Re: Office of Citizen Complaints 2011 Second Quarter Statistical Report

I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2011 second quarter. The OCC received 230 complaints of police misconduct or failure to take action and closed 203 complaints this second quarter. It sustained allegations of misconduct or failure to take action in 20 complaints against San Francisco Police officers which is a 10% sustained rate. The OCC facilitated the mediation of 15 cases which is a 7% mediation rate.

II. ORGANIZATIONAL AND BUDGET MATTERS

As with the first quarter, the OCC continued to experience a period of organizational contraction during the second quarter of 2011. The second quarter ended with only 13 journey level investigators each to each handle an average of six new cases a month.

On the budget front, the Mayor's proposed budget was submitted to the Board of Supervisors with no reductions to the OCC budget and the OCC continued its hiring process to fill its three vacant investigator positions.

III. INVESTIGATION OF CASES

As of the end of the 2011 second quarter, the OCC opened 418 new cases. In comparison, these 418 cases represent a 12% reduction against cases opened by the end of the 2010 second quarter when the OCC opened 475 cases. By the end of the

second quarter of 2011, the OCC had closed 417 cases while by the end of the second quarter 2010; the OCC had closed 435 cases. The OCC closed the second quarter of 2011 with 427 pending cases; seven more pending cases than the close of the second quarter in 2010. By the end of the 2011 second quarter there were 118 pending cases from 2010 and 309 pending cases from 2011.

While the investigative staff saw its ranks diminishing once again toward the end of the second quarter, it demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially, with a determined effort. Of the 203 cases closed, 66% of them were closed within nine months and 4% of them (nine cases) took more than a year to close. The nine cases that took more than one year to close had no sustainable allegations. The continuing impact of two experienced investigators on extended leaves of absence, and two additional investigator vacancies affected the timeliness of investigations.

In spite of the challenge of understaffing, the rate of sustained cases increased in the second quarter of 2011 to 10% over the sustained rate in the second quarter of 2010 when it was 7%. In the second quarter of 2011, the OCC sustained allegations in 20 cases while it sustained allegations in 21 cases in the second quarter of 2010. However, the OCC opened fewer cases through the second quarter of 2011; 418 versus 474 through the second quarter of 2010. Similarly, the OCC closed fewer cases through the second quarter of 2011; 417 versus 435 through the second quarter of 2010.

The number of days to close sustained cases increased for the second quarter of 2011 compared to the second quarter of 2010. In the second quarter of 2011, 30% of sustained cases were completed within nine months, while during the same period in 2010, 34% of the sustained cases were completed within nine months.

As with the first quarter of 2011, in the second quarter, the impediments to prompt completion of sustained cases were attributable to at least four factors: 1) increased number of sustained cases in 2010 and 2011, 2) decreasing number of investigators (13 at the close of the second quarter in 2011 compared to 14 at the close of the second quarter in 2010), 3) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews and 4) increased policy work for policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews.

In the 20 complaints with sustained allegations in the second quarter of 2011, all of the allegations were for neglect of duty. In addition to neglect of duty for failure to collect traffic stop data, the allegations which were sustained included:

1. Giving the complainant the wrong citation number causing the complainant delays in resolving the citation.
2. Failure to document a use of force.
3. Failure to timely return complainant's identification.
4. Contacting Immigration and Customs Enforcement (ICE) during a traffic stop because the complainant was the subject of an ICE administrative warrant.
5. During a buy/bust operation, inaccurately identifying complainant as the possessor of drugs, leading to complainant's arrest and booking.
6. Imprecisely identifying the location which was the subject of a search warrant leading to the wrongful entry into complainant's home which included kicking in the door, officers pointing an M-16 at the complainant and his family, pinning the family to the ground and handcuffing them.
7. Failure to issue a public intoxication report to the complainant.
8. Failure to issue a certificate of release after handcuffing the complainant.
9. Failure to prepare a traffic collision report and a hit and run record after the complainant, a bicyclist, reported the incident and his injuries to the officer.
10. Failure to properly safeguard and process complainant's laptop by returning it to an individual who was not the owner.
11. Failure to properly process complainant's camera by not listing it on the property inventory and arrest record. Upon complainant's release from custody, the camera was missing.
12. Failure to comply with Department protocols for interacting with transgender person.
13. Failure to issue a certificate of release after the officer transported the complainant in the officer's patrol car from one location to another.
14. Failure to notify communications of an on-view traffic stop.
15. Failure to notify a juvenile's mother that her son, who had been arrested, was being transported by ambulance to the hospital

Seven of the complaints with sustained allegations or 35% of them, contained a sustained allegation for failure to collect traffic stop data. These allegations were sustained when an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer in the case of motorcycle officers. One officer had two complaints sustained in the second quarter of 2011 for failure to complete traffic stop data.

Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.¹ The Northeastern University Racial Profiling Data Collection Center cites several benefits of collecting stop data for both law enforcement and the community. The Center has found that collecting data about those who are stopped, searched, cited and arrested can²:

- Send a strong message to the community that the department is against racial profiling and that racial profiling is inconsistent with effective policing and equal protection
- Build trust and respect for the police in the communities they serve
- Provide departments with information about the types of stops being made by officers, the proportion of police time spent on high-discretion stops, and the results of such stops
- Help shape and develop training programs to educate officers about racial profiling and interactions with the community
- Enable the development of police and community dialogue to assess the quality and quantity of police-citizen encounters
- Allay community concerns about the activities of police
- Identify potential police misconduct and deter it, when implemented as part of a comprehensive early warning system
- Retain autonomous officer discretion and allow for flexible responses in different situations

IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT

By the end of the 2011 second quarter, staff had completed intake on all cases from the previous year and had closed 86% of the 2010 cases, leaving 14% of the 2010 cases pending. In comparison to 2010, by the end of the 2010 second quarter, staff had also completed intake on all cases from the previous year, and had closed 89% of the 2009 cases, leaving 11% of the 2009 cases pending. While during the second quarter of 2011 there was some slippage in the number of pending cases from the previous year, it is understandable in light of the number of sustained cases, the

time devoted to complete them and the number of investigators, 13 in 2011 compared to 14 in 2010, by the end of the second quarter.

V. CASE MANAGEMENT

The investigator caseload as of June 20, 2011 shows significant increase over the same period in 2010. This increase is attributable to a decrease in the number of journey level investigators, 13 at the close of the second quarter in 2011 and 14 at the close of the second quarter in 2010 and extended leaves of absences of veteran investigators. The average caseload as of June 29, 2011 was 28 cases per investigator. As of March 31, 2010, the average caseload was 26 cases. In its 2007 audit of the OCC's operations, the City Controller concluded that an average of 16 cases was a best practices caseload for investigators of police misconduct or neglect of duty. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

VI. MEDIATION

During the second quarter of 2011, the OCC facilitated the mediation of 15 cases compared to 12 cases in 2010. The OCC facilitated the mediation of 33 cases this year to date compared to 17 mediations in 2010 when the mediation coordinator was on an unanticipated leave of absence for seven weeks. The 15 cases mediated during the second quarter of 2011 represent more than the work of one full time investigator, as the investigators averaged 13 case closures during the 2011 second quarter.

During the first half of 2011 a total of 75 officers were considered for mediation. Of those officers, 11, or 15% were ineligible. Of the remaining officers who were offered mediation, only five, or 8% declined. Of 52 citizens offered mediation, 62% agreed to mediate.

The Mediation Program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

VII. OUTREACH

During the second quarter of 2011, the OCC engaged in the following outreach activities:

The OCC made presentations to the San Francisco Police Commission at its meeting in the Ingleside District, the University of California at Berkeley Law School Women of Color Collective, the University of San Francisco Street Law Program, the San Francisco Police Academy, a San Francisco City College Juvenile Procedures class, the San Francisco City Academy, an Ingleside Station Community meeting and the Instituto Familiar de la Raza.

OCC staffed information booths at Operation Homeless Connect in the Bayview district, the Asian Heritage Fair, the Juneteenth Fair, the Juneteenth Kick Off, and The Sheriff's Department Resource Fair. The OCC met with a representative of the San Diego Citizen Review Board and the Domestic Violence Consortium. In June 2011 Executive Director Joyce M. Hicks was interviewed by reporters from the Oakland Tribune and the KGO News.

Brochures and complainant forms were provided to all ten police stations, the Ella Hill Hutch Community Center, the African Resource Center, the Buchanan YMCA, the OMI Family Resource Center, the Bayview Family Resource Center, Young Community Developers, the Third Street Youth Center, the John King Senior Center, Community Boards, the Bernal Neighborhood Center, and Horizons Unlimited

The OCC provided information about citizen/police mediations to representatives of the Austin Texas Office of the Police Monitor and the Kansas City Office of Community Complaints. OCC representatives also attended the Community Boards 35th Anniversary Gala.

Evaluations returned by organizations after OCC presentations indicate that 100% of the representatives of those organizations felt that the presentation met their expectations; the presenters were knowledgeable about their subject matter; and the materials distributed were substantive. Every evaluator stated they would ask the OCC to return and would recommend it to others.

VIII. POLICY ANALYSIS

The OCC's policy work is an essential aspect of its mission. The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services. Attorney and policy analyst Samara Marion leads the OCC's policy work. During the second quarter 2011, the OCC advanced its policy work in two areas: police response to mental health crisis calls and police procedures for interactions with juveniles.

Throughout the second quarter, the OCC continued its participation as a member of the Crisis Intervention Team (CIT) working group to develop the 40-hour CIT training curriculum, address the challenges of 911-coordination, and gather resources from CIT experts in other jurisdictions. In May, the OCC's policy analyst attended California's third annual CIT conference in San Jose. This conference provided the OCC the opportunity to learn about other California CIT programs and meet several law enforcement officers and mental health providers who have spearheaded CIT programs in their cities.

As a member of the CIT curriculum subcommittee, the OCC met frequently with mental health providers and advocates to develop a CIT training curriculum. The proposed curriculum incorporates numerous case studies to enhance communication skills, de-escalation techniques, and tactical training for CIT officers who will be first responders to mental health crisis calls.

In May, the OCC policy analyst was a guest lecturer at a City College administration of justice course. Using Department General Order 7.01 (the Department's protocol for police-juvenile interactions) as the centerpiece, the class analyzed the issue of false confessions and debated whether safeguards tailored for juvenile suspects are necessary.

The OCC continued to meet frequently with the Police Department and juvenile justice advocates to finish implementing Department General Order 7.01. In April the Department provided the second of three roll call trainings on juvenile-policing procedures that the OCC had co-authored. The OCC continued to urge the Department to prioritize the completion of the police interview room at the Community Referral and Assessment Center to ensure that officers have the necessary resources to comply with their obligation to avoid bringing juveniles to district stations.

IX. CONCLUSION

Although the OCC faced staffing constraints during the first half of 2011, the OCC remained committed to its mission to promptly, fairly and impartially investigate civilian complaints of police misconduct or failure to perform a duty. Moreover, during the third quarter, the OCC will fill investigator vacancies which should result in more timely completion of its investigations and reduced caseloads.

Respectfully submitted,

Policy Recommendations – Second Quarter 2011

Case No.	Policy Issue	Policy Recommendation
0406-10	An officer did not write an incident report when an individual reported that an aggressive dog had bitten another dog.	<p>Department General Order 6.07 does not currently require an incident report when a dog bites a domestic animal (such as another dog, cat, horse, etc.). The OCC and SFPD have discussed revisions to DGO 6.07 that would require an incident report any time officers receive reports from the public of aggressive and/or a menacing behavior of dogs towards any human or domestic animal. This includes complaints of dog bites to humans, dog bites to domestic animals (dog, cat, horse, etc.), and dogs exhibiting menacing and/or aggressive behavior even though a bite has not occurred. The OCC recommends that the Department revise DGO 6.07 to include these revisions. Additionally, the OCC recommends that SFPD implement the OCC's 2003 recommendations concerning assessing and controlling vicious and dangerous dogs. In 2003, in consultation with SFPD, the OCC obtained Animal Care and Control's (ACA) agreement to provide officer training on the detection and handling of dangerous canines, equip patrol cars with leashes and work with the Department to establish written procedures between ACA and SFPD. SFPD has never formally responded to OCC's recommendations.</p>
