San Francisco Department of Police Accountability

Paul David Henderson
Executive Director

June 13, 2018

To: The Honorable Mark E. Farrell, Mayor
The Honorable London Breed, President, San Francisco Board of Supervisors
Members, the San Francisco Board of Supervisors
Vice President Thomas Mazzucco and Members, the San Francisco Police Commission
San Francisco Police Chief William Scott

Re: San Francisco Department of Police Accountability 2018 First Quarter Statistical Report

I. INTRODUCTION

A. Statistics

The Department of Police Accountability (DPA) 2018 first quarter statistical report is attached. The DPA received an adjusted total of 129 complaints of police misconduct or failure to take action and closed 112 complaints. The DPA sustained allegations against San Francisco police officers in nine (9) complaints, which is an 8% sustained rate. The DPA mediated four (4) cases during the first quarter.

II. ORGANIZATIONAL AND BUDGET MATTERS

A. Budget

The Department of Police Accountability's approved budget for FY 2017-18 is \$7,200,138 and \$7,508,817 for FY 2018-19.

B. Staffing

The DPA's approved budget for fiscal year 2017-18 is \$7,200,138 with 44.78 budgeted positions. Of the budgeted positions, the following positions remained vacant at the end of the first quarter: one (1) 1053 IS Business Analyst - Senior, one (1) 1822 Administrative Analyst, two (2) 8177 Attorney positions, one (1) senior investigator, and four (4) 8124 Investigator positions.

C. Technology

During the first quarter, Senior Investigator Sara Maunder and Information Systems (IS) Analyst Assistant Eric Ho met with the Department of Technology to determine DPA's readiness to use the Cisco AnyConnect VPN and discuss the access control list (ACL) for each requested VPN group. In addition, they met with the City's Digital Services team to explore options for updating DPA's website to be more informative, useful, and easy to navigate. Additionally, they researched and met with potential vendors for implementing modern case management and tracking systems. In anticipation of the website upgrade, Ms. Maunder and Mr. Ho attended a PowerBI Training at the Data Academy and worked closely with DataSF to connect the department's database with PowerBI to create real-time dynamic data dashboards. They also worked closely with the Department of Technology to fix the online complaint form on DPA's website and secured the site by installing an SSL certificate on the host server.

D. Training

During the first quarter, the DPA held an all staff retreat at the California Academy of Sciences. Denise VanAlstine and Bobbi Lee of the San Francisco Department of Human Resources (DHR) facilitated the retreat. Staff members learned about the DiSC Behavioral Styles Assessment model, which teaches techniques for self-assessment and for adapting one's behavior to succeed in collaborative work environments. Each staff member received a customized individual assessment and learned techniques for working with colleagues who have different communication preferences. The DPA staff also attended a two-day training on recognizing Implicit Bias, provided by Dante King of DHR. During the first quarter, LanguageLine Solutions trained DPA investigators on the use of audio and video translation services. The clerical team received additional training on Microsoft Word and Excel during the first quarter.

III. INVESTIGATION OF CASES

A. Case Inventory

The DPA opened 133 new cases, with an adjusted total of 129 new cases.¹ The DPA closed 112 cases, leaving 255 cases pending at quarter end, 162 fewer than were pending at the close of the first quarter of 2017. Of the 255 pending cases, 116 were opened in 2018, 131 were opened in 2017, five (5) were opened in 2016, and three (3) were opened in 2015.

B. Caseloads and Case Dispositions

The average caseload per investigator was 13 cases, compared with 24 cases during the first quarter of 2017. Of 112 total closed cases, DPA investigators closed 64 cases (57% of cases) within 270 days. The DPA's goal is to conclude investigations within 270 days. The DPA took more than a year to close 8 cases (7% of cases).

One or more allegations of misconduct were sustained in eight (8) of the 112 closed cases, resulting in a

¹ The adjusted total reflects cases that were withdrawn, merged, or voided based on clerical or other errors.

7% sustained rate. Of the 298 allegations investigated, 129 allegations resulted in “Proper Conduct” findings; 10 allegations resulted in “Sustained” findings; 51 allegations resulted in “Unfounded” findings; 30 “No Finding” findings; 9 allegations resulted in “No Finding/Withdrawn” findings; and 69 allegations resulted in “Not Sustained” findings.

C. Chief of Police’s Adjudication of DPA Sustained Cases

When a sustained case warrants a suspension of ten days or more, the DPA can recommend that the Chief of Police file charges with the Police Commission. If the Chief of Police declines to file charges with the Police Commission after meeting and conferring with the DPA, the DPA can file charges on its own with the Police Commission. Alternately, the DPA can determine that a case warrants a suspension of ten days or fewer.

When the DPA determines that sustained misconduct warrants no more than ten days of suspension, the Chief of Police determines whether or not to sustain the DPA’s findings and what level of discipline to impose. Although the DPA recommends specific levels of discipline for each case, the Chief of Police determines if, in his opinion, the sustained allegations are merited and what level of discipline or corrective action to impose. The Chief of Police also adjudicates challenges. While police officers may appeal the Chief’s discipline to the Police Commission, neither Charter section 4.136 nor the Administrative Code provide for the DPA Director to appeal the Chief’s decision. During the first quarter, the Chief of Police imposed discipline in four (4) DPA sustained cases as follows:

In January 2018, Chief William Scott proposed discipline in two (2) cases determined by the DPA to have sustainable allegations. The DPA’s findings and recommended discipline and the Chief’s proposed discipline are as follows:

1. Neglect of Duty – An officer failed to comply with SFPD Department Bulletin No. 16-208, eStop – Contact Data Collection Program.

The DPA Director recommended a written reprimand.

The Chief of Police imposed an admonishment and retraining.

According to the Police Commission Disciplinary Penalty and Referral Guidelines, the penalty for a violation of paragraph 27 under Class “D” misconduct is a written reprimand for a first offense.

2. Unnecessary Force – An officer used unnecessary force during an arrest.

Unwarranted Action – The same officer and another officer detained the complainant without justification.

Neglect of Duty – The officers’ supervisor failed to properly supervise.

The DPA Director recommended an admonishment for each officer.

The Chief of Police found insufficient evidence to sustain the two officers for detaining the complainant without justification and did not impose discipline. In concurrence with the DPA Director, the Chief of Police imposed admonishments and retraining for the officer who used unnecessary force and for the supervisor who failed to supervise.

In February 2018, Chief William Scott proposed discipline in one (1) case determined by the DPA to have a sustainable allegation. The DPA's finding and recommended discipline and the Chief's proposed discipline are as follows:

3. Discourtesy – An officer used profanity toward a homeless person being detained.

The DPA Director recommended a written reprimand.

The Chief of Police imposed an admonishment and retraining.

In March 2018, Chief William Scott proposed discipline in one (1) case determined by the DPA to have a sustainable allegation. The DPA's findings and recommended discipline and the Chief's proposed discipline are as follows:

4. Neglect of Duty – An officer failed to comply with SFPD General Order 7.01, Policies and Procedures for Juveniles Detention, Arrest, and Custody.

The DPA Director recommended a written reprimand.

The Chief of Police imposed an admonishment and retraining.

IV. FIRST QUARTER COMPLAINTS OF NOTE

A. Officer-Involved Shootings

In the first quarter, the DPA initiated an investigation into the shooting of Jesus Adolfo Delgado-Duarte and Jehad Eid. Twelve (12) officer-involved shooting complaint investigations remained open at the end of the first quarter 2018.

B. Skateboard Incident

At the end of the first quarter, the DPA continued to investigate a complaint regarding a skateboarder who collided with an SFPD patrol car.

C. Racist and Homophobic Text Messages by Members of the San Francisco Police Department

At the end of the first quarter, the DPA continued to investigate a complaint regarding racist and homophobic text messages by members of the San Francisco Police Department.

V. STATUS OF CURRENT DPA CASES – THE ‘KEANE’ REPORT

At the end of the first quarter, the investigative staff had completed intake on 490 of 505 2017 cases and had closed 374 cases or 74% of its 2017 cases, leaving 131 or 26% of the 2017 cases pending.

VI. LEGAL UNIT

The DPA’s attorneys conduct sustainability reviews, review reports of sustained misconduct for legality, prepare legal opinions, and manage records requests, including subpoenas, *Pitchess* motions, Sunshine Ordinance requests, and Public Records Act requests. Additionally, the attorneys defend DPA’s misconduct findings. They present cases to the Chief of Police when officers object to proposed discipline of up to ten days of suspension. They present cases before the Police Commission when the proposed discipline is greater than 10 days of suspension, up through termination. Attorney Samara Marion conducts the bulk of DPA’s policy work, conducts sustainability reviews, reviews sustained report legality, prepares legal opinions, and conducts investigator trainings. The DPA’s policy work is outlined in section VII.

VII. POLICY ANALYSIS

Policy work is an essential aspect of the Department of Police Accountability’s mission. While discipline of individual officers is an essential component of law enforcement management, changes to police policies and practices directly impact the entire police force and the community it serves. The San Francisco City Charter requires the Department of Police Accountability to present quarterly recommendations concerning SFPD’s policies or practices that enhance police-community relations while ensuring effective police services.

During the first quarter of 2018, Attorneys Samara Marion and John Alden lead the agency’s policy work. The DPA participated in SFPD’s Executive Sponsor Working Groups that addressed policies and practices concerning the use of force, biased policing, complaint and disciplinary processes, and tasers. The DPA also continued its partnership with community-based organizations and SFPD to enhance language services and police response to behavior health crisis calls.

On January 5, 2018, the DPA made three recommendations concerning the Body Worn Camera Department General Order (DGO 10.11). First, the DPA suggested that in officer-involved shootings, in-custody deaths and criminal matters, both the subject and witness officers be prevented from

viewing any audio or video recordings until they have provided an initial statement. DPA's recommendation is based on the compelling need to preserve both the subject and witness officers' independent recollection of an incident in officer-involved shootings, in-custody deaths and criminal matters.

Second, the DPA opposed the proposed revision that would eliminate in criminal matters the requirement that subject officers would provide an initial statement before reviewing their own body camera recordings. The DPA pointed out that after extensive stakeholder discussion and input, the Police Commission adopted a specific procedure for officer-involved shootings, in-custody deaths and criminal matters that requires subject officers to provide an initial statement before viewing any audio or video recording and that no justification existed to provide less stringent rules to preserve an officer's independent recollection following a criminal incident.

Third, the DPA recommended that DGO 10.11 explicitly prohibit officers from taking actions that interfere with proper audio and video recording such as reducing the audio function, turning off the lights/LEDs display on the body-worn cameras, or blocking the camera's view. Unfortunately, DPA's recommendations were not adopted by the Police Commission.

During the first quarter, the DPA continued its active participation in the Police Commission's working group on electronic controlled weapons, commonly called tasers. The DPA recommendations² that were adopted by the Police Commission on March 24, 2018 include:

- Deploying a taser only when an individual is causing or threatening to cause bodily injury;
- Requiring officers to take 40 hours of CIT training as a prerequisite to taser use;
- Limiting taser activations to three (3) cycles or 15 seconds against a subject during a single incident;
- Providing DPA notice of taser incidents involving serious injury or death;
- Establishing a quarterly taser review board that includes representatives of the Police Department, the Police Commission, and the DPA to review taser incidents involving injuries other than those caused by probe removal or superficial abrasions;
- Requiring the taser review board to review de-escalation, tactics, decision-making, supervision, investigation, and equipment issues in taser incidents in addition to whether the use of force was reasonable;
- Appointing a taser coordinator to oversee the program including training, weapon testing, incident review, data collection, analysis, reporting and subject matter expertise for the taser review board;
- Requiring data collection to enable comprehensive analysis of the weapon's use, effectiveness and trends and to foster policy and training recommendations;
- Calling tasers "weapons" instead of devices to accurately describe their role and risks consistent with several organizations such as the Police Executive Research Forum, the International Association of Chiefs of Police, and the manufacturer Taser International.

² See DPA's March 14, 2018 Taser and Taser Board Recommendations http://sanfranciscopolice.org/sites/default/files/Documents/PoliceCommission/DPA%20comments%20on%20ECD%20Policy%20and%20ECD%20Review%20Board%20Appendix_0.pdf

In response to DOJ's recommendations to improve the timeliness of Department General Order revisions and to discontinue SFPD's use of Department Bulletins as a workaround for the Department General Order approval process,³ the DPA worked with SFPD on revising Department General Order 3.01 (Written Communication System). DPA recommendations included a more nimble process for reviewing and suggesting revisions to the Police Department's policies and procedures that reflect the current law, community expectations and national best practices. On February 7, 2018, the Police Commission adopted revisions to Department General Order 3.01. DGO 3.01 now requires SFPD to calendar for Police Commission approval any Department Bulletin that supplements or amends a DGO before SFPD can issue the Department Bulletin. DGO 3.01 also institutionalizes DPA's long-established practice of initiating and revising Department General Orders. It provides for DPA review of draft General Orders and Manuals before Police Commission adoption. DGO 3.01 also requires SFPD to notify DPA of all published directives and requires SFPD to post all DGOs and Bulletins on SFPD's website except for law enforcement sensitive materials.

Lastly, DPA attorneys arranged a two-day visit with the Seattle Police Department and invited SFPD to join DPA on the trip. DPA and SFPD meet with SPD's Use of Force Unit, Crisis Intervention Team, Force Investigations Unit, and Policy and Audit Division and sat in on the Use of Force Review Board. This visit enabled DPA attorneys to observe firsthand SPD's robust review of force incidents, which includes an analysis not only of whether the use of force was reasonable but also an evaluation of de-escalation, other tactics, decision-making, supervision, the force investigation, and equipment issues.

VIII. MEDIATION

During the first quarter of 2018, the Department of Police Accountability mediated four (4) cases. The DPA's Mediation Program continued to strive for participation in mediation and worked on plans to expand the program using restorative justice principles throughout the complaint process.

IX. OUTREACH

The DPA Director attended Police Commission Community Meetings and gave regular updates regarding the work of the DPA. The DPA Chief of Staff, along with two (2) staff attorneys and SFPD, visited the Department of Professional Accountability in Seattle Washington. DPA and SFPD met with Seattle Police Department's Use of Force Unit, Crisis Intervention Team, Force Investigations Unit,

³ See e.g. DOJ Finding 72 which states, "Department Bulletins are used as a workaround for the Department General Order approval process."

DOJ Recommendation 72.1 states, "The SFPD should present all Department Bulletins that substantively change or countermand a Department General Order to the Police Commission before implementation and publish them on their website after approval is received."

Also see, DOJ Finding 75, "The SFPD does not devote sufficient administrative or command-level resources to the process of creating, implementing, maintaining, and updating Department General Orders and Bulletins. The team found that Department Bulletins updating provisions within Department General Orders were repeatedly renewed to meet the two year sunset, often without receiving any substantive updates and in place of addressing the issue within the appropriate Department General Order."

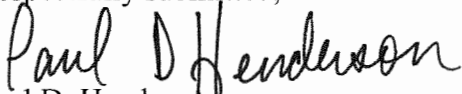

DOJ Recommendation 75.2 states, "The Written Directives Unit should be tasked to work with subject matter experts from OCC and the Police Commission to ensure policies are adopted in a timely manner and appropriately updated."

and Policy and Audit Division and sat in on the Use of Force Review Board. The DPA Project Manager staffed informational tables at the following recruitment events: Public Interest/Public Sector Day at Hastings Law School, University of San Francisco Law School Spring On-campus Recruitment Fair and Golden Gate University School of Law Spring Recruitment Fair.

X. CONCLUSION

The DPA remained committed to its mission to investigate civilian complaints of police misconduct or failure to perform duties promptly, fairly, and impartially. The DPA continued to focus its community outreach efforts and policy work on addressing the concerns of the public for greater transparency.

Respectfully submitted,

A handwritten signature in black ink that reads "Paul D. Henderson". The signature is written in a cursive style with a large, prominent "P" and "H".

Paul D. Henderson
Executive Director

- ND Neglect of Duty
- RS Racial Slur
- SS Sexual Slur
- D Discourtesy
- PRO Procedure
- POL Policy
- TF Training Failure

YTD Total Allegations Received FIRST QUARTER 2007-2018

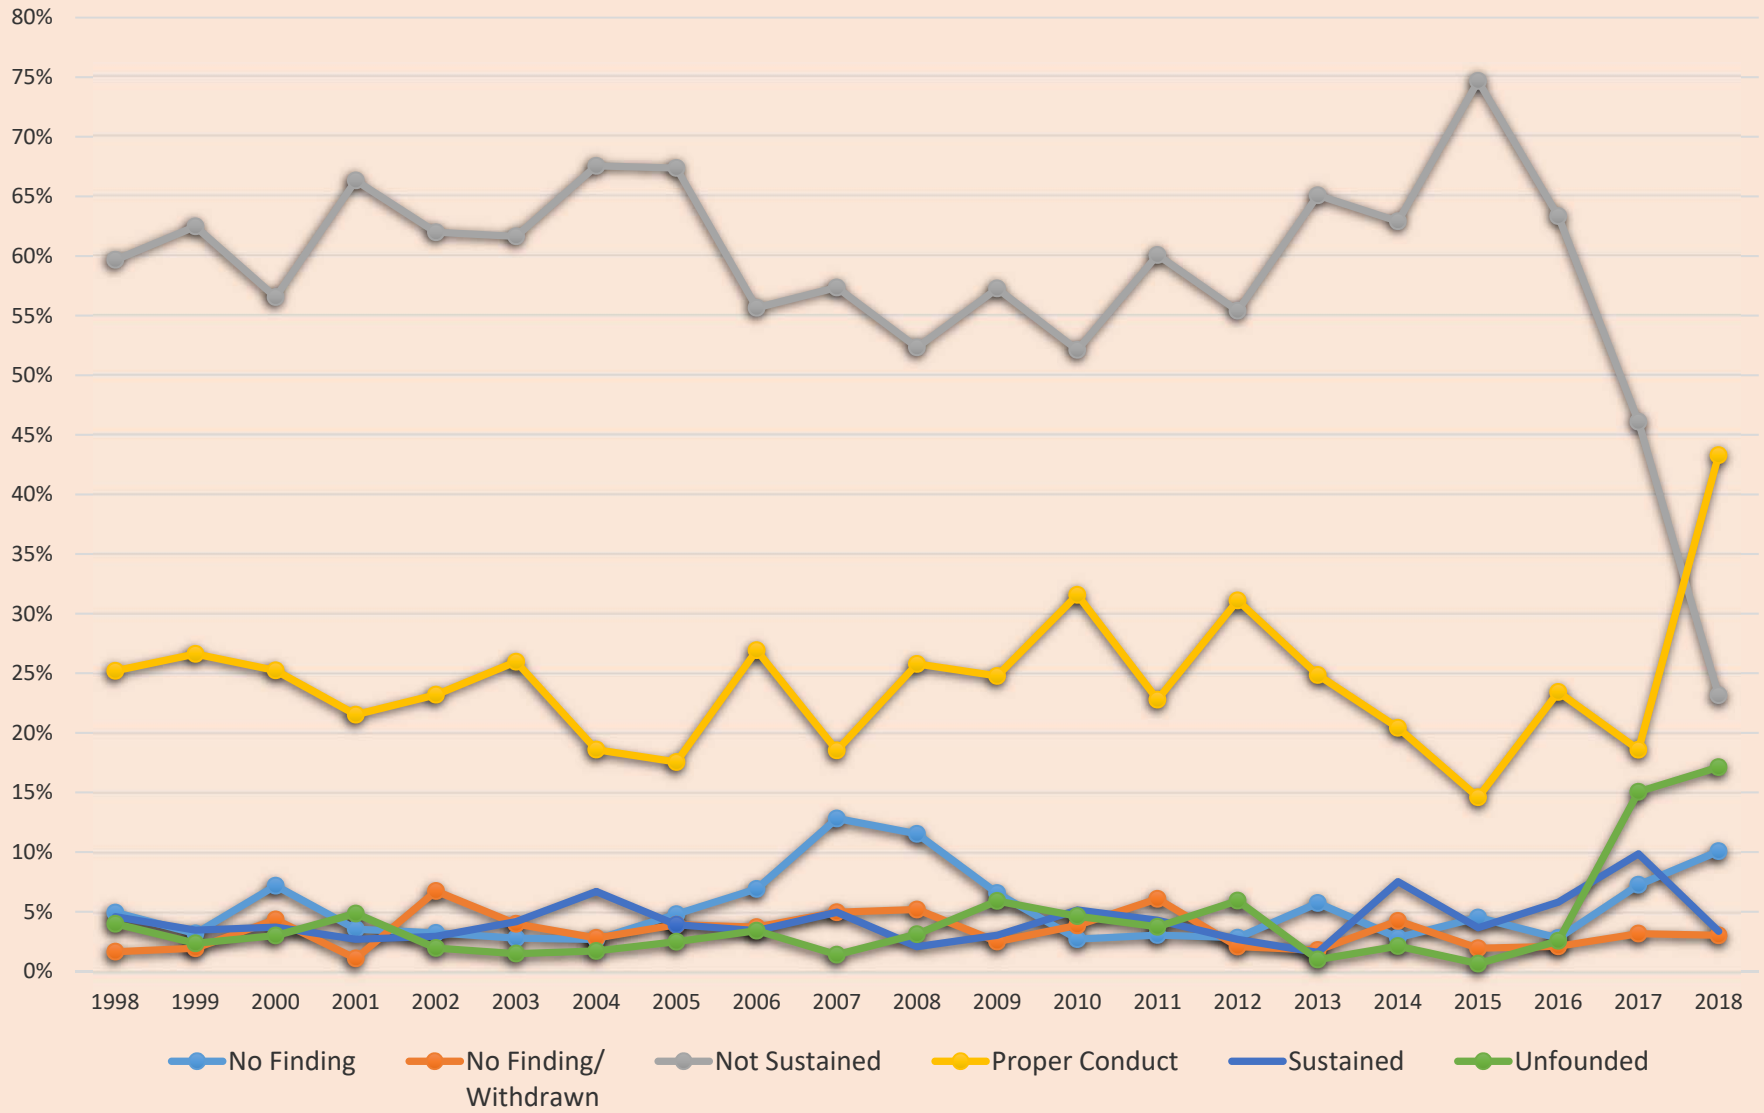

POLICY RECOMMENDATION – 1st QUARTER 2018

Case No.	Type of Allegation	Policy Recommendation
	Neglect of Duty	<p>The complainant alleged that the named officer refused to provide her with a copy of the supplemental incident report that she is entitled to pursuant to Family Code section 6228. The named officer stated she denied the complainant’s request because it involved an ongoing, open investigation.</p> <p>California Family Code § 6228 states that victims of domestic violence, sexual assault, stalking, human trafficking or elder abuse shall receive a copy of the incident report no later than 5 working days after request, unless the law enforcement agency informs the victim of the reasons why, for good cause, the incident report is not available, in which case the incident report shall be made available to the victim no later than 10 working days after the request is made. The Family Code does not exempt open investigations from law enforcement’s mandatory duty to provide the victim an incident report within 10 working days.</p> <p>SFPD Bulletin 17-101, citing the wrong Family Code section states: “Law enforcement must provide, without charge, copy of incident report to victims of sexual assault, stalking, human trafficking, elder/dependent adult abuse, or to victims’ representatives.” The Department Bulletin does not notify officers of their duty to provide an incident report to enumerated victims, including domestic violence victims, within 5 days unless with notice and good cause, no later than 10 days. The Department of Police Accountability through its on-going work in the Language Access Working Group is aware of several other cases where pursuant to Family Code section 6228, victims have requested and been denied their incident reports. The Legislature enacted this law in 1999 for domestic violence victims “to provide an expedited and affordable method for obtaining these important reports” so that victims can pursue other legal avenues such as a restraining order to increase their safety. This law was expanded to include victims of sexual assault, stalking, human trafficking and elder abuse in 2016. The DPA recommends that the Department implement immediately a system that provides the enumerated victims their incident report within the statutory deadline, provide information on SFPD and the Special Victims’ website of victims’ rights to obtain their incident report, monitor compliance with the statutory deadline and report to the Police Commission its compliance with the Family Code section 6228 on a quarterly basis.</p>
