Re: Department of Police Accountability – 2016 Annual Comprehensive Statistical Report

I. INTRODUCTION

Pursuant to San Francisco City Charter section 4.127, the Department of Police Accountability (“DPA”) presents its 2016 Annual Comprehensive Statistical Report.

II. MISSION OF THE DPA

The mission of the DPA is to investigate complaints against San Francisco police officers promptly, fairly, and impartially and to make policy recommendations concerning police practices.

III. HISTORY OF THE DPA

The DPA (formerly the Office of Citizen Complaints or OCC) was created by Charter amendment proposed by the Board of Supervisors, was adopted by the voters on November 2, 1982, and began its operations in 1983. By subsequent Charter amendments, the DPA was guaranteed minimum staffing of one investigator for every 150 police officers, and its Director was given the authority to file charges against police officers directly with the Police Commission, if after meeting and conferring with the Police Chief, an agreement could not be reached. (San Francisco City Charter, Article IV, section 4.127.)

The DPA is a civilian-staffed City department that reports to the Police Commission. The Police Commission is a volunteer civilian body of seven (7) members – four (4) nominated by the Mayor and three (3) nominated by the Board of Supervisors – who must be confirmed by majority vote of the Board of Supervisors. The Police Commission nominates the Director of the DPA and the Mayor appoints the Director subject to approval by the Board of Supervisors. The Police Commission oversees the DPA Director and has the power to terminate his/her services. By Charter, the Police Commission holds the power to manage, organize, and reorganize the DPA. In practice, these powers are exercised by the Police Commission through the DPA Director. The DPA is staffed by civilians who have never been police officers in San Francisco.

The DPA receives, investigates, and makes findings on civilian complaints of misconduct (including acts and omissions) by sworn members of the San Francisco Police Department. Where the DPA sustains one or more allegations against one or more officers in a given case, either the Chief of Police or the Police Commission decides the case, depending on factors such as: severity of misconduct and of potential discipline, the complexity of issues presented, the degree of public interest in the matter, and the DPA recommendation to the Chief of Police. The Chief of Police has disciplinary power to issue up to a 10-day suspension, while the Commission can discipline up to and including termination, as well as hear appeals from the Chief's disciplinary decisions.

The City Charter requires the DPA to receive every complaint of alleged police misconduct or improper performance made by a member of the public where the complaint involves one or more sworn San Francisco Police Department members, and forwards all cases outside its jurisdiction to the proper authorities.

IV. ORGANIZATIONAL AND BUDGET MATTERS

A. Staffing –

Joyce M. Hicks was Executive Director of the DPA in 2016. She became Executive Director in November 2007.

B. Budget –

The Board of Supervisors adopted the DPA's 2015/2016 and 2016/2017 two-year budget on July 28, 2015, and Mayor Edwin Lee signed the budget document on July 29, 2015. The DPA's approved budget for fiscal year 2015/2016 was \$5,562,081 and \$5,962,380 for 2016/2017. The budget included the following 39 positions:

1. Department Head
2. Deputy Director
3. Attorney (5)
4. Information Technology Business Analyst
5. Information Technology Business Analyst Assistant
6. Executive Assistant
7. Senior Account Clerk
8. Senior Investigator (4)
9. Investigator (18)
10. Principal Clerk
11. Clerk Typist (3)
12. Senior Clerk Typist (2)

V. FUNCTIONS OF THE DPA

The DPA performs four distinct functions: (1) investigation of civilian complaints resulting in findings, (2) mediation of complaints, (3) analysis police policies and practices, and (4) community outreach. The DPA consists of eight functional units: Executive, Legal, Mediation and Outreach, Investigative, Policy Analysis, Information Services, Clerical, and Accounting. The Legal Unit includes Mediation, Outreach, and Policy Analysis, and Accounting is part of the Executive Unit.

In 2016, DPA staff spoke multiple languages, including French, Spanish, Tagalog, Mandarin, Toisanese, Cantonese, and Burmese. If complainants or witnesses spoke a language other than these, DPA staff provided an interpreter free of charge.

VI. EXECUTIVE UNIT

Director Joyce M. Hicks led the Executive Unit in 2016. The Executive Unit included an Executive Secretary and a Senior Account Clerk. The Executive Unit was responsible for directing and managing office operations, including personnel and budget tasks. In addition, the Director reviewed all investigations and findings and the managers of the other units in the office and the legal team reported to her.

VII. INVESTIGATION UNIT AND INVESTIGATION OF CASES

Deputy Director Erick Baltazar managed the Investigation and Clerical Units in 2016. The three investigative teams of 17 permanent journey level investigators were led by 3 Senior Investigators. In 2016, due to investigators stepping into Acting Senior Investigator positions and vacancies, the DPA functioned with 14 investigators.

In 2016, the DPA opened 601 new complaints and closed 568 cases of police misconduct or failure to perform a duty. In 2015, the DPA received 673 complaints and closed 626 cases. In 2014, the DPA opened 728 new complaints and closed 706 cases. Beginning in 2010, civilian complaints filed with the DPA trended downward. The most dramatic decrease occurred in 2010 with a 16% decrease in complaints compared to those filed in 2009. Since 2010, complaints filed with the DPA have decreased by 27%. Between 2014 and 2015, complaints declined by 5%. Between 2015 and 2016, complaints declined by 8%.

The 601 complaints opened in 2016 represent the lowest number of complaints received by the DPA in 24 years of reliable statistical records. The DPA sustained 65 complaints which is a 9.6% sustained rate. This sustained rate is higher than the average and median sustained rate for the period beginning 1993 and ending 2016 which are 8.4% and

8.5%, respectively. In 2016, the DPA mediated 46 of its cases, representing 7.65% of DPA cases. **Appendix A.**

At the conclusion of 2016, the investigators' average caseloads were 22 cases per investigator, and the median caseload was 23 cases. One investigator had an average of 39 cases and another had 34 cases. Some investigators had less cases because they were assigned complex cases such as Officer Involved Shootings, and others because they were junior level in experience.

At the close of 2016, the DPA had 415 pending cases, which is the highest number of pending cases at the year's close in five years. During 2016, DPA investigators closed 243 or 40% of its 2016 cases. By the close of 2016, 49 cases filed in 2015 remained pending. Due to understaffing at the DPA, investigators continued to lose ground, not only with the number of pending cases but also with the timeliness of investigations when closing cases. The average number of days to close cases in 2016 was 219 days compared to 182 days in 2015. Despite these challenges, the DPA's sustained rate was 9.6% in 2016, 0.7% higher than the 8.9% in 2015¹.

In its 2007 audit of the DPA, the Controller's Office reported that, after studying comparable caseloads at other agencies, DPA investigators had a far higher. The Controller found that the average caseload in comparable agencies was 16 cases per investigator while the DPA's investigators had an average caseload of 34 cases in 2007.

Although challenged by staffing issues, the investigative staff continued to demonstrate its commitment to the DPA's mission of investigating civilian complaints of police misconduct or neglect of duty fairly, impartially and promptly. In 2009, with 17 journey investigators, the DPA investigators' caseloads were reduced to 21 cases per investigator. In 2010, with only 10 investigators, their caseloads increased to 31 cases per investigator. By the end of 2011, with 14 investigators having full caseloads and a continued decrease in complaint filings, the investigators' caseloads were more manageable at 23 cases per investigator. By the end of 2012, with 13 investigators having full caseloads and a continued decrease in complaint filings, the investigators' caseloads continued to decrease to 21 cases per investigator. By the end of 2013 with 14 investigators, the caseloads remained at 21 cases per investigator. By the end of 2014 with 13 investigators and no decrease in complaint filings, the investigators' caseloads increased to an average of 22 cases.

In 2015, with a decrease in filings but an increase in the sustained rate, the 12 investigators' caseloads rose to an average of 25 cases. Finally, in 2016, with the continued trend of a decrease in complaint filings but an increase in the sustained rate, the 14 investigators' average caseloads were reduced to 22 cases. **Appendix B.**

¹ The DPA's average sustained rate over 24 years is 8.4% and its median sustained rate is 8.5%.

VIII. COMPLAINANTS AND HOW COMPLAINTS WERE RECEIVED

The demographic characteristics of complainants can be found in tables and charts attached. In 2016, as in 2015, Caucasians and African Americans filed the most complaints, at the rate of 28.53% and 27.40%, respectively. In 2015, the rate for Caucasians who filed was 28.47% and the rate for African Americans was 24.65%. In terms of gender, 54.81% of complainants were male, 33.81% female, and 11.38% declined to state. Most complainants fell between the ages of 20 and 50. In 2016, 97% percent or 583 of case intakes were in English. The next most frequent language was Spanish comprising 1.5% or 9 of the case intakes, followed by Russian at 0.5% (3 cases), Mandarin at 0.3% (2 cases), and Japanese at 0.2% (1 case.) **Appendix C.**

Complainants have several avenues for filing complaints with the DPA. Over a five-year period, the most frequent method for complaint filing has been in-person, with the next two most frequent filings done by mail and by phone, with phone filings steadily increasing. In 2016, most complaints were received by phone (177), followed closely by in-person complaints (175.)

Online complaint filing was first implemented in 2014. In 2014, the DPA received 20 online complaints, and this number more than doubled in 2015, at 53 or 8% of the total complaints received. In 2016, 113 online complaints were received, and this trend is expected to continue to increase in coming years. Other complaints were received by mail (76), via SFPD (38), by letter (13), and by other means (9.) **Appendix C.**

IX. SAN FRANCISCO POLICE DEPARTMENT STAFFING TRENDS AND OTHER STATISTICS

A. Slight Decrease in Sworn Staff Between 2016 and 2015

The number of sworn SFPD staff had a slight decrease, from 2,292 officers in 2015, to 2,282 in 2016. In 2015, sworn staff had increased more than 8% than its previous year, which was a change from the trend of previous years, when sworn staff had decreased. During the years between 2009 and 2014, the number of sworn staff declined by almost 11%, from 2372 to 2119. **Appendix D.**

B. 13.88% Decrease in SFPD Calls For Service Since Last Year

San Francisco's Department of Emergency Management (DEM) data indicates that SFPD's calls for service² decreased from 2015 to 2016. The number of urgent and non-urgent calls for service in 2016 totaled 1,139,086, representing a 13.88%% decrease from the 1,322,680 calls for service in 2015.

X. OFFICERS WITH COMPLAINTS

Seventy-nine percent (79%) of the San Francisco Police Department's force was complaint free in 2016. Four hundred seventy-three (473) officers or 21% of the police force, received complaints in 2016. Of these, 371 or 16% of them, each received one complaint. Another 80 officers or 3.5% each received 2 complaints; 14 officers or 0.6% each received 3 complaints; and 8 officers or 0.4% each received 4 complaints. **Appendix D.**

XI. ALLEGATION TYPES

The 601 complaints received by the DPA in 2016 made allegations ranging from discourtesy to unnecessary force. The largest percentage of allegations (32%) was for neglect of duty. The second highest percentage of allegations (31%) was for unwarranted action, followed by conduct reflecting discredit (27%) and unnecessary force (6.9%.) In 2015, the highest percentage of allegations were of unwarranted action (35%), followed by conduct reflecting discredit (28%), neglect of duty (24%), and unnecessary force (8.2%.) **Appendix E.**

Complainants alleged biased policing in 74 cases, which comprised 12% of cases filed in 2016. Of these, 63 or 10% of the bias allegations alleged racial bias, 1 case (0.2%) alleged gender bias, 9 cases (1.5%) alleged racial and gender bias, and 1 case (0.2%) alleged racial, gender and homophobic bias. **Appendix E.**

XII. 2016 COMPLAINTS OF NOTE

A. Officer-Involved Shootings

In 2016, DPA initiated an investigation of an officer-involved shooting that occurred on October 14, 2016. In addition, the DPA received two officer-involved shooting complaints in 2016. Five officer-involved shooting investigations remained open at the end of 2016.

² Calls for service include telephone calls received by the Department of Emergency Communications and officer-initiated activity that results in an entry into the Computer Aided Dispatch (CAD) System with a designated priority of A, B, C or info broadcast. CAD incidents include: mobile response/on-view, logged & advised calls, waiting calls & referrals, and duplicate calls. Info broadcasts provide information for officers in the area, and are generated by calls that lack a victim, reporting party, or suspect description. A limited number of these calls do result in a mobile police response.

One of these cases was closed in January 2018 with findings of Proper Conduct (violation of DGO 5.20/Language Access for LEP, violation of DGO 5.08/Non-uniformed officers and identification), and Not Sustained (excessive force, failure to properly handle evidence). The remaining 4 cases are tolled and remain pending.

B. San Francisco Police Handling of Alzheimer's Patient

In 2016, the DPA received a complaint regarding a 72-year-old disabled woman who was placed on a "5150" involuntary psychiatric evaluation after San Francisco police officers responded to a physical altercation between two residents of an elder-care home.

The case was closed in July 2017 with findings of Sustained (failure to take required action, failure to properly supervise), Not Sustained (failure to provide names/star numbers), and Policy Failure (detention without justification, excessive force, failure to comply with DGO 6.14/Psychological Evaluation of Adults).

C. SFPD Department General Order 5.15, Enforcement of Immigration Laws, Related Complaint

In 2016, the DPA concluded its investigation of a complaint regarding a Limited English Proficient man who was taken into custody by two Immigration and Customs Enforcement (ICE) agents outside a police station immediately after being released by SFPD.

The case was closed in November 2016 with findings of Sustained (detention without justification, handcuffing without justification, violation of DGO 5.15/Enforcement of Immigration Laws, violation of DGO 5.20/Language Access for LEP, inaccurate incident report, violation of DGO 1.04/Duties of Sergeants/Superior Officers), Not Sustained (biased policing/race, failure to take required action, failure to submit report to review on time), and Unfounded (violation of DGO 5.14/Interagency Operations, failure to take required action/vehicle, failure to supervise, failure to investigate).

D. Destruction of Homeless Encampment at 18th and Shotwell Streets

In 2016, the DPA received a complaint regarding the destruction of homeless encampment at 18th and Shotwell Streets. The complainant alleged that the San Francisco Police Department targeted members of the homeless encampment to intimidate those who witnessed the shooting of Luis Gongora.

The case was closed in March 2017 with findings of Sustained (violation of DGO 5.07/Rights of Onlookers, violation of DGO 2.01, Rule 14/Discourtesy, violation of

DGO 1.04/Duties of Sergeants), Policy Failure (selective enforcement, intimidating and threatening behavior, giving invalid order), Unfounded (destruction of property), and Training Failure (threatening and intimidating comments).

E. Facebook Posting by One of the Officers who Shot and Killed Alex Nieto

In 2016, the DPA concluded its investigation of a complaint regarding one of the officers who shot and killed Alex Nieto. After a federal jury found that the officers did not use excessive force when they shot and killed Alex Nieto in 2014, one of the officers involved in the shooting posted a comment of his Facebook stating, “Smiling. Ugh how about burning down his house and tazing his friend who pressed charges.”

The case was closed in January 2017 with a finding of Sustained (inappropriate behavior and inappropriate comments).

F. SFPD’s Detention of a Disabled Man With Prosthetic Leg

At the end of 2016, the DPA continued to investigate complaints regarding SFPD’s detention of a man with prosthetic leg. An 11-minute video of the incident was posted on numerous websites.

The case was closed in November 2016 with findings of Proper Conduct (excessive force, failure to take required action).

G. Single Room Occupancy Hotels

In 2016, the DPA concluded its investigation of one of two complaints filed in 2011 involving multiple officers regarding unlawful entries and searches of single room occupancy (SRO) hotel rooms. Other allegations in these complaints include unlawful search of persons, unlawful detentions and arrests, failure to properly process property including laptops and cameras, failure to investigate, failure to supervise and inappropriate behavior.

One complaint remained open at the end of 2016. The case was closed in July 2017 with findings of No Finding as to all allegations, since officers were no longer with SFPD or retired, and the agency was unable to complete the investigation within the statutory time limit.

H. San Francisco Woman Shot and Killed by Her Ex-boyfriend

In 2016, the DPA continued to investigate a complaint regarding a San Francisco woman who was shot and killed by her ex-boyfriend before he fatally turned the gun on himself. The woman was shot in her home where there were a series of calls for help involving the same address. The case was closed in September 2017 with findings of Policy Failure (failure to take required action).

XIII. FINDINGS AND ALLEGATIONS IN CLOSED CASES

A. Standard of Proof

The evidentiary standard for making findings in DPA cases is “preponderance of evidence.” “Preponderance of evidence” means that in balancing the probabilities that the incident occurred as the complainant said it did, it is more likely than not (greater than 50%) that the complainant’s allegation is true. Often, only the complainant and the officer witness an event making it difficult to either prove or disprove the allegation.

B. Findings Other Than Sustained

By far the most frequent finding in all allegations was “not sustained.” In 2016, the finding for 62% of allegations in DPA complaints was “not sustained.” Officers were found to have engaged in proper conduct in 20% of the allegations. Complainants’ allegations were “unfounded,” or not true, in 3.7% of the allegations. Complainants withdrew 2.8% of the allegations, and “no finding” was reached in 2% of the allegations. A “no finding” resolution is made for a number of reasons including, the complainant’s failure to cooperate in the investigation, the complaint is not grounded in reality, or the DPA does not have jurisdiction because the alleged officer is not a member of the sworn SFPD staff. Another reason for “no finding” is that the officer retired and without the officer’s interview, there is insufficient evidence to make a finding. **Appendix F.**

C. Sustained Findings

The DPA sustained 9.6% of the allegations in complaints filed in 2016. The most frequently sustained allegation was neglect of duty representing 75% of sustained allegations. Conduct reflecting discredit followed at 12%, and unwarranted action at 10%. Sexual slur represented 1.2% of sustained allegations. 0.6% of discourtesy allegations were sustained, and 0.6% of unnecessary force allegations were sustained. **Appendix E.**

The number of days to close sustained cases in 2016 compared to the number of days to close cases increased from the previous year by 37 days. The number of days increased in 2016 to 219 days, from 182 days in 2015. In 2016, no sustained cases were completed within nine months and 1 case or 0.2% of sustained cases was completed more than 365 days after

filing. In 2015, 3.5% of sustained cases were completed within nine months and no sustained case was completed more than 365 days after filing. **Appendix G.**

XIV. LEGAL UNIT

In 2016, five attorneys composed the legal unit, 3 trial attorneys, 1 policy analyst attorney, and a mediation and outreach coordinator. During the year 2016, four of the attorneys in the Legal Unit continued to provide legal opinions and analyses as needed. They also continued to conduct sustainability reviews of sustained reports for merit, form and legality, and to edit them as needed.

One of the primary duties of the legal unit is to present misconduct cases to the Police Chief when officers object to proposed discipline of 10-days suspension or less. The legal unit also prosecutes and tries cases involving suspensions beyond 10-days up through termination before the Police Commission, as these cases are under the exclusive authority of the Police Commission under the City Charter. In 2016, the Legal Unit continued to review, prioritize, and adjudicate, cases pending at both the Chief's and the Police Commission levels, and to ensure that newly filed cases moved at a timely pace.

The main responsibility of the DPA's mediation and outreach coordinator is to manage the DPA's mediation and outreach programs which are described in sections below.

The mediation and outreach coordinator also reviews requests for hearing by officers and complainants who are dissatisfied with the findings from the investigations of their complaints. This attorney also makes recommendations to the Executive Director as to whether a hearing should be granted based on criteria established by the Police Commission. In 2016, no recommendations for hearings to the Executive Director were made. However, the hearing officer has, when circumstances warrant, recommended reopening cases for further investigation.

In addition to providing legal opinions and analyses as needed and conducting sustainability reviews of sustained reports for merit, form and legality, and editing them as needed, the policy analyst attorney proposed changes in police practices and policies pursuant to City Charter section 4.127. The DPA's policy work is described below.

XV. POLICY ANALYSIS

Policy work is an essential aspect of the DPA's mission. While discipline of individual officers is an essential component of law enforcement management, changes to police policies and practices directly impact the entire police force and the community it serves.

The San Francisco City Charter requires the DPA to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services.

XVI. MEDIATIONS

The DPA's mediation program provides officers and civilians a unique opportunity for dispute resolution in certain types of complaints. In 2016, the DPA mediated 46 cases, which represents 7.65% of the total number of complaints filed in 2016. **Appendix H.**

The mediation program creates a forum for officers and civilians to have a frank discussion regarding the complaint and serves as an educational experience for all participants. In addition to the non-confrontational opportunity for dispute resolution, the mediation program provides the following unique benefits which are unavailable under the investigative process:

Time savings – Mediation allows cases to be processed expeditiously. In 2016, mediated cases were open an average of 109 days compared to all cases, which were open an average of 219 days.

Cost savings – Cases are mediated by a current roster of over 180 volunteer mediators who conduct mediations without charge. Additionally, mediated cases relieve the investigators from additional casework. The 45 cases mediated in 2016 equal a full-time investigator's annual caseload.

Greater Satisfaction for Complainants and Officers – In the voluntary and anonymous exit survey given to complainants and officers, a vast majority of the participants were satisfied or very satisfied with the mediation program. This result has been consistent with the results in past years, and satisfaction continues to rise. In 2017, the DPA will continue to promote the mediation program and intends to increase the number of appropriate cases that can be resolved through dispute resolution.

XVII. OUTREACH

Since 2008, the DPA has followed its annual Community Outreach Strategic Plan which outlines its outreach goals in the areas of community presentations and partnerships, language access, training, website development, media relations, and program effectiveness and resources. By using a community-based approach that relies upon presentations, widely distributed written materials in multiple languages, and the DPA website, the DPA's Outreach Strategic Plan provided a roadmap for strengthening its relationships with communities which historically and statistically, were likely to have encounters with the police. The DPA's Community Outreach Strategic Plan also sought to reach communities that have been racially,

culturally or linguistically isolated from police services. The DPA has successfully implemented this ambitious outreach strategy.

In 2009, the DPA initiated a system of evaluating its outreach efforts. The data collected in 2016 indicates that all the presentations offered met the expectations of the audience, were given by presenters knowledgeable about the subject matter, and provided substantive written materials. Every evaluator indicated they would attend future DPA presentations and would recommend the presentation to others.

In addition to evaluating its presentations, the DPA uses a self-evaluation document for resource fairs and other events. The data gathered from these documents allows the DPA to consistently improve its outreach efforts and to reach targeted audiences.

XVIII. CLERICAL UNIT

In 2016, the DPA Clerical Unit, supervised by a Principal Clerk and staffed by two clerk typists³ and two senior clerk typists, received and input 601 complaints in the database, typed the disposition letters and updated the database for 568 closed cases. This unit has primary responsibility for the maintenance, upkeep and storage of all DPA files.

The Clerical Unit also received and processed: (1) requests to process Pitchess Motions, (2) PIP Requests from SFPD for information under the Performance Improvement Program (DGO 3.18), (3) Brady requests, (4) requests for Investigative Hearings, (5) requests from the City Attorney's office, (6) requests from the US Attorney's Office and the Federal Public Defender's Office, (7) requests from the US Northern District Court as well as the San Francisco County Superior Court, (8) public records requests, and (9) subpoenas.

XIX. INFORMATION TECHNOLOGY UNIT

The Information Technology unit supports all aspects of the DPA's work. The DPA's Information Services Business Analyst ("IS Business Analyst") builds and maintains all of DPA's hardware, software, communications, database, intranet, website and external reporting systems. Outside of the day-to-day cycle of administration, support, and maintenance, the unit staff oversees and troubleshoots various aspects of the implementation of the City's migration of DPA email, address book and calendaring to Microsoft Office 365 cloud services.

XX. PERFORMANCE MEASURES

³ A third clerk typist has been on leave since 2014 and the office is unable to fill the position.

Performance measures are a part of the DPA's annual budget. The budget is adopted on a fiscal year that runs from July 1 through June 30. The performance measure data is adjusted to a calendar year basis for the purposes of this report. The statistics below are based on the calendar year 2016 and the targets have been adjusted to average the targets and projected numbers for two fiscal half years, i.e., the latter half of fiscal year 2015/2016 (January 1 through June 30, 2015) and the first half of fiscal year 2016/2017 (July 1 through December 31, 2016).

1. Goal 1 – Address civilian complaints of police misconduct professionally and efficiently

a. Measure No. 1 – Number of cases closed during the reporting period.

To close as many or more cases than the number of new complaints filed annually and to adequately address the agency's backlog, DPA investigators are required to close 4 or more cases per month. The average target for 2016 was set at 684. The actual number of cases closed from January 1 through December 31, 2016 was 568.

While the DPA was budgeted for 18 investigators, it operated with only 16 fully trained investigators. Of the 16 investigators, two investigators served as acting senior investigators, supervising journey level investigators during the entire calendar year. With that said, the DPA was unable to meet its target of 698.

b. Measure No. 2 – Number of complaints closed during the year per FTE investigator.

To close as many or more cases than the number of new complaints filed annually and to adequately address the agency's backlog, DPA investigators are required to close 4 or more cases per month. The average target for 2016 was set at 48 cases per year per FTE investigator. The actual number of cases closed per FTE investigator from January 1 through December 31, 2016 was 33, falling short of DPA's target of 48. Proper case management, along with full investigative staffing, will ensure that investigators close an average of 4 or more cases per month.

c. Measure No. 3 – Number of cases sustained during the reporting period.

This performance measure identifies the number of completed investigations that contained at least one sustained allegation. There is no target or projection because such a target may give the impression that the agency's mission is to find misconduct where there is none. However, the measurement is used to

comparatively evaluate agency workload and performance, as well as to evaluate caseload management. The actual number of sustained cases from January 1 through December 31, 2016 was 65 or approximately 9.6% sustained rate.

- d. Measure No. 4 – Percentage of sustained cases completed within the one-year statute of limitations under government code 3304.

Section 3304 of the California Government Code dictates that all investigations of police misconduct should be completed within one calendar year. The DPA has put into place mechanisms to track cases throughout the investigative process and to identify potentially sustainable cases early in the investigation. Proper case management, along with full investigative staffing, will ensure that all cases be fully investigated within the limits imposed by Section 3304 of the California Government Code. The actual percentage of cases completed within the one-year statute of limitations from January 1 through December 31, 2016 was 100%.

- e. Measure No. 5 – Percentage of sustained cases that resulted in corrective or disciplinary action by the Chief or Police Commission.

The actual number of sustained cases that resulted in corrective or disciplinary action from January 1 through December 31, 2015 was 97%. Of the 67 cases considered by the SFPD, discipline or other corrective action was imposed in 45 cases.

- f. Measure No. 6 – Number of cases mediated during the reporting period.

The DPA's goal is to mediate 5 cases per month or 60 cases per year. From January 1 through December 31, 2016, the DPA mediated 46 cases.

2. Goal 2 – Facilitate corrective action in response to complaints

- a. Measure No. 1 – Number of findings of policy, procedure, or practice failure identified in the DPA caseload during the reporting period.

The DPA does not provide a numerical target for the number of policy, procedure and/or practice failures in the DPA caseload because such a target may give the impression that the agency's mission is to find a particular number of policy, procedure and/or practice failures where there may be none. The DPA's goal is to make policy, procedure and/or practice recommendations that address the policy, procedure and/or practice failures identified in the DPA's cases. From January 1 through December 31, 2016, the DPA identified three policy failure findings in the DPA's caseload.

- b. Measure No. 2 – Number of policy, procedure, and practice findings presented to the SFPD or the Police Commission.

The actual from January 1 through December 31, 2016 was 19. The DPA does not provide a numerical target for the number of policy, procedure, practice recommendations because such a target may give the impression that the agency's mission is to find a particular number of policies, procedure, practice recommendations where there may be none. The DPA's goal is to make policy, procedure and/or practice recommendations that address the policy, procedure and/or practice failures identified in the DPA's cases.

It should be noted that policies presented to the Police Commission and/or SFPD during the measurement period were not necessarily the same ones that were identified in the DPA caseload during the measurement period because of the agency's prioritization of policy issues and the agency's need to provide recommendations in response to policy issues raised by either the Police Commission or SFPD. In addition, the DPA continued its work to implement and monitor prior policy recommendations made to the SFPD.

XXI. CONCLUSION

While vacancies continued to hamper investigations in 2016, the DPA remained committed to promptly, fairly, and impartially investigate complaints against San Francisco police officers and to make policy recommendations concerning police practices.

Respectfully submitted,

Paul Henderson
Interim Executive Director
Department of Police Accountability
