Hi Commissioners,

Attached are two documents I'm circulating for tomorrow's meeting.

The first contains some proposed revisions to the draft 2014 Commission Annual Report (for agenda item #9). The second is simply for convenience and contains excerpts of those portions of the Bylaws that relate to the Commission Annual Report.

I would also like to share the following link that relates to agenda item #1 on open data:

<http://www.pewinternet.org/2015/04/21/open-government-data/>

This is a report dated April 21, 2015 by the Pew Research Center called, "Americans' Views on Open Government Data." It is a long report, so I'm sharing this link more for the record rather than for discussion purposes.

Thanks (and remember not to reply to all),
--Chris
