samara Marion leads the OCC's policy work. During the first quarter 2012, the OCC advanced its policy work in two areas: language access and juvenile-policing protocols.

A. Language Access – Department General Order 5.20

The OCC took several steps to address concerns raised during the Police Commission's language access hearings on December 7, 2011 and February 1, 2012. During both hearings, advocates for domestic violence victims talked about cases in which language barriers compromised the accuracy of incident reports and the quality of police assistance. Testimony also included a domestic violence victim's unsuccessful attempts at two different police stations to obtain language assistance to file a domestic violence report. The OCC also reported on over two dozen language access complaints that had been filed during 2009-2010, including four (4) sustained complaints and five (5) resulting in training and policy failure findings. On February 2nd and March 28, 2012 the OCC brought together representatives from several domestic violence service providers, language access advocates and SFPD. The OCC concurred with the following strategies to enhance SFPD's language access services:

- A Department Bulletin that highlights the common indicators during police encounters with Limited Proficient English (LEP) individuals that language assistance is necessary,
- Language access training for Police Service Aides who work at the district stations,
- Roll call training addressing the areas of concerns raised by OCC complaints and domestic violence service providers,
- Bimonthly meetings between SFPD and OCC to address language access complaints,
- Quarterly meetings with SFPD and community stakeholders to discuss language access issues,
- Issuance of digital recorders to certified bilingual officers
- SFPD's distribution at the ten district stations of the Language Access, OCC informational, and Juvenile Know Your Rights brochures in multiple languages,
- Distribution of SFPD's list of certified bilingual officer at the ten district stations, and
- Request the Department of Emergency Management (DEM) to meet with SFPD, the OCC, and domestic violence service providers about protocols involving LEP callers.

With input from domestic violence service providers, in February, the OCC coauthored a Language Access Department Bulletin that awaits the Chief's approval. The OCC has also written and provided the Department a roll call training involving a domestic violence scenario with a LEP victim. In March, the OCC and SFPD met with the Department's videographer to discuss the scripting and filming of a LEP roll call training video.

B. Juvenile Policing Protocols – Department General Order 7.01

During the first quarter 2012, the OCC also continued its work on juvenile-policing protocols. Since 2004, the OCC has met regularly with representatives from the Youth Commission, juvenile justice advocacy groups and SFPD to implement OCC recommendations about Department General Order 7.01's juvenile-policing protocols. In response to juvenile justice advocates' continuing concern that juveniles are being brought to the district stations instead of the Community Assessment and Referral Center (CARC) and the Juvenile Justice Center (JJC), in January 2012, the Department provided the OCC data concerning the number of juveniles who were brought to the district stations. The OCC determined that from 2010 to 2011 the number of juveniles being brought to the district stations had declined from an average of 133 juveniles a month to 52 juveniles a month. The data also indicated that over half of the juveniles brought to the district stations could have been transported directly from the field to CARC or JJC. To address this concern, in February, the Department invited CARC to discuss with captains and lieutenants the benefits of CARC's services, including its low recidivism rate of juveniles who participate in the program, SFPD's use of a computer equipped police interview room on site, and the speed with which an officer can deliver a juvenile to CARC and return to the street for service.

C. Vehicle Pursuit Policy – Department General Order 5.05

And last, the OCC continued to urge the Police Department to finalize revisions to the Department's response and pursuit policy (DGO 5.05.). Since 2009 the OCC has suggested revisions to the Department's pursuit policy that are consistent with best practices and would enhance both officer and public safety.

XI. CONCLUSION

As in the past four years, the OCC faces severe budget and staffing constraints in the upcoming year which could result in additional case resolution delays, however, the OCC will remain committed to its mission to promptly, fairly and impartially investigate civilian complaints of police misconduct or failure to perform a duty.

Respectfully submitted,

Joyce M. Hicks

Police Chief's Adjudications of OCC Sustained Cases - First Quarter 2012

Case No.	Neglect of Duty	Unwarranted Action	Unnecessary Force	Conduct Reflecting Discredit	Discourtesy	Racial or Sexual Slur
0145-11	An officer failed to enter an incident report into the database for a complainant who while shopping was assaulted and injured by a stranger. The officer was suspended.					
0194-11	Upon checking out of a hotel, an inspector forgot a service revolver, ammunition clip and handcuffs in the room hotel safe. While cleaning the vacated room, the housekeeping staff observed the locked room safe. They called hotel security and hotel security and an engineer unlocked the safe and discovered the officer's loaded service revolver, ammunition clip and handcuffs. The hotel contacted the officer who made arrangements to have the equipment retrieved by a superior officer. Although the complainant also complained about the superior officer's conduct in retrieving the weapon, the OCC determined that the inspector's conduct in forgetting his weapon and equipment was neglect of duty because he lost custody and control of them when he checked out of the hotel and therefore the officer's conduct was sustainable. The Police Chief did not agree and found the officer's conduct of forgetting his equipment in the hotel room safe to be Proper Conduct.
